PARLIAMENT CLOSES

FAREWELL ADDRESS TO THE GOVERNOR-GENERAL.

There was a brilliant scene in the Parliament Buildings—Cabinet Ministers in Their Uniforms of State.

Ottawa, May 4.—The present session of the Dominion Parliament was concluded at three o'clock, this afternoon, when his excellency the governor-general presided over the prorogation ceremonies for the last time during his tenure of office in Canada.

After closing the speech from the throne had been read and the formal prorogation ceremonies ended, "the bar" of the senate removed and members of parliament invited to the floor of the red chamber to witness the presentation to Earl Grey of the farewell address of both houses of parliament. The speaker of the senate took his position on the right of the throne and the speaker of the commons on the left. There was a full attendance of cabinet ministers in their uniforms of state.

Speaker Kerr read the parliamentary address in English and Speaker Marcell read it in French. His excellency then made formal reply to the official farewell. The guard of honor was provided by the Governor-General's Foot-Guards and the 5th Dragoon Guards, and the 2nd Field Battery fired the royal salute from Nepean Point.

To Extend the Drain.

The board of health members have signed a "round robin," asking the board of works to further extend the new sewer which has been recommended for Bagot street, between Brock and Princess streets.

Clothing dry cleaned, My Valet. In New York, Bonnarje Abram was admitted to citizenship, the first of the caste to be so honored. He expects to go to Washington soon to greet a president. Bonnarje is a man of education and has been in this country six years.

STARTLING STATISTICS.

The West is Developing With Gigantic Strides.

Montreal Standard. Referring to the fact that the Grand Trunk Pacific is now bringing large numbers of settlers into the wheat belt of Western Canada—re-estimated French-Canadian from the east and thousands of American farmers from the south—a high official of the Grand Trunk recently stated that the development of the west was proceeding with such gigantic strides as not to be fully appreciated by the Canadian people themselves.

"Take these figures, for instance," said the official, "which the Grand Trunk has compiled and distributed over Great Britain and Europe, and you will see what I refer to."
"In 1907 the total wheat acreage was 5,961,297.
"In 1909 it was 6,878,999 acres, an increase of 35.2.
"In 1907 the total yield was 71,574,402 bushels.
"In 1909 the yield was 147,482,000, an increase of 106.1.
"The total yield in oats in 1907 was 74,713,561 bushels, while in 1909 it was 185,439,000, an increase of 148.2 per cent.
"Here is the summary of all grains: In 1907, 156,473,412 bushels. In 1909 it was 364,279,000, an increase of 120.1 per cent.

"No such record of advance could be shown by any other country in the world," said the official.
"Wheat at \$1 per bushel, oats at 35 cents and barley at 52 cents, the millions of dollars actually brought into Western Canada can be easily computed.
"The Grand Trunk Pacific goes right through the heart of the wheat belt. The people whom the Grand Trunk Pacific have already brought in have grown wonderful crops of first class wheat, and got the money for it in their pockets.
"You have seen that we are bringing French-Canadians to the West as well as the American farmers, each with at least \$1,000, not to speak of cattle and other belongings. All this is new land, untouched until the Grand Trunk Pacific went in."
"What about the alleged danger of the Americans Americanizing the Northwest?"
"I don't think we need trouble about that. The Americans are much like ourselves. They have the same tongue. They have been obeying the same laws, only the laws are better carried out in Canada than in the United States. They will understand the advantages of order and regularity more readily than other nationalities.
"Of course, they will have admiration and love for their own country, which is natural, but they will make the best of circumstances.
"During last year 100,000 Americans crossed the border and entered the Dominion as permanent settlers."

PROTESTS ARE MADE
OVER ACTION OF LIQUOR LICENSE COMMISSIONERS.

In Cutting Off the Ottawa Hotel—James Norris Has Always Kept a Good House—The Law Violators Have Been Given Licenses.

Strong protests are being made against the cutting off of the license to the Ottawa hotel, on the corner of Ontario and Princess streets, in fact the conservative leaders are condemning the work of the license commissioners. It is claimed that the hotel has been kept in a capable way, has been the stopping place of scores of country people, has good yards, and its proprietor has not appeared as a transgressor of the law. They say there are other places with unworthy records that should have been cut off before the Ottawa house, license was attacked.

James Norris, proprietor of the Ottawa, when seen by a Whig representative, this morning said that he was surprised at the action of the license commissioners in not granting his license. He said it was a pretty hard blow to him, and he didn't think he deserved to be treated so. If his house had been conducted irregularly, he would not have expected to have retained his license, but when he had observed the law, he failed to see why his house should have its license withdrawn, while others that had violated it were again granted licenses. Mr. Norris said that people of all classes, creeds and parties had come to him and expressed their regret over the action of the commissioners, and he had hope that the commissioners would reconsider their decision and do him justice. He is owner of the hotel property, and therefore, the withdrawal of the license is a heavy blow.

When the police of a city or town say that a hotel is all right, one may take such a statement as worth something. The Kingston police will tell anyone that the Ottawa hotel license should not have been cut off. They know the places that should lose their licenses, and none are more surprised than the police that Mr. Norris has been refused a license. His hotel, they say, is the kind of place that should receive encouragement.

INSPECTION OF REGIMENTS

By Col. Benson, of Eastern Ontario Command.

Colonel Benson, Ottawa, officer commanding the Eastern Ontario command, will inspect the 57th regiment, at Peterboro, on May 23rd and 24th; the 15th, of Belleville, on the 25th and 26th, and the 14th, of Kingston, on the 27th and 28th. Lieut.-Col. Hemming, D.O.C., of this military district, will accompany Col. Benson on his inspections, and will, therefore, be unable to take part of the military review here on Victoria Day. Lieut.-Col. Young, D.A.A.G., will be in command.

Salvation Army Self-Denial.

The Salvation Army is conducting its annual week of prayer and self-denial from May 7th to 13th. The work of the Army in this district, as in most parts of the world, is now looked upon with favor by all classes. Among those who have contributed to and manifested appreciation of the Salvation Army's work, both in the United Kingdom and abroad, the following are mentioned: King, Edward, Queen Alexandra, the late Queen Victoria, the Prince and Princess of Wales, and the Princess Louise, the king and queen of Sweden, the queen of Holland, President Roosevelt, the late President McKinley and Earl Grey, governor-general of Canada. Contributions are sent to the Whig office or to the officer in charge of the local work, Adjutant George Smith.

Added to the Church.

Hartington, May 3.—Dr. McArthur and bride, of Verona, passed through here on Wednesday evening, en route to the death of Mrs. McArthur, who now become a surplus, and farmers are unable to cultivate the land or sow their crops. Quarterly meeting was held here last Sunday at 2:30 p.m. Rev. A. Fokes also held a reception service at which a large number were received into full membership, after a three months probation. The literary has been postponed until May 20th, when a patriotic concert will be held. About seventy new books have been added to the public school library. These comprise the standard works of the best authors, Scott, Dickens, Abbott, Alger, Henty, Blackmore and others.

Had Finger Taken Off.

Word was received, in the city, Wednesday afternoon, that Charles Wilson of this city, met with a painful accident, while en route to Collingwood. Mr. Wilson, who is a well known athlete, left on Sunday night, for Collingwood, to do some work for the light-house and signalling department of the government, by which he is employed, and while on his way, he had the misfortune to have his hand caught in a window of the coach. One finger was so badly lacerated, that it had to be amputated.

Gave Address at London.

Rev. Dr. MacTavish, has returned home from London, where he attended a session of the Presbyterian Union, for the Presbytery of London. On Monday afternoon, he conducted a round table conference, and in the evening delivered a very able address on young people's work. The meetings were held in new St. James' church.

Notes From Murvale.

Murvale, May 3.—The K. & P. R.R., has a large gang of men camped at the station here ditching. Miss E. Swerbrick is visiting at Parham. Quarterly services were well attended on Sunday. Visitors: E. Day and family, Harrowsmith, at B. Gues's; A. Shillington, at H. Swerbrick's; B. Davy, Wilton, at John Henderson's.

A terrific battle between the Turkish army and the Albanian rebels, for the possession of Tepelenia Pass, is going on. The casualties are said to be heavy, the mountain guns of the Turks doing great damage. The indications are that the rebels will be driven out, as they were from Kachinik Pass.

BATTERSEA BUDGET.

Improvements to Hotels—Two Births Recorded.

Battersea, May 3.—The late rains are keeping back the low land farmers from seeding. Many have sown none as yet, while some of the high-land farmers completed their seeding in April. Meadows, especially clover, are showing up fine, and give promise of an abundant crop.

Large droves of young cattle and colts have been taken back to the ranches already. Some dairy herds have also been turned out to graze. This is at least one month in advance of last year.

S. J. Lake is making extensive improvements to the Granite house, among other things installing a system of waterworks. He is also completing his new dwelling on Main street. The plasterers are putting the finishing touches on their work in the new addition to the Vanhaven home.

Ernest Knapp has gone to Saskatoon for the summer. Ralph Campbell has gone to Hamilton, where he has secured work in a keg factory. Dr. Lake has his new automobile in commission. Frederick Mathews is the latest purchaser of a gasoline launch.

E. J. Caird has done a truck business, clipping horses with his new machine. Dennis Caird is home from Halleybury and is not struck on the place. Mrs. G. Kirkpatrick is still quite ill. John Chapman is also very low. R. J. Boal is somewhat improved.

Two more additions to our village population—A boy at G. Kirkpatrick's and a girl at S. H. Williams'. Arthur Sparks, lately purchased a house and lot from G. Mathews, on Main street, north.

YARKER TIDINGS.

The Oddfellows at Church—A Baseball Contest.

Yarker, May 4.—The first game of ball this season was played here between Yarker and Newburgh juniors, resulting in favor of Newburgh. Quarterly services were held in the Methodist church here last Sunday. Mrs. James Graham, of Ottawa, spent a few days here at A. E. Holland's. E. Vanhaven and Harry Vanhaven are buying another car load of horses for Manitoba.

E. W. Benjamin will have the Terrace painted. The wall of their old factory will be rebuilt.

The public school was somewhat depleted of scholars owing to the prevalence of measles. Very few homes escaped the disease, but it has abated now, only one or two being sick. The wheel factory will be enlarged and a new store house built.

Athena lodge, of Harrowsmith, I.O. O.F., held its anniversary services in the Methodist church here. Members of the fraternity were here from other places. The wet weather prevented many from coming but the turnout was fair. Yarker band, assisted by players from Enterprise, headed the procession to and from the church.

Rev. James Bateaux preached the sermon and the choir rendered fine music. Programmes were specially prepared for the service.

Mrs. E. Martin, of Sydenham, is at Mrs. A. H. Montgomery's. George Lucas has moved to Napanee. O. Redden has secured a situation with the International Harvester Co.

Reynoldston Tidings.

Reynoldston, May 2.—The rain of the past week has delayed the farmers very much in their spring work. J. Genge has made a start towards building his new house. A cheese meeting was held here on Saturday to make arrangements for starting the factory but owing to so small a quantity of milk it will not open before the 15th of May. Miss Lillie Reynolds, Miss Edna Genge and the Misses Jeffrey, attending Sydenham high school, spent Sunday at their respective homes. A Reynolds launched his new boat on Second Lake, Saturday. An enjoyable time was spent at the fall in the Oak Flats cheese factory, on Friday night. James Embury has moved from the corner house to the house vacated by F. Davey. Miss E. Reynolds, Miss E. Tate and Miss Butler spent Sunday at A. Shultz's, Godfrey. F. Haddock has left for New Ontario and W. Moore intends leaving shortly. The many friends of H. Moore are sorry to learn of his recent illness and hope for a speedy recovery.

He was taken to the general hospital on Wednesday. J. L. Reynolds has returned from a short visit to Saskatchewan, he intends to move his family west.

Repairing and upholstering done promptly at James Reid's.

When a man says he is too smart to be fooled, look out; he is getting ready to spring a new one on you.

Prepare For Lumbago

If You Have "Nerviline" Handy One Rubbing Will Cure the Pain.

Thousands Use Nerviline.

The "strike" of lumbago is like a bolt of lightning—you never know when it is coming or where it is going to strike. Probably the one certain thing about lumbago is the fact that it can be cured by Nerviline—the only liniment that penetrates deeply enough to reach the congested chords and muscles.

"Years ago I strained LETTER my back and suffered considerably with weakness over the spine," writes Darius P. Millan, a well-known farmer, residing near Kingsville.

"Then lumbago attacked the weak spot, and for days at a time I would have to lie up in bed, unable to move or turn. Liniments, poultices and hot applications failed to bring the desired relief, and I was in despair of ever getting really well again. I at last decided to test 'Nerviline.' I got five bottles from the drug store and had it rubbed on three times a day. The stiffness and pain left my back quickly, and by continuing Nerviline I was completely cured of lumbago."

This is similar testimony to that of nearly five thousand Canadians who have written unstinted words of praise to the manufacturers of Nerviline. For the cure of lumbago, sciatica, neuralgia and rheumatism there is no liniment with one-fifth the pain-relieving power of Nerviline. Large bottles, 50c; trial size, 25c., at all dealers.
