F. MILNER'S CRIME

WEALTH AWAITS A MAN IN WORKHOUSE.

Death of Wife Who Had Left Him and Was the Cause of his Sentence, Enriches Him.

New York, Jan. 10.—Serving a sentence in the workhouse for attacking a man who, he said had taken his wife into a restaurant where he was obliged to wait upon them, Frederick Milner, is in ignorance that his wife was buried in St. Raymond's cemetery. Neither does he know that by her death he will share in a fortune of \$100,000 left by her mother, the late Mrs. Mary Ann Kelly, keeper of the lighthouse at North Brother Island, known as the "Mary Ann" lighthouse.

Milner was arrested December 28th on complaint of Joseph P. Schwab, and arraigned in the Morrisania police court. Schwab charged Milner with having attacked him. Milner explained to the court that he was separated from his wife and that several of his friends informed him that she was going out in company with Schwab.

He said he was employed as a waiter in an inn at Clason Point, and a few nights previous to his attack upon Schwab the latter came there accompanied by Mrs. Milner, and that they deliberately selected the table he was serving for a repast. Their first order was a bottle of wine, and he declared that, fearing to lose his employment, he stood at their back ready to do their bidding throughout the meal. One week ago his wife was taken ill, suffering from an attack of appendicitis. She was operated on at the Red Cross hospital.

A MISER'S FORTUNE.

Ragman Left Securities Valued at the Sum of \$60,000.

St. Louis, Mo., Jan. 10.—A fortune of \$60,000 in gold securities awaits the heirs of Jeremiah Moynihan, an aged miser ragman, who died Friday, apparently in destitute circumstances. Moynihan was to have been buried in the potter's field to-day, but the public administrator found a key in a safety deposit vault in his effects. The box contained bonds worth \$60,000. Moynihan was eighty years old. He lived alone, and so far as known had no relatives in this country.

Kidnapped A Lad.

Hamilton, Ont., Jan. 10.—Fred Vaughan, nine years of age, was abducted in broad daylight, yesterday as he was returning from Sunday school. The lad has been living for some time with Mrs. Brock, who was constituted his legal guardian in view of the fact that his father and mother had separated. Yesterday it is alleged his mother and grandmother met him as he was returning from Sunday school and got him into a cab driving off with him. The police are investigating.

RELIEVE Neuralgia

"I have awful spells of Neuralgia and have doctored a great deal without getting much benefit. For the last two years I have been taking Dr. Miles' Anti-Pain Pills and they always relieve me. I have been so bad with Neuralgia that I sometimes thought I would go crazy. Sometimes it is necessary to take two of them, but never more, and they are sure to relieve me." MRS. TO SHOW HER LOVE.

Italian Girl Inflicts Awful Tortures—A Strange Story.

Rome, Jan. 10.—A strange story comes from Turin about the act of a servant girl who became possessed of a religious mania. The woman who employed the girl found her crazed on a bed. After an investigation the employer discovered that the girl, after placing a crown of thorns on her head and inflicting a severe wound in her chest, nailed her feet and her left hand to the bed boards and calmly spent the night suffering tortures. When discovered the woman was exhausted from pain and loss of blood and was taken to a hospital in a dying condition. She admitted that out of love of the Saviour she had voluntarily crucified herself. Her reason for this, she said, was that she wished to share Christ's sufferings. The doctors declare that she is hysterical and therefore insensible to pain, but the common people regard the case as miraculous.

WHIG'S FASHION HINT.

Black Crepe-de-Chine Gown, with silver paillettes.

"The Power of the Press."

This is probably the most exciting moving picture that has been shown this season. The New York papers gave it lengthy and commendable notices. It shows a "war" between a crooked mayor and an editor who was determined to do his duty, even though it would cost him his life. It was only when he stood beneath an elm tree with a rope around his neck that the mayor's daughter, whom the editor had befriended, appeared on the scene with a posse of police and effected a rescue. There are many thrilling scenes. To-night and Tuesday afternoon and evening at the King Edward.

Pans-O'Neill Wedding.

A pretty wedding was solemnized at St. Mary's Cathedral, on Monday morning, when Henry Pans, son of William Pans, of Penetanguishene, was united in matrimony to Miss Mary Gertrude O'Neill, daughter of Mr. and Mrs. James O'Neill, 11 John street, this city. The groom was assisted by his brother William Pans, and the bride by his sister, Miss Johanna O'Neill. After the ceremony, the wedding party retired to the home of the bride, where they partook of a sumptuous repast. Mr. and Mrs. Pans left on the noon train for Toronto. The out-of-town guests were the groom's father, mother and brother.

Attacked By Pneumonia.

Rev. F. C. Cassidy, who returned from Japan a few months ago, with his family, and who came to the city to spend the winter, is seriously ill. Mr. Cassidy attended the students' convention at Rochester, N.Y., and was taken ill there, being forced to take to his bed for a day or two. He recovered sufficiently to come home where he suffered a relapse. To-day his condition became so serious that he was removed to the general hospital. He is suffering from a severe attack of pneumonia.

Canadian Club.

A meeting will be held in the board of trade rooms on Monday, January 10th, at 8 p.m., for the purpose of organizing the Kingston Canadian Club. All persons interested in this movement are requested to attend. "It is the purpose of the club to foster patriotism by encouraging the study of the institutions, history, arts, literature and resources of Canada, and by endeavoring to unite Canadians in such work for the welfare and progress of the dominion as may be desirable and expedient."

Gold Bracelet Returned.

The gold bracelet, with initials "V. P.," advertised for in the Whig last week, was returned to-day to its happy owner. It was found on Princess street, and brought to the Whig office by Miss Kirkwood, of 173 Montreal street.

A Great Sale.

For the balance of the year, Frost, Brock street, has greatly reduced prices in the order and ready-made clothing department, also in gent's furnishings. Stock is well assorted with new goods.

The White Star Dominion line, in an interview with the Dominion government, has made it plain that unless a mail subsidy is granted its big steamers the Laurentic and Megantic will be withdrawn from the St. Lawrence route next season and kept on the New York route. Fred Roberts, an ice cutter, was arrested in Ottawa on the charge of impersonating in the recent municipal election.

MAY REFUSE GRANT

MONTREAL EMERGENCY COMMITTEE NOT SATISFIED.

Regard City Council's Action as an Inadequate Effort to Avoid their Responsibility—Cost of Running the Emergency Hospital.

Montreal, Jan. 10.—The Typhoid Emergency Hospital committee will probably refuse the grant recently passed by the city council as a total, inadequate effort to avoid their responsibilities. The council allowed \$1 per day for each patient, but the expense at the emergency hospital is over \$3 per day per patient. The committee take the ground that they have done work which should have been done by the council, and that the city should bear the expense of the hospital, which was rendered necessary by the municipal neglect of the water supply.

Ald. H. B. Yates has withdrawn from the mayoralty campaign. This he did in the field Dr. J. J. Guerin, the nominee of the Citizens' association, but it is expected that Mayor Payette will be nominated for a second term.

ENTIRE HOSPITAL ENGULFED.

Disappeared With all Inmates into Dissolved Mine.

Vienna, Jan. 10.—An extraordinary accident occurred, Saturday, at Raib, in Carinthia. The sudden collapse of the site of a disused mine completely engulfed a small hospital building. Not a vestige of the hospital remained and only a huge cavity appeared in the ground. Seven inmates of the hospital, including Surgeon Wessley and his family, perished.

Fletcher Snead Vanished.

St. Catharines, Ont., Jan. 11.—Without leaving even a note to say where he had gone Fletcher W. Snead, husband of the East Orange bath-tub murder victim, has disappeared from the New Murray Hotel here, where he has been employed under the name of John Lucas as second cook since his disappearance from New York in March of last year.

CAUGHT 'EM IN NETS

CHILDREN DROPPED OUT OF A SCHOOL HOUSE.

Which Had Caught Fire in Hull—The Heroism of Some Men Called Forth Praise—Firemen Injured.

Ottawa, Jan. 10.—A costly fire occurred, this morning, at 9 o'clock, whereby the Catholic school, on St. Henri street, Hull, was totally destroyed by fire. There were over 200 little children in the building at the time who, however, were taken out safely, through the heroism of a number of men who entered the burning building and lowered the children from the upper story into nets held by the firemen below. Anxious relatives gathered in front of the burning building, beseeching men to save their little ones. The men went very rapidly and the smoke bewildered the children, and had it not been for the prompt action of residents near the school there would have been serious loss of life. Two firemen were injured seriously by a piece of roof collapsing and they were swept off a ladder near the top of the building to the ground, a distance of twenty-five feet. The school was built at a cost of \$30,000, in 1905, and is only partly covered with insurance.

DIRE FATE THREATENS.

Something Terrible Prophesied to Happen John Bull.

London, Jan. 10.—That the New Year holds some terrible fate in store for John Bull is predicted, although in more or less vague terms, by the majority of those who profess ability to sit a corner of the veil of the future. The latest ill omen to scare superstitious people is that in 1910 Good Friday occurs on March 25th, Lady Day, and that is supposed forebode great evil.

When Good Friday falls in Our Lady's lap England shall meet with grave misadventure. An old saw, strangely enough, when Good Friday and Lady Day have coincided there have been an unusual number of disasters. The events of 1864, for instance, include the Fenian outbreak, the killing of 250 persons by the bursting of a reservoir in Sheffield, 200 killed and wounded in Belfast riots, the loss of a warship in the China Sea and the burning of a steamer in the Indian ocean, when ninety-one lives were lost.

In 1853, 1842 and as far back as 1796, also years on which Good Friday fell on Lady Day, an unusual number of grave disasters were recorded.

"Mack" McNamee is the guest of his brother, P. McNamee.

LETTERS TO THE EDITOR.

A Mathematical Problem For Ernesttown Scholars.

Kingston, Jan. 8.—(To the Editor): I see by yesterday's Whig that Ernesttown township carried local option by 16 votes and they give the vote for local option 319 and against local option 233. That local option carried no one doubts, but the majority is the query. If 16 is the majority, then 320 plus 16 plus 100 (the one-fifth extra required to carry local option) must equal the vote given for local option, viz. 519, whereas above showing is only 485, showing an error of 23 votes. Take another view. If 519 represents the temperance vote, then to defeat the temperance vote the anti's would have to poll 347 votes, whereas they polled only 320. From this standpoint the majority for local option would be 27.

As the temperance people win if three-fifths of total vote is polled by them it's on this clause, perhaps, your correspondent errs when he undertakes to give the majority as he takes three-fifths of the total vote polled, which is 508.4, and deducts that from 519 (the temperance vote) and arrives at the 16 majority. The statute requires the temperance people to poll three-fifths while anti-temperance requires two-fifths. Now on the basis of 320 anti-temperance vote the temperance vote wins if they poll 480 votes. Whereas they polled 519, showing from this view 39 of a majority. The fact is evident that the people of Ernesttown polled 99 more votes than was required to carry local option. But if a temperance vote is of one-third less in value which is standard set by the government than an anti-vote, then 39 minus one-third of 39 equals 26. So that from this showing the majority would be 26. Mr. Editor, what do you say the majority is?—VOTER.

Centreville Tidings.

Centreville, Jan. 8.—An old and respected resident of this village passed peacefully away on Saturday, in the person of George Clancy. William Hinchey was removed to the Kingston General Hospital and continues quite ill. Joseph Kellar, Winnipeg, and Lenore Kellar were the guests of Edward Perry last week. William Kennedy, Kingston, and Leo Hinch, Camden East, were guests of Charles Ingoldby during the holidays. School has reopened with Vernon Paul again as teacher. Elections passed off quietly, there being only two candidates running, and they were for deputy reeve. The rest of the council went in by acclamation. William Fleming, of Peterboro, spent Christmas at home. Noble McGill is still under the doctor's care, but is gaining slowly. Edward Lyons is confined to the house. Joseph Barrett has returned from Toronto. Miss Mary Ann Barrett is visiting friends in this vicinity.

Chief Armstrong reported to the city council that during 1909, there had been seventy-four alarms of fire. The total loss was \$27,577.48. In two fires the damage by smoke was \$7,920.22, and by flames only \$290.50.

The fifty-ninth anniversary of the marriage of Mr. and Mrs. Robert E. Waldron was celebrated at their home, "Loonst Lodge," Sidney Front, on 3rd inst.

The Board of Works will deal this week with the question of putting men at work breaking stone in the city quarry. The City Engineer favors it.

A number of mariners employed these days cutting marsh hay for the ice companies. One young man has over ten tons cut and piled.

It is likely that a motion to repeal the laundry tax will shortly be made in the city council.

Mrs. Daniel McRae, of Lonsdale, died suddenly on Saturday.

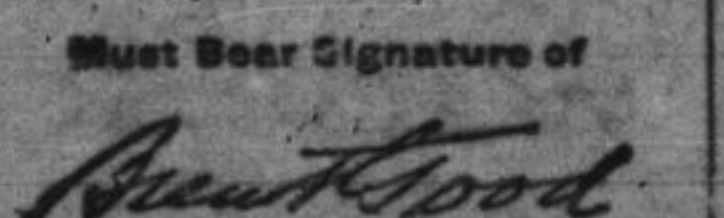

The Indians used to make snowshoe rabbits with a bit of soft wire and a few whitewood twigs for bait, but they have found that it is productive of more rabbits to use a gun loaded with Dominion Ammunition.
