18 Men's Black Overcoats, of a heavy twilled diagonal stripe, latest Chesterville style, trimmed with a heavy striped mohair lining. Regular price \$18 & \$20

A Quick Clearing Out on Saturday \$11.98.

MARCH 15TH IS SET

AS THE DAY FOR VOTING ON THE DRYDOCK BY-LAW

To Exempt the Company From Taxation—The Company's New Plant Will Eventually Cost \$134,000—A Big Thing for Kingston.

March 15th was fixed by the city council last evening as the day upon which the ratifiers would vote on the by-law to exempt the Kingston Shipbuilding Company from taxation in connection with its lease of the government dry dock property. The by-law was given its second reading, and passed.

In attendance at the council meeting were Mayor Couper and A. J. Carson, Craig, Clugston, Elliott, Givens, Hart, Harrison, Kent, McAnn, McCarthy, McKay, Bigney and Robertson.

The chief provision of the by-law is that the city shall grant the company the exemption from taxation, including business tax, for ten years, with the privilege of another ten years, the company shall pay school taxes on a fixed assessment of \$50,000, the company shall expend \$50,000 this year in the construction of plant and shall pay the amount of not less than \$20,000 a year; if it fails to pay this amount of wages in any year then it shall pay full taxes on an assessment of \$50,000.

Ald. Bigney raised the question as to how much better off the city could be by the change in management of the dock. He wanted to know how much wages had been expended a year at the dry dock under government control.

Ald. Givens replied that as far as he could find out less than \$20,000 a year in wages was expended.

W. J. Fair was asked to speak for the company and said that the \$50,000 to be expended in plant was only a beginning. The company intended to expend a very much larger sum than that in establishing a plant, but it could not spend it all at once. It would take two or three years to get the business in good running order. In the past, he said, a large number of Canadian vessels had gone to Detroit and Buffalo for repairs because of the lack of plant and facilities at the Kingston dock. They could not afford to lose valuable time waiting for attention in the busy season of navigation. That was why the government was leasing the dock to his company. There's not a large enough staff and equipment here to repair vessels, which can be repaired in one-quarter of the time at Buffalo and still save money after paying the duty of twenty-five per cent. on repairs done in a foreign country. The company intends to establish a very large plant here. Its leading members had the facilities and they had the experience. The benefits that would accrue from the company taking over the dock would be ten times as great as those that the city had enjoyed under its present management.

Ald. Elliott stated that at the meeting of the finance committee he had inserted a resolution that the \$20,000 in wages to be expended each year was to be expended among residents of Kingston. This secured the workmen of the city.

Ald. Givens said that Kingston would get all the repairs to vessels on Lake Ontario, and the industry here for a long distance down. He knew that two members of the new company were men of very large means. Kingston was fortunate in having such men to come here and take charge of such a promising industry as shipbuilding and repair plant in connection with a large dock. For thirty-five years Kingston had been trying to get outside industries but had never landed a single industry that had not been built up by the citizens themselves.

Here was a number of men of capital who were taking an industry that was going to be a great thing for the city and they were not asking anything from the people, but merely requesting that the dry dock's freedom from taxation be continued. He would pay a school tax of \$250 a year that the city had never got before.

Ald. McCann and Kent thought that Kingston was fortunate in getting the Kingston Shipbuilding Company to take over the dock and make it a greater concern.

H. A. Cahill said he joined the company because he was confident that the other men comprising the company would do just what they said they would do. They were paying 40,000 yearly rental for the dock and certainly meant business.

John McKelvey said that he hoped that the aldermen would not only pass the second reading of the by-law but would get out and vote for its passage by the people. The dry dock would in years to come be a great asset to Kingston. As to the \$20,000 rental, he would be glad to pay more than that if it would result in the plant that the company is to install took place. Mr. Fair proposed the plans that had been submitted to the government showing a plant that would eventually cost \$134,000. This year the company would expend \$50,000 in plant, of which amount \$20,000 will be for buildings and \$30,000 for machinery.

PORTSMOUTH SCHOOL BOARD.

Junior Teacher Appointed at Meeting, Thursday.

At a meeting of the Portsmouth school board, held on Thursday night, Miss Josephine Williams, 266 Johnson street, was appointed junior teacher. Ald. Elliott left the board March 1st. Three applications were received for the position.

Some routine business was disposed of, and orders were given for the bell, which has been out of repair for some time, it was ordered to be repaired, and put into proper shape.

Bibby's 68c. short sale.

Whenever they read in the market reports that money is easy, there are a lot of people who take the announcement as a special invitation to go to Wall Street.

Read College Book Store advt.

The wolf and the lamb seem to travel in the same social set.

Bibby's 30 doz. more new shirts, 68c. Saturday morning.

The less a hat looks like one the better someone likes it.

CITY AND VICINITY.

Only One "Eromo Quinine." That is Laxative Bromo Quinine. Look for the signature of E. W. Grove. Used the world over to cure a cold in one day. 25c.

College Book Store Library. If you are not a member of this library at the present time, you eventually will be if you are a reader of the latest books. Why not take advantage of the special rate good for Friday and Saturday only?

Make Fine Quarters. The officers who are to take a course at the Royal Military College and who are attached to the R.C.M.A. are to be quartered at the King street residence vacated some months ago by Col. Gordon. It will make fine quarters for the transients.

Tenders Awarded. At the last meeting of the board of management, in connection with the House of Industry, tenders for the year's supplies were opened and the following awards made: For milk, S. T. Kirk; for bread, Alexander Arthur; for meat, W. H. Reid; for wood, J. Sowards; for coal, Kingston Coal Company; for groceries, J. McCulla.

Liquor on Trains. At the meeting of the Ontario branch of the Dominion Alliance in Toronto, Rev. Dr. MacTavish wanted to know if the selling of liquor on trains could not be prevented. "If it can be it should be stopped," he stated. He pointed out a case where several men boarded a train at Kingston and when they arrived at Bellville they were drunk.

The Laymen's Movement. The men's committee of St. George's cathedral met yesterday and adopted the "every member" plan of giving to diocesan missions, the books for which will be closed on Feb. 28th. After Sunday's offerings have been made committees will start out to call upon those who have overlooked their proper duty and service. All are expected to give something, taking the burden of the law.

To Sanction Lease. Dean Bidwell has called a special meeting of the executive committee of the diocese of Ontario, on Thursday, February 24th, in Kingston, to sanction and approve of a lease from the rector of St. George's church, to the Canadian Bank of Commerce, of properties on the corner of King and Brock streets, said lease containing covenants for renewal and payments of buildings and improvements. The buildings will be erected in 1911.

Held a Driving Party. The Daughters of Rebekah held a most enjoyable driving party out to the home of Mr. and Mrs. Smith Elliott, Division street, on Thursday evening, which proved a most delightful affair. There were about thirty people in the party, and although the weather was very rough, the trip out and back was made without mishap, and while at the house the time was spent in games, music and dancing, and at the close a vote of thanks was tendered to the host and hostess for their kind hospitality.

Ireland and the Irish. One of the greatest gatherings ever held in connection with the Orange Order in Kingston took place at the Grand Hall, Rev. W. F. Fitzgerald lectured on "Ireland and the Irish," and illustrated his lecture by readings, recitations and anecdotes. Many of the anecdotes such as that of the "snapshot of the sender of a special delivery" fairly convulsed the audience. The "Englishman's Irish" was also recited. A hearty vote of thanks was accorded the lecturer.

B.A. Hotel Arrivals. G. R. Roddick, Stella; Keith G. Lech, Peterboro; W. X. M. Dean, Dr. William Kennedy, Enterprise; A. P. Haldane and wife, Paterson, N.J.; A. E. Milligan, G. Radford, Toronto; H. E. Marshall and wife, Halifax; G. Buckham, Almonte; T. Chester, Detroit; Mich.; D. P. Byers, Gannaque; C. Jeffery, Picton; J. D. Pringle, Toronto; George M. Reid, London; Joseph Rowney, E. Hart, Toronto; William G. Davidson, Montreal; Charles M. Richardson, Trenton; George Hore, Hamilton; Charles N. Weisner, Toronto; R. R. Hendry, Montreal.

The Late Mrs. McIver. Mrs. Ellen McIver, relict of the late Andrew McIver, of Kingston township, died, after a lingering illness, at her residence, 130 Victoria street, on Thursday, aged sixty-five years. She was born in the township of Kingston, where she resided until the death of her husband, seven or eight years ago, when she removed to the city. She is survived by two children, Miss Eva, at home, and Henry, of Kingston township. Mrs. McIver was a staunch Methodist in religion. The funeral service will be conducted by Rev. F. H. Sproule, of Princess Street Methodist church.

Ladies Provided Fine New England Supper. The weather was not at all favorable to the New England tea, arranged for, at Queen street Methodist church, on Thursday evening, but notwithstanding this, the affair was a most successful one. Of course the attendance was not as large as it would have been otherwise, but the efforts put forth, were crowned with success. The Young Ladies' Guild had charge of the arrangements, assisted by the members of the Young Men's Club. The tables were nicely arranged and the supper was all that could be desired. The ladies of Queen street church, have always been noted for their fine teas, but it would be unjust not to make special mention of Thursday night's spread. It was indeed a fine treat, and the ladies have every reason to feel proud. Everyone present had a good word to say of it. 'Twas indeed, a great pity, that the weather prevented some from attending the rich treat.

Mayor Acted as Ballast. Mayor Couper, Ald. Elliott, Ald. Clugston and other city fathers (some ballast to be sure) had to secure a cab sleigh to drag them home after last evening's meeting of the city council. Ald. Elliott left the "gang" at the corner of Princess and Division streets and ploughed 1/2 weary way homeward. Above Alfred street the sleigh nearly overturned in a snow drift and the mayor had to act as ballast by shunting himself to one side.

Your Eyes. Can be properly tested by an expert, and rimless gold-mounted glasses fit for \$1.50, at Best's.

A man often asks another man: "Have you a family?" But in the case of women such a question is unnecessary—a glance suffices.

THE SPORT REVIEW

LIEUT. CONSTANTINE IS RE-IN-STATUED BY THE O.H.A.

He Will Likely Play Cover Point for Frontenacs Seniors—Three Kingston Hockey Teams Went to Toronto To-day.

Queen's senior hockey players left at noon, to-day, for Toronto, and with them went Cadets' seniors and college juniors in Toronto this evening. Cadets seniors will play Varsity II and Collegiates will play Varsity III. On Saturday evening, Queen's and Varsity will play their second game in the senior intercollegiate series. This latter game was scheduled for this evening, but Varsity had it postponed until Saturday as it suited them better. The three Kingston teams will line up as follows:

Cadets I—Powell, goal; McAvity, point; Parr, cover; Campbell, rover; Smith, centre; Wheeler, left wing; Adams, right wing.

Collegiates—Sliter, goal; Williams, point; McCammon, cover; Reid, rover; Goodearle, centre; Lallush, left wing; McNeill, right wing.

Queen's—Gilbert, goal; Campbell, point; Tremble, cover; G. George, rover; Crawford, centre; Dobson, right wing; B. George or Sliter, left wing. Noble Steacy will referee the senior game, Saturday night.

Constantine Reinstated. The followers of the Frontenacs seniors received pleasant news, this morning, in the shape of a telegram, announcing that Lieut. Constantine had been re-instated by the O. H. A. This certainly made the locals feel far better and now they are quite confident of putting it over Toronto Argos, on their own ice. The Frontenacs have one entire week to practice and should be in fine condition for the game. Constantine, at overpoint, with Saunders and Powell, behind him, will make a great defence.

Markham vs. Frontenacs. The Markham team will arrive in the city at 7:45 o'clock, this evening, for their return game with Frontenacs. This game should be one of the fastest seen here in junior series in years, as both teams are now at their best, and are stepping exceedingly fast. Leo Millan will be back on the line for the locals and will be a great help. The Frontenacs will line up as follows: Marehand, goal; Davidson, point; Hyland, cover; Brouse, rover; Hunt, centre; Campbell, left wing; Millan, right wing.

Game Was Called Off. A game of hockey was arranged for between Portsmouth and Wolfe Island for Thursday night, but owing to the heavy snowstorm the game had to be called off.

Gravenhurst Won Protest. At a meeting of the O.H.A. held in Toronto, the protest by the Gravenhurst juniors against Barrie was sustained and Albert Leroux, who plays right wing for Barrie has had his certificate cancelled. The two teams will meet again in home and home games, the first in Gravenhurst on Friday evening and the second in Barrie on Monday evening. In the first round Barrie had a lead of ten goals, but another story may be told by the second round. This protest was of interest to the locals as the Frontenacs may have to play the winners of this group.

Kingston Beat Prescott. The Kingston curlers were successful in Prescott on Thursday evening, winning on both rinks. Prof. Gill's rink won from J. McAddams, 24 to 14, and Rev. R. Laird's won from W. Evanson's, 18 shots to 12. The following were the Kingston rinks: W. B. Givens, W. B. McKay, J. M. Elliott; Prof. Gill, skip.

J. M. Farrell, W. H. Montgomery, S. R. Bailey, Prof. Laird, skip. This is the last trip that the local curlers will take this winter for scheduled district league games.

At the local rink three games were played on Thursday. A. Strachan defeating W. J. Searle, W. Power winning from G. E. Hogue, and E. O. Sliter winning from A. B. Cunningham.

Concert at Bath. Bath, Feb. 17.—Mr. and Mrs. Hill, with Misses from Stella and Buffalo, N.Y., visited for a short time with Mr. and Mrs. McGaughey, also to meet their niece, Miss H. McGaughey who was home from Odessa for the weekend. Mr. and Mrs. Oliver Robinson, of Portsmouth, visited at Max Robinson's on Sunday last. Mr. and Mrs. William Davy, of Kingston, visited his mother, Mrs. A. W. Davy, on Sunday last. The concert in the town hall, on Friday evening last by the Presbyterian church was a grand success. Harold Jarvis, of Detroit, the celebrated tenor singer taking the leading part, with the assistance of some friends from Niagara and Newburgh. The hall was crowded. The proceeds were over \$90. Mr. and Mrs. Jas. Aylesworth have returned home from a month's visit with their son, Dr. F. A. Aylesworth, of Rosemeath, James Shibley and "Dan" Robinson, are filling their ice-houses. Mr. and Mrs. William Harris, of Kingston, are visiting at George Park's.

Major Acted as Ballast. Mayor Couper, Ald. Elliott, Ald. Clugston and other city fathers (some ballast to be sure) had to secure a cab sleigh to drag them home after last evening's meeting of the city council. Ald. Elliott left the "gang" at the corner of Princess and Division streets and ploughed 1/2 weary way homeward. Above Alfred street the sleigh nearly overturned in a snow drift and the mayor had to act as ballast by shunting himself to one side.

Your Eyes. Can be properly tested by an expert, and rimless gold-mounted glasses fit for \$1.50, at Best's.

ORANGE MEAT

Carton Bottoms? They Are Valuable.

Send Post Card to Orange meat, Kingston, Ont., for full particulars of their Eighth Prize Contest.

Orange Meat and Milk is a Perfect Food.

AT THE ORPHEUM.

New Show Playing to Capacity Houses.

Manager Trayte is offering to the patrons of the Orpheum the last half of this week an excellent show. The acts in this popular playhouse seem to be better every week. The headliner is the Socius modern acrobats and they are good. This team, a man and woman, are about the best in their line that ever graced a Kingston stage. There is always something to admire about a perfectly and powerfully developed man, who uses his strength in feats that all can see. Such a man is the male half of the above team (he carries a name as long as his act). His assistant, a dainty young lady of about 140 pounds seems to take great delight in being lifted and tossed about by her lord and master.

Westford and Rock put on a neat western sketch, "The Girl Detective." The fifth playlet is well acted, well staged and took well with the audience. Both Miss Westford and Mr. Rock are good artists and made a good hit.

Miss Marjorie de Windt, novelty comedienne, has an act that is entirely new in this section and one that took exceptionally well. With the assistance of lantern slides Miss de Windt recites different, well-known, amusing and pathetic poems, acting the principal parts in each, thus necessitating some very rapid changes. Her act made a great hit on Thursday evening.

The bill is opened by La Belle Helene, serpentine dancer, and she is well above the standard of such acts. She dances very gracefully, handling the great volume of silk that surrounds her in a bewitching manner. Her act is entirely free from the slightest thing that could offend. The show is opened and closed with a fine reel of moving pictures.

DAY OF RECKONING. For Student of Queen's Who Has Wasted Time. A dear girl student of Queen's University contributes the following to the Whig:

"Time moves on with rapid pace. The passing of seven short weeks will bring about the commencement of examinations at Queen's. The majority of the students are already obviously conscientious of the relentless approach of the day of reckoning—the day when the individual inventory will be taken and in the account of time, there will be made the balance entry to either loss or gain. Many student ledgers will show only entries on the credit side. These, the men who have been faithful to their trust will go up to the test without regret of time mispent, and if they fail it will be honorably and without reproach. But the student who enters Grant hall with memories of the major portion of his sessional career having been lived out in pool rooms and places of an equally enviable repute, must surely experience a very vivid sense of guilt. There are the individuals who dispose of their heritage, the heritage of opportunity, which is often times the product of parental toil and sacrifice."

IS IT NEW SPECIES? Black Squirrels Which Have Red Tails. Did you ever see a black squirrel with a red tail? Guess not, but John F. Lockhead, the well-known Prince street photographer, it was now in his possession a couple of squirrels of that description, which were secured recently near Elginburg. Whether it is a new species is not known, but as far as can be ascertained at present, there never was a black squirrel born with a red tail. The matter is being looked into by local men, who are interested, and it may be that the Kingstonian has a freak all right. The squirrels are quite tame, and the pair make fine pets. They are kept in a cage, but once in a while they are allowed their freedom, and will run about just like kittens, and play with each other.

Parties living at Elginburg made the capture of the squirrels. They were rounded up in a hole of a tree. A big sack was placed over the hole, and then one of the party bent against the tree, and the squirrels ran into the trap set for them. There were three squirrels, but one managed to make his escape. The missing one was also black with a red tail.

HELD ANNUAL "AT HOME." Class at Queen Street Church Had a Fine Time. The annual "At Home" of Queen Street Sunday school was given by Miss Allen and her "class" on Tuesday evening. About fifty guests were assembled, and all thoroughly enjoyed the excellent programme and elaborate supper served. W. A. Miller rendered two recitations, which were well received, and Frank Jones ably expressed the sentiments of all by a toast to the success of the "class," to which Rev. S. Sellery fittingly responded. The programme and the table decorations were pleasingly suggestive of St. Valentine's day.

The event was brought to a close when a delicious supper was served. The guests dispersed at eleven o'clock, expressing their appreciation of the evening, and wishing an equal success for the future of the "class."

Bibby's 30 doz. more new shirts, 68c. Saturday morning.

A girl hasn't much tact if she can't induce some man to tell her that she is pretty.

It is estimated that there are always 4,000,000 at sea—and ten times that number "up in the air."

ARE YOU COLLECTING ANNUAL NAVY COST WILL BE \$2,000,000 ON PRESENT PLANS.

Pacific Section to be the Cheaper—Halifax Will be Base for the Atlantic Squadron and Site of Naval Academy.

Halifax will be Canada's naval headquarters on the Atlantic and will be the home station of the Niobe, the two Bristol's and the six destroyers which are the complement of ships for the Atlantic.

Halifax will be the site of the naval academy which Canada will establish as a part of its new naval plan. The building which will be erected for the accommodation of the academy will cost in the neighborhood of a hundred and fifty thousand dollars. There will be a barracks erected for the accommodation of the staff of the academy as a part of the new naval plan. The building which will be erected for the accommodation of the academy will cost in the neighborhood of a hundred and fifty thousand dollars. There will be a barracks erected for the accommodation of the staff of the academy as a part of the new naval plan.

It is estimated that the total annual expenditure on the Halifax station and the Atlantic fleet will be about two and a half million dollars, and on the Pacific fleet and station about a million dollars.

The Halifax estimate is made up from the following items: For the two Bristol's with forty officers and 742 men, \$708,000; Niobe, with seventeen officers and 261 men, \$376,000; for the thirty officers and 646 men of the six destroyers, \$763,000 a year; upkeep of dockyards, \$200,000; for barracks staff, \$75,000 for pay, allowances and victualling of recruits, \$200,000; for the maintenance of the naval college, \$80,000 a year.

The items which make up the annual cost of the Esquimaux base and fleet are: Maintenance of two Bristol's, with forty officers and 742 men, \$708,000; the Rainbow, with sixteen officers and 163 men, \$230,000; for the maintenance of the Esquimaux dockyard, \$16,000 a year. It is estimated that the annual cost of the headquarters staff at Ottawa will be \$80,000. For contingencies there is an estimate of \$100,000, bringing the total annual cost to \$3,680,000. The twelve vessels will require the services of 163 officers and 2,454 men.

A Writer Tells About the Young Family of That Place. A resident of Carrying Place writes to the Whig as follows: We have read with great interest the account given in last Saturday's Whig of the Carrying Place and the old Bullock family. Certainly Carrying place seems to have been settled by the aristocracy of Upper Canada, as the Youngs, Biggars, Wilkins, Wellers, Bullocks and other prominent families all came from this historical spot.
