

### MOST REMARKABLE CURES EVER MADE BY ANY REMEDY.

Are Daily Credited to the Wonderful Powers of "Fruit-a-tives."

Bancroft Man Thinks This Fruit Medicine Will Work Miracles.

It is the old chronic case, the stubborn case, the case that will not yield to the ordinary remedies of the physician, that "Fruit-a-tives" never fails to cure. Many of the cures made by "Fruit-a-tives" are the wonder and admiration of the doctors who cannot understand how "Fruit-a-tives" can do what they cannot.

Bancroft, Ont., October 17th. "I have been troubled for years with indigestion—have tried every kind of medicine, and found only temporary relief. Then I used "Fruit-a-tives" and now I am no longer troubled with indigestion. I think it is a splendid remedy."

### Had Weak Back. Would Often Lie in Bed for Days Scarcely Able to Turn Herself.

Weak back comes from the kidneys, and when the kidneys are out of order the whole system becomes deranged. Those who have never been troubled with kidney trouble do not know of the suffering and misery which those afflicted undergo.

Dean's Kidney Pills are a specific for all kidney troubles. They begin by helping the kidneys to flush out all the acid and poisonous impurities which have collected, thus clearing out the kidneys, bladder and all the urinary passages and carrying away the uric acid, the chief cause of rheumatism, from the blood.

Mrs. Arch. Schmale, Black Point, N.B., writes: "For years I was troubled with weak back. Oftentimes I have lain in bed for days, being scarcely able to turn myself, and I have also been a great sufferer while trying to perform my household duties. I had doctors attending me without avail and tried liniments and plasters, but nothing seemed to do me any good. I was about to give up in despair when my husband induced me to try Dean's Kidney Pills, and after using two boxes I am now well and able to do my work. I am positive Dean's Kidney Pills are all that you claim for them, and I would advise all kidney sufferers to give them a fair trial."

Price, 50 cents per box, or 3 for \$1.25, at all dealers or The T. Milburn Co., Limited, Toronto, Ont.

In ordering specify "Dean's."

AS A RESULT OF THE ACTION OF THE CITY COUNCIL.

In Blocking Board of Works Recommendation to Take up Options on Upper William Street Extension—A Rap at Ald. Graham.

As a result of the city council, three weeks ago, holding up a clause in the board of works' reports, regarding the purchase of the land required for the extension of Upper William street, at the insistence of Ald. Graham, the city has now to pay \$200 more for an option of land. Ald. Graham insisted that tenders should first be called for for moving a couple of houses from the street line before the land purchase was made. He refused to accept the estimate for this work given by the city engineer. Ald. Chown reminded the council that the options on the land expired the following day, and that the prices might be raised if the options were not taken up. Such has been the case to the extent of \$200. At yesterday afternoon's meeting of the board of works, the chairman announced that the tender of S. Grimshaw for moving the two houses involved was \$200, the amount estimated by the city engineer. The contract for the foundations has been awarded to H. W. Watts.

"And that extra \$200 we have to pay is due to Ald. Graham," said Ald. McCartney.

"That's correct," put in Ald. Kent. "Well, let him catch it at the next meeting of the council," replied Ald. McCartney.

The chairman announced that the board would have sufficient money to open up William street as proposed, and on motion of Ald. Hoag, it was decided to accept the tenders of Messrs. Grimshaw and Watts for the removal of the houses and building the necessary foundations, and to empower the city engineer and the city solicitor to proceed with the purchase of the necessary land for the opening of the street from Division street to University avenue.

Mrs. M. E. Welch, Earl street, asked the board for \$30 damages for the flooding of her cellar. The matter was referred to the city engineer and city solicitor for report.

It was decided to pay one-half of the cost of removing the fence of Mrs. Margaret Hamilton off the piece of land on Mack street, which she sold to the city at a low figure for the extension of the street.

The plumbing inspector question was left over until the next meeting for consideration. The city engineer was granted some extra clerical assistance for several street surveys and some other office work, to the amount of about \$50.

Ald. Chown (chairman), Hartly, Hoag, Kent and McCartney were in attendance at the meeting.

### COMING TO THE GRAND.

Eddie Foy Will be Attraction Tonight.

The playgoers of this city are in for an unquestioned treat at the Grand tonight, when the Messrs. Shubert will present Eddie Foy in his latest musical comedy, "Mr. Hamlet of Broadway," by Edgar Smith, Edward Madden and Ben Jerome. It will be remembered that much publicity was given Foy's threat to appear in the habitations of the Melancholy Dane. He is keeping his word; but he is appearing in a very modern version of the role. Foy himself feels that he has the best part of his career. In the past supporting Mr. Foy will be found Maude Raymond, many favorites and a chorus of seventy-five. There are at least a score of musical numbers, including "Under the Honeymoon," "Mr. Hamlet of Broadway," "Everything Depends on Money," "Nursery Rhymes," "The Dusky Salome," "Molby Brown," "The Horripile Bag," and many others. The production is mounted in an unusually elaborate fashion and is in keeping with the Shubert standard throughout. Ned Wayburn staged the piece.

"Three Twins."

Coming to the Grand on Thursday night, March 10th, is the celebrated musical comedy production, "Three Twins," which has attained a commanding position in the theatrical field. Manager Joseph M. Gaites is sending to Kingston the New York company, with Clifton Crawford in the leading role, the organization being the same one which played on Broadway an entire year. "Three Twins" is a lively and hustling entertainment which gets its abundant and wholesome fun out of the comic perplexities of its plot and the contrasts and the clashes of the nature of its characters. Charles Dickson adapted the pieces from the well-seasoned farce, "Inoc." Music was added by Karl Hoechna. It has to do with the humorous complications of identity brought about by the precise resemblance to one another of three men, two of whom have sweethearts and the other a wife. Nature stands sponsor for the resemblance of two of the men, while the third twin, Tom Stanhope, played by Clifton Crawford, makes up after a picture he has found, in order to elude his father's command not to marry the girl he loves. The intricate entanglements resulting from the bewildering combination of identities is responsible for an endless chain of fun.

Charley Grapewin in New Play.

On Saturday, March 12th, matinee and night, Charley Grapewin, that cyclonic comedian who never fails to please, will appear at the Grand in his new play entitled "Above the Limit."

A brand new one. Mr. Grapewin's supporting cast is indeed a strong one, including Miss Anna Chance, whose personality alone is sufficient to lend warmth and sunshine to the strength of the little play, which abounds in humor and heart interest. In the character of a tough boy, Mr. Grapewin is exceedingly amusing, and his sallies of wit expressed in the popular slang of the day, are sure to melt the most frozen countenance into a wreath of smiles. For blues, depressed spirits and hearts bowed down, take an adult dose of Grapewin's Great Cure.

"Above the Limit."

### CASES CLEARED UP

As Result of the Arrest of the Three Lads for Theft.

As a result of the arrest of the three lads who pleaded guilty, all the cases of petty theft, which have been reported to the police for the past few weeks, have been cleared up, with the exception of one.

The lads admitted going into all the stores, with the exception of this one, and the police have every reason to believe their story. It is quite evident that there was some other person, or persons, engaged in the role of a burglar.

### The Delinquent for April.

"The Rising Cost of Living" is a symposium of the Delinquent for April to which ten distinguished men representing different walks of life contribute. The whole field of high prices is covered, as each of the writers takes a different angle. "The American Farmer's Wife—Her Problem" helps solve the puzzling question of the woman on the farm. Rheta Childs Dorr handles the church problem in "The Institutional Church." The fiction is by Zona Gale, Richard Washburn Child, Grace MacGowan Cooke, and a new serial, "The Unforeseen," is begun by Mary Stewart Cutting. The early summer fashions are set forth attractively in color and in words of authority. The number is well balanced and pleasing.

It may seem strange to some who are not acquainted with the facts, but it is not an unusual thing for a mother or a father to tell the police magistrate that they have lost control over their children, and when it has come to this stage, it is, indeed, a sad state of affairs. This has been the case with several lads, up for truancy.

Mothers, with tears in their eyes, have confessed that their Johnny or their Willie is just "awful bad," and that they can't do anything with him, that something must be done.

The cut-o'-nine tails have been brought into service for the boys playing "hooky," and it has been the means of keeping quite a few on the right path. But then, there are others who have no fear of it. But while on the question of truancy, it must be stated, that through the combined efforts of the board of education, and the police, the truancy has been checked. According to an official statement given a Whig representative, there is less trouble of this kind to contend with now, than there has been for a great many years. The parents are helping along the work, and it is to be hoped that it will be kept up.

The case of the three youthful burglars, who were caught by the police, should serve as a warning. It is no wonder that boys who are allowed to roam about the city, and go here and there at their free will should turn out in this way. The lads who were gathered in this week, appeared to be hardened. They made a full confession regarding their thefts, and told the story to the constables in such a way as would lead one to believe that they were of the opinion that they had accomplished some great feat—in fact their whole story was of a boastful nature. Instead of showing a spirit of shame, on the other hand, they appeared to glory in their work.

However, it is to be hoped that their arrest and the real shame of it will be the means of making them better.

### WHIG'S FASHION HINT.

Sable mantle with Chinchilla collar.

Dr. Robert MacGill, professor of philosophy at Dalhousie College, Halifax, has been appointed by the government of Saskatchewan chairman of a commission to investigate the grain elevator problem of that province.

Ira E. Griffin, aged twenty-six, money clerk for the Pacific Express company, Buffalo, is under arrest. He is charged with being \$1,400 short in his accounts.

The corslet which damaged the bottom is believed to be the Russian steamer Kozov, a vessel of 5,000 tons, carrying iron ore.

### DUTY OF PARENTS

ATTENTION SHOULD BE GIVEN WAYWARD CHILDREN.

Many Cases Where Parents Admitted Having Lost Control Over Their Children—This Brings About a Sad State of Affairs.

That some parents are not at all strict enough with their children was shown in several cases which came before the police court, this week. Reference is made to the boys who were arrested for theft, and the boys who ran away from their homes in Brockville, and came to this city. And then, there have been several other cases before the magistrate within the past few months, and the truth of the old saying, "spare the rod and spoil the child," has been well shown. Boys will be boys, but in these police court proceedings, it has been clearly shown that if the rod had been used a little more the parents also keeping a closer watch, a great deal of the trouble might have been avoided.

Just a few weeks ago the magistrate had occasion to refer to the old saying about sparing the rod, when he had a case before him, in which it had been shown that the boy had not been punished by his parents for his wrong-doing.

Dealing with boys is about the hardest task the court has to contend with. No judge wants to send a boy to jail, and in the majority of cases, where he has been found guilty of wrong-doing, he is allowed to go on suspended sentence, giving him another chance to make good. And when these cases have been heard, it has been shown time and time again, that had the parents had more control over the children, there would have been far less work for the police court.

It may seem strange to some who are not acquainted with the facts, but it is not an unusual thing for a mother or a father to tell the police magistrate that they have lost control over their children, and when it has come to this stage, it is, indeed, a sad state of affairs. ### LISTEN TO US

"We are only little ones, but we know Zam-Buk eased our pain and cured our sores. Perhaps it would cure you, too, if you tried it?"

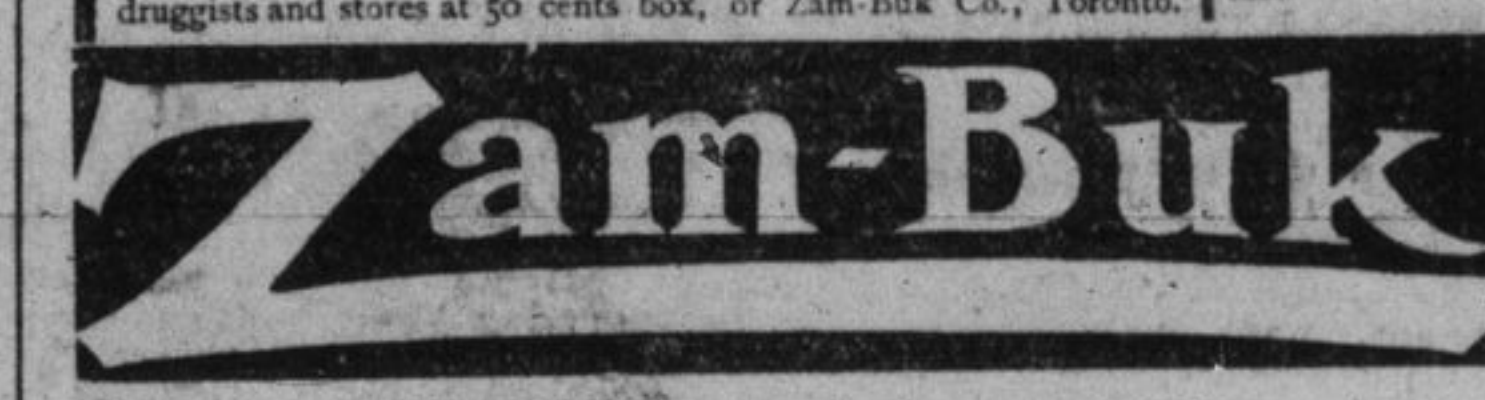

Isn't this sound advice from "babes and sucklings?" Take it! The speakers are the children of Mrs. L. Webster, of Seymour St., Montreal, and the mother adds weight to their appeal. She says: "My little girl contracted scalp disease at school. Bad gatherings formed all over her head, and not only caused the child acute pain but made her very ill. The sores discharged, and occurring on the scalp we feared she would lose all her hair. She was in a pitiable plight when we tried Zam-Buk,

but a few days' treatment with this balm gave her ease. Then the sores began to heal, and we continued the Zam-Buk treatment. In a short time she was quite healed. "My little boy sustained a serious scald on the neck. It set up a bad sore, and quite a few things we tried failed to heal it or give him ease. Once more we turned to Zam-Buk, and we were not disappointed. It acted like a charm in drawing away the pain, and soon healed the wound."

Zam-Buk is "something different" in the way of balms. It contains powerful healing herbal essences, which, as soon as applied to skin diseases, kill off the germs and end the painful smarting. Other essences contained there so stimulate the cells that new healthy tissue is speedily formed. Eczema, itch, ulcers, cold sores, abscesses, festering sores, blood poisoning, chronic wounds, skin cracks, etc., are healed and cured in this way. Use it for all skin injuries and diseases. It is also of great service for piles. All druggists and stores at 50 cents box, or Zam-Buk Co., Toronto.

### INVIGORATING TONIC

Miss Ella Muriel Wood, of Brownsville, Ont., says: "Two years ago I was going into a decline. I could hardly drag myself across the floor, I could not sweep the carpet. If I went for a drive, I had to lie down when I came back; if I went for a mile on my wheel I was too weak to lift it through the gateway, and last time I came in from having a spin I dropped utterly helpless from fatigue. My father would give me no peace until I secured PSYCHINE, knowing it was excellent for decline or weakness. I must say the results are wonderful and people remarked my improvement. Instead of a little, pale, hollow-cheeked, listless, melancholy girl, I am to-day full of life, ready for a sleigh-ride, a skating match, or an evening party with anyone, and a few months ago I could not struggle to church 40 rods from my home. I have never had the slightest cause to fear any return of the disease."
