

THINKING OF XMAS GIFTS.

What do you think would be more prized—more appreciated or more really useful than a deed to a House or a piece of property? A stocking, indeed is not so good as a deed in the long run. If you wish to play Santa Claus to some purpose, see us about various properties we have for sale, and determine upon which shall be your "deed of gift." We have houses in the town or country, lots in every direction, and all at very easily purchasable prices.

WEARS A No. 17 BOOT

New York.—Geo. Dolling, seven feet and a quarter inch tall, arrived here today from England. He was met at the pier by his brother-in-law, Benj. Corday, who is a mere strapping of 6 feet, 8 1/2 inches.

Dolling wears a number 17 boot, about six inches wide and sixteen inches long—enough for three ordinary men—and enjoys every mouthful.

It is a great thing when one goes to the table with a hearty appetite and sound digestion. Many things tend to make us eat less than the body requires.

Constipation, Bilelessness, Torpid Liver, Weak Stomach, Impure Blood, Sick Kidneys—all these troubles affect Digestion and the desire for food.

"Fruit-a-tives," made from fruit juices and tonics, is the best appetizer, because "Fruit-a-tives" makes the stomach strong—the liver active—the bowels and kidneys regular—the blood pure and the skin clean. If you want to be well and feel well, take "Fruit-a-tives."

50c a box for \$2.50, or trial size 25c—or may be obtained direct from Fruit-a-tives Limited, Ottawa.

HEALTHY PLANTS.

Require the Most Careful Attention As Well As Good Soil.

Did you ever see a rosebush which, despite the most beneficent environment of soil of sunshine—and of atmosphere—seemed never to achieve a healthy growth?

A ton of manure will not help a plant that has a canker eating out its heart.

You must destroy the cause before you can remove the effect.

You cannot cure dandruff and baldness by rubbing on hair lotions, and rubbing in vasoline, etc.

You must look to the cause of the trouble—it's a germ at the roots of your hair which causes it to fall out.

Newbro's Herpicide destroys the germ, and healthy hair is the sure result.

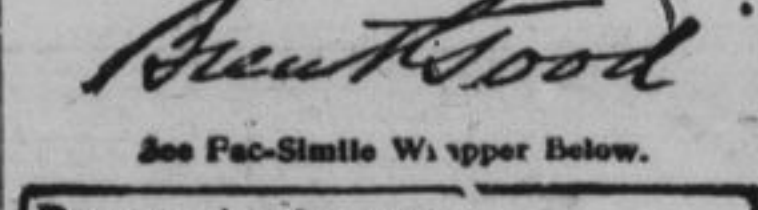

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. One dollar bottles guaranteed. Geo. W. Mahood, special agent.

The Tidings From Various Points in Eastern Ontario—What People Are Doing And What They Are Saying.

Lyndhurst Locals.

Lyndhurst, Dec. 20.—Miss Alma Grant has returned from Kingston, where she was visiting. G. S. Rooney has come home from Winnipeg to spend his Christmas holidays. Mrs. John B. Harvey and family, of Montreal, have arrived at her father's, W. D. Green's, to spend the Christmas holidays. Thomas Johnston lost a horse one day last week by its falling on the ice.

At Lavant Station.

Lavant Station, Dec. 21.—William Harding and sister, Lizzie, of Arrprior, have returned home. They were the guests here of William Thomas. E. J. McFarlane and family spent the week-end in Kingston, after a few days' visit. R. H. Somerville, Queen's, arrived on Saturday, to supply the mission field here for the holidays. Some of the young people will visit Omah, this evening, for the concert. W. Drew, Long Lake, who was repairing the telephone line between here and Lanark, has returned home. James Reid, who for five years past had lived in Saskatchewan, returned, last week, on a visit to his old home near here. Miss Flood, of Renfrew, has been engaged to teach the school for the coming year. Mrs. Howard and two children, of Moira, N.Y., have arrived to visit her parents, Mr. and Mrs. Thomas.

Two Oso Residents Died.

Larendon, Dec. 20.—John Barr is home from the general hospital in a fair way to recovery. James Campbell has shipped his last load of beef cattle to Montreal for this season. Rev. Mr. Stewart, of Arham, preached here on Sunday morning. Mr. and Mrs. James White will settle in Havlock. William Grant is convalescent. Mr. and Mrs. George Crain, of Cananogue, have returned after a short visit with friends. Miss M. Kilborn, of Sharbot Lake, is visiting at J. H. Connor's. Miss M. Letman, of Ottawa Normal school, and Floyd Cannon, of Albert College, Belleville, are home for the Christmas vacation. Mr. and Mrs. Robert Burke, two of Oso's oldest and most respected residents, died, Tuesday and Sunday respectively. Their funerals were largely attended. The Christmas entertainment on Monday was a success. Much credit is due Miss Roadhouse, who trained the pupils.

Waifs From Westbrook.

Westbrook, Dec. 21.—Miss Vanluven, Kingston, succeeds Miss Scholtes as teacher for 1910. William Frink is busy dressing clover in this vicinity. The Christmas entertainment on Monday last week. Mr. and Mrs. M. McDonald, Odessa, spent a recent Sunday the guests of Mr. and Mrs. W. L. Grass. Mrs. Abraham Asselstine is seriously ill. AGED STELLA MAN DEAD.

Dr. Northmore Caught on Bay in Snowstorm.

Stella, Dec. 20.—The death took place, at Emerald, on Tuesday, Dec. 14th, of an old and much respected resident of Amherst Island, in the person of Peter Instant. Deceased had been in poor health for some time. He passed away at the residence of his daughter, Mrs. A. W. Hitchins. He had just celebrated his ninety-third birthday on the Saturday before. The late Mr. Instant is survived by one son, Nelson Instant, on the homestead, and two daughters, Mrs. A. W. Hitchins and Mrs. W. McQuoid. The largely attended funeral was held on Thursday to Glenwood vault, and was conducted by Rev. J. C. Dixon.

The Presbyterian bazaar and oyster supper, held on Saturday evening, passed off very successfully.

Clifford Glen, youngest son of Capt. Glen, who has been ill for some time past, is now convalescing. He is out of danger. B. Stevenson has returned home from sailing on the upper lakes. R. Nelson, of Queco's, is spending the holidays at his home. Miss Annie Reid and Miss Nancy Burleigh, attending the Normal School, at Ottawa, are home for the holidays.

Dr. Northmore and Joseph Bray had quite an experience, being caught out in the bay, on Friday night, in the snow storm, in their gasoline boats, but managed to reach shore safely.

A Christmas Toast.

Here's to our Christmas, may it bring us good cheer! May the joy of this Christmas reach all, far and near. May the message of Christmas to all hearts be clear. May it soothe every sorrow and dry every tear. May it bind closer to us each soul that is dear. And the spirit of Christmas last all through the year!

Rev. Father Thomas O'Connor, a nephew of the late Rev. D. A. Twoomey, of Belleville, and Very Rev. Dean Twoomey, Williamstown, Ont., and who was ordained to the priesthood on Saturday morning by Archbishop Bruchési in Montreal, arrived in the city on Monday and will be attached to the diocese of Kingston.

Newark Man's Collapse

Caused By Dizziness, Bilelessness and Pains in the Back. DROPPED IN THE STREET.

Warm weather and acute indigestion were the chief causes of a physical collapse that overcame Mr. J. V. Donaghue near the entrance of the Pennsylvania railroad depot last Thursday. A policeman lifted him into a cab and he was hurried to his home. In an interview next day Mr. Donaghue stated: "I was practically unconscious when I arrived home. I knew I was in bad shape, because for weeks I had been fighting against pains in my back as severe as if I had been shot at. Indigestion and bilelessness were the cause of my collapse, and no doubt had been keeping up the headache and dizziness from which I suffered. Fortunately, my wife knew just what I needed. She gave me three of Dr. Hamilton's Pills of Mandrake and Nutrient and put me to bed. In the morning I was as fresh as a daisy, my system was cleared of its load of poisonous waste and I felt like a new man. From now on, in order to keep my system properly regulated, I will use Dr. Hamilton's Pills regularly. I know many who are shot at and they never have a day's illness."

Why not be healthy, hearty and well. You owe it to yourself, to your family, to your friends. You cannot work properly; you cannot be happy yourself if you are tormented by indigestion, and all the nagging pains which accompany it—if you are weakened by anaemia—if your blood is being poisoned and your system upset by constipation.

If you are suffering from any of these derangements of the system—either temporary or chronic—you should go on to the nearest chemist and ask him for a box of Dr. Hamilton's Pills. This perfect tonic-laxative will cure your indigestion; purify and enrich your blood; banish constipation by safe and natural means; improve your appetite; quiet your nerves, and help you to sleep soundly. Dr. Hamilton's Pills will give you strength and vigor. They will help you to work better, 25c per box, or five boxes for \$1, at all dealers, or the Catarrhose Company, Kingston, Ont.

A TRIP TO ALASKA.

A Tour That Can Be Made With Comfort. Dublin, (Ireland) Express, Oct. 19, 1909.

A trip to Alaska is one seldom undertaken by people in the British Isles and of the many bookings undertaken by the Grand Trunk railway officials in London, few tickets show the destination to be that part for north of Canada, where coal and gold, together with meteorological observations, are often supposed to be, the chief reasons for the existence of that land. That such a trip can be made with little out of the ordinary fatigue of travelling is well proved by a recent communication sent to Fred O. Salter, European traffic manager of the Grand Trunk railway, from Bromley Challenger, F.R.G.S., who has just returned from the north-western limit of the North American continent. The letter has an added interest by reason of the fact that on the day of the official opening of the Grand Trunk railway's new offices at 17-19 Cockspar street, S.W., Mr. Challenger was the first person to book a passage with the company for Canada. On Dominion Day (July 1st) the trip was planned and provision made for the journey, and, in the first week in October, back in England again, the well-known geographer has been pleased to write to the Grand Trunk officials expressing his entire satisfaction with the easy way in which the journey was accomplished. After thanking the railway officials for making his means of transportation pleasant and comfortable, he says: "I was very pleased, indeed, with both the road and rolling stock of your company, and in my opinion it is second to none on the continent of America. The arrangements you made for me very much added to my comfort and enabled me to reach my destination in the quickest possible time, and I must say I experienced the greatest civility from the company's staff during my passage on your road. The route you worked out for me was a most interesting one, and coming back as I did over the Rockies, and the Great Lakes, I did not travel over a single mile a second time except the short run between Sarnia and Toronto. Will you be good enough to send me particulars of your 'Round the World' tour, and am thinking that next spring I may have another run out to the west and if I do I should like to return home via the east." Thus the whole of Great Britain is quickly put in touch by this great railway system, with what frequently is said to be the uttermost parts of the earth.

Suppose, Madam, there are a hundred varied processes in FIVE ROSES milling and each were cheapened one penny.—Your dealer could sell FIVE ROSES \$1.00 a barrel less.

But there's nothing silly about FIVE ROSES quality.

Not only is every step essential, but after each intermediate process an

individual test is made of the quality of the product; just as you, Mistress Housewife, at intervals anxiously peep into the oven to see what's doing in the pie line.

With this test starting each in the face, no man can shirk his task: he dare not leave any little fault for the next man to contract.

Everything must be right—and it is. Then, there's the regular daily baking of the finished flour by the Keewatin public baker.

Indeed, Mistress Housewife, your interests are well looked after.

FIVE ROSES is never "killed" in grinding due to hot rolls or bearings. It cannot lose its elasticity, its power of expansion in dough and oven.

It must be pure, and strong, and wholesome, and sweet.

You know this, Madam, by the true Manitoba wheat flavor, the rich creamy bloom, the different baking consequences.

We tell you all this because any flour is "good enough" all you know BETTER.

Perfect Testing Systems Insure The Quality of Your Flour

Another big thing we saw at Keewatin—The significant perfection of the Testing System.

We used to hear some millers boast of testing every pound of flour before it leaves the mill.

Which then seemed quite sufficient to our childlike credulity.

Till we beheld with our own eyes the FIVE ROSES quality tests.

The milling process, as you already know, Mistress Housewife, is a continued series of eliminations.

In a large modern mill, like the FIVE ROSES plant, it is estimated that some of the material travels nearly a mile, all this time being either cleaned or reduced to finer particles or granules.

Every step, Madam, means more impurities taken from your flour, additional purification.

None could be overlooked or slighted without affecting FIVE ROSES quality; they are reduced for financial reasons only in "bargain-seller" mills where the flour production is governed by its cheapness.

You wouldn't expect a watch to run, if some of the parts or wheels were missing, would you?
