A Talk About Our New Goods.

Probably a large number of people are under the impression that our goods are not new and up-to-date, and that as soon as we sell out the stock on hand we will close out. Not so however. We have new goods coming in all the time and goods that we are sure will please the people.

We are striving to make this business pay and at the same time we are trying to give our patrons the most for their money.

Christmas is coming and with it the hustle and bustle of Christmas preparations. We make this bid for your Christmas trade fully believing that we can satisfy your wants in the line of Dry Goods.

AGREEMENT IS SIGNED

BETWEEN CITY AND STREET RAILWAY COMPANY.

Regarding Power For the Next Five Years—The Company Will Hereafter Sell Seven Tickets For Twenty-Five Cents.

The new power agreement between the city and the street railway company was signed, in the city council chamber, last evening, by Mayor Couper and H. W. Richardson, president of the company, after it had been reported and recommended by the Light, Heat, and Power committee and ratified by the council. The meeting was called specially to pass the power agreement. In attendance were Mayor Couper and Alds. Angrove, Carson, Clugston, Elliott, Free, Givens, Graham, Hanley, Harty, Hoag, Kent, McCann, McCartney, McKay, Rigney, Robertson, Toye, and Tweddell.

The Light, Heat and Power committee's report recommended that an agreement be entered into with the street railway company for the supply from the city plant of the necessary steam, oil, waste and attendance on the power premises at the rate of 1.20 cents per kilo-watt hour measured at the switch board for the generation of current for the following purposes:

For the operation of the street railway.

For furnishing, from 1st May to 30th September in each year, incandescent lights not to exceed in number 150; no lamp to exceed sixteen C.P., provided that twenty of the above lamps may be used during the entire year in the car barns of the company during the whole period of this agreement.

For the operation of the merry-go-round and pump at Lake Ontario Park.

For the operation of the motor in the company's machine shop—such motor not to exceed 5½ H.P., and to be used for the purposes of the company only.

That such agreement extend for the period of five years from the termination of the present agreement, being 23rd November, 1909, provided that the company shall have the right to terminate the agreement at the end of the first three years during such period on giving six months' previous notice in writing to the corporation.

That in case the company shall not, during the first three years of said term of five years, exercise the right to terminate the agreement as above reserved, then the company shall thereafter during the remaining two years of said term, take power for their railway as herein before provided, and shall have no right during such remaining two years to terminate the agreement.

In case, in the opinion of the chief engineer of the corporation's plant, after the expiration of said three first years of said term the boilers of the plant are inadequate to supply the customers of the plant, including the street railway company, and the corporation shall install any new boiler or boilers in addition to or in substitution for any existing boiler or boilers, the company shall thereafter during the remainder of the said term of five years pay to the corporation, in addition to all other moneys payable under the contract, at the rate of $250 per annum in respect of depreciation of said new boiler or boilers, and interest upon the cost of the same.

That the agreement contain a clause relieving the corporation from all liability for damage to the company arising from breach of the agreement by the corporation to furnish current as therein provided where such breach arises from damage or destruction of the city's plant by fire, lightning or tempest or from strikes or labor trouble, or from the cessor to operate the plant by reason of accidental breakdown or from any other cause or causes beyond the control of the corporation or its employees.

Ald. Elliott's motion, to adopt the committee's recommendation, was carried, and a by-law was passed ratifying the power agreement, which was then signed in presence of council, by the mayor and Mr. Richardson.

Mr. Richardson announced that the company had decided to sell seven general tickets for twenty-five cents, and eight workingmen's tickets for a quarter. The hours for workingmen's tickets would be changed from five till 6.30 o'clock. The company wished to see if more people would ride on the cars at the reduced rate.

Accepted Mr. Campbell's Offer.

The light, heat and power committee also made this recommendation, which was adopted without discussion:

Acting in accordance with the advice of the city solicitor, the committee recommends acceptance of the sum of $733 in full settlement of all claims against J. M. Campbell, in connection with the repairs to the gas tank.

City Engineer Craig and Manager Folger, of the light, heat and power plant, reported as to the repairs to

Synopsis of Canadian North-West Land Regulations.

ANY person who is the sole head of a family, or any male over 18 years old, may homestead a quarter-section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader.

Duties.—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres solely owned and occupied by him or by his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price, $3.00 per acre. Duties—Must reside six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may take a purchased homestead in certain districts. Price $3.00 per acre. Duties—Must reside six months in each of three years, cultivate fifty acres and erect a house worth $300.00.

W. W. CORY,
Deputy of the Minister of the Interior.
