Will Organize Cabinet.

Constantinople, Dec. 30.—Hakki Bey, Turkish ambassador to Italy, has accepted the sultan's offer of the grand viziership, and will return from Rome shortly to organize a new cabinet. The new grand vizier is a diplomat of eminence, and it is expected that, under his guidance, the political situation will be cleared in short order.

TO GAIN SYMPATHY

GIRL STRIKERS TURN OUT A NEWSPAPER.

Play Up Their Side of the Dispute and Then Sell the Papers Themselves.

New York, Dec. 30.—Scores of shirt waist strikers played the part of "newsies" yesterday. Garbed in their best dresses, they invaded the residence and business districts, selling copies of a newspaper printed under their editorship, and setting forth in numerous articles their side of the issue. The strikers were aided in their editorial work by young college women who volunteered for the task.

Miss Elizabeth Dutcher, one of the Yassar graduates having the newspaper venture in charge, declared her confidence in the result of the girls' campaign. "They will gain many sympathizers when people see how intelligent, well dressed—and refined they are," said Miss Dutcher.

REPORTS FROM VERONA.

Another Victim of Typhoid After Nursing Others.

Verona, Dec. 30.—Miss Goodberry and son, James, and Charles Howell, are home from New Ontario. Verona annual Christmas tree entertainment was held, Monday night. Proceeds amounted to nearly \$75. Norman Ball and his son dug into the winter quarters of a family of skunks and secured eleven good big ones. A local farmer offered \$10 for the lot, but his offer was not accepted. W. Stanford shot two fine foxes lately. Mrs. Jabez Dixon, quite ill with pneumonia, is reported easier this morning.

Mrs. Secord Storms, who has nursed her entire family through the critical stage of typhoid fever, has herself fallen a victim to the disease. Mr. Storms is now the only member out of a family of ten, who is not down with the fever. It is hoped by the many friends of Mrs. Storms that she may have an early recovery. The Bauder family next door is also recovering from the same disease.

At the annual school meeting, yesterday, Samuel Ijish, undertaker, was elected to succeed Mr. Walroth, who is retiring after some years' service. The holiday visitors included Mr. and Mrs. James Graham and children, Ottawa; Mrs. Thomas Godfrey and children, Chaplain; Mr. and Mrs. Stanley Lane and daughter, Winnipeg; Joseph Vandewater, Carthage, N.Y.

William Craig is home from the west after a long absence. Ross Burleigh, of the K. & P. staff, spent Christmas with his parents. H. T. Barnes left, yesterday, for Watertown, N.Y., to visit his son, George. Joseph Vandewater, visiting his parents at the Vandewater house, left to resume his duties at Carthage, N.Y. Colin Craig was in the city, to-day, regarding supplies at the penitentiary.

SAVED BY SUBMARINE.

Fishermen Rescued After Their Craft Had Sunk.

Toulon, Dec. 30.—The submarine Cigogne performed a remarkable life-saving feat during a recent storm. The boat was practising diving in the open sea, when the commander saw a large fishing boat suddenly overwhelmed and sunk.

The submarine immediately dived right under the fishing craft, of which the masthead alone was above water. The valves were operated quickly, and the Cigogne rose to the surface, lifting the boat and holding it above the water long enough to take off the crew.

OTTAWA DOCTOR DIES PITRE HOCKEY CASE

EXPIRED IN BED AFTER SUDDEN ATTACK.

The Late Dr. W. C. Beaman, a Queen's Medical Graduate—Court Granted Land Damages Against Dominion Government.

Ottawa, Dec. 30.—Dr. William C. Beaman, one of the leading physicians of the city, died rather unexpectedly this morning. He had been a sufferer for several years, but trips to Europe and South Africa it was thought had restored his health. He was taken suddenly ill and died in a few moments. Dr. Beaman was born in Ottawa and graduated at Queen's university, Kingston, in 1886. He was a member of the city council, and board of health for four years, being first elected in 1901.

Judge Cassels gave judgment in the exchequer court to-day in the case of King vs. J. W. Brown, awarding compensation to the defendant, Brown, in the sum of \$47,216, with interest thereon from the date of expropriation of the land in question. The defendant had caused a flooding of some 1,277 acres of land belonging to defendant, on Qu'Appelle river, Saskatchewan, by erecting a dam. The compensation is based on a valuation of \$25 an acre and includes other elements of damage.

It is probable that Ottawa will seek, by injunction, to prevent Frederick Taylor from playing hockey with Benfrew. Taylor accepted, a few days ago, his first week's salary, and it is the club's contention that his signature, endorsing the check, binds him to the club.

Nine bridge building firms are out after the Quebec bridge contract, and will put in tenders. The plans will be on view in Montreal during the first week in January, but tenders will not be called until May 1st.

EVIDENCE BEFORE JUDGE CONCLUDED.

Montreal Manufacturers Will Ask Quebec Government to Make Changes in the New Workmen's Compensation Act.

Montreal, Dec. 30.—Judge Brouseau concluded the hearing to-day of the breach of contract charge against Didre Pitre, the hockey player, who signed with the Nationals and then went to the Canadian club. There is much interest among hockey people over the outcome of the case.

The Montreal branch of the Canadian Manufacturers' Association is in session this afternoon discussing the increase in the rates for workmen's accident liability, in consequence of the going into force on Sunday of the new Workmen's Compensation act in the province of Quebec. The increase in rates will range all the way from forty to four hundred per cent, and it is claimed there are many ambiguities in the act and it is probable some steps will be taken to approach the government with a view to making some changes which are considered essential.

Since yesterday morning seventy-five new cases of typhoid fever have been reported to the health department. Steps will likely be taken to provide a temporary hospital to relieve the suffering and distress among poor patients, who cannot receive proper treatment at home.

A TERRIBLE CHARGE

GRAVE ACCUSATION LAID AGAINST DOCTORS.

Philadelphia Health Director Accuses Physicians of Prolonging Illness to Make Money.

Philadelphia, Dec. 30.—Charges that some physicians in this city deliberately prolong the period of illness of patients in order to increase their income are made by Dr. Joseph S. Neff, director of the department of health and charities, who offers this reason for the increase of diphtheria for the past year, while all other preventable diseases show a decrease. Dr. Neff said he has the proofs that anti-toxin is not administered in either curative or preventive doses by certain physicians, because its use reduces the number of visits the physician is obliged to make.

"The death rate for 1909," he said, "will be the lowest in the history of the city, due entirely to a reduction of deaths among preventable diseases. In the diphtheria death rate could have been prevented by a more general use of anti-toxin. Incredible as it may seem there are some doctors who will not give anti-toxin, either in curative or preventive doses, because it would cut down the number of visits to the families and reduce their fees."

WILL BE SENT BACK.

He Has Been Shiftless For Two Years Past.

Toronto, Dec. 30.—Elliott Saunders, an Englishman, brought here, two years ago, by the Salvation Army, as he alleges, is to be sent back to England, as he has been shifting around the States and here. He was found guilty and frost bitten on the street, last night, and is now in the hospital.

J. P. Langlois, appointed liquidator for the National Press company, which is to be wound up on the application of F. A. Spence, the assets and liabilities of the concern are not yet known.

The Norton Telephone company is to be liquidated by E. R. C. Clarkson as liquidator. A. W. Staley was the applicant for the appointment of a liquidator.

"It ought to be a striking and impressive object lesson to all the country, and particularly Toronto," said Dr. Sheard, city medical health officer, to-day, in speaking of the Montreal epidemic of over 4,000 typhoid fever cases. "To my knowledge, Montreal has been discussing water filtration for a year and a half, if not longer. They have been consulting American experts on filtration, and have dilly-dallied with the question. Now they are getting their lesson in a most startling manner."

VERY COLD WEATHER.

New York is in the Grip of Jack Frost.

New York, Dec. 30.—Sweeping on from the north-west a terrific cold wave, to-day, gripped the entire east and south. In New York city this morning the temperature dropped to seven degrees above zero and was still sinking. Suffering was intense. Many persons were overcome and the charitable dormitories, police stations and the municipal lodging houses were crowded.

With the thermometer down near zero, a dozen families were driven from a tenement house, in East Brooklyn, by fire early this morning. Many persons, unable to get out by the regular way, were compelled to jump from windows, and as a result some twenty had to be taken to the hospitals, fully a dozen being seriously injured. The fire was got under control after a four-hour fight.

Dogs Had Rabies.

Galt, Ont., Dec. 30.—Dr. J. G. Ruthcroft, Dominion veterinary inspector, of Ottawa, has informed the medical health officer, here, that the dog destroyed here, after having bitten eight persons, was suffering from rabies, as the inoculation test caused the death of several rabbits. The rules regulating dogs are to be made more stringent than ever, if possible.

Stricken With Paralysis.

Brockville, Ont., Dec. 30.—Mary Allen, wife of Alexander Carpenter, a respected citizen of Brockville, went to Bellamy's Station to spend Christmas with her sister, Mrs. John Galbraith. She was in the enjoyment of excellent health, but was unexpectedly stricken with paralysis and died in a few hours. Mrs. Carpenter was fifty-seven years of age. She leaves no family.

Death Of A Veteran.

Welland, Ont., Dec. 30.—John McGlashan, aged eighty-three years, was buried at North Pelham yesterday. He had lived nearly all his life in this country, was a well-known and highly respected citizen, and leaves one son who is postmaster at North Pelham.

Died In Paris.

Paris, Dec. 30.—Earl Percy, formerly secretary of state for England, and the eldest son and heir of the Duke of Northumberland, died, to-day, in an hotel of the Northern railway. His death is stated to be due to pleurisy, but there is a report that it resulted from wounds received in a duel with another Englishman, Monday last. Earl Percy was thirty-eight years old.

Lots of nice young Chickens and Geese. Jas. Crawford.

The remains of the late James Johnson, who died suddenly in Rochester, N.Y., on Thursday last, arrived in the city to-day, and were removed at once to Caturqui cemetery.

Even a politician would probably be honored if he could make more money that way.

Plumbers, Very Busy.

The plumbers are having a very busy time these days. Since the cold snap set in they have been kept on the jump all the time and it is quite true that "it is an ill wind that blows no person good." Quite a number of citizens have found their water pipes frozen and as a result the demand upon the plumber has been very heavy. Of course everybody wants the plumber the very moment the call is sent in, and if he does not come at once there is sure to be something doing.

Rammed By Floating Ice.

New York, Dec. 30.—Three naval launches, those of the battleships Minnesota, Kansas and Wisconsin, now at anchor in the Hudson river, were rammed by floating ice, and sunk, off Ninety-seventh street, to-day, as they were trying to make a landing. There were four sailors and an ensign in each launch, but all the fifteen were rescued.

Died On His Bed.

Hamilton, Ont., Dec. 30.—Thomas Traynor, an elderly man who lived alone in a shack on the mountain top, was found dead this morning. He was sitting on the bed with his back to the wall, and evidently had been dead for some hours. He was frozen to death. Traynor was an employee of Gallagher Bros., who own a lime quarry on the top of the mountain.
