LATE MR. PENSE PRESIDED OVER LAST MEETING

ger's wharf on Monday night on her Of. the Society, Which Greatly Mourns Its President's Death-He Was Faithful to the Humane A well-attended and interesting meet-

> ing of the executive of the Kingston noon, when the president, the late little imagined by the members prebusy man as he was, he always showed a warm interest in any efforts to protect helpless dumb animals from the cruelty of human selfishness, By. his recommendation it was unanimously resolved that the Kingston society should at once affiliate with the Doties, which, it is hoped, will exercise strong influence in favor of human

Attention was forcibly drawn by a nember present to the practice said to exist in some schools in connection with a nature study, of encouraging small creatures and subject them to what it is not too much to call torture, for the purpose of scientific observation thus adding a small addition to the head knowledge of the pupils at the cost of making their hearts callous toward suffering. Many thoughtful observers feel that there seems to be a sort of "dare" of brutality spreading over our country and too much care cannot be taken to implant and foster a spirit of humanity and mercy in the hearts of the chil-

but more are required to carry on

effectively the societies work.
