A SCOTCH CONCERT

BY ST. ANDREW'S SOCIETY IN GRAND OPERA HOUSE.

It was a Most Enjoyable Event and Was Largely Attended—The Imperial Scots Company Has Many Artists.

The Grand Opera House contained a large audience last evening for the St. Andrew's Society concert, given by the Imperial Scots Company, which comprises four artists—J. M. Hamilton, Scotland's leading tenor; Miss Bethune Gregor, soprano; J. M. Cassels, comedian; and Miss Elsie Forbes, pianist. Every number of the programme was Scotch, and, therefore, delightful, of course.

Mr. Hamilton is decidedly a grand tenor soloist. His rendition of "Afton Water," "A Wee Sprig o' Heather" and "MacGregor's Gathering," the latter in full Highland costume, delighted the audience. With Miss Gregor, Mr. Hamilton sang three duets, "Ye Banks and Braes," "Huntingtower" and "The Crooked Bow." Miss Gregor has a rich and pleasing soprano voice, and her rendition of "Banks o' Loch Lomond," "Cam Ye By Athol," "Comin' Thro' the Rye," and "Killarney" was sweet and effective. Miss Forbes played two piano solos, consisting of Scottish airs. The comedian, J. M. Cassels, made friends with the audience in very brief time. He's a comedian of the type of the late Rouben Pava, so well known here, and presented some decidedly funny sketches both in song and story, and included a few local hits, not forgetting to pay his compliments to the secretary of St. Andrew's Society, James Stewart. The concert concluded at 10:30 o'clock by the singing of "Auld Lang Syne."

While Mr. Hamilton was singing "A Wee Sprig o' Heather," the son of Sergeant Major Keith, of the Royal Military College, dressed as a Highland laddie, mounted the stage and presented the singer with a bunch of heather.

CHALMERS CLUB MEETING.

A Profitable Winter Season is Looked Forward To.

Chalmers Club held its rally in the church parlors, last evening, and a large number were on hand. All look forward to a profitable winter season in both the social and athletic sides of the programme. Harold Marshall was elected as president, and W. F. Smith as first vice-president, to fill the vacancies of officers who were away for the year. After the regular business a programme was provided. Prof. Matheson gave a very interesting address. A piano solo by Ross McRae and a reading by W. Smith, were also rendered. The club has a large membership and its work is much appreciated in the church. The coming season promises to be the best in its history from the interest that is being taken by all concerned.

BURGLAR'S HEART TOUCHED.

Sleeping Children Made Him Return Money.

Chicago, Nov. 30.—Two sleeping children proved more effectual in disposing of a robber than all the bolts and bars on the entrance to the home of Adolph Huber. The burglar entered Mr. Huber's room, and at the point of a revolver took all the available money. He then went into the children's room, but returned a moment later, and handed back the money he had taken. "Those are great kids," he said. "I haven't much coin, but you give them this for me." He then made his escape.

New Saskatchewan Town.

Young, Sask., Nov. 23.—Young is a thriving little town, on the G.T.P., between Winnipeg and Saskatoon, on the level plain of Central Saskatchewan, the great wheat lands. Less than two years ago there was only the G.T.P. survey, and very few settlers were around. Now there is in Young one general store, one hardware store, post office, doctor, a drug store, one livery barn, blacksmith shop, restaurant, lumber yard, Massey-Harris and Deering machine shops, two elevators, one coal shed, and residences, and the G.T.P. tank is nearly completed.

Young is a mile and a half from Lake Manitou, the mineral lake which is flowing with salt water. The water has been taken to Saskatoon and sold for ten cents a glass. The water is used for rheumatism and all skin diseases. A sanatorium is expected to be built here next spring, as a man from England has been here and picked out his site for the building—Alice Lewis.

A Lively Runaway.

There was a lively runaway on Princess street early last night, but luckily no damage resulted. A horse had been left untied, and took a notion to go out on the war path. The animal ran as far as Barrie street, dodging street cars, and other vehicles, when it was finally rounded up at this corner.

Listless, Backward Children

Made Bright and Active by Dr. Morse's Indian Root Pills

Many a growing boy or girl is set down as constitutionally slow, stupid or lazy when it is really a question of inactive bowels, lazy liver or sluggish kidneys.

The growing child, with a hearty appetite, certainly cannot long remain healthy and bright if the sewers of the body, the bowels and the kidneys, are choked up with impurities that should be thrown off promptly.

The muddy complexion, dragging limbs and dislike for mental or physical effort show plainly that the child needs Dr. Morse's Indian Root Pills to stir up the liver and kidneys and regulate the bowels. Dr. Morse's Indian Root Pills do this most effectively, cleansing the whole system, purifying the blood, aiding the digestion and giving plenty of life and activity. As upon the education obtained may depend the success in life of your boy or girl—see to it that the general health of the child is such that study is pleasure and not a hardship.

Made from roots and herbs by W. H. Comstock Co., Ltd., at Brockville, and sold by all dealers at 25c. a box.

NO MORE DANDRUFF.

Newbro's Herpicide Destroys the Pesticiferous Cause of Annoying Dandruff.

Does your head itch? Is your coat or dress full of white flakes after brushing your hair? That's the effect of dandruff. Is your hair thinning? Are you beginning to get bald in spots? Are you already, in fact, rapidly becoming bald? If so, that is the effect of a mean little parasite that burrows in at the root of the hair, and throws up the scalp in dandruff and eats off the hair at the root. Science's latest discovery is a destroyer of that pestiferous germ. That destroyer is contained in no other hair preparation on earth but Newbro's Herpicide. Try it, and be convinced. A delightful dressing.

Sold by leading druggists. Send 10c. in stamps for sample. The Herpicide Co., Detroit, Mich. \$1 bottles guaranteed. G. W. Mahood, special agent.

CITY AND VICINITY.

"Indian" In Trouble.

Another member of the "prohibited list" has fallen from grace. It is alleged that one of Clark's Wright's band was out on the war path a few days ago, loaded with firewater, and he has been summoned to give an account of himself.

Removed To Asylum.

The citizen taken in charge by the police, yesterday, was examined by medical men, found to be of unsound mind, and removed to the asylum. His case is indeed a most pitiable one. He has been a hard-working man all his life but members of his family have caused him a great deal of trouble. It is hoped that treatment at the asylum will restore his reason. Much sympathy is expressed for him.

A Shakespearian Revival.

"Shamons From Shakespeare," to begin to be published in the Whig the last week in December, are calculated to make a profound impression. They bid fair to stir a more popular interest among our readers than they have ever had, in this greatest of philosophers and dramatists. It is found to enlist more of the masses in Shakespearian literature than since the death, in 1616, of the immortal writer.

Made Presentation.

A pleasant event took place at the Kingston Business College, Monday afternoon, when the students waited upon Miss Annie Gandy, one of the valued members of the teaching staff, and presented her with a gold watch. The gift was accompanied by an address, which was read by Miss Minerva Wallace. The presentation was made by J. Oldin.

The committee in charge of the arrangements for the affair was composed of Miss Katie Abramsky, Miss M. Wallace, J. Oldin and Richard D. Webster.

Told A Good Story.

R. G. Murphy, the genial secretary of the Eastern Ontario Dairymen's Association, told a good story, during the course of his address, at the Dairy School, on Saturday. He was impressing the fact upon the farmers that they should make the very best out of their business, they should always be a good dairymen. An Irishman was one day riding on a street car. He could not secure a seat, and had to content himself with grabbing hold of one of the straps, and keeping his feet as best he could. However, a sudden lurch of the car was too much for Pat, and he went heading into a lap of a very stout lady.

"You're no gentleman," said the lady, as Pat was doing his best to make an apology, and to get out of the way.

"Well," said Pat, "I always thought I was an Irishman, but now I see that I am a Laplander."

To-Night, "Billy."

For the first time out of New York, "Billy," the three-act farce which furnished Manhattan with much of its amusement during the past summer when the play was housed at Daly's Theatre, will be seen at the Grand to-night, with the original cast, including Edgar Atchison Ely, Mrs. Stuart Robson, Jane Marbury, Marion Chapman, Franklin Jones, and fifteen others.

"Billy" is by George Cameron, and four is under the direction of the Messrs. Shubert. The plot centres about four false teeth which are worn by "Billy," a football hero, who takes passage aboard the steamship Florida. There he unexpectedly meets Beatrice Thorne, his sweetheart, and while in the act of proposing to her he inadvertently loses his "tombstones." It takes clever acts to straighten out the complications arising from the mishap during which over twenty characters are drawn into the fray. Finally the missing incisors are restored to their owner and Billy and Beatrice are brought together again.

LETTERS TO THE EDITOR.

A Lost Opportunity. With Rain As Chief Cause.

Kingston, Nov. 29.—(To the Editor): So much disappointment has been expressed in various quarters by those who were prevented by the heavy rain of Monday week, from seeing the most enjoyable reproductions of famous pictures exhibited by Fraulein Stolle, in Convocation hall, that it has occurred to some of these that it would be very desirable to try to induce that lady to return to give a similar exhibition with her interesting and illuminating comments. It is such an unusual opportunity of having these famous works of art practically brought to our very doors, which it ordinarily involves much laborious travel to enjoy, that it seems a great pity that comparatively few of our citizens should have had the benefit of it, especially as our small city is not so much favored with art exhibitions as some of its larger neighbors.

Fraulein Stolle is to give a course of six lectures in Ottawa, which will probably take up the next fortnight. Might it not be possible to secure another illustrated lecture from her before she returns to New York, as she may not be in Canada again for a long time? If there are a sufficient number of our art-loving citizens interested in this matter, they might yet secure the opportunity that so many missed, and no doubt the Woman's Art Association, to which her coming was due, would do anything they could to facilitate it. It is much to be regretted that so few of the university students availed themselves of the unique opportunity offered them at a merely nominal rate. Surely, had they all realized, or been informed of the value of the opportunity, they would have made it a point to enjoy it.—ONE WHO DID NOT MISS IT.
