### HAIL TO THE FUTURE OF THOS

EDISON. in Days to Come Manual Labor Will be Unnecessary and all Will Be

Women of all classes and incomes will eventually be able to dress in the height of fashion and style, the laborer will some day enjoy an existence as pleasant as that of the man with a \$200,900 income, radium may supplant coal as a fuel, and the nature of heat, light and electricity will some day be discovered; writes Thomas A. Edison, the famous inventor, in an article printed in an American

Mr. Edison devotes considerable space to the improvement that he maintains is now in progress in the laboring class and predicts what it will be in two hundred years. He dedares that automatic machinery and scientific agriculture will contribute chiefly to his being placed on the level of the man with a \$200,000 income. Arrangements have also been made to acquire a controlling interest in the following companies:

The Western Canada Cement and Coal Go., Ltd., Exshaw, Alta. The Eastern Canada Portland Cement Co., Ltd., Quebec.

EARNINGS

The net earnings in 1908 by seven of the constituent Companies, representing less than fifty per cent. of the capacity of the new Company, amounted to twice the present bond interest charge.

Estimated yearly net earnings, \$1,400,000, based on the sales of the Companies comprised in the Merger and the cost of manufacture under existing conditions, together with the restoration of normal prices.

Proper and successful management is assured by an efficient board of directors and capable executive. Stragetic position of the plants of the Canada

Cement Company enables it to serve the trade

in all parts of Canada.

INCOME TO INVESTORS After careful investigation, we believe this bond issue to be well secured, and the bonds should form an attractive investment at par and accrued interest yielding six per cent.
