THE CLIMAX

Will be Event at the Grand Opera House.

The amusement-loving public of this city will be gratified to learn that the play "The Climax," by Edward Locke, with incidental music by Joseph Carl Brill, is the attraction announced at the Grand for next Friday and Saturday evenings, and Saturday matinee. The story of the play is said to be refreshing and charming, a welcome departure from the ordinary stories one finds in plays. There is no woman with a wicked past, no domestic vows broken, but a story so set off with appealing humor and prettiness that it finds a responsive chord in the hearts of its auditors. The piece will be presented by a splendid cast of Broadway players.

"Fluffy Ruffles."

If you would rather laugh than cry, and if you enjoy fun and frolic—don't that is deliciousness, you will be at the Grand on Easter Monday, matinee and night, when "Fluffy Ruffles" appears in the hearts of its auditors. The piece will be presented by a splendid cast of Broadway players.

Help You To Remember

Tells How Forgetfulness, Poor Memory and Loss of Words Can be Cured.

The experience of George P. Chandler, who is a well-known resident of South Plainfield, is convincing evidence that the uncertain memory of elderly people is something that can be largely overcome.

GOOD SUNDAY WORK

MADE FOR PEACE, ORDER AND GOOD GOVERNMENT.

Not Deemed Wise to Say More Than That Negotiations are Proceeding—Seeking to Have the Rush-Bagot Treaty Revisited.

Special to the Whig.

Ottawa, March 22.—Before the orders of the day were called, Mr. LeMoine (South Simcoe) called attention to the press despatches relating to the conference at Albany, between the Canadian finance minister and President Taft, in regard to the tariff question. He asked whether the reports were substantially correct and whether it was a fact that a conference between President Taft and Mr. Fielding did take place on Sunday, and further, was the invitation of Mr. Taft for a Sunday conference.

Montreal Herald. The total import and export trade for February, for instance, was eight millions greater than in February of a year ago, a gain of over a fifth. For eleven months the gain has been a hundred and four millions, again a good fifth. Of this the gain in exports was thirty-two millions, in imports sixty-eight. The customs revenue has increased at the rate of a million a month. The excess of imports over exports is the sign, easily recognizable, of the renewed inflow of investment capital, which is exerting a stimulating influence upon industry and commerce that permeates to the farthest corners of the Dominion. Things are moving. Men and money are coming this way, and markets are opening up. It is true there is a much to be apprehended disposition to close one market but that danger may pass.

Denver Star. Joseph H. Choate, the brilliant and learned lawyer, said recently at a dinner in New York, apropos of the movement towards barring insanity as a defense for murder: "The insane, you know, are too prone to take advantage of their weakness. A lunatic, out walking with his keeper, saw a can of beer in front of a grocery. He broke away, ran to the case, and opening a bottle began to drink it down, at the same time rattling with the other hand, other bottles into his pockets just as fast as he could. "Here, here," said a policeman; "this won't do." "Go away," said the reply. "You can't do anything to me. I'm a lunatic and I'm not responsible for my actions."
