Wood's Phosphorine, The Great English Remedy. Tones and invigorates the whole nervous system, makes new blood in old veins. Cures Rheumatism, Debility, Mental and Brain Worry, Dizziness, Sexual Weakness, Emissions, Excesses, and Effects of Abuse or Excesses. Price 10c per box, six for 50c. One will please, six will cure. Sold by all druggists or mailed in plain package postpaid.

**A Family Poisoned.** Washburn, Wis., Feb. 3.—Mrs. P. Behrante and family of five children were found poisoned at their home here, yesterday morning. The mother was dead when found and one child has since died. The recovery of three of the other children is doubtful. The poisoning was reported by Behrante, who says he also was poisoned. When neighbors first arrived the house was on fire. J. Behrante was running about in his nightclothes.

**Trapped a Big Wolf.** Ottawa, Feb. 3.—News has reached the city from Eardley, Wright county, that M. James Lusk, of that district, has trapped a wolf which, it is stated, had been responsible for the death of several fine deer. It was five feet seven inches in length and weighed nearly ninety-two pounds. It is believed there is a scattered pack of the animals of considerable size in the district.

The man who gives his business proper attention has but little time for side issues.

**Cataract Cannot be Cured.** with LOCAL APPLICATIONS as they cannot reach the seat of the disease. Cataract is a blood or constitutional disease and in order to cure it you must take internal remedies. Hall's Cataract Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Cataract Cure is not a quack medicine. It was prescribed by one of the best physicians in the country for years and is a regular prescription. It is composed of the best tonic known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Cataract. Send for testimonials free.

F. J. CHENEY & CO., Proprietors, Toledo, O. Sold by Druggists, price 75c. Take Hall's Family Pills for constipation.

# Tailoring!

Giving a man exactly what he wants in the way of style, fit and fabrics, at a moderate price, is the mission of our Tailoring Department.

We give a man, also, as much advice and suggestions as he wishes or—as little.

Our Showing of Spring Woolens are now in, and is a collection of choice and exclusive styles.

Special Values in Suits for \$25.00.

We'll take great pleasure in showing the man who drops in "Just for a look."

# Livingston's.

## ANOTHER DISASTER

SIXTY-EIGHT MINERS WERE KILLED IN MEXICO.

Explosion Caused by Ignition of Gas From Cigarette—Men in Upper Levels Were Uninjured.

Laredo, Texas, Feb. 3.—One of the greatest disasters in the history of Mexican coal mining took place yesterday, in the Palau mine, at Las Esperanzas, Mexico. According to the latest reports from the mine, sixty-eight lives are known to have been lost. After the official report showing fifty-three dead, twelve additional bodies were recovered, bringing the total up to sixty-five, while three others have died in the hospital.

The explosion occurred in No. 3 shaft of the coal mine of the Esperanzas Mining company, and is attributed to the ignition of gas from the cigarette of a miner, who was smoking, contrary to the rules.

The miners, principally Mexicans and Japanese, had assumed their places in the workings shortly after seven o'clock. About 8.30 o'clock those at work above ground heard a loud explosion and almost instantly a cloud of dust and smoke shot from the mouth of the shaft.

As soon as the air in the shaft could be purified sufficiently to permit rescuers to descend, many volunteers were ready to risk their lives in an endeavor to succor their stricken brothers below. Three cages were sent down. The first and second levels were intact, and, beyond being frightened, the men working in these levels were safe. They were brought to the top as rapidly as the cages could be loaded.

The rescue party went down to the third level, and as soon as the air could be sufficiently cleared, entered the various shafts and began a search for the dead.

Scattered about in various positions of the workings, they found the bodies of men, suffocated. After six hours' work fifty-three bodies were brought to the surface, while nearly forty injured were removed to hospitals. The injured owe their escape to the fact that they were working at points in the third stage of the workings, where they were practically protected from the rush of foul air.

As the bodies were brought to the surface screaming women and children were congregated about the mouth of the shaft. Many heart-rending scenes were enacted as the bodies were brought up from the shaft and stretched out in rows upon the ground to await identification.

Most of the killed were Mexicans, the Japanese miners being employed in other parts of the mine. The mining company's officials lost no time in providing money and food for the suffering families. The Palau is one of the best equipped coal mines in the Republic of Mexico. It has an adequate ventilation system, is provided with electric lights, and the mining officials are at a loss to account for the presence of mine damp.

**Wellington Briefs.** Wellington, Feb. 3.—Claude Smith has been making general repairs to his dwelling. W. A. Rockwell will go to Detroit to reside in the near future. John Smith passed away last week.

The funeral sermon was preached in the Friends' church by Rev. Mr. Sutcliffe, of Bloomfield. Interment took place in Wellington cemetery. Caleb Nixon, of Bloomfield, was in town, last Friday. L. K. Shourds has gone to Cobalt. Mr. and Mrs. Willet Hawkins were the guests of Mrs. Samuel Trumppour, one day last week. Mr. and Mrs. J. E. Clark, visited at Mr. and Mrs. Aaron S. Rankin's on Monday last. C. S. Smith, who, for some years, has been book-keeper for W. P. Niles, has gone to Oshawa with his family. They will make that town their future home. The revival services have closed here. W. P. Niles entertained a number of his gentlemen friends at his home, one evening last week. W. A. Rockwell has sold out his business to D. Ainsworth. Rev. Mr. DeFoncier, who, for some years, has officiated as pastor in the Anglican church, has taken his departure for Oshawa, he having been transferred to that charge. His departure is much regretted by his many friends.

**Second Reading of Naval Bill.** Ottawa, Feb. 3.—The naval bill comes up for second reading in the commons, to-day, on motion of the premier. The conservatives held a caucus, to-day, at which it is said to have been decided to support the stand taken by Mr. Borden, which will depend very largely on what the premier announces to-day.

Just because there are sermons in stones it doesn't necessarily follow that there are "rocks" in preaching. The heavy storm of to-day made business very slack in the stores. There was very little doing.

**Deserted Their Baby.** Let it in an Hotel in Toronto and Skipped. Toronto, Feb. 3.—A well-dressed couple, carrying a baby boy of about six weeks, took a room at the American hotel, York street, yesterday afternoon, saying they were leaving town in the evening. About ten o'clock they went out without the child, saying they had changed their minds about leaving owing to the storm, but that they were going to the station to meet some friends. The couple did not return and this morning the child was turned over to the police, who are trying to locate its deserters.

**Voted For Andrew Jackson.** Lawrenceburg, Ind., Feb. 3.—James Courter, who would have been 105 years old next April, died from pneumonia in his log cabin on his farm in Switzerland county. His married life extended over seventy-four years and ended with the death of his wife in 1896. Courter asserted that in his life he had spent only five dollars for medicine. He was a habitual user of tobacco. Courter was also a democrat. His first presidential vote was cast for Andrew Jackson in 1829 and he had not missed a ballot since.

**Sank a Steamer.** Hamburg, Feb. 3.—The German steamer Susana collided with and sank the Swedish steamer Annia, to-day, in the Lower Elbe. Six of the Annia's crew were drowned.

**Duty One "Bromo Quinine."** that is Laxative Bromo Quinine Cures a Cold in One Day. Grip in 2 Days. Every

**Hamilton City Clerk Dead.** Hamilton, Feb. 3.—Thomas Beasley, for over fifty years city clerk of Hamilton, died in the city hospital this morning, following an operation performed about two weeks ago for gas-trouble. Mr. Beasley was in his eighty-second year and was a resident of Hamilton all his life, having been born here. His grandfather was the first white settler in Hamilton.

## WEST IS SNOWBOUND TO OPPOSE SCHEME HALLS OF QUEEN'S

REPORTS FROM VARIOUS PLACES IN ONTARIO.

Trains and Street Cars Held Up—In Brantford a Foot of Snow Has Fallen—Snow is Drifting.

Lindsay, Feb. 3.—The bear evidently saw his shadow and went back to his den. It snowed and blew last night in hurricane style, and this morning several of the trains were late. The snow fell to a depth of several inches. The sectionmen were out most of the night with their shovels.

London, Feb. 3.—Rain began falling last night, turning to snow about 10 o'clock from the south east and continued most of the night. This morning the wind changed to the north and the weather is now getting colder. The steam roads are running from one to two hours late. The street car schedule has been badly interfered with. Very few cars were running at eight o'clock this morning.

St. Catharines, Feb. 3.—Snow began falling heavily here about eleven o'clock last night and the fall still continues. So far about six inches of snow has fallen. The weather is not cold, but a high wind is blowing railway traffic is somewhat delayed.

Brantford, Feb. 3.—Brantford is again experiencing a severe snow storm. The storm set in about seven o'clock last evening, accompanied by an easterly wind. Over a foot of snow fell through the night and the fall still continues. The wind has changed to the north-east, the snow is drifting. Travel is very much delayed.

Toronto, Feb. 3.—The heaviest fall of snow Toronto has experienced this season and indeed, for several years, set in last night, about nine o'clock, and still continues about a foot of the beautiful having fallen so far. The street railway had a hard time keeping its tracks cleared, but except in the early morning, managed to prevent serious delays. All railway trains from the west, however, were late in arriving, the delays ranging from a few minutes up to two or three hours.

**BROKER WENT INSANE.** Smashed Things Up and Called on Morgan and Roosevelt for Help.

New York, Feb. 3.—Samuel C. Bowen a stock broker, gray whiskered, gray haired, and ordinarily dignified, went suddenly insane last evening in his office on the second floor of number 2 Wall street. He smashed pretty nearly everything in sight, including costly furniture, plate glass windows, and the door of a brokerage firm across the hall, before three policemen overpowered him. Tied with a rope, he was taken to Bellevue, yelling at the top of his voice against the Theodore Roosevelt and J. P. Morgan for aid. Pedestrians noticed Bowen engaged in the perilous pastime of hanging out of a second storey window. A porter ran to investigate, only to be met by a fusillade of bottle and desk equipment. When the police arrived the broker had but one eye left. He was taken to the office light enough to be moved, and was holding a crowd at bay with a broomstick.

A tenant by the police that he was afraid of a hand-to-hand encounter tempted Bowen to try his strength and resulted in his capture. Bowen is married and lives on Long Island. His office was furnished magnificently. Whiskey and cocaine bottles were among those which he hurled into the crowd.

**SERIOUS SITUATION.** As a Result of Mad Dog Spreading Rabies in West.

Toronto, Feb. 3.—Three or four weeks ago a mad dog ran across the information at Lewiston, from the United States side, and striking out into the rural districts, bit several other dogs, a couple of cows and several hogs. Finally it dragged itself into a bush by the roadside and died. As a result of the episode an epidemic of rabies has broken out in various parts of Western Ontario, scores of dogs and several cattle have had to be put to death, and at least four human beings have been sent to the Pastoral Institutes at New York and Chicago. Dr. G. Rutherford, veterinary director-general of Canada, and Dr. C. A. Hodgetts, secretary of the provincial board of health, are now in conference in regard to the situation, which is regarded as serious.

**CRISIS MORE ACUTE.** A Turkish Fleet is Steaming Towards Crete.

Athens, Feb. 3.—A Turkish fleet is steaming at full speed towards Crete, according to information received here to-day. The crisis between the Porte and Greece is more acute and perilous near the breaking point. Two Turkish army corps are in readiness to be hurried into the plain of Larissa at a moment's notice; the third corps, whose station is Salonica, and the army of the Epirus. Not in years have the war clouds that ever hover over the Balkans, been so black as they are to-day.

**To Prevent Crisis.** St. Petersburg, Feb. 3.—The early re-occupation of Crete by the four former protecting powers, Russia, Britain, France and Italy, was indicated to-day by the Russian foreign office. The foreign office says the powers will under no consideration permit Crete to furnish a cause of war between Turkey and Greece, and will take steps to prevent the present dispute from reaching a crisis.

**British Battleships Leave.** Malta, Feb. 3.—A British battleship, three cruisers and four destroyers sailed, to-day, for Crete, as a result of threatened clash between Turkey and Greece. This sudden move on the part of the British government is regarded as significant of the seriousness of the affair.

**BIG FIRE AT MERRITTON.** Three Stores Were Burned—Gasoline Tank Exploded.

Merritton, Ont., Feb. 3.—At 10.30 o'clock this morning a fire broke out in the Hough block, caused by the explosion of a gasoline tank in a Chinese laundry. When the fire arrived on the scene the fire had spread to Joseph Spinola's fruit store, and Charles Burnice's barber shop, and all three places were burning fiercely and were past saving. The firemen consequently occupied their efforts to saving the adjoining store of Mrs. B. Hamilton, in which they were successful.

**Hamilton City Clerk Dead.** Hamilton, Feb. 3.—Thomas Beasley, for over fifty years city clerk of Hamilton, died in the city hospital this morning, following an operation performed about two weeks ago for gas-trouble. Mr. Beasley was in his eighty-second year and was a resident of Hamilton all his life, having been born here. His grandfather was the first white settler in Hamilton.

TO DEVELOP POWER AT THE LONG SAULT.

New Montreal Alderman Declares the Chief of Police Must Get Out, as he is Unfit for the Position he Holds.

Montreal, Feb. 3.—One result of Franco-Canadian commercial treaty which has just gone into effect will be a reduction of revenue of about \$500,000 on the various schedules of silk importations. While the government will lose that amount in the reduction of the tariff it is expected that not only importers but the public in general will benefit by lower prices.

Navigation, transportation and commercial interests in Montreal are formulating a programme of opposition to the Long Sault scheme in the St. Lawrence and will have this ready to present at the approaching meeting of the Canadian section of the International water ways commission in Toronto. A deputation will go up to show that the proposed dam would be harmful to Canadian interests.

Ald. Jas. Robinson, one of the most aggressive of the reform aldermen re-elected to the new city council, declares that one of the first departments to receive attention will be the police. In that connection he says most emphatically that Chief Campbell will have to get out, as he has demonstrated in a striking manner his unfitness for the position.

**DIED FROM BROKEN SPINE.** Legislature Has More Business Than Was Expected.

Toronto, Feb. 3.—Archie Macdonald whose spine was broken by a fall from the railway sheds at Lansdowne avenue, January 27th, died this morning in St. Michael's hospital.

The standing orders committee of the legislature held its first meeting this morning, when the number of private bills presented disposed of an expectation that the government may have had concluding the business of the session within thirty days and incidentally relieved many a member from the haunting fear of losing a large portion of his sessional indemnity. It is estimated that there will be sixty private bills this session, or about a dozen less than last year.

With a plea for an increased grant of \$16,000 from \$6,000 a deputation representing the Ontario Horticultural Association waited on the Hon. J. S. Duff, minister of agriculture this morning.

**WOMAN TOOK POISON.** Miss Annesley Kenealy Recently Sued the Daily Mail.

London, Feb. 3.—Miss Annesley Kenealy, a woman journalist, sister of Alexander Kenealy, editor of the Daily Mirror, and daughter of the late Edward Vaughan Kenealy, K.C., who spent many years and his fortune in the defence of Arthur Orton, the famous Tichborne claimant, is lying dangerously ill in St. Bartholomew's hospital, from poison, which, it is said, she took, yesterday afternoon, in the office of the London Daily Mail.

Miss Kenealy recently brought an action against the Daily Mail for alleged wrongful dismissal from the staff of that paper, but was unsuccessful. It is said that she went to the office of that newspaper this afternoon and sent up a note to the editor saying that she was going to end her life. Before she could be reached she had taken the poison.

**CRISIS MORE ACUTE.** A Turkish Fleet is Steaming Towards Crete.

Athens, Feb. 3.—A Turkish fleet is steaming at full speed towards Crete, according to information received here to-day. The crisis between the Porte and Greece is more acute and perilous near the breaking point. Two Turkish army corps are in readiness to be hurried into the plain of Larissa at a moment's notice; the third corps, whose station is Salonica, and the army of the Epirus. Not in years have the war clouds that ever hover over the Balkans, been so black as they are to-day.

**To Prevent Crisis.** St. Petersburg, Feb. 3.—The early re-occupation of Crete by the four former protecting powers, Russia, Britain, France and Italy, was indicated to-day by the Russian foreign office. The foreign office says the powers will under no consideration permit Crete to furnish a cause of war between Turkey and Greece, and will take steps to prevent the present dispute from reaching a crisis.

**British Battleships Leave.** Malta, Feb. 3.—A British battleship, three cruisers and four destroyers sailed, to-day, for Crete, as a result of threatened clash between Turkey and Greece. This sudden move on the part of the British government is regarded as significant of the seriousness of the affair.

**BIG FIRE AT MERRITTON.** Three Stores Were Burned—Gasoline Tank Exploded.

Merritton, Ont., Feb. 3.—At 10.30 o'clock this morning a fire broke out in the Hough block, caused by the explosion of a gasoline tank in a Chinese laundry. When the fire arrived on the scene the fire had spread to Joseph Spinola's fruit store, and Charles Burnice's barber shop, and all three places were burning fiercely and were past saving. The firemen consequently occupied their efforts to saving the adjoining store of Mrs. B. Hamilton, in which they were successful.

**Hamilton City Clerk Dead.** Hamilton, Feb. 3.—Thomas Beasley, for over fifty years city clerk of Hamilton, died in the city hospital this morning, following an operation performed about two weeks ago for gas-trouble. Mr. Beasley was in his eighty-second year and was a resident of Hamilton all his life, having been born here. His grandfather was the first white settler in Hamilton.

ONLY TWO CONVICTIONS AT THE ARTS COURT.

Judge Pilkey Was Lenient—Arts Society Discusses Increase of Fees—The Line-up of Queen's Hockey Team Against McGill.

By Our Queen's Correspondent. With the usual pomp and ceremony the annual session of the Arts court was held in an upper chamber of the old building, Wednesday evening. The frivolous freshman was practically responsible for the sitting, his seeming freshness being the chief fault which the judicial executive had to find. Peter Pilkey, as chief justice, proved himself a veritable Daniel and dealt with the majority of cases with a clemency quite becoming. The prosecution obtained only two convictions owing to the faulty character of the charges.

James Wallace, B.D., M.A., of Lindsay, will address the Queen's inter-collegiate association Saturday morning. His subject will be that of Augmentation.

The first regular meeting of the recently organized mission study classes will be held this afternoon at five o'clock. Rev. C. J. L. Bates will speak.

The musical committee has been successful in securing a special student ticket for the Mark Hambourg concert to be given in Grant hall next Wednesday evening. The gallery admittance will be 50c and the purchase of these tickets will entitle the holder to a reduction of 25c on reserving sittings.

Arthur Turner, B.A., of Hamilton, paid a visit to college halls this week.

The annual session of the medical court will be held next Thursday evening.

The regular meeting of the Arts society was held Tuesday afternoon when the question of asking the senate to increase the arts registration fee by \$2 was discussed. A motion to this effect was made, but an amendment was introduced which will necessitate further discussion.

The team to line up against McGill Friday evening will probably be as follows: Goal, Gilbert; point, Lockett; cover, B. George; rover, Campbell; forwards, Dobson, George and Crawford.

Professors Callender and Bain addressed the classical society Tuesday evening.

Professor Scott, D.D., will speak before the theological society Friday afternoon. His subject will be "The Theology of Tolstoy."

Nathan McKinley, M.D., house surgeon in one of the New York city hospitals, is spending a few days in Kingston and the vicinity.

All are pleased to learn that C. Spearman, who was so seriously injured during the football season, is again able to be around.

**Breezes From Berrington.** Berrington, Feb. 2.—Reverals are being held by Rev. M. Claxton, in the Holiness Movement church, here. A number from here attend the skating rink at Ellenville. David John Daryau and sister, Carrie, are spending a couple of weeks at Watertown, N.Y. Miss Maggie McPherson has returned from visiting friends in Ellenville. Miss Eliza Daryau returned, after a two week's visit with friends in Kingston. William J. McPherson spent Saturday and Sunday in Lansdowne. Miss Eva McPherson returned home, after spending two weeks at South Lake. Visitors: Victor Rhodes, at J. Dormer's; Miss Ella Bracken, at W. McPherson's; W. McMillan, at J. Hill's.

The man who tries to buy his way into heaven may discover later that he gave up money to an unauthorized representative.

And it's all up with a quitter when he is down.

**Ordered to Hospital FOR OPERATION FOR ACUTE INDIGESTION—DID NOT GO AND WAS CURED BY DR. CHASE'S KIDNEY-LIVER PILLS**

A medicine that will save one from a surgical operation must be worth while. The doctors seem to have made the common mistake of dosing the stomach when the real source of trouble was with the liver and kidneys. Anybody who has had indigestion and kidney trouble will tell you that Dr. Chase's Kidney and Liver Pills made a complete cure and here is the record:

Mrs. F. O. Bacon, Baldwin's Mills, Que., writes: "I was very sick and the doctors said I must go to the hospital for a surgical operation. I had acute indigestion and the liver and kidneys did not act. I did not want to undergo an operation, so I began the use of Dr. Chase's Kidney and Liver Pills and have used them ever since."

"I am feeling well now and doing my own work for a family of seven. I think there is no equal to acute indigestion and liver and kidney troubles such as I had and they and nothing else made me well again. There is no medicine I like half so well, for this did wonders for me."

The real serious cases of indigestion almost always have their location in the bowels and can only be reached by making the liver and kidneys active. No medicine regulates the liver, kidneys and bowels so nicely and so promptly as do Dr. Chase's Kidney and Liver Pills. One pill a dose, 25c. a box, all dealers, or Edmondson, Bates & Co., Toronto. Do not be satisfied with a substitute or you will be disappointed.

## Good News for the Busy Woman

Those who have not the time to make up their White Underclothing we call attention to our Annual Whitewear Sale

Now in full swing. The brightest array of Dainty White-ware to be seen in Kingston is now ready. Everybody is delighted with the freshness and beauty of the White Garments now on sale. We will be glad if you will come and see the display. Remember you are never urged to buy, and we are always delighted to show and help you to decide.

The regular meeting of the Arts society was held Tuesday afternoon when the question of asking the senate to increase the arts registration fee by \$2 was discussed. A motion to this effect was made, but an amendment was introduced which will necessitate further discussion.
