THE ANT.

Facts About One of Nature's Most Industrious Creatures.

When spring comes with all its wealth of opening buds and new flowers, the ant is preparing for a season of profitable industry.

It comes out of its winter quarters and locates a new home where it can store away, during the summer months, the sustenance for the long winter days.

Just as industrious as the ant—bit in a different way, are the countless infinitesimal germs which burrow into the scalp and eat away at the roots of the hair.

As they burrow away, Dandruff forms, and if the germs are not all killed, Baldness results.

Newbro's Herpicide is the only known remedy which kills the germs.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich. One dollar bottle guaranteed. G. W. Mahood, special agent.

SELLING BORROWED MILK.

On more than one occasion the Board of Health has discussed the practice of milkmen borrowing milk from one another when they find their supply running short before they have nearly covered their routes. The presence of typhoid in the city just now has led a member of the board to draw attention to this matter. Milk used by a family in which a typhoid case develops, might be put under bacteriological examination and found to be contaminated. The responsibility would naturally rest upon the man who supplied the milk, whereas the sample might be from milk the vendor had borrowed from another. The local health department has more than once been confronted with this difficulty. One milkman might borrow quite a quantity from another, and in turn divide it with one or two others. Notice should be given milkmen that they must not sell milk that is from another dairy. Could it not be made a rule that a license may be cancelled if a vendor sells other than milk from his own dairy?

THE CITY AND CEMENT.

As the result of the recent cement merger in Canada, the board of works finds that it must pay forty per cent. more for cement this year than last, if it decides to accept the lowest tender received for the year's supply of 4,000 barrels. Last year, the figure was very low, on account of keen competition. Members of the board of works are a little undecided as to what they should do. To accept the lowest tender before them, means an increase of \$2,000 over last year's cost of cement. Some of the members are willing to risk refusing the tender and getting a lower figure later on. It is pointed out, however, that the only hope of a break in the price is the appearance of a new and strong company or action by parliament against the merger. A high enough price for cement is thought to be around \$1.50. Four years ago the city paid about \$1.60. Outside business men, whose advice was asked, have advised the acceptance of the \$1.69 tender, as they cannot see any hope for a lower price on the year's contract. In the meantime the board of works has decided not to accept the tender, but to live in the hope that something will happen.

A BANK TRAGEDY.

The staid Montreal Witness is favoring the parole of Charles McGill, the late general manager of the defunct Ontario Bank, who has now served three years of his five year sentence, a sentence which was imposed on him after he had been found guilty of falsifying the monthly returns of the Ontario Bank, which that bank, as well as all other chartered banks, was required to submit under oath, as to their correctness to the finance department of the government at Ottawa. It is not denied that when Mr. McGill took over the general management of the Ontario Bank, his character was high, and it is not denied that he found the bank in a most precarious condition. Unfortunately, he was led into speculation to retrieve the bank's position, and to cover up his tracks he had to lie in the monthly and other statements. There was no excuse for that, but the president and other directors cannot escape blame for ignorance of irregularities and crimes which had stretched over a considerable period of time, seeing that it was their duty to maintain such conditions as would have informed them against any irregularity, and seeing that a system of independent auditing of banks was compulsory here, as it is in other civilized countries. Had they done their duty, Charles McGill would probably be a free and honored man to-day. It was the perfunctory treatment accorded to these returns by the department to which they were made, and immunity from any oversight that brought about his downfall, and it must be said that he did not benefit a penny piece from his speculations on behalf of the bank, nor does it appear that he proposed to do so—it was all done to try and retrieve the position of the Ontario Bank. That being so, there is a growing disposition on the part of the public to consider that Mr. McGill has suffered enough for his case to be a deterrent to others similarly tempted. The publicity which has surrounded his case has done its work for society, which will be little added to, by lengthened punishment. Mr. McGill must bear to the end of his life for his mistake or crime—that is

LETTERS TO THE EDITOR.

Better Arrangements Needed.

Kingston, Jan. 12.—(To the Editor): If the drinking water is impure now and there is danger of typhoid, what will it be when the 600 or 1,000 "sanitary improvements" are emptying into the waters of the harbor? Better arrangements for some other method of disposal.—N.S.I.

A Hint to Shopping Ladies.

If you wanted anything badly, and when you got to the store were persuaded to take something else instead, when you came away wouldn't you feel a little disappointed? As if somebody had "got one over you"—and not for your benefit, mind, but for their own profit!

And when you proved that the something which was represented as being "just as good" as what you asked for was not as good—was not to be compared even with the real thing, wouldn't you feel still worse?

This is just the case about Zam-Buk. Like all good things it has many imitations. When buying it just ask for Zam-Buk, and see that you get it. The name is protected by law, and is clearly seen on each packet. Don't have anything else! Then you won't feel that somebody has made a few extra cents out of your lack of firmness.

Lodge Room For Bath.

Bath, Jan. 13.—Mrs. P. E. Clarke left, on Monday, for Belleville, to see her father, who is seriously ill. The young men of the village have prepared a fine ice rink here and formed a hockey team. Mrs. and Miss Hogle left, on Wednesday, of this week, on an extended visit to friends at Oak Leaf. The crossing from here to the island is perfectly safe, and the people of the island are continually crossing now. The A.O.U.W. lodge has secured the rooms above the poolroom, for lodge purposes, and have furnished it nicely.

McLeod's Witch Hazel Cream.

A delightful, dainty toilet preparation for softening and beautifying the skin. Neither sticky or greasy, dries at once into the skin. Nothing to equal it for rough, chapped hands. Excellent for after shaving. Ask for McLeod's Witch Hazel Cream, in bottles, 15c., at both stores, corner King and Brock streets, and corner Montreal and Princess streets.

AN HOTEL MAN FINED FOR NOT ERECTING A FIRE ESCAPE.

FOR NOT ERECTING A FIRE ESCAPE.

Gananoque Foresters Made Presentation to Lewis Fraid, Who is Removing to Montreal.

Gananoque, Jan. 14.—A case of considerable interest came up before Police Magistrate Carroll on Wednesday when, on complaint of License Inspector Frederick H. Taber, of Morton, Neil McCarny, proprietor and owner of the Provincial hotel, was charged with violation of the law in failing to put up a fire escape, having been ordered to do so several months ago by government officials, and, although Mr. McCarny had a fire escape made it had not been put up. Consequently the minimum fine of twenty dollars was imposed, and he was ordered to have the fire escape put up at once.

The three blind enterprisers, Messrs. J. E. Boudreau, baritone, of Ottawa; Roy Wilson, elocutionist, of Brockville, and B. C. Trener, pianist, of Kingston, graduates of the Ontario Institution for the Blind, gave an excellent entertainment in Turner's assembly hall, last evening.

P.C.R. Lewis Fraid, installed the following officers of Court Thousand Islands, No. 66, C.O.F., last evening: P.C.R., John Murrice; C.R., M. Welsh; V.R., George Maston; R.S., James Bell; F.S., George L. Johnston; treasurer, John B. McMurchy; chaplain, Charles Acton; J.K., Stephen Dorcy; S.B., Archibald Lacey; auditor, W. A. Peck; woodwards, J. Lacey; W. T. Duxter; caretaker, A. Bennett. After the installation ceremony, P.C.R. Mayor W. J. Wilson, on behalf of the order, presented Mr. Fraid with a handsome gold-headed cane. Mr. Fraid having been an active member and office bearer of the local lodge for the past twenty years, and now as he is shortly leaving to enter manufacturing business in Montreal, this occasion was taken to testify the lodge's appreciation of his work for the local order.

W. Martin has taken over the plumbing business of G. Latham. Mr. Latham purposes removing at an early date to British Columbia.

The following non-commissioned officers have been appointed in the corps of Macdonald Cadets: Joseph Menden and William McLaughlin, sergeants; Archibald Yule and John Acton, corporals.

Miss F. M. Ewing, modern language teacher, in the Gananoque High School, has been on the sick list a short time this week. Mr. Engers, auditor, of Toronto, is in town this week in association interests, going over the books of the B. F. Jones Co., Ontario Wheel Co., Parmenter & Bullock Co., and Spring & Axle Co. Charles Acton operated on for appendicitis a short time ago in Brockville General Hospital, is progressing nicely.

Mr. and Mrs. William Sayre, Garden Island, recently married, are spending part of their honeymoon in town, guests of the former's brother, Albert Sayre, Elm street. Miss McLennan, Brock street, is spending a short time in Cape Vincent, guest of her cousin, Mrs. N. Manoe. J. A. Jackson, Stone street, spent yesterday in Brockville. Mr. and Mrs. John Dillon, Sealey's Bay, spent yesterday in town. Miss Nellie Calhoun is spending a few weeks with relatives in Wheeling, W. Va.

The management of the Royal rink held a fancy dress carnival, last evening. There were some 100 in costume quite a number of whom were from Kingston. Some 200 spectators enjoyed the affair. Citizens band furnished the music. Prize winners: gentlemen's best—stunne, Rex Cash, as "King's Herald," first five dollar silk umbrella; best ladies' costume, Miss Florence Graham, "Dutch Girl," four dollar toilet set; booby prize, Miss Pearl Latimer, as "Grandma," pair moccasins.

Wade's Diamond Cough Remedy. The old reliable cough medicine. Sold at McLeod's drug stores, corner King and Brock and corner Montreal and Princess streets.

AN HOTEL MAN FINED FAT REDUCTION IS NO SIN

FOR NOT ERECTING A FIRE ESCAPE.

Gananoque Foresters Made Presentation to Lewis Fraid, Who is Removing to Montreal.

The purpose of Beauty is to refine the native uncouthness of human nature. We all know to its power. It is the only autocracy that has no nihilist shadow. Alas! this means the fat woman must serve instead of rule, for beauty in woman is a composite of both line and feature.

Thousands of fat women are beautiful of face. But they lag behind in the race for preference—because a too ponderous outline dashes the favor their face has gained them.

Now, pretty fat women can reduce that fat (not the good pure-lined flesh) in a very simple way. No exercise—no dieting is necessary. Let them take one Marmola Prescription Tablet after each meal and at bedtime for a month. The fat will simply melt. No wrinkles or pouches of skin will form, but the loss will be uniform. The fat will go as stealthily as it came. Fade away. The health will improve, the eye grow more brilliant, the wit sprightlier. Marmola Tablets are a boon—and harmless (being made from the famous fashionable prescription, Dr. Marmola, Dr. F. L. Ex. Casaca, Ardnam, Dr. J. J. Peppermint water, and are likewise cheap. A large case of the drugstore or the Marmola Co., 1318 Farmington Bldg., Detroit, Mich., costing only seventy-five cents.

Everyone Thought She Was Going Into Consumption.

Gained Ten Pounds in Two Weeks by the Use of Burdock Blood Bitters.

Mrs. Fred Biggs, Kingston, Ont., writes:—"I was completely run down, my blood was out of order, and I used to get so weak I would be compelled to stay in bed for weeks at a time. I could not eat, was pale and thin; every one thought I was going into consumption. I tried everything and different doctors until a friend advised me to use Burdock Blood Bitters. I did not have one bottle used when my appetite began to improve. I used six bottles. I gained ten pounds in two weeks. When I began to take it I only weighed ninety-three pounds. It just seemed to pull me from the grave as I never expected to be strong again. I will tell every sufferer of your wonderful medicine."

The blood reaches every portion of the body to distribute nutrient and remove effete matter and waste products. Clearly, then, any influence, good or bad, affecting the blood, must necessarily affect the entire system for good or evil as the case may be.

Get pure blood and keep it pure by removing every trace of impure mottled matter from the system by using Burdock Blood Bitter. It exerts a curative influence unapproached by any other remedy.

For sale by all dealers. Manufactured only by The T. Millburn Co., Limited, Toronto, Ont.
