GEORGE SEARS DEAD

HE SUDDENLY EXPIRED ON FRIDAY AT NOON.

While Walking on William Street—He Was Formerly an Alderman and a Member of the Board of Education.

Death came very suddenly, on Friday noon, to a well-known citizen, in the person of George Sears, of 148 Earl street, for a number of years engaged in the hardware business. Deceased was troubled with his heart, and just recently, had been confined to the house with an attack of grippe. Friday was his first day out of the house, and he went down town on some business. On his return home, and while on William street, he was taken with a weak spell, and fell on the sidewalk. He was found in an unconscious state, and a hurried call was sent to Dr. Williamson and Gardner, but in spite of all medical aid, he passed away within a very short time. Deceased was held in high esteem by all who had the pleasure of his acquaintance, and general regret was expressed at his death.

The late George Sears was born at St. John's, New Brunswick, on January 11th, 1844. At the age of seventeen he left the city, and went to New York to live, where for twelve years he was connected with the hardware firm of Russell Irwin & Co. His marriage to Miss Emily Staynor, who survives, with a family, took place at Sheffield, Eng.

Deceased had been a resident of Kingston for thirty-four years. He was connected with the firm of J. Muckleston & Co., a hardware firm which was doing a leading business in the city, up to twenty years ago. After a time, Mr. Sears entered into partnership with Mr. Muckleston, and up to two years ago, carried on the business in his own name.
