MASON HAD SALT RHEUM

ON HANDS FOR YEARS-COM-PLETELY CURED FIVE YEARS AGO BY

CHASE'S OINTMENT

There is nothing worse for eczema and salt rheum than cold water. For this reason many people are afflicted in cold weather only.

such ailments than bricklayers, and

Luenburg, N.S., writes :-- "I was a great sufferer from eczema and sait theum for years and could get nothing which seemed to be of any real benefit. Five years ago I got a box of Dr. Chase's Ointment and three boxes of Dr. Chase's Kidney and Liver Pills and this, treatment cured me so that the old trouble never returned. My skin became as soft and smooth as a child's after using Dr. Chase's Ointment and I shall always say a good work for it."

Very many people suffer from skin affections in the cold weather and try one thing after another without obtaining the marked and lasting benefit which comes with the use of Dr. Chase's Ointment.

The Youngest Admiral.

Captain David Beatty will shortly have the distinction of being the youngest rear-admiral in the British navy. His forthcoming promotion at the early age of thirty-eight has been the subject of a special Order in

J. R. S., in Montreal Standard.

To qualify for promotion under the regulations a captain must have served during peace time for a total period of six years. The Admiralty petition sets forth that, owing to the abnormal shortening of the time on the captains list, it is anticipated that Captain Beatty will reach his turn for promotion before, he completes

the full period of six years. It is also pointed out that he was severely wounded in action in China, receiving an appointment for a considerable period

directs that Captain Beatty shall be from a mountain spring. He was no promoted to flag rank in his turn, notwithstanding the regulations.

De Cosmos Talked It to Death In Twenty-Six Hours.

Mr. De Cosmos, a member of the Legislature of British Columbia, certainly deserved the medal for lung power, and he won it seemingly in a good cause and at grave risk to him-The chamber was considering a bill that would drive many settlers from their homes, and there was a sufficient majority to pass, it. The end of the session was only a day and two hours distant. At noon on the morrow the House must close its business: De Cosmos was desperate. He must stop the bill, and there was only one way to do it. He would have to speak right on till the end of the session and prevent a division being

It was 10 o'clock in the morning when he rose to "make a few remarks in regard to the measure before the House." Eleven o'clock came, noon, o'clock, and still De Cosmos talked Members in a spirit of jest omitted to adjourn for lunch in order to see how long he would keep going. The afternoon waned, the sun went down and lamps were lit, but De Cosmos never faltered.

The situation was becoming serious. and was consequently prevented from He certainly held the floor and seemed likely to keep it. All sorts of plans were tried to get him to stop, but In these circumstances the Order | eloquence poured from him as water allowed to halt for food, though he was permitted to drink.

The Speaker insisted on keeping to the question before the House and objected to him repeating himself. Through the watches of the night Deevaded all traps of "order." He went manfully on with his speech as the dawn broke, kept up a slow pace as On the last stroke of that hour

proached the hour of 12.

How They Broke Up.

An amusing story is related in "Canadian Savage Folk" of the man-Excessive gaming has always been ner in which an adjournment was prohibited by law, and in the time of taken by a mass meeting. A mission-Henry VII. archery was the only ary who had started a school among game of any kind that was not un- the Indians net with opposition, and
