RECEIPTS HEAVIER FOR MONTH OF APRIL.

Everything Offered This Week Likely to be Picked up at Current Rates—Butter Market Suffered Break in Prices.

Special to the Whig. Montreal, May 11.—The market for cheese, last week, closed with a slightly better feeling apparent, owing to a visibly increased demand at the lower prices reached, but the opening this week has not been quite so auspicious. The demand from Great Britain seems to have fallen off somewhat, and trade is quiet. The prices current, however, are comparatively low, and most dealers feel that everything available this week should be picked up at about present quotations, and are taking their usual loss at country markets.

At Campbellford on Tuesday morning the offerings were all picked up at 10 5-8c per lb. at factories, and at Stirling in the afternoon a portion of the offerings sold at the same price, but the best prices offered for the balance was 16 9-16c, which price the factorymen finally accepted. Unless there is a speedy improvement in the demand from Great Britain we may see even lower prices at the markets at the end of the week, as buyers will not maintain prices unless they have some encouragement from the other side.

THE DELUGE.

Queer Old Australian Tradition About the Flood.
The aboriginal blacks of Australia have a queer tradition about the flood. They say that at one time there was no water on the earth at all except in the body of an immortal frog, where men and women could not get at it. There was a great council on the subject, and it was found out that if the frog could be made to laugh the waters would run out of his mouth and the drought be ended.

Incidentals to Navy Building.

The extravagance of the militarists will bring about their ruin. They cry for battleships at ten million dollars each, and parliament or congress votes them. Battleships are worthless without torpedo-boat destroyers, mines, ammunition boats, hospital boats, repair boats; and these are worthless without deeper harbors, longer docks, more aneering navy yards. And what are all these worth without officers and men, upon whose education millions of dollars have been expended?

Corps Disappear.

When Peck's Corn Salve is used. It takes them out, root and all, and without possibility of injury to the foot. In big boxes, 15 cents. Sold by Jas. B. McLeod, Druggist.
