

ENJOY YOUR MEALS

By Simply Eating a Little Pleasant Tablet After Each of Them.

A Tablet Digests A Meal—Trial Package Free.

When digestion is perfect the fluids necessary to this process come naturally to the aid of the stomach. They are of right proportion and do their work speedily and well. When indigestion and dyspepsia are prevalent, those same juices come slowly if at all, are weak and insufficient or are filled with strong acids and alkalies.

When such a condition exists each meal is a hardship upon the digestive organs. The meal should strengthen the juices, but on the contrary it weakens them, so that man by the very act of eating causes conditions to arise which of themselves bring him pain and longing for the next meal.

By eating one of Stuart's Dyspepsia Tablets you mix the tablet with your saliva and it goes into your stomach a strong, vigorous fluid, many times more powerful than the natural digestive juices. These tablets are made from natural vegetable and fruit essences and are composed from Hydrastis, Golden Seal, Lactose, Nux, Aspic, Pepsin and Jamaica Ginger. There is the formula and one grain of it will digest 3,000 grains of food in any stomach. Beside digesting the food it will give the blood the power to enrich the digestive fluids so after a time nature will take care of itself.

Though you have no stomach trouble one of these tablets after each meal is a powerful assistance to nature and is an excellent habit to make.

Go to any druggist and ask his opinion of Stuart's Dyspepsia Tablets. We will abide his answer if he be an honest man. They sell for 50c. per package. Send us your name and address and we will send you a trial package by mail free. Address F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.

Curing Catarrh
Accept Our Advice And Try This Remedy at Our Risk

Catarrh is a disease of the mucous membrane. The mucous membrane is, one may say, the interior lining of the body. Catarrh, therefore, may exist in any part of the system.

When the catarrhal poison attacks the mucous membrane, inflammation and congestion are produced and nature fails to throw off the accumulated poisons. The organ which has been afflicted ceases to perform its proper function as nature intended it should. The result is, complication upon complication, which may lead to other even more serious afflictions.

We honestly believe Rosall Mucos-Tone will do wonders toward overcoming catarrh. It is made from the prescription of an eminent physician who made a long study of catarrh, and his great success with this remedy was an enviable one.

We want you if you are a sufferer from catarrh in any form, to give Rosall Mucos-Tone a thorough trial. Use it with regularity and persistence for a reasonable time, then if you are not satisfied, come back and tell us, and without question or formality we will hand back to you every cent you paid us. This is certainly the fairest offer that anyone could make and should attest our sincerity of purpose. It comes in two sizes, prices 50c. and \$1. Remember you can obtain it only at our store, The Rosall Store, G. W. Mahood.

WILL HEALTH, ITS CAUSE
Sluggishness of Liver and Bowels.
It took me a long time to learn, and big doctor bills in the bargain, writes Mr. Ogilby, of Winnipeg, that the disturbance of my system was due simply to liver and bowel inactivity. A sleepiness and languor extinguished my old time ambition. I fear irritability of temper added little to the comfort of my family, yet the headaches, general misery and melancholy forebodings that weighed me down ought to be considered. Tonics, electric treatment and mineral waters, return failing to cure me, the advertising of Dr. Hamilton's Pills and the testimonial supporting the claim of great medicinal virtue induced me to try them. The result of even the first box made clear that my own body was making its own poison, that by driving it from the system and removing the cause which undoubtedly resided in the liver and bowels, by Dr. Hamilton's Pills, my health would be as good as ever.
It seems certain to me that more than half the sickness we see about us is caused by carelessness in keeping the bowels open and the liver active. Dr. Hamilton's Pills I found do both, and do it better than other remedies. 25c. per box, at all dealers.

A VERY OLD BUILDING

The Toronto Globe's Magazine section, a week ago, contained the following from its correspondent: "There exists in Kingston to-day in the heart of the city, a little frame house in which the first Government of Upper Canada was organized, in the year 1792, by Governor Simcoe. That historic structure is of old French design, as were all the old buildings of Kingston at that period. It is situated on Queen street, just below St. Paul's Anglican Church. The corporation of the city has been time and time again urged by historical societies to purchase the little building so as to ensure its maintenance, but at the rate of building

ODDFELLOWS OUT

ON PARADE TO SYDENHAM STREET METHODIST CHURCH.

On Sunday Morning for Divine Worship—Rev. W. H. Emsley, of Napanee, Was the Preacher.

On Sunday, the ninety-first anniversary of the founding of the O.D.F.F. order, was celebrated by divine worship, in Sydenham street Methodist church, at eleven o'clock, when a most interesting sermon was delivered by Rev. Bro. W. H. Emsley, Napanee, a member of Brandon City lodge. The service was very largely attended by the order, nearly six hundred Oddfellows being in line, and it was a pleasure to see so many walking with firm step and erect bearing to worship together, men who, as the pastor said, were bound together with love, stronger than steel, were bound with bonds of fellowship, truth and love. And each man as he passed into the house of God, seemed, by the look on his face, to be proud he belonged to the order. The members of the three lodges, Catarqui, Kingston and Granite, met at the Y.M.C.A. building at 10.15 o'clock, and thence marched in procession to the church, preceded by the Canton in uniform.

Before beginning his sermon, Mr. Emsley said he wanted to say a few words to the people in the gallery and the rear seats, who did not belong to the order, to explain to them what it was. What does it mean? Some say when Oddfellows attend divine worship, that they are a secret society, gathered together for advertisement. "Think of it, an order of over two million men, gathered together in God's house to day, all over the world for advertisement." The speaker then gave a history of the order from the founding of the first lodge by Thomas Willey in 1819, until the present day.

"My text this morning will be a three fold one," said the preacher. "Friendship, Love and Truth, the order's three links." The first text was from John XV, 15: "I have called you friends." The second was from John II and 10: "That ye love one another" and the third from Psalm CXIX, 30: "I have chosen the way of truth."
Mr. Emsley said that the order had assembled for a worthy desire and to honor God. We have ample belief in the coming brotherhood of man, and it is the desire of the order to put it in such form that there cannot be a neglected case of Oddfellowship distress in the world, and we may modestly claim that we have visited the sick, and needy, buried the dead, educated the orphan, and helped the widow. These are all Christlike acts upon which the belief of heaven rests. The speaker went on to say that the order was secret, but secret only as a man has secret desires, thoughts and emotions. "If you would enjoy a larger outlook, and a better social life, you must choose your friends. The doors of the Oddfellows lodge open open no wider to admit a king than a peasant, a millionaire or a laborer. In closing Mr. Emsley said that the three links, tested for all times, "Friendship," always under all conditions, inexhaustible "Love" ever changing, pure, "Truth," ever true. In referring to the ninety-one years of existence of Oddfellowship the speaker said it was only a handful of years, yet it is gently rolling along and the end will answer the last of all of grand lodges.

During the service, William Evans sang "My Peace I Leave With You," assisted by the choir, and Mrs. James Small and Mr. Evans sang "Tarry With Me, O My Saviour."

Couple Were Sent Back.
A couple who came into the city, on Saturday, from near Sharnbot Lake, were very much disappointed when they made the trip over to Cape Vincent, and were turned back by the immigration agent, as they had not the necessary \$25. The agents are very strict on both sides of the line.

William Henry Blasdell died in Toronto on April 22nd. He was a son of the late Canon Blasdell, of Trenton.

Was Born in Kingston.
John P. Laving, the oldest man in Toronto, died at the home of his son-in-law, D. H. Fletcher, 246 Victoria street, on Saturday. Mr. Laving was born in Kingston ninety-nine years ago, and lived in Toronto for fifty years. He was a schoolmate of the late Sir John A. Macdonald and the late Sir Oliver Mowat, and used to say laughingly, "Sir Richard Cartwright was too young to play marble when I left school. He was only a baby then."

Wedding at Elgin.
A pretty wedding took place at Elgin, on Monday, 18th, when Miss Ada, daughter of W. Flood, was united in marriage to Almand Chestman, a prosperous young man of that place. The bride was becomingly gowned in orange satin, with hat to match. The orange couple left for Kingston and other points and on their return will reside at Maberly, where the groom has a comfortable home awaiting his young bride.

Starting Boat Livery.
Kingston Mills, so well patronized by picnickers and fishing folk, has lacked a boat livery and one is being established down there by William Davis and R. J. Bennett, of this city, who have purchased the small boats in the livery on the Yacht Club property. They will establish their business in the vicinity of Cushee L.I.

AT POLICE COURT.

Three Offenders in Line-up Monday Morning.

"Drunk again" was the greeting the magistrate gave to Henry Williams, when the latter stood up.

Williams had nothing to say and the magistrate imposed a fine of \$5 and costs, or one month in jail, on Monday morning.

Reinhard Jacobs said that his home was in New York city. Vagrancy was the charge registered against him. At an early hour, on Monday morning, a squad of police visited the barn at the rear of the Randolph hotel and found Jacobs asleep in the hay. He was aroused and taken to the police station.

The accused said that he had been working on the steamer A. E. Ames. "And, why didn't you not stay on the Ames?" asked the magistrate. "Because I had trouble with the firemen; we could not agree."
Jacobs was remanded, and steps will be taken to have him deported.

WAS SAVED BY A FILE.

Capt. Daryeau's Miraculous Escape at Charlotte.
Capt. Chauncey Daryeau, of the schooner Ford River, who had such a miraculous escape at Charlotte a week ago, in the accident that caused the death of his nephew, David Daryeau, is in the city. It will be remembered, the accident took place while the schooner Ford River was being loaded with coal at Charlotte, Daryeau being struck with the coal chute.

Capt. Daryeau said that he had a very narrow escape. He was at his work, near one of the piles, when the mishap occurred, and a heavy chunk of iron struck the pile, at his side, and crushed it to pieces. One of the men on the schooner was struck in the head by a piece of coal, and several stitches had to be placed in his head. The adjourned inquest into the cause of the accident, was resumed at Charlotte, on Monday afternoon, and it is expected that all the evidence will be concluded at this session.

"The Soul Kiss."
A rare treat is in store for local theatregoers in the announcement that "The Soul Kiss," the merry musical comedy which has enjoyed a run of three hundred performances in New York, will be the attraction at the Grand on Wednesday, April 27th, matinee and night. Heading this delightful musical entertainment will be found Miss. Petina, a premier danseuse who has been the sensation in both France and Germany. The critics and public both unite in pronouncing her the only rival who bids fair to out rival Maud Allan in both the classic and the modern dance. In support of Miss. Petina, a competent company of seventy-five funmakers have been engaged to interpret the different roles, while the chorus is heard and seen to excellent advantage in the ensembles. Throughout the unfolding of the somewhat important story, Maurice Levi has introduced musical numbers of the quality which almost forces the feet to get active. Julian Mitchell is responsible for the staging of "The Soul Kiss," which is attractive and picturesque at all times.

A West End Land Boom.
An effort is being made to create a land boom in the west end of the city on Victoria street, from Johnson to Union street, where Isaac Allan is erecting a number of houses. That locality seems to be very popular and promises to be completely built up during the next few years. If Victoria street could be continued right down to Union street it would be a good thing. Mr. Allan has dedicated land to the city to extend the street a distance down between Earl and Union streets. To reach Union street, a dedication of a portion of the Donnelly property is needed. Victoria street would then have a free run to the water's edge, as it would connect with Beverly street at the corner of Union street.

Dangerous Dandruff
Will Make Canada a Baldheaded Nation if Not Checked.
M. Pasteur, the great French physician, of Paris, once said: "I believe we shall one day rid the world of all diseases caused by germs."
Dandruff is caused by germs, a fact accepted by all physicians.
Dandruff is the root of all hair evils. If it were not for the little destructive germs working with a persistence worthy of a better cause, there would be no baldness.
Parisian Sage will kill the dandruff germs and remove dandruff in two weeks or money back.
G. W. Mahood guarantees it. It will stop itching scalp, falling hair and make the hair grow thick and abundant.
It puts life and lustre into the hair and prevents it from turning gray.
It is the hair dressing par excellence, daintily perfumed and free from grease stickiness. It is the favorite with women of taste, and culture, who know the social value of fascinating hair.
A large bottle costs only 50c. cents at leading druggists everywhere, and in Kingston by G. W. Mahood. The girl with the Auburn hair is in every package.
