BURNED TO DEATH
FIRE IN A LOG SHANTY AT LAKE EDWARD, N.B.
Boys Sleeping Upstairs Got Out and Mother Saved Her Babe, But Young Children in Bed on Ground Floor Lost Their Lives.
Perth, N.B., Feb. 8.—A terrible fatality occurred at Lake Edward, a small country place, thirteen miles from here, when three children were burned to death. The building was a log hut, with one room downstairs and another up. The downstairs room was occupied by Mrs. Albert Dunster, and four small children, one a babe three months old. The upstairs room was occupied by two boys, aged nine and fourteen. The older boys, awakened by the smoke, groped their way downstairs, and found the room in flames. They awoke the mother, who, grasping her babe, rushed from the burning room, followed by the boys. In the excitement three children sleeping in one corner of the room were forgotten and a minute later the floor fell in and all hope of rescue was gone. The frantic mother rushed into the flames and had to be dragged away by the boys. The mother with her babe and two boys, made their way to the nearest neighbor, a quarter of a mile away, in their night clothes, and were nearly perished from the cold when they arrived. Two other children and the father were away from home at the time of the fire.

HAT BOYCOTT CASE.
Defendants in Suit to Pay a Quarter Million.
Hartford, Conn., Feb. 4.—Upon the verdict of \$74,000 in damages, rendered by a jury before Judge Platt in the United States supreme court this afternoon, after a four months' trial of the seven year cabinet hat makers boycott case, the twenty-five defendants, some of whom are now dead, will have to pay to H. E. Loeve & Co., of Danbury, Conn., the complaining hat manufacturer, about \$254,000. In short the Sherman anti-trust law, which the United States supreme court several years ago applied to the complaint, automatically triples the found damages to \$222,000, and the cost will run to about \$12,000.
It was pointed out by a prominent lawyer that the most important feature of this epoch-making case, which holds boycott and conspiring against an employer, a crime, was the establishment of the fact that hereafter every union man in this country, who says his union dues, becomes liable and responsible for the statements and actions of his officers.
A stay of thirty days was granted in order that the defendants' council may file a plea to the United States court of appeals, which meets in New York city. In 1902, when Mr. Loeve refused to use the union label, or otherwise unionize his hat factories, his men struck and soon he found himself up against the powerful American Federation of Labor. He decided to bring suit and the officers and more prominent spirits of the Hat Makers of North America, which the national body of the local hat makers' union, and which is affiliated with the American Federation of Labor, were made the defendants, property to the value of \$240,000 being attached.

A Conservative Speaks Out.
Toronto Mail.
"I agree with the prime minister that we should build a navy of our own. Experience in South Africa has shown that we can raise first-class soldiers, why should we not be able to turn out first-class sailors as well?" said W. K. McNaught, M.L.A., when responding to the toast of "Canada" at the 27th annual banquet of the Q.O.R. sergeants in Toronto.
Mr. McNaught's remarks were received in frigid silence, followed by a chorus of "Oh," and even his subsequent qualification that during the building of the incipient navy, Dreamboats might be purchased and given to Britain, failed to relieve the tension. He assured the gathering that the sentiments he expressed were those of the majority of the people of western Ontario.
"I believe," he said in conclusion, "that once having taken the step, the government must go forward in the construction of a navy. This is the first time that we have found French and English united on the same question."

MASON HAD SALT RHEUM
ON HANDS FOR YEARS—COMPLETELY CURED FIVE YEARS AGO BY
DR. CHASE'S OINTMENT

There is nothing worse for eczema and salt rheum than cold water. For this reason many people are afflicted in cold weather only.
No class of men suffer more from such ailments than bricklayers and stone masons and this fact makes the accompanying letter particularly interesting.
Mr. John W. Naas, stone mason, of Lumburg, N.S., writes:—"I was a great sufferer from eczema and salt rheum for years and could get nothing which seemed to be of any real benefit. Five years ago I got a box of Dr. Chase's Ointment and three boxes of Dr. Chase's Kidney and Liver Pills and this treatment cured me so that the old trouble never returned. My skin became as soft and smooth as a child's after using Dr. Chase's Ointment and I shall always say a good word for it."
Very many people suffer from skin affections in the cold weather and try one thing after another without obtaining the marked and lasting benefit which comes with the use of Dr. Chase's Ointment.
Chilblains and frost bites are quickly relieved and cured by the wonderfully soothing, healing influence of this Ointment. Chapped and irritated skin becomes soft and smooth. Each and every form of itching skin disease is abhorrently cured.
Dr. Chase's Ointment, 60 cts., a box of Dr. Chase's Kidney and Liver Pills, 50 cts., or Edmondson, Bates & Co., Toronto. Write for a free copy of Dr. Chase's Recipes.

Held an "At Home."
The last "At Home" before the Lenten season was held by the Knights of Columbus on Monday evening, at their club rooms, 21 King street. The affair was a most enjoyable one. There was a good attendance.

Banks-Croin Wedding.
The marriage is announced of Miss Mary A. Croin, of Memphis, Tenn., to John E. Banks, of the same place. The groom is a brother of Mrs. Arthur E. Ellis, of Kingston. The bride is well-known here, having spent the summers for several years past in Kingston.

Was One of The Best.
The dance given on Monday night, at the sergeants' mess, R.C.H.A., was one of the best ever held at the barracks. Seventy-five couples were present, and dancing was continued until the early morning hours, the music being furnished by the battery orchestra. Refreshments were served.

A Painful Injury.
Joseph Lalonde, 270 Ontario street, was the victim of a severe accident on Monday evening, about 9.30 o'clock. Mr. Lalonde, who is about sixty-five years of age, was going up stairs to bed, when he lost his balance and fell backwards down the stairs, dislocating his left shoulder very badly. Dr. Robert Hazley was summoned, and set the wounded arm. The injury was a very painful one and it will be some time before Mr. Lalonde is around again.

Mark Hambourg.
This might almost be called the day of the pianist, so great is the number of such performers and so keen the competition in this branch of music. To win and retain a position among pianists at present implies the possession of no mean talent; to excel, nothing short of genius is required. Such being the fact, what can we say of Mark Hambourg's position in the musical world of to-day? Mark Hambourg, conceived by his genius Europe, America, Australia, South Africa, all everywhere he was accepted by the public and the press with the greatest enthusiasm as the most individual and magnetic pianist now before the public.
He will appear in Grant Hall, tomorrow night. Plan at Uglow's.

The Late Rev. W. W. Burton.
The funeral of the late Rev. W. W. Burton took place, this afternoon, at St. George's cathedral, where service was said by the Dean of Ontario, assisted by Canon Starr. Many of the clergy of the diocese were present to pay their last token of respect to the memory of the dead priest, who had labored so faithfully and fruitfully for years. The pall-bearers were Rev. H. H. Bedford-Jones and Rev. F. W. Woodcock, Brockville; Rev. Joseph Elliott, Cataragui; Rev. A. L. McElear, Bath; Rev. T. W. Savary, and Rev. W. F. Fitzgerald, Kingston. The casket was covered with beautiful floral crosses, two being from the Ontario synod and St. George's cathedral. Percy Marshall presided at the organ, and a portion of the choir was present. The remains were afterwards conveyed to Cataragui cemetery.

The grand affair ended up at 2.30 a.m., after enjoying a grand spread.

Empower's Short Discourse.
A firm of publishers in Saragovo, Australia, received orders from a deputation, who were about to present their respects to the emperor, to issue the emperor's expected discourse on velvet in rich binding. When the deputation visited the emperor a3 he said was "Zbogom," meaning "Good day." The publishers insist that the contract be carried out.

NEW WING NEEDED
TO MEET THE NEEDS OF THE GENERAL HOSPITAL.
January Was a Busy Month at the Hospital—There Were 135 Cases Treated and 104 Discharged.
The governors of Kingston general hospital met on Monday afternoon, with James A. Minnes in the chair. Present, F. G. Lockett, F. Welch, Prof. Marshall, T. F. Harrison, A. F. Chown, A. Shaw, W. B. Skinner, A. B. Robertson and Lieut-Col. Massie.
F. Welch gave verbal report of the progress of the work of the committee on the Sir Oliver Mowat Memorial Sanatorium. He stated that subscriptions were coming in very nicely and that there was every reason for feeling encouraged at the progress that is being made.
The committee of management announced that the passenger elevator had been thoroughly examined by an expert and that any suggestions which he had made had been attended to and the elevator was now considered to be in a first-class condition. Tenders will be invited for the supply of meat, bread and milk to begin March 1st next. The committee also announced the gift of \$100 from two well-known ladies of the city, staunch friends of the hospital, who did not wish their names mentioned.
The medical superintendent reported a busy month at the hospital, 135 cases were admitted during the month and 104 discharged.
In the visiting governor's report mention was made of the seeming lack of accommodation, and expressed hope that at no very distant day a new wing might be added to the institution. This brought up an animated discussion as to the need for further accommodation of a certain class, particularly in the way of more private rooms, which has been felt for some time.
The appointed visit to the hospital for this month were B. W. Robertson and J. W. Mowat.

LECTURE ON THE JEW
Given by Joseph Cohn, of Brooklyn, Last Evening.
An interesting and instructive lecture was delivered by Joseph Cohn, of Brooklyn, in Calvary church, Monday evening, on the manners and customs of the Jewish people. A Jewish boy learned his letters from the first chapter of the book of Genesis, and thus at an early age acquired the rudiments of knowledge, and was also instructed in the first five books of Moses. Interesting details of early Jewish life were set forth in a very attractive manner.
The rabbi occupies a position that is both sacred and civil. He is first and always a teacher of the law, a judge, healer or doctor, and in consequence possesses great power and influence. All matters relating to the law are brought before him, and they are intricate and complicated to a degree. Marriage is a very sacred institution among the Jews. There is a divorce law of very simple character, but it is very rarely put into force by the Jew. Children are taught the sacredness of marriage, and that in the world Jehovah has a husband or wife as the case may be for a life mate for His chosen people. A Jewess contemplates marriage at the age of eighteen.
Mr. Cohn then spoke at great length on the Jewish civilization of the Jew to-day, viz., The Sabbath, the phylacteries, the garment, the Mezuzah. The subtle evasions of the law were clearly seen, and we can appreciate the forceful utterances of condemnation of our Lord, when He said, "Ye must void the law through your tradition."
Mr. Cohn will lecture this evening at Cooke's Presbyterian church.

FOR ANOTHER YEAR.
Invitation Offered and Accepted by Rev. F. H. Sproule.
At a meeting of the quarterly official board of Princess Street Methodist church, held on Monday night, the members, by a unanimous vote, extend an invitation to the pastor, Rev. F. H. Sproule, to remain a third year, and the pastor accepted.
The finances show the church to be in a healthy condition, the membership has increased, and there has been marked progress in every department of the work, under the pastor's guidance.

No Need of a Plebiscite.
Ottawa Free Press.
There is no necessity for either plebiscite or referendum on the naval question. The government of Great Britain and the government of Canada have come to a certain agreement. This agreement has been accepted by the British government. It meets the needs of the situation. It places Canada on exactly the same footing as Australia and New Zealand have been in. The case of the former the imperial government assists in the contribution, whereas it previously was Australia who did the contributing. It was satisfactory to Canada, it satisfies Britain, and it meets the situation. Why then adopt the Horden amendment?

A Little Absent-Minded.
One day I was taking a wedding. The father of the bride, a simple villager, whom I had never seen in church before, came to give her away dressed in a tall, black frock-coat and with a tall hat. When I put the question, "Who gives this woman to be married to this man?" the poor father was lost for the moment, but recovering himself, he touched his forehead and said, "I do mate."—R. V.G.S.

Cures a Cold in One Day, Cripes in 2 Days, on every 6 Tablets

BRIGHT'S DISEASE
FATALITIES
Could Easily Be Avoided by Proper Attention to the Warning Signals of Kidneys and Bladder.
PRESCRIPTION GENUINELY GOOD
This prescription is generally good and may safely be used by any one having the symptoms (any of them) of kidney disorder and bad health. Any honest druggist can mix it, or one can get the genuine ingredients separately and mix it at home and save results will be accomplished. Mix fluid extract Buchu 1 oz. compound fluid extract of Sarsaparilla 1 oz. The directions are to shake well and take a teaspoonful before or after meals and one when retiring. Also drink plenty of water through the day.
The reader should note if any of the following symptoms are strongly manifested and begin taking the right medicine at once if they are: Deregulated kidneys and bladder are indicated by dry parched skin, hot and cold sensation, frequent burning or scanty urination (especially at night) with bad odor, tender spots in back, loss of weight, morning weariness, swollen feet and ankles, backache, headache, inflamed eyes, etc.
It is not the intention to frighten the reader, but merely to direct attention to the danger signals of the body.

QUEEN'S Y.M.C.A. BUILDING
Likely to be Erected—It Would be the Students' Club.
The question of erecting a Y.M.C.A. building at Queen's, has been discussed by the university authorities, particularly by the advisory committee of the university council. As announced by the Whig, last week, it has been decided to first engage a permanent Y.M.C.A. secretary, this being the first need. A Y.M.C.A. building is the next need, and there is every reason to expect that within two years a structure will be reared on the university grounds. It is understood that trustees and senate are strongly in favor of a Y.M.C.A. building, which they realize as an essential to the student life of the university. At Queen's a Y.M.C.A. can be run on broader lines than in a city or town, and the proposal is to make the building the students' club, with smoking, billiard and card rooms.

The Man-of-War Bird.
The frigate pelican, or man-of-war bird, is usually met with by travelers in the tropics. Although when stripped of its feathers it is hardly larger than a pigeon, yet no man can touch at the same time the tips of its extended wings. The long wing bones are exceedingly light, and the whole apparatus of air cells is extremely developed, so that its real weight is very trifling. It flies at a great height above the water and from that elevation pounces down on fish, especially preferring the poor, persecuted flying fish for its prey. According to some authors, the name of man-of-war bird was given to it because its appearance was said to foretell the coming of a ship, probably because the frigate pelican and real frigates are equally adverse to storms, and both like to come into harbor if the weather threatens.
The regular meeting of the separate school board was to have been held to-night, but owing to the absence of the chairman, the meeting was postponed.

TOO ILL TO WORK.
In Deepest Despair—All Run Down—Health Was Restored by Ferrozone.
When you are sick and undecided as to the best remedy to use, there is nothing so convincing as the personal experience of some one who has suffered like yourself.
From St. Francis, Maine, comes the following statement from Mrs. Ovilla Daigle: "I want to write you a few lines in order to tell you how much better my health is since taking Ferrozone."
"For two years I was weak."
"Couldn't do any housework."
"Was tired, worn out, depressed."
"Thought I wouldn't recover."
"Since using Ferrozone I have grown strong enough to attend myself to the family washing. I have seven children and a husband, and am doing all the housework myself. I still use Ferrozone and seem to gain better health all the time."
(Signed) OVILLA DAIGLE.
Every person in low health—all who suffer as did Mrs. Daigle, are sure to be invigorated, and restored by Ferrozone's, the most nourishing of all tonics, try one or two tablets all meals and watch the g.-u. 50c per box, all dealers.

Troubled Every Winter With Severe Colds.
Dr. Wood's Norway Pine Syrup Cured Her.
Mrs. W. J. Hammond, Hamilton, Ont., writes: "I beg to say that I have used Dr. Wood's Norway Pine Syrup for my youngest girl who was troubled every winter with bronchitis and very severe colds. At night she would keep us all awake with her coughing until I tried your Syrup, which gave her instant relief. After the first bottle was finished I got moon, and always kept a bottle in her room at night. Dr. Wood's Norway Pine Syrup is certainly a wonderful thing in a case like the above mentioned and no one can praise it too highly. I have taken every opportunity to recommend it to all my friends and relatives."
There is nothing to equal "Dr. Wood's" for the cure of Coughs, Colds, Bronchitis, Croup, Asthma, Hoarseness, Sore Throat, Pain or Tightness in the Chest, and all Throat and Lung Troubles.
It prevents Pneumonia and Consumption.
