wonderfully important. The word was used almost every moment of the

The preacher, in a most interesting way, endeavored to introduce each member present to his own sell, to the real man. No matter what we might do, we could never get away off character. Each day, we were building up something. We should realize our own importance and remember the passage, "What shall it ! profit a man if he should gain the whole world and lose his own soul? At the evening service, the preacher spoke on the parable of the talents, and referred to them as the parable of responsibilities. The church was filled to the doors, at this service, and the sermon was a most interesting one. The speaker, during his discourse, pointed out that every person had a talent, which was not given him for his own sake, but that he might use it so that it would be a blessing to
