EXCITEMENT LACKING

IN THE MUNICIPAL ELECTIONS THIS WINTER.

A Resume of the Aldermanic Candidates in the Wards—Two Roman Catholics in Cataract.

Not in years has there been so little interest or excitement in the municipal elections. This is chiefly owing to the fact that there is no contest for the mayoralty. It's passing strange that there have been majority declarations in 1889, 1890, 1891, 1892, 1893, 1894, 1895, 1896, 1897, 1898, 1899 and 1900. The figure "0" seems to have some charm about it, 1879 being the only decade in the times there failed to record an acclamation. There has been some vexatious feeling in some quarters over the retirement of Ald. Twissdell from Cataract ward. Ald. Twissdell's story friends say they were led to believe that he wished to continue to represent the ward, and knowing he couldn't be beaten they decided not to oppose him. Had they known that Ald. Twissdell wanted to retire, they wouldn't have allowed an acclamation. However, no one else was nominated, and it was Ald. Twissdell's privilege to retire, which he has done. What roused the conservative Orangemen of Cataract ward is that two Catholics now represent that section. This year there were only three Catholics in the city council. In 1910, if Ald. Hanley is elected in Sydenham ward, there will be four.

In Ontario ward the contest will be interesting. Both candidates claim to have independent aims. Mr. Harrison was in the field some time before Mr. Fair, and has that much advantage. In St. Lawrence ward, a close contest is looked for. Each candidate has a small following from the other's side, so far as politics is concerned, hence the election will likely be devoid of political complexion, a gratifying circumstance. In Rideau ward, R. G. Armstrong has had a two weeks' start of George Smith in the matter of

vass, and that counts. It looks like his election up there, as Moral and Social Reform representative. Two men of high standards are opposed to each other in Victoria ward, one an independent, the other a Social and Moral Reform candidate. The general opinion is that Mr. Bailey will win. In Sydenham ward, two medical men are pitted against each other. Ald. Hanley has represented the ward for three years, but he has a strong opponent in Dr. Richardson, who, if elected, would be a credit to that old ward.

IN THE FINAL RUSH.

The Express Companies Had a Busy Time. The express companies did a record holiday business, and only within the past few days have they had what one might call "a breathing spell." All last week, the men in the offices and the men out on the rigs, had to work like trojans, to get the business finished up. "It was terrible the amount of goods left until the last moment," said one official, speaking to the Whig, yesterday. "The last day goods just poured into the office, and it was enough to send a man crazy. You would think that in a time people would learn to send their goods in earlier." The New Year's rush with the express companies is never very great, and can be very easily handled. Christmas is the time that the real rush is on.

Smallpox At Alexandria Bay. The village of Alexandria Bay, N.Y., has a case of smallpox. The victim is a foreigner and is being cared for at the expense of the county. The man who had the disease, went to Canada a short time ago, and was married, returning to Alexandria Bay with his wife, and taking up his residence with a family of Indian basket-makers. At present he is the only one in the family to have the disease. The authorities at Alexandria Bay have placed guards around the house where the patient is confined, and the family can leave the house neither by the front door nor the rear door.

CHRISTMAS ENTERTAINMENT.

Held at St. Luke's Church Thursday Night.

On Thursday evening, the annual Christmas tree and entertainment of St. Luke's church was held, and it provided a fine treat for the scholars of the school, and the members of the church, who were in attendance. The pastor, Rev. R. S. Forneri, was chairman of the evening, and called upon the different members of the school, who contributed to the programme. There were songs, recitations and dialogues, and every number was warmly applauded. The Christmas tree had gifts for everybody, and it was, indeed, a very happy gathering, when Santa Claus made his rounds.

Ottawa Citizen: Outside clubs assert that there is no possibility of peace now between the rival leagues, but it is a simple matter to break up an organization, and it would not take twenty-four hours to get a new league and new schedules together, were the teams to get down to hard pan business.

Poultry Association Meeting. There was another meeting of the Kingston Poultry and Poultry Association held last night, when matters pertaining to the getting out of the prize list were attended to. The members are busy arranging for the show, which will be held at an early date.

ONTARIO WARD

At the request of many representative business men, electors of Ontario Ward, I respectfully offer as an Aldermanic Candidate for the year 1910, as well known to the citizens, and as my financial interests are largely Kingstonian and closely identified with the city's progress, I feel it my duty to do my share to assist business men in the promotion of every legitimate public enterprise.

The question is asked repeatedly, "Why does Kingston not grow in population and commercial activity with so many of our cities not so well situated in our fair Dominion?" My answer is that we have listened too long and too often to the voice of the demagogue and knocker. What we want are "boosters," men who do the work, public spirited men in public affairs, and just to the extent that we neglect this principle, just to that extent will the progress of our city be retarded.

I have never shirked an opportunity to line up with progressive interests, and risk my money to successfully establish industrial enterprises. Unfortunately, however, I have not had the encouragement we should have had from a financial standpoint. My failure in the past should not deter us in our optimism of the future, but let us hope for and prepare for many good things for Kingston in 1910.

Ladies and Gentlemen, Electors of Ontario Ward, I earnestly solicit your votes to be considered by every true Alderman, permit me in soliciting your votes to assure you that if I am honored with your confidence, I will go to the Council Board pledged to no sect, no clique, or interests whatever, other than to cast my vote in the interest of the citizens as a whole and the city at large.

W. J. FAIR.

To The Electors of Ontario Ward :

Owing to the retirement of Alderman Nickle, who has ably represented our ward for several years, I am respectfully requested to offer as a candidate. If elected, I shall try to give a square deal to both Ontario and Belleville, by exercising the same business qualities in civic as in private commercial matters. I shall also consult with the taxpayers by consulting their interests, before that of any political party. If this platform will do my vote in the interest of the citizens as a whole and the city at large.

T. F. HARRISON.

RIDEAU WARD.

As a Candidate for Alderman in the above Ward, I earnestly solicit your support. As the time is now too short to permit of a thorough canvass, I trust you will accept this as an intimation of my willingness to serve you. If elected, I will do my best to carry out the best interests of Kingston, and especially of Rideau Ward.

GEORGE SMITH.

RIDEAU WARD

LADIES AND GENTLEMEN: Your vote and influence are respectfully requested to elect me as your Alderman, for the year 1910.

R. G. ARMSTRONG.

VICTORIA WARD

LADIES AND GENTLEMEN: As the candidate of the Social and Moral Reform League, I solicit your support and votes to elect me as your Alderman, for 1910-1912.

J. W. LITTON.

VICTORIA WARD

TO THE ELECTORS. Having retired from business, my Reform and Conservative friends feel sure that I can give undivided attention to our Ward and City interests. With pleasure, I offer you my services, and if elected, I will do my best to carry out the best interests of our City.

SAM. P. BAILEY.

SYDENHAM WARD.

TO THE ELECTORS: Having been one of your representatives in Council for past three years, I hope you will give your approval by returning me as your representative for 1910.

ROBT. HANLEY.
