

MR. HERMAN DYING OF STONE IN THE BLADDER

Gin Pills passed the Stone

513 James St., Hamilton.
 "Four years ago I was taken down with what the doctors called inflammation of the bladder—intense pains in the back and loins, great pain and difficulty in urinating. The pain was greatest in the region of the bladder, and the attacks, which became more frequent, amounted to unbearable agony, and I became so weak that I could not walk across the floor. Doctors could do nothing to help me. My wife read in the paper about Gin Pills and sent for a box.
 From the very first I felt that Gin Pills were doing me good. The pain was relieved at once, and the attacks were less frequent. In six weeks the Stone in the bladder came away and the pain stopped entirely. I have had no return of the trouble and have not lost a day's work on account of it. I cannot express myself strong enough when I speak of what Gin Pills have done for me. When I remember how I suffered, and how now I am healthy and well and strong and able to do a full day's work, I feel I should speak and tell other sufferers of my experience and of the wonderful merits of Gin Pills."

JOHN HERMAN.

Skin Diseases

Under this name such troubles as Salt Rheum, Eczema, Erysipelas, Tetter, Shingles, Psoriasis, Scurl, Itching Rash, Eruptions, Boils, Pimples, etc., are included. Skin diseases, as a rule, are not dangerous, but are unsightly, irritating and often terribly annoying to the sufferer; they depend mainly on bad blood, from one cause or another, for if the blood is pure and the circulation good no skin disease can exist, except it arise from lack of proper cleanliness or from contagion.

To get rid of skin diseases it is necessary to observe strictly all the laws of health, maintain regular action of the bowels, avoid high living, eating only plain nourishing food. Cleanse and keep the blood pure by taking Burdock Blood Bitters, which unlocks all the secretions, and makes new rich blood by acting on the entire system.

Mrs. E. M. Myers, East Jeddah, N.S., writes: "I don't think there is anyone in this Dominion can recommend Burdock Blood Bitters more than I can. I suffered terribly with Salt Rheum for six years, and did everything for it without relief. For curiosity sake I bought six bottles of Burdock Blood Bitters, and it completely cured me. I would advise others to use it."

For sale by all dealers. Manufactured only by The F. M. Myers Co., Limited, Toronto, Ont.

ONTARIO RICH IN MANLY YOUNG MEN

Guelph Herald.

If there is one thing more than another that strikes one forcibly about his resoluteness of purpose in reaching for a position for himself and his reasoning that he can accomplish it, the average Canadian boy of to-day it is that there are so many opportunities to aid in carrying out such things.

President Creelman tells a good instance of this sort of thing which has not been brought out before. He relates in these words:

When I came to this institution five years ago, I found that in the safe of the President's office there was a cheque book on a bank in Guelph with a deposit of \$1,000 in the bank to my credit. It looked to me that that was pretty nearly found money for me. I went on further in the investigation and discovered by writing to Dr. Mills that the will of the late W. H. Massey the man who gave us the building, said that a certain number of the which would be sent to the interest of Massey-Harris shares the interest of the Agricultural College, was to be used to assist worthy boys and girls to get a better understanding of rural conditions, so that when they went home they would be better citizens. I considered this very broad and wrote to Dr. Mills and said, "I have two or three in-

statements, until now it is \$1,000, and I do not know what to do with it." The story is this, that I went carefully through the cautious body without letting them find out what I was about, to see who were the worthy boys and girls, because we were just starting then. I wanted to find out the students who were borrowing money, either at high rate of interest or from somebody who would want it back too soon, boys who by virtue of fact that the younger boys at home had come along and required an education found less fund available for them.

I picked out twenty young men and arranged a private interview with each one in my office. I said, "I want to have a confidential chat with these were quite open with me and told me where they were getting their money and how hard it was in some instances to get it; and then I said, "I want to help you; I have a fund in my possession which will help you and I want to make you a present in the name of W. H. Massey, of fifty dollars apiece, you twenty men taking away \$1,000." I want to say that not one man in that whole number would accept the money as a gift and I was not surprised. These young men said to me individually, "for each one had said it in different words but all leading up to the same thing: "We expect to work our way through this school and

we do not expect to take money from anyone. We realize your position, but you will have to give it to somebody else." I thought this a splendid tribute to the young men in the Province of Ontario. You will be curious to know what I did with the money. I happened upon this scheme. I put up a notice on a bulletin board, "To Whom it May Concern: through the will of the late W. H. Massey, a sum of money to be used for the assistance of worthy boys and girls at this institution. There must be some young men or women in this school who, by virtue of the fact that circumstances have changed at home or they want to take a longer course, but their money has run out sooner than they expected, require additional ready money. If there be any such in the student body, I would be glad to lend them up to \$100 on their notes without interest, to be paid back in their own time." I have had men and women of Ontario would not accept it as a gift, but they were willing to take the money as a loan, and while that has been going on for five years we have never lost one cent yet and no note has ever gone over the time when it was due.

Many of us can recollect the days when such opportunities for self-advancement were not forthcoming—when the road to success was paved with everything but such kindly offers. It is, however, good to know that the boys are all right and do not want charity, but will refuse assistance.

MANY 'PHONE GIRLS MARRY.

Pittsburg Companies Find it Hard to Keep Employees.
 The matrimonial bee finds its way into the heads and hearts of sixteen per cent. of the 1,200 or more telephone operators employed by the two companies operating in and about Pittsburg. Statistics furnished by those in authority a few days ago substantiate this claim and this is one of the reasons telephone companies are obliged to keep their training schools busy from day to day.

Most of the girls are taken into the employment of the telephone companies between the ages of eighteen and twenty-three, although some are as young as sixteen, while others are past twenty-three. The company realizes that this is a young woman's most advantageous age from a matrimonial standpoint, although some have continued in the service fourteen years or more before braving the storms of matrimony. The greatest drain on the service occurs in the months of June or December, or just at the close of Lent, when many of the girls leave the service.

Chicago's Oldest Cat Dead.

Chicago News.
 Old Ben, declared to be Chicago's oldest cat, died recently. The death of Ben, who for almost nineteen years has been regarded as a fixture in the store of the Merz Drug company, West Twelfth street and Ogden avenue, has brought sorrow to hundreds who had known and petted him. He died of old age. But sorrow is not everywhere in evidence on the West Side, by on hearing that he had passed away. Every dog in the neighborhood is rejoicing, for, although a staunch friend of mankind, Ben proved himself a veritable thorn in the side of every dog within blocks of his home. His reputation as a fighter, it is said, far eclipsed that of any feline pugilist on record.

KIDNEY TROUBLES

Are Overcome By **Dr. Morse's Indian Root Pills**

The kidneys have a very important work to perform in preserving health.—All the blood passes through them over and over again and they filter it, removing all the impurities and worn-out muscle and tissue which the blood gathers up, in microscopic particles, in its flow through the body. These impurities are then expelled through the urinary system.

When the kidneys for any reason fail to perform this function, and the impurities are left in the blood, about the most distressing series of ailments which afflict mankind follow. First there is the aching back and a feeling of weariness, and then, as conditions grow worse, comes Rheumatism, Gravel, Diabetes, Gall Stones, Inflammation of the Bladder or the dreaded Bright's Disease.

The man or woman who allows kidney trouble to develop into any of these diseases is doing himself or herself a grave injustice, particularly when a cure can be had so readily. One of the constituents of Dr. Morse's Indian Root Pills is a Diuretic, which strengthens and stimulates the kidneys, enabling them to do their work thoroughly and with ease. These Pills also increase the action of the bowels and the pores of the skin, which remove some of the impurities, thus lightening the work of the kidneys.

Mr. Geo. Whitney, of Buffalo, N.Y., says they worked wonders for him. He writes: "Your Doctor Morse's Indian Root Pills have worked wonders in my case. I suffered for six years from liver trouble and kidney ailment. If I tried one medicine I tried a dozen, but without good results. Your pills were recommended and they cured me after using four boxes."

Dr. Morse's Indian Root Pills should be taken at the first sign of back-ache, of rheumatism, or of any difficulty in urinating.
