

EVIDENCE LACKING

THAT DANIEL LASHA COMMITTED HOUSEBREAKING.

The Case Was Dismissed—Thousand Island Railway up to the Neck in Trouble—Passenger Coach Was Derailed.

Gananoque, March 18.—Daniel Lasha committed to Brookville gaol on Wednesday last to stand his trial for breaking into the home of Mrs. O. D. Cowan, Pink street, was taken to Brookville, yesterday morning, and was given a hearing before Judge McDonald, who non-suited the case. Accused was attended by Mr. Hutchison, of the legal firm of Hutchison & Fisher. Lasha returned to Gananoque yesterday afternoon. His many friends are pleased to know that Daniel, although the worse of liquor on the evening the house was broken into, could not in any way be connected with the latter offence.

Tax Collector E. O. Wilson reports \$3,422 unpaid taxes of 1909, of which \$3,176 is the taxes for 1908-09 on the old Canada Cabinet Co's Works, recently sold to W. J. Gibson. Settlement for which will be made at an early date, leaving only \$185.66 due. An extension was granted until April 1st, to complete the collection.

The T. I. R. line has been having considerable trouble during the past few days. On Tuesday a car ran off the tracks, Wednesday evening a defective wheel on a box car caused the derailing of the passenger coach the front truck of which was considerably damaged. Traffic was blocked until last evening passengers to and from the 1000 Island Junction having to be driven in cabs.

Samuel Cheatham, has disposed of his handsome carriage horse to a Newboro dealer in live stock.

Miss Essie DeLong held a piano recital for her pupils at the home of Mr. and Mrs. Joseph Meigs, Charles street, last evening.

Capt. "Dan" Kenny, has a gang of men at work fitting up his recently purchased steamer Columbia, which is expected to put on the Rideau Route this season.

W. Bedard, River street, who has been on the sick list for the past few days, has so far recovered as to resume his usual duties.

Arthur Cowan, has gone to Alberta where he proposes locating. Miss Eppay Orser, nurse, from New York city hospital, is spending some time here with her brother R. A. Orser, South street. Fox Cook, Arthur street spent a short time this week in Brookville. Miss Gillilan, Newboro is the guest of her sister, Mrs. Charles Clark, Sydenham street. Miss Walsh, of Walkerton, arrived here recently to take charge of the millinery department at Mrs. K. E. Baber's, King street. Mrs. Finmore, Ottawa, spending a short time with local relatives here returned home. Mrs. John Harding, Toronto is spending a short time here with relatives.

Will Dine With Victor. Rome, March 17.—King Victor Emmanuel will give a dinner in honor of former president Roosevelt upon the occasion of the latter's visit to this city.

Forty-seven square miles of timber fronting on the winter harbor at Quatsino Sound, B.C., is being purchased by J. N. Britton and S. A. Sizer, of Seattle, for an amount approximating \$175,000.

L. G. Carter, a sailor, who had visited many Chicago saloons during the night, shot and fatally wounded Michael Brennan, a conductor on an Ogden-Wells street car.

Maurice Butin, the French engineer, once director of the Panama canal, is dead.

St. John is to have a dry-dock.

SIGNALS OF DISTRESS

Kingston People Should Know How to Read and Heed Them.

Sick kidneys give many signals of distress.

The secretions are dark, contain a sediment.

Passages are frequent, scanty, painful.

Backache is constant day and night.

Headaches and dizzy spells are frequent.

The weakened kidneys need quick help.

Don't delay! Use a special kidney remedy.

Booth's Kidney Pills cure sick kidneys, backache, and urinary disorders.

Kingston evidence proves this statement. Mrs. M. O'Neill, of 263 Sydenham street, Kingston, Ont., says: "A constant, bearing down pain had settled across the small of my back. I was weak and languid and could not stoop over to lace my shoes without much suffering. Headaches were frequent and usually accompanied by spells of dizziness. I would take cold with the least change of weather and it would settle in the kidneys. The kidney secretions would become irregular and frequent and caused me to leave my bed several times during the night. Although I had tried several remedies I could find no relief. I tried Booth's Kidney Pills, purchased at Mahood's pharmacy on recommendation of a friend. They cured me as I have had no trouble since and can recommend Booth's Kidney Pills as an excellent remedy." Sold by dealers. Price 50c. The R. T. Booth Co., Ltd., Fort Erie, Ont., sole Canadian agents.

STERILIZED BARBER SHOP.

A Famous Shop in the Carrollton Hotel, Baltimore, Maryland.

The barber shop in the Carrollton hotel, Baltimore, sterilizes everything it uses in the shop. The sterilizing is done by heat. The towels, the razors, the strops, the soap, the combs and brushes are all sterilized before being used on a customer. Where there is no sterilization, have the barber use Newbo's Herpicide. It kills the dandruff germ, and it is an antiseptic for the scalp, and for the face after shaving. All leading barbers everywhere appreciate these potent facts about Herpicide and they use it. "Destroy the cause, you remove the effect."

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. \$1 bottles guaranteed. G. F. Mahood, special agent.

BILLS INTRODUCED

To Permit Civil Servants to be Sued for Debt.

Ottawa, March 18.—The insurance bill was introduced in the commons, on Thursday afternoon, by Hon. Mr. Fielding and given a first reading. Major Currie (North Simcoe) introduced a bill to amend the law passed last year, requiring all railway trains to reduce their speed to ten miles an hour at all grade crossings where accidents have occurred during the past ten years. Mr. Currie's amendment regulates the whole question to the railway commission. Travellers and shippers, Mr. Currie said, were complaining of the delays caused by reducing the speed of trains at numerous level crossings.

Mr. Beauparlant introduced a bill to permit the attachment of the salaries of civil servants for debts. He said that a laboring man earning \$1.50 a day might have his wages seized, while a public official earning a much larger sum in a much easier manner, might laugh at his creditors.

PROVED TO BE A FAKE.

Stoutest Supporters Receive a Death Blow.

Berlin, March 18.—The theory of Dr. Lode, the well-known art expert, that the wax bust he purchased some time ago in England was the work of Leonardo di Vinci received today, what even he and his stoutest supporters must admit is a death-blow. An independent analysis of the wax bust which the bust is composed of has been made by Dr. George Pickus, a prominent member of the German Chemical society, and the result appears in the leading chemical journal. Dr. Pickus found that the wax is the best is a composition of lac, spermetin and beeswax. An spermetin was unknown until 1700, the bust could not have been made by d. Vinci.

Compulsory Arbitration Must Come Canadian Courier.

Compulsory arbitration of labour-disputes is something which both labour and capital profess to fear. Yet the events in Philadelphia during the present street-car strike indicate that it is a necessity under modern conditions. In the Lemioux Act, an idea proposed as a remedy against industrial conflicts. The law is done much to prevent strikes and to force a settlement of disputes. It is not a cure-all, but it has more than fulfilled the hopes of its framers. During the present session of Parliament it will be improved and extended, and in future it should be even more beneficial.

The Lemioux Act is, however, only voluntary arbitration. It must be followed eventually by compulsory arbitration of some kind, especially in regard to service on public utilities. Public harm results because other factories go out on strike, not much public harm results because other factories can usually supply the deficiency in production. When, however, the employees of a street-car system, a city telephone service, a steam railway or other large public utility go on strike, general business suffers within the sphere of this conflict. Here the public interest is more important than the individual right of a body of employees to go out on strike or the individual right of a corporation to cut wages or impose a lock-out. Compulsory arbitration is a shackles because other factories to some extent, but it should be introduced where the public interest is greater than that of trades unionism.

Ontario Wealth Disappearing.

Toronto Globe. The revelation before the provincial public accounts committee regarding the immense fortunes secured by two of the tenderers for Gillies limits goes to confirm the suspicions that were aroused by the unusual course of the government. A lot described as A23, containing about twenty acres, was bought by Messrs. J. J. Young and M. J. O'Brien for \$10,500, an ordinary price for tenders taking chances on the discovery of minerals. After spending about \$3,500 developing and disclosing the value of the ore bodies this lot was sold to a mining company for \$330,000. The sale was made after a careful inspection by mining experts on behalf of the purchasers. This was exactly what was expected by critics who had watched the peculiar course of the government in administering this rich heritage of the people, but no one expected the disclosure to come so soon. The rights and interests of the Province have been sacrificed either through the grossest stupidity, or by schemes and devices suspected by many of the friends as well as the opponents of the government. Such disclosures deepen the feeling of uneasiness regarding the safety of Ontario's heritage under present supervision. This one great store of wealth is gone, and if the public do not express vigorous disapproval more will follow.

Case in a Nut Shell.

New York Herald. About one-half of the \$300,000,000 a year trade between this country and Canada is in articles dutiable on either side of the border. Unless some agreement can be reached, and President Taft is impelled to impose the maximum tariff, Canada will retaliate with its curtail and trade in those articles will be lost.

While the American and Canadian peoples will be quarrelling over the shadow Germany will get away with the substance. American manufacturers will lose the trade and the Canadian people will be compelled to pay higher prices for inferior goods.

Sir John Hare Not Coming.

Ottawa, March 18.—The lack of dramatic entries for the Earl Grey dramatic competitions, together with the criticisms on the method of judging hereto, has had an effect. Sir John Hare will not come to Canada to judge the amateur productions in Toronto, instead there will probably be three judges selected from the dramatic critics of Canadian newspapers and appointed by Earl Grey, one from Montreal, one from Winnipeg, and one from Ottawa. Norman Smith is likely to be the Ottawa member.

Hamilton's parks board will pay twenty cents per quart for tussock mths.

The G.T.R. is negotiating for a terminal station site in St. John.

INVESTORS!!! MONEY-MAKING OPPORTUNITIES

In our advertisement of last week we informed you that we were opening a department for the handling of syndicate accounts. By the word "syndicate" we mean the joining together of a number of small cash accounts and the utilization of the total sum for the investment of money in New York stocks. By this method the small investor obtains a footing equivalent to the man with a large bank account. For instance if a man had \$100 in New York, the least he could get would be ten shares of stock and his \$100 would protect him ten points. A market, such as we have at present, is capable of moving as much as twenty-five points, although this seldom occurs. Therefore, the small investor would be wiped out of his money and have nothing to show for it. By putting his \$100 into a pool and operating the pool along conservative lines, large percentage profits can be made. This is what we are doing.

The following are a few instances of what money will do operating in stocks, taking the range of prices of yesterday, the 11th inst., as an example, the amount of money in use being \$99 in each case, the profits being for the day alone—  
By selling 20 Union Pacific... \$80 could have been made.  
By selling 20 Reading... 40 could have been made.  
By selling 20 United States Steel... 40 could have been made.  
By selling 20 Southern Pacific... 40 could have been made.  
By selling 20 American Copper... 60 could have been made.  
By selling 20 Smelters... 40 could have been made.  
It will be seen that \$10 is the lowest profit on any one of the above six mentioned stocks, and \$40 in a day on a \$99 investment means enormous profit. Figure it out for yourself. While this percentage cannot be made daily, yet an average of more than 20 per cent. is assured on absolutely safe grounds.  
Send us a deposit and let us show you how it will grow.  
By having a large number of accounts, we will make a great deal of money for our clients, and by so doing will make a fair return on the work involved, out of our commission. We charge the regular brokerage commission of one-eighth each way for buying and selling, that is for every 100 shares, \$12.50 for buying and \$12.50 for selling.  
Put some of your money with us, and do it now. The market is in a splendid trading condition, and small

amounts will grow very rapidly. You can, as we have pointed out before, always withdraw if you do not care to leave your balance open. All we ask you to do is to let us demonstrate to you what can be done in the money-making line by conservative investment in New York stocks. Write us and open an account to-day. You cannot make money faster in any other line of business. You cannot put your money out and have it placed at anything like the earning power that you will have here.

COBALT STOCKS

Cobalt stocks show signs of greater activity. There is an extraordinary demand for good Cobalt properties, and the control of Cobalt mining companies by American capitalists. Temiskaming recently struck very rich ore at the 425-foot level, demonstrating the fact that the Cobalt camp is not a shallow one, and that this mining region is proving itself to be one of the mining wonders of the world. The gold discoveries in the Porcupine district are also turning out wonderfully well. We strongly recommend the purchase of Temiskaming, Cobalt Lake, Gifford and Beaver. Write, telephone or wire us your orders. Let us make you money. We have done it for others.
