Do you know that every drop of your ood goes to the kidneys hundreds of times every day? Do you know why?

To be filtered and purified from its impurities. That is the great work the kidneys have to do. They filter the blood. Then these impurities go to the bladder and are passed out of the body along with the urine.

If You Suffer From Headaches or Neuralgia.

Blood Poisoning. The pain is due simply to the tortured nerves, inflamed by the blood being overloaded with impurities, because of inactive bowels, kidneys or skin.

There is usually chronic Constipation and the foul matter, instead of pas from the body, is absorbed by the blood. The kidneys are not as strong as they should be and fail to filter from the impure matter. Instead of the skin throwing off one

and a half pounds of waste matter every day, it becomes inactive and does only a pound of this waste to poison the body. Headache powders and pain killers simply numb the nerves and have no helpful action on the organs causing this poisoning of the blood. To cure Headaches and Neuralgia, the blood must be purified, which can be done only by making the kidneys, bowels and ski a healthy and active.

"Fruit-a-tives", made from concen-trated and intensified fruit juice, is the greatest blood parifying medicine. "Fruit-a-tives", or "Fruit Liver Tablets', is a scientific cure for Headaches and Neuralgia, and never fails to cure because "Fruit-a-tives" stops the cause of these troubles.
