QUEEN'S WON

Defeated McGill in Ottawa By 8 Goals to 2.

RETAIN ALLAN CUP

AS WELL AS INTERCOLLEGIATE CHAMPIONSHIP.

The Presbyterians Have Made a Great Hockey Finish—They Had No Trouble Defeating the Montreal University Team.

Ottawa, March 8.—Queen's pulled off another victory at the Rideau rink, last night, when they defeated the McGill seven in the final for the championship of the Intercollegiate Hockey Union, the Kingston students making

DR. J. J. HARTLY (Coach).

a runaway of the first half of the match and winning out by 8 goals to 2. The Presbyterian hockeyists gained a terrific lead in the early moments of the match, leading at half time 7 to 0. They completely outplayed the Montrealers during this period of the game, and seldom was the Queen's citadel in danger. In the second half, the play reversed matters, McGill keeping the Queen's seven on the defensive for fully three-quarters of the time. During this time, however, they could only score a brace of tallies, and suffering heavily from penalties, were two men shy when B. George slapped in the final goal of the match, the Queen's team winning by the wide margin of six goals.

The winners were carried off the ice at the conclusion of the match by their overjoyed supporters, and the Queen's students afterwards paraded to the station, their yells of victory resounding throughout the city until the train pulled out of the Central depot. The Kingston team are the holders of the Allan trophy, and this is the second successive year that they have carried off the laurels in the intercollegiate. They looked a hard team to beat, and played a wonderful game for the poor condition of the ice.

McGill were looked upon as the favorites in the struggle, their backers dropping a big bunch of coin on the result. In fact, there were several hundred dollars of McGill money for which no takers could be found. The Montreal students had defeated Queen's on the latter's ice, and on the form they displayed in trimming Toronto Varsity in the metropolis a couple of weeks ago, appeared to be the best bet in last night's match. Queen's showing was a great surprise to even their most ardent supporters, the Kingston septette having been in an in-and-out all season.

Nearly two thousand people were in the rink. The students with their rooting and songs kept the enthusiasm at fever heat throughout the whole match. McGill sent up a strong contingent, while Queen's brought up a small body of the faithful, the latter getting away with a big bunch of yells that almost smothered McGill supporters.

Returned For a Seat in Derbyshire.

DEFEATED BEFORE

BUT SIR WALTER FOSTER MADE WAY FOR HIM.

The Proposal Made to Shorten the Duration of Parliament—Make the Term Five Instead of Seven Years—Britain's Big Deficit—Divorce Laws to be Changed.

London, March 8.—The bye-election in the Ilkeston division of Derbyshire yesterday, resulted in the return of Col. J. E. B. Seeley, under secretary of state for the colonies, by a majority of over 3,000. Col. Seeley was opposed by H. Fisherbert Wright, who contested the division unsuccessfully in 1906. The vote was: Seeley, (liberal) 10,204; Wright, (unionist), 6,871. Col. Seeley was defeated in Liverpool, at the general election in January. Sir Walter Foster, who was elected in Ilkeston, retired to make way for him.

Premier Asquith announced in the House of Commons, yesterday, that the resolutions concerning the House of Lords, to be submitted by the government on March 29th, would include a proposal for shortening the duration of parliament. It is presumed the recommendation will be a parliamentary term of five years instead of seven as at present.

In the House of Commons, yesterday, Secretary of War Haldane, dealing with this year's manoeuvres, referred to the coming visit of the Queen's Own Regiment, which joins the Aldershot command in August. Cheers greeted the announcement.

Col. Sir J. G. Herbert, member for Monmouthshire, expressed his delight at the visit of the Canadian regiment and said he hoped it was the beginning of the movement. Mr. Herbert also referred to the smallness of the number of colonial officers, serving in the imperial forces, and expressed the wish to see it largely increased.

The House of Lords, last evening, passed the bill authorizing the government to borrow sums sufficient to meet the cost of the national expenditure pending the passage of the budget. Lord Lansdowne, the leader of the opposition, attacked the ministry for thus imposing upon the nation a system of temporary finance which will cost the taxpayers nearly \$10,000,000 a day for interest charges. It was most unwise to the nation, he said, to withhold the budget. If it was wrong for the lords to stop the budget he asked why was it right for the government to do the same thing?

Lord Revelstoke, head of the great banking house of Baring Brothers, and other financial peers, joined in the criticism.

Earl Curzon, speaking for the government, politely refused to consider any compromise. He said the offer of the lords, to help straighten out the national finances, was like an olive branch shot from a catapult.

Lord Chancellor Loreburn, severely lectured the opposition peers contending they were entirely responsible for whatever was amiss with the nation's finances.

Britain's Deficit.

London, March 8.—A deficit of \$150,000,000, unprecedented in times of peace, will face the government at the end of the fiscal year, on March 31st, according to the estimates of the nation's best financiers. The estimate of \$150,000,000 includes the loss of the petrol, whiskey, tobacco, saloon and automobile licenses, death duties, revenue stamps and land taxes, as well as the income tax. The deficit is caused by parliament's failure to pass the budget.

Divorce Laws of Britain.

London, Eng., March 8.—Sir John Bigham has resigned the presidency of the divorce courts, on grounds of ill-health. It is reported the real cause was his advocacy before the royal commission of relaxed divorce laws, which has displeased the Anglican church to such an extent that the cabinet has been forced to ask for his resignation. It is conceded that the commission will recommend sweeping changes in the English divorce laws, but it is not likely that legislative action will follow, because of the uncompromising opposition of the church.

A LITTLE ROMANCE.

A Lover Prevented Lady Going to England.
Special to the White.
Montreal, March 8.—A happy little romance concerning a one-time Kingston girl, is tucked up in the celebration of the silver wedding anniversary of Mr. and Mrs. Orlando Notman, 605 Antoine street. The bride, a Miss Bosley, was born at Gibraltar, daughter of an ex-British soldier, who moved to Kingston. There she met by chance Mrs. Notman, two years older. She spent her girlhood days there. When her father died, with her mother, she left Kingston to return to England to reside. They got as far as Montreal, where they stayed awhile with relatives. There she met by chance Mrs. Notman, and marriage postponed the Atlantic trip. Mr. Notman is now a well-known city auctioneer.

WON'T STOP DOGS.

Public is Not Prepared for the Move Nor is Government.

Toronto, March 8.—The member from South Norfolk, A. C. Pratt, made a valiant effort in the legislature to get his bill for the preservation of deer before the committee, but although the bill received some support and from the government, a few complimentary words, Mr. Pratt was nevertheless compelled to withdraw it.

The measure as drawn up prohibited the use of dogs in hunting deer, and going further enacted that when a dog known as a deer-hunting animal was allowed to run at large, it could be destroyed.

"If we are going to preserve the deer," said Mr. Pratt, "it is imperative that we eliminate the dogs."

Hon. Dr. Reame, who the execution of "I do not recall any year," he said, "in which the poor dog has suffered the way it has this year. The agricultural committee has been after the sheep dogs, but the member for Norfolk is after the hunting dogs, while Hon. Mr. Hanna is after the mad dogs."

Mr. Pratt complied.

ROVING FARM HAND HEIR TO \$60,000.

Belling is Found After Two Year Search, and Will Go to Germany to Claim His Fortune.

New York, March 8.—After a search lasting nearly two years, Charles Bolling, a tramp, who is heir to \$60,000 left to him by his parents in Germany, has been found.

Bolling is thirty-seven years old, and was born in Rottenburg, Hanover, Germany. Twelve years ago he left his home in Germany and started out to see the world. His first trip was to Yokohama. In Japan he spent what money he had. He worked his way to San Francisco. In Oakland he got work as a waiter. Then he tried work as a farm hand. From farm to farm and from city to city he wandered.

He was finally found by Charles Ebermann, of this city, an old friend of the family, who has devoted the last two years to searching for him. Bolling sails for Germany on the steamer Ithen to claim the \$60,000, which is his share in the estate.

HERE'S A FUNNY TANGLE.

What Relation Are These People One to Other?

London, March 8.—A double wedding at Canterbury, last week, has produced a remarkable relationship tangle. The parties were Moses Skeats, seventy-two, retired publican, and Florence Cole, thirty-four, J. Wigley, of London, seventy, and Florence Skeats, thirty-four. The bridegrooms were widowers and the brides spinsters. The marriages took place together. Mrs. Wigley is the daughter of Moses Skeats, whose wife is the sister of his youngest son's wife, thus as well as being sister-in-law to Moses Skeats' youngest son, she is also his mother-in-law and mother-in-law to her own sister, while Moses, in addition to being father of his wife's sister's husband is also his brother-in-law.

Should there be any issue of the marriage between Skeats and Cole the relationship of the child to Skeats' son's children, of whom there are several, would be difficult to decide, as these youngsters besides being grandchildren to Skeats are also his nephews in consequence of this second marriage.

Commander Peary has declined to furnish proofs of his discovery of the North Pole to congress, holding it would be breaking faith with his publishers to do so.

The supreme court of Pennsylvania has affirmed the conviction on a conspiracy charge of W. P. Snyder and J. M. Shumaker, who were connected with the capital riots.

SCRAPED BY RUNAWAY.

Smith's Falls Ladies Had a Narrow Escape.

Smith's Falls, March 8.—Mrs. Thomas Irving and her daughter, Mrs. (Dr.) Beggs, Winchester, had a thrilling experience, yesterday. They were driving along a street in that village when they were met by a runaway team. So close did the runaway horses come to them that the back of their cutter was struck by the breast of one of the passing animals and knocked off. Mrs. Irving was left in the cutter, but Mrs. Beggs was pitched out. Then the horses driven by the ladies started to run away, but they were stopped before going any distance. Strange to say, both ladies escaped unhurt.

FOR FIFTY-FOUR YEARS.

Couple Have Never Been Parted For Day.

Detroit, Mich., March 8.—Death has, by calling the husband, separated Mr. and Mrs. David O'Donnell, who, though married fifty-four years ago, have never been, until now, parted for one day. Born in Ireland, the O'Donnells immigrated to Canada fifty-three years ago and settled in Middlesex county fifteen years ago they moved to Windsor and five years ago they came to Detroit to live with their children. Besides his widow, Mr. O'Donnell leaves a family of nine children, out of fourteen born to them. Interment will be in Windsor.

HE GOT THE VERDICT.

Plea Saved Wife Murderer From Punishment.

London, March 8.—A jury of Lunenburg, Serbia, recently acquitted a man charged with killing his wife after an eloquent speech by his counsel ending thus: "Every husband among us, and I make bold to say every husband in the land, knows that patience has its limits, and none of us can, after searching his conscience, condemn the accused. Knowing that almost all the jurymen are married I confidently demand a verdict of 'Not guilty.'" He got it.

Millions of Dollars Lost.

Southampton, Eng., March 8.—The extraordinary frauds connected with the granting of forged first mortgages on land and houses in this neighborhood, perpetrated by George Franklin, a Southampton builder and land speculator, who has committed suicide in London, will involve losses to innocent people amounting to something like £200,000. The frauds have been going on for ten years.

Horse Famine Predicted.

Smith's Falls, March 8.—A horse famine is predicted for this spring. So great has been the demand for good horses and so good are the prices being offered in this part of Ontario that farmers have sold nearly all that is worth selling. In some localities scarcely enough have been retained to do the spring seeding. The bulk of the horses sold, have been taken to the North-West.

Moirs on Rampage.

Belleville, March 8.—The Moira river, which runs through this city, is on its annual rampage. Ice came down causing the water to rise about five feet. As a consequence, the cellars on many Front street stores were flooded, and there is much inconvenience and suffering. The flume of Leit's dam was carried away by the ice, but not much damage of consequence was done.

Aged 80 and Drowned.

Fredericton, N.B., March 8.—David Weaver, aged eighty years, of Boak town, was drowned when the ice of South-West Miramichi gave under him. The water was only three feet deep but the current was so swift that he was carried under the ice before help could arrive, but only after a desperate struggle, as the old man's finger-prints on the ice at the hole showed.
