AN OLD IDEA.

Shown to Be Absolutely False By Modern Science.

People used to think that baldness was one of those things which are handed down from generation to generation, from father to son-just like a amily heirloom.

Science has shown the falseness of this belief by proving that baldness All the most modern in itself is not a constitutional disease, but the result of a germ invasion of which only Herpicide can effectually rid the scalp.

Washing only cleans the scalp of andruff, it doesn't kill the germs. 'Destroy the cause you remove the

Newbro's Herpicide will do this in A woman isn't necessarily homely every case. It is also a delightful
