### TO HOLD BIG REVIEW

OF TROOPS IN KINGSTON ON VICTORIA DAY.

A Company From Watertown, N.Y., May be Invited—The Celebration Promises to be a Fine One.

A general meeting of the Victoria day celebration committee was held on Wednesday evening, and many important matters were settled. Every committee was well represented and all had their programmes ready with the amounts needed.

For the military end, there will be a big review in the morning with all the troops out, including a company of the American soldiers. Just where the Americans will come from is not known yet, as many places have been heard from. At the present time Watertown has the preference, and in all probability the Watertown boys will again visit the Limestone City. They were here last year, and made an excellent impression. In the afternoon there will be four events pulled off by the soldiers. What they will be will be arranged later by the officers. For these four events \$150 has been given by the finance committee. These events are exclusive of the running race for R.C.H.A. horses.

The horse racing committee next presented its report and some changes were made in the original. The four events will now be: 2.16 class, trot or pace, \$400; 2.25 class, trot or pace, \$300; 3-minute class, trot or pace, \$250; running race, R.C.H.A., \$50.

The first three will be mile heats, best three in five, five to enter and four to start. It was also decided that five seconds could be allowed trotters in all classes. In case Ald. Samuel McBride cannot be secured as starter, J. Renaud, of Ottawa, who gave such good satisfaction some years ago, will be secured. J. Gibson, Gananogue, J. Sowards and W. H. Carson, Kingston, were agreed on as judges, with C. Horne and Dr. E. Hanley as timers. The chairman, Dr. Ross, W. H. Carson, and George Dargh were appointed a committee to fix up the track.

The sports committee presented a short report, asking for \$150, the main attraction being baseball matches. Other sports will be arranged later.

Collectors were appointed to cover different parts of the city. Everything is now in line running order, and points to a fine celebration.

**Used a Babcock Only.**  
At 10.30 o'clock this morning the firemen received a telephone call to the home of W. Gates, corner of Rideau street and Raglan Road, where a chimney was on fire. The men were quickly on the scene, but the contents of the Babcock extinguisher was all that was necessary to put the blaze out.

### Died in General Hospital.

The death occurred in the general hospital on Thursday night of James Victor Morley, youngest son of the late John Morley, Westbrook, after a short illness. The deceased was a brother of William Morley, contractor, York street, from whose residence the funeral will take place on Friday afternoon.

### Made a Generous Offer.

It was reported to-day, that a farmer living in the Kingston district, who is sadly in need of help, made the generous offer of \$5 per month, to one of the new arrivals from the old country. Needless to say, the offer was turned down. Men are being paid at least \$10 and \$12 per month, but this farmer said that he thought he could secure lots of men at his figure.

### Were in Search of Work.

Two men, who claimed Brockville as their home, were given a night's lodging at the police station, and this morning they set out to look for work—at least, they claimed they were looking for work, but when a citizen offered them both a place with a well known farmer, they said "no thanks" and hurried away. They were of the Weary Willie class, and did not care to work.

### The Late Samuel Harkness.

The funeral of the late Samuel Harkness took place Thursday afternoon from his late residence, Brock street, to Cataract cemetery. The funeral services were conducted at the house by the Rev. Dr. Mackie. The casket was covered with beautiful floral tributes from sorrowing friends, in and outside the city. The pall-bearers were Thomas McCannion, Henry, William and John Harkness, nephews, and the two sons-in-law of the deceased, Harry Coyle and George Bruce. The funeral was largely attended.

DUKE OF WESTMINSTER. Member of Harrington Polo Club, London, who will shortly visit Kingston to compete for the international cup.

### THE LATE FRED. HANLEY

Passed Away in the Hotel Dieu After Long Illness.

Just before noon to-day, Frederick Hanley, son of late Thos. Hanley passed away in the Hotel Dieu. The deceased, who was about thirty years of age, had been a patient sufferer for over three years, fighting bravely against overpowering odds, until the last, only giving in a few weeks ago when he was forced to take to his bed. The late Mr. Hanley was born and brought up in this city, where he spent most of his life, having a host of friends, who sincerely mourn his death.

Deceased for some years successfully conducted a tobacco store on Princess street, and by his conscientious manner had established a fine business, when his health failing, he was forced to give up. Shortly after this he left for the Pacific Coast, where the climate seemed to agree with him and his health became greatly improved. About two years ago he returned to the city, and remained at home until the time of his death.

"Fred," as he was familiarly known, was the same bright, cheery chap at all times, and was extremely popular with all who knew him. He leaves three sisters, Miss Loretta, at home, Mrs. C. A. Morrison, Bagot street, and Mrs. Arthur Neish, New York, and two brothers, Joseph P. and Alvin, in Kingston, James and Cleary, New York, and Frank in the Yukon. He was a member of St. Mary's cathedral. The funeral services will be conducted on Saturday.

His Real Fear.

Literary Review.

In a book of reminiscences which has just been published by Capt. Henri Choppin are some interesting and amusing stories of Gen. Marquis de Galliflet, who died recently. The general was one of the bravest men in France, and one of the wittiest. When he was a major in the twelfth army corps quartered at Limoges, the marquis saved a lady and her son from under the wheels of an express train. He only saved himself by hanging on to the buffer in front of the engine, and swinging himself up out of danger. When the train stopped, a friend rushed up to him and asked him what he had felt.

"Fear," said the marquis.

"Not you," said his friend.

"It's perfectly true," said de Galliflet; "I felt my braces giving as I swung myself up, and I was deadly afraid of what might happen next!"
