

THINKING OF XMAS GIFTS.

What do you think would be more prized—more appreciated or more really useful than a deed to a house or a piece of property? A stocking, indeed is not so good as a deed in the stocking. If you wish to play Santa Claus to some purpose, see us about various properties we have for sale, and determine upon which shall be your "deed of gift." We have houses in the town or country, lots in every direction, and all at very easily purchasable prices.

Many a man is apt to feel that you are not treating him right when you steer him up against a soda fountain. It is harder for a woman to pray her husband into heaven than it is to nag him into the other place. He's a young man more to educate himself than it cost his father to educate him.

NEW YORK GIRL SHIRT WAIST STRIKERS.

GIRL STRIKERS SHOWING PLACARDS

New York, Dec. 30.—In automobiles provided by wealthy women who have taken an interest in their cause, and bearing flags and placards, more than fifty striking girl shirt waist makers, accompanied by members of the Woman's Trade Union League, paraded up and down Fifth avenue and through the shirt waist factory districts. They attracted attention cheers all along the route, even in the "enemy's country."

TIS BUT IDLE TALK

TO CHARGE HIGH COST OF LIVING TO FARMER.

Mayor Pratt, of Spokane, Replies to Statement Made by James J. Hill—Great Factor in High Cost is the Tariff—Good Words for the Farmer.

Spokane, Wash., Dec. 29.—Nelson S. Pratt, mayor of Spokane, a successful farmer and lumberman, in the Mississippi Valley, and the Pacific Northwest, takes exception to the sweeping statement by James J. Hill, that the present high cost of living, is chargeable to the extravagance, carelessness, and lack of thrift of the agricultural classes of the country, saying:

"I am more than surprised that a man with the understanding and observation of Mr. Hill, should undertake to make such broad charges, in view of the fact that the methods of a quarter of a century ago are not to be compared to the present system of farming. There is nothing to bear out Mr. Hill's contentions."

"As a result of a recent visit to several of the largest districts in the middle western and Pacific states, I am prepared to say there has never been a time when general farming was conducted along more economical lines than at present. In fact, the methods of to-day are unexcelled to those who farmed land in the eighties. Had we been as skilled and thorough then, as are the farmers of to-day, we certainly would have been equally successful."

"It is not overstating the case, when I say, that the modern grower conducts his farm along the same lines that prevail in a well-organized business establishment, and as a result he is not only making a good living and educating his children, but is also putting money into improvements, as well as into the bank."

"It is idle talk to charge the high cost of living to the farmer, as it must be plain to anyone who has studied the subject, that at least three causes contribute to increasing prices of the necessities of life. The large production of gold during the last few years, is an important factor, in that it has resulted in making

DANGER IN DELAY

Kidney Diseases Are Too Dangerous for Kingston People to Neglect.

The great danger of kidney troubles is that they get a firm hold before the sufferer recognizes them. Health is gradually undermined. Backache, headache, nervousness, lameness, soreness, lumbago, urinary troubles, dropsy, diabetes and Bright's disease follow in merciless succession. Don't neglect your kidneys. Cure the kidneys with the certain and safe remedy, Booth's Kidney Pills, which have cured people right here in Kingston. Mrs. A. McBride, of 399 Barrie street, Kingston, Ont., says:

"I have found Booth's Kidney Pills an excellent remedy for headaches and dizziness resulting from inactivity on the part of the kidneys. I had suffered frequently with these miserable symptoms and very often I would have pains of a dull, bearing down nature across the back and extending into my shoulders. Although I had tried several prescriptions I had found little or no relief. I learned of Booth's Kidney Pills through an advertisement, and procuring a box at Mr. Mahood's Pharmacy, I used them. I soon found Booth's Kidney Pills to benefit me. The pains left my back, the headaches and spells of dizziness ceased and I have not been troubled since. I can thank only Booth's Kidney Pills."

Sold by dealers. Price, 50c. The R. T. Booth company, limited, Fort Erie, Ont., sole Canadian agents.

Old Folks Coughs

BECAUSE RESISTING POWER IS WEAK PNEUMONIA OFTEN FOLLOWS.

Tells of a Sure Cure and a Never-Failing Comfort for Colds, Coughs, Catarrh.

One of the worst terrors of old age is that distressing chronic cough. Colds settle on the chest are wrongly treated with drug-laden and chest-weakening cough syrups, and from year to year the condition has grown worse. Formerly the cough went away when fine weather came, but now bad weather makes it worse and fits of racking, tearing, coughing make life a burden.

Because you are old is no reason for suffering with everlasting coughing—those terrible chest troubles and difficult breathing can be thoroughly cured with Catarrh-zone. You simply breathe the healing vapor of Catarrh-zone and instantly its rich balsamic fumes are carried by your breath into the tiniest recesses of the nose, throat, chest, bronchial tubes and lungs.

Just think of it—a direct breathable medicine, full of soothing antiseptic pine essences that reaches every sore congested membrane in two seconds. No drugs to take—nothing to harm the aged or the infant because Catarrh-zone is the purest, safest cough, catarrh and cold remedy ever devised.

Mrs. M. E. Walford, wife of a well known grocer in East Shefford, writes: "For three years I suffered with a hard racking cough and bronchial irritation which annoyed me so much at night I couldn't sleep. I tried many remedies, catarrh tablets, sprays, syrups, etc., but they only helped for a short time. Catarrh-zone brought me wonderful comfort from the first. I inhaled its balsamic fumes every hour or two and am now free from any trace of cold, bronchitis and catarrh. I can go out in all kinds of weather and don't take cold."

There is no remedy so certain and safe as Catarrh-zone, but being a good remedy it is imitated. Beware of the substitute. Large Catarrh-zone lasts two months, price \$1.00; smaller sizes 25c and 50c. All reliable dealers.

Vissection Must Go.

When the legislature meets next the friends of dumb animals should unite in a resolute effort for the enactment of a law which will exclude forever from the empire state the practice of cruelties upon helpless living creatures. Public sentiment against the practice of vivisection was aroused during the session of the last legislature, but was not fully informed in time to carry through the proposed reform.

Even if important assistance in the treatment of human ailments were derived from the horrible experiments that are made, humane persons would not consent to the infliction of nameless tortures upon harmless and affectionate animals.

In view of the fact that no important discovery or improvement results from these tortures they appear all the more atrocious. That they are permitted is a blot upon humanity—a blot that should be erased immediately and peremptorily by the strong arm of the law.

No Politics in This.
Calgary Herald: "There is no such thing as politics when the members of the Saskatchewan legislature get 'discussing' government elevators and Hudson's Bay railway. Even if these questions were to be brought up in the Alberta house by the government there would likely not be more than a couple of votes against the motion, if that many."

Opened With Prayer.
Boston Herald: "The late Theodore Thomas was defending the milder form of profanity. 'So many things in the home,' he continued, 'invite a man to let off steam. There's opening cans, for instance—opening these new-fangled cans with patent openers that are always getting lost. A Chicago man was exerting himself vocally and physically as he opened one of the patent cans. His wife, tired of the noise, called from the next room: 'What are you opening that can with, dear?' 'The can opener, of course,' he yelled back. 'Oh,' she said, 'I thought you were opening it with prayer.'"
