### GANANOQUE FACTORIES

BEING TAKEN OVER BY NEW COMPANIES.

An Old-fashioned Spelling Bee—A Real Estate Deal—A Ten Mile Skating Race With Four Named Men.

Gananoque, Jan. 15.—The Toronto Bolt and Forging company has placed their stock taking and discharged all hands. The works are to be opened up under management of the Ganado Bolt and Nut company, on Monday, when it is expected the old hands will all be re-engaged by the incoming company. The Gananoque Bolt company also opens business under the same firm name, with no change of management.

Richard Girdle, Oak street, is disposing of his household effects by public auction to-day and with his wife and family will move early next week to Windsor, where he has accepted a lucrative situation.

The Royal rink has completed arrangements for a ten-mile match race between four of Gananoque's fastest skaters early next week. The contestants will be Arthur Bellie, Henry Cook, Daniel Laaha and Sylvester Dorey.

The Gananoque fire brigade held its annual assembly in Turner's hall, last evening. The Citizens' band furnished music.

The inaugural meeting of the newly-elected board of directors of Gananoque public library was held in the library rooms on Thursday evening. Dr. Ferguson, J. O'Connor was elected president; J. C. Linklater, vice-president; Freeman Britton, treasurer; Clifford Sims, secretary. After the business session a supper was served for the new directors and their wives by F. Hicks, of the West End restaurant.

The literary committee of the Young People's Society of Grace church put on another old-fashioned spelling bee in the lecture room of the church last evening. Miss Jessie De Long and Miss Mabel Carpenter captained the opposing forces and after a heroic contest the latter was declared the winner. Rev. H. Hinton acted as director of ceremonies.

An important real estate deal has been made, whereby W. R. Acton, proprietor of the Gananoque harness works has become owner of the handsome new residence on Pine street erected a year or more ago by C. W. McNeill, now located in Hamilton, Br.

McNeill receives in part payment Mr. Acton's property on Garden street. The Y.P.A. of St. Andrew's church held a successful box social last evening.

Joseph Glass, located for some time past in Ottawa, has taken a situation with the Gananoque Harness company. He was in town during the week attending the funeral of his mother, Mrs. Burke, London. Miss E. Davis, Church street, is spending some time with her sister, Mrs. (Dr.) Richmond Byers, St. Agathe de Mont, Que. Miss Gretis, only daughter of Mr. and Mrs. Bernard Shields, King street, leaves to-day for St. Agathe de Mont, Que., where she will spend the winter. Mr. and Mrs. A. W. Taylor, First street, are spending the week with relatives in London.

Half a Century Married.

Lanark Br. Mr. and Mrs. Anthony Woods, of this village, have reached the golden gate in the land of matrimony. On January 2nd they were fifty years married. It was on Jan. 2, 1860, that the happy day upon which the sun shone brightly upon the vows at the altar made by Anthony Woods and Eliza Smith. And their story reads that they lived happily together. Anthony was born Oct. 31st, 1827, in County Tyrone, Ireland. He came to Canada in 1840, settled in Lanark township in 1841, retired in 1892, and after six years in Carleton Place came to Lanark village, where he has resided continually ever since. Mr. and Mrs. Woods are fine people, who tie memory back to the good old days, whose each page is full of closely written events. They are with us yet, and may the gentle hand of Providence be further pleased to lead them on.

Little Bessie, four-year-old daughter of Nelson Affleck, Lanark, had the top of her left thumb almost completely taken off last Saturday. She was playing around the boring machine in her father's blacksmith shop when in some way she got her thumb in the gearing with above results. The attending physician placed Bessie under chloroform, sewed on the severed thumb top, and the grafting, at latest accounts, appears to be entirely successful.

Robert Horn, Dalhousie, last Wednesday morning, was caught by a falling tree which struck him such a fearful blow that instantly he was rendered unconscious, and the following evening breathed his last. Simmons Bros. 50 per cent. January 22nd ware sale now on. See our windows for cut price.

### BOILED IT DOWN.

What Lovers Intended—What They Did Say.

New York Journal. What he intended to say: "Lucille, I cannot tell you how I have waited, how I have longed for this moment. Do you remember, Lucille, the first time we met? Well, I loved you from that moment. Are you surprised? I could not help it—I felt as though fate had drawn us together. Only tell me, darling, that some of my love is returned. There must be hope for me—say there is! (Takes her hand.) I love you,—love you more than words can tell. All I ask is that for the remainder of my life I may be your willing slave. Tell me, sweetheart, that my love is reciprocated. Will you be mine? (Kisses her.) Darling, at last my happiness is complete.

What she intended to say: Why, Jack, I did not dream of this! I have always thought of you merely in a friendly way, and it seems so strange now to have you speak of love. I suppose I could get used to it in time. Yes, I might learn to love you a little. But you must really, Jack, give me some time to adjust myself. What? Kiss me! You silly boy! Well, just one.

What they intended to say: Why, Lucy, I—I—I—I—will you marry me? Lucy—Oh, Jack!

The under dog is also the aggressor when things commence coming his way. It is always better to tell a man he is mistaken than to call him a liar.

The Steady Man. I'd try to do their business trips. We'd like to write a little rhyme and have a finger in the pie of it, about the steady man, who keeps on politics. They try to put out lots of pegging all the time and does the best style and play a heavy role, and in a ha can; the man who early goes to little bit of 'white you find them in a work and doesn't get home late, who Eble I like the man of steady pace; never tries to check in order to be his system I admire.
