### On the Estimates of the Ontario Legislature.

### \$6,000 FOR QUEEN'S

#### FOR CARRYING ON FACULTY OF EDUCATION.

There are general increases in salaries—Eastern Ontario Dairyman's Association is given an increased grant—Some of the details.

Toronto, Feb. 2.—Supplementary estimates amounting to \$3,866,013.50 were brought down to the legislature yesterday afternoon. This includes \$2,500,000 for the Niagara transmission line and \$50,000 for the Port Arthur line, leaving \$1,316,013.50 as the regular additions. The main estimates for the year Nov. 1st, 1909, to Oct. 31st, 1910, were \$6,508,004.19, making a total of \$10,374,017.69 for the year.

The special feature of the supplementary estimates, this year, is the large list of salary increases, including nearly every branch of the service, not only in the parliament buildings, but the mining recorders are all remembered. The amounts run from \$50 to \$500. The latter amount is given to the law clerk of private and international law.

The library is given a grant of \$25,000 for binding and purchasing new books.

No provision is made for additional judges.

The sum of \$43,000 is set apart for the salaries of provincial constables from January 1st.

The sum of \$5,000 is given for mining education in Sudbury high school and three more agricultural teachers for high schools.

Public and separate schools will receive \$25,902,525; \$6,000 of this goes to Queen's university, being a grant in aid of the education of teachers.

The Dairyman's Association of Eastern Ontario gets an additional grant of \$500, and \$300 is provided for experimental work in dairying. To provide for an expert in plant breeding at the Horticultural Experimental Station, \$1,000 will be provided, and \$500 more for the inspection of apiaries, and \$200 to the Entomological Society.

The Salvation Army Rescue Homes at London, Hamilton and Ottawa receive \$90,000. At Ottawa, London, and St. Catharines Sanitariums for consumptives \$4,000 each, and \$500 goes to Salvation Army prison gate work.

Two hundred thousand dollars will be asked for the reconstruction and fire-proofing of the western part of the parliament buildings; for repairs to furniture and the cleaning of the building after the fire \$3,500 will be voted.

An unusually large number of allowances have been made. J. J. Tilly, for the past twenty-six years inspector of model schools, receives a retiring allowance of \$2,000. The widow of the late Allan Rice is paid \$950, Oliver Macdonald \$650, Miss E. M. Walsh \$200; the estate of the late T. W. H. Leavelle \$400, the widow of the late F. Nutt, \$1,750, Miss A. M. Rice, \$450.

## TUMBLES THROUGH BRIDGE.

### Work Gang Tearing Up An Abandoned Track.

Lethbridge, Alta., Feb. 2.—A wreck occurred at Thopub, ten miles southwest of Lethbridge, on the abandoned Crow's Nest line, Monday. A work train, with a gang tearing down an old bridge, divided by a ridge, was standing on the bridge. The men had a few joints loose when the whole structure collapsed, taking with it the engine, tender and several cars, while the balance of the train went down with the other bridge.

One man was jammed between two cars and killed immediately. Another foreigner was badly crushed. Others, including Engineer Moore, whose engine turned over completely with him, are badly injured. About twenty are injured altogether, nearly all foreigners.

## MOTHER'S PRESENTIMENT TRUE.

### Wychwood Woman Learns of Son's Death in St. Louis.

St. Louis, Mo., Feb. 2.—Psychic science, which none can explain, seems to have moved Mrs. Mary Death, of Wychwood, Ont., to write to Chief of Police Greedy asking him to find traces of her son. She had not heard from him for two years. His last address was 1,236 Pine street, where she addressed several letters only to have them returned unopened.

"Something tells me that something has happened to my son," wrote Mrs. Death to Chief Greedy. "Perhaps he is in one of your hospitals or asylums; won't you enquire for an anxious mother?"

An investigation showed that Death had died in the city hospital July 31st last.

G. S. PERRAULT, Secretary of Imperial Tobacco Co., Montreal, who is candidate for the presidency of the Chamber of Commerce.

## THE MOST REMARKABLE

### Instance of Development in Modern History.

London, Feb. 2.—A. W. Smithers, president at the Canada Club, banquet, last night, declared Canada was not over-invested. He advocated a state system of emigration. Sir E. Sheyer remarked that Canada was going to be the most remarkable instance of development in modern history. Nothing could stop her. Britain was ready to supply the capital. Sir W. White said the character of Canada's warm hearted, optimistic and proud citizens alone assured her future.

## TURKEY GETS HOT.

### Feels Like Taking Action Against Greece Over Crete.

Paris, Feb. 2.—The foreign office is advised that the relations between Turkey and Greece have become critical as a result of the dispute over Crete, and the latter's insistence on being represented in the Greek parliament. Turkey, the dispatches say, is contemplating a move against Greece.

## Post Office Clerk Missing.

Ottawa, Feb. 2.—A. Colbert Martineau, a clerk in the post office department, has been missing from his boarding house for over two weeks, and his absence is causing anxiety among his friends. He was in the best of health, and the reasons for his sudden leave taking have yet to be established. On the evening of January 18th, Mr. Martineau left his boarding house, 128 Osogood street, shortly after supper. It was thought that he was visiting a friend when he did not return that night, and little was made of the matter at the time. When a couple of days had passed, and no communication from him was received, enquiries were instituted. These, however, were of no avail, and Mr. Martineau's whereabouts are still a mystery. Mr. Martineau came to the city from Quebec about five years ago, and it is said has no relatives in Ottawa.

## Go In At Boston.

Boston, Mass., Feb. 2.—Hereafter Chinese immigration into the United States will be chiefly through the port of Boston, it is expected, following the closing of the three Canadian border stations at Malone, N.Y., Richford, Vt., and Postal, N.D., through which Chinese have been permitted to enter the country.

## Government Building Burned.

Seoul, Korea, Feb. 2.—During the anti-Japanese outbreak at South Phoenon the rioters murdered the Korean and Japanese officials and burned all of the government buildings. The mob was dispersed after ten of its members had been killed.

### This is Purpose of Minister of Railways.

### GOOD STATEMENT

#### INTERCOLONIAL R.R. SHOWED SURPLUS OF \$662,388.

### The Hudson Bay Railway Will Be Begun at Once—Georgian Bay Canal Will Be Built Sometime—A Stable Bridge to Span the St. Lawrence Near Quebec.

Ottawa, Feb. 2.—A net surplus of \$662,388 for the first nine months of the fiscal year in the operation of the intercolonial railway under the new board of management, a net betterment of \$1,199,241, as compared with the corresponding period of 1909, an increase of earnings by \$442,154, and a decrease in operating expenses, during the nine months, of \$757,987, was the gratifying statement which Hon. George P. Graham made in the commons, yesterday afternoon, in the course of a lucid and businesslike statement of the work of his department during the year just closed.

"There is no reason why any workman or woman could not live on twenty cents a day. The very best outcome of the present no-meat movement will be the discovery by many persons that they can get along on little or no meat, and feel in better health than ever before."

Enough for One to Spend on Feeding.

Boston, Feb. 2.—Dr. Franklin A. White, Harvard's expert in dietetics, advocating the use of cornmeal, oleomargarine, cheap syrup and especially herring and potatoes as substitutes for meat, said today:

"There is no reason why any workman or woman could not live on twenty cents a day. The very best outcome of the present no-meat movement will be the discovery by many persons that they can get along on little or no meat, and feel in better health than ever before."

## Must Have \$2,000 to Wed On.

Pittsburg, Feb. 2.—Rev. Wright Gibson, pastor of the McKee's Books Presbyterian church, has notified engaged couples among his parishioners that he did not propose to unite any couple unless the intended bridegroom could prove that his income was at least \$2,000 a year.

## ADDRESSED SYNOD.

### Bishop Farthing Urges Increased Accommodation.

Montreal, Feb. 2.—Bishop Farthing impressed upon the fifty-first annual Montreal diocesan synod, in session, the rapid growth of Montreal suburbs which increased the responsibility of the Anglican church. Extensions were imperative. He also urged the synod to turn its eyes to Macdonald College, at St. Anne's de Bellevue, a strategic point for the church. The present church would only accommodate residents. It must be enlarged for the students. The diocesan college is on a firm financial basis. He deplored the fact that professors were underpaid. The missionary living increased from \$30,832 to \$33,179 last year.

## Woman Gives \$180,000 to Church.

New York, Feb. 2.—The Rev. Dr. Howard Duffield, pastor of the Old First Presbyterian church, at Fifth avenue and Eleventh street, started the announcement that the endowment fund of the church had been increased by a gift of \$180,000 received from Mrs. D. Willis James.

## Dunsmuir Collieries

Victoria, B.C., Feb. 2.—It is stated here that the Canadian Northern paid \$100,000 option on the proposed purchase of the Dunsmuir collieries and other Dunsmuir interests on Vancouver Island, eleven million dollars being the purchase price.

## Moving Picture Licenses.

Toronto, Feb. 2.—The provincial treasurer has decided to increase the fee for a license for moving picture machines from \$10 to \$25 per year. In future each machine must have a separate license.

## It pays to buy cream tartar at Frum's Drug Store. Ours is pure and fresh.

Business Men's Banquet, Y. M. C. A., Thursday.

A man can always flatter his wife by being jealous.

## SMOKING CAUSE OF SPLIT.

### Members of London Stock Exchange Take Sides.

London, Feb. 2.—My Lady Nicotine has once again proved a disturber of the peace at the London Stock Exchange. Every few years the question of allowing the members to smoke during the time the exchange is officially open crops up, and each time the committee has cut the smoking time down until the present rule prohibits smoking altogether.

All the same the members have indulged in the habit with impunity just before the official closing hour at one o'clock, which has brought about numerous complaints from non-smokers, with the result that the committee proposes to pass a resolution immediately authorizing the severest punishment for the infringers.

This has brought about much objection and a petition is being extensively signed, asking the committee to refrain from passing the rule, so that a battle royal is in progress on the question to smoke or not to smoke.

In the old days there was no prohibition against smoking in the house. Then came the rule prohibiting it, but in recent years the lighting of a cigarette or cigar just before closing time has been winked at by the committee. Advantage of this leniency has been taken, for members began to get up too early, and now a crisis has arisen.

## TYPHOID EPIDEMICS.

### Unsanitary Conditions in Lumber and Railway Camps.

Winnipeg, Feb. 2.—The condition of some of the lumber and railroad camps of Western Ontario has caused much alarm. It is alleged that the typhoid epidemics that seized a number of the Northern Ontario towns were caused by unsanitary conditions in the camps.

Some of the proprietors of camps are being sued and it is in connection with these actions that Inspector George E. Young, principal officer of the provincial board of health, has been sent to Winnipeg. Inspector Young has been in a number of unhealthy places in the course of his duties, but says that Cobalt at the time of the typhoid epidemic was about the limit.

## SIR GEORGE DRUMMOND.

health for some months and his end was not unexpected. His family was summoned to his bedside some weeks ago, but he rallied for a time.

Sir George was born in Scotland, in 1829, and came to Canada in 1854 for the purpose of assuming the management of the Hedpath refinery.

He was prominently identified with all forward movements in Montreal and was well-known for his philanthropy. He was twice married.

## GUERIN ELECTED.

### Sweeping Victory For Montreal Citizens' League.

Montreal, Feb. 1.—The citizens of Montreal, today, elected the city from the clutches of the old brigade, who have been in control for the past few years.

Every one of the "22" who voted and stood for the administration of the late council went to defeat. Ald. Froulx, chairman of the police committee, was not only defeated, but lost his deposit. J. J. Guerin, the citizens' nominee for mayor, defeated Hon. J. P. B. Casgrain by over three thousand majority.

The French-Canadian showed their firmness by supporting Dr. Guerin, the Irish Roman Catholic, and electing him by a good majority.

The board of control will consist of Joseph H. Ainey, labor candidate; F. N. Dupuis, Dr. La Chapelle and P. L. Wanklyn, the latter being the only English candidate for the board. These four men were chosen by the citizens' committee and defeated their fourteen opponents by a big majority.

Mayor Foyette, who ran for the board of control, was badly beaten.

In every ward of the city the citizens' committee selected a candidate and at a late hour to-night indications are that every one of these will be elected.

The citizens' battle cry of "the slate, the whole slate, and nothing but the slate" looks like an accomplished fact. Montreal will start her new regime with a clean slate—a clean and honest mayor, a new board of control and a lot of new and, it is to be hoped, useful members.

## STAND FOR BILL.

### To Give the Franchise to Women of Ontario.

Toronto, Feb. 2.—Allan Studholme, M.P.P., Hamilton, has given notice of a measure to grant the franchise to women in Ontario. He is assured of a partial following in his effort. A. E. Frapp (Ottawa), who seconded Mr. Studholme's labor bill, has expressed his accord with the principle of extending the franchise, while A. E. Donovan (Brookville) has intimated he will speak in support of the bill.

## Sent to Penitentiary.

Chatham, Ont., Feb. 2.—Samuel Spencer, alias "Kid" Spencer, alias Samuel John Milnes, a noted crook, recently convicted of theft of valuable jewels from the home of Engineer Jones, and of entering in broad daylight the residence of J. Milton Pike, E.C., was sent, by Judge Houston, this morning, to four years in the penitentiary. Spencer has served terms in Windsor and Toronto, and was on parole at the time of his arrest. He was arrested in Detroit some time ago for attempting to shoot two fugitive detectives who were after him in connection with the Niagara Falls escape robbery.

The population of Ottawa is 83,360, an increase of 3,675 in the year.

## HE IS AT REST

### Sir George Drummond Died in Montreal.

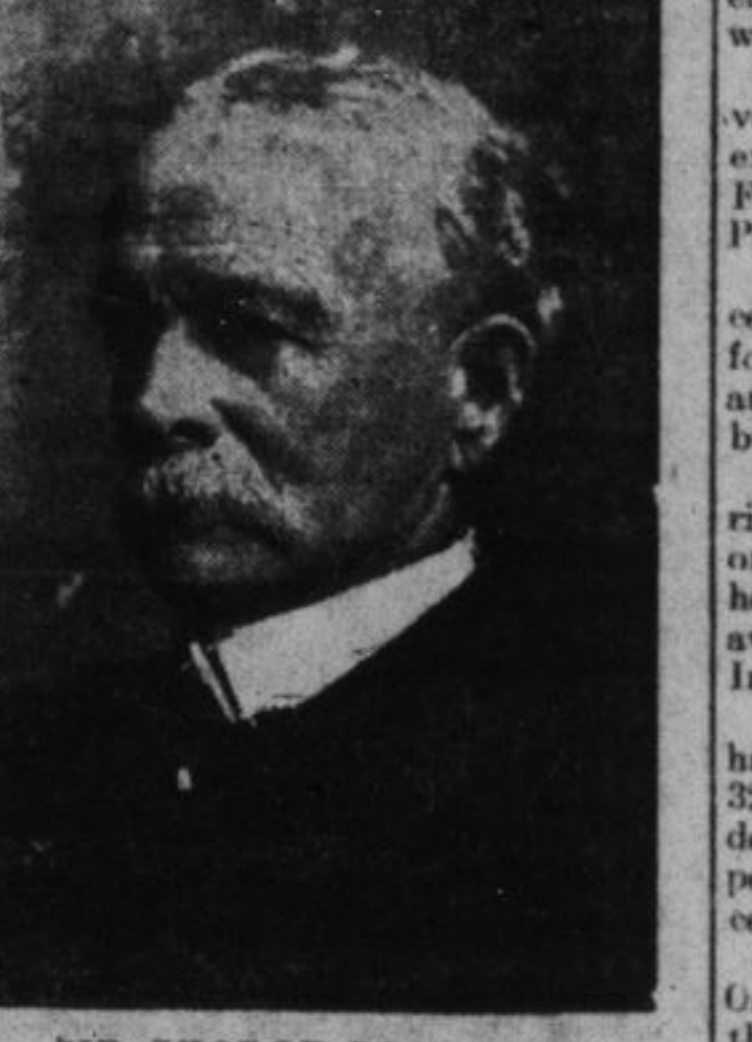

### A BANK PRESIDENT

#### AND ALSO SUGAR KING OF CANADA.

### He Has Been in Falling Health for Some Months—He Was Prominently Identified With All Forward Movements in Montreal.

Montreal, Feb. 2.—The death took place, at 3:30 o'clock, this morning, of Sir George A. Drummond, president of the Bank of Montreal, and for many years known as the "sugar king of Canada," he having been president of the Canada Sugar Refinery company, one of the largest establishments of its kind in the dominion.

Sir George had been in falling health for some months and his end was not unexpected. His family was summoned to his bedside some weeks ago, but he rallied for a time.

## Why does Great Britain buy its oatmeal of us?

Certainly it seems like carrying coals to Newcastle to speak of exporting oatmeal to Scotland and yet, every year the Quaker Oats Company sends hundreds of thousands of cases of Quaker Oats to Great Britain and Europe.

The reason is simple; while the English and Scotch have for centuries eaten oatmeal in quantities and with a regularity that has made them the most rugged physically, and active mentally of all people, the American has been eating oatmeal and trying all the time to improve the methods of manufacture so that he might get that desirable foreign trade.

How well he has succeeded would be seen at a glance at the export reports on Quaker Oats. This brand is recognized as without a rival in cleanliness and delicious flavor.
