## CRICKET MATCH.

Lovers of cricket had an opportuni-

ty of witnessing a very close and 'exciting exhibition of England's national pastime, on Saturday last, in the Royal Military College grounds. The contending teams were the R.M.C. and Trinity College School, Port Hope. The match was called for 2.30 o'clock, but owing to the trains being late it did not start till 3.15. Trinity went to but first, and were quickly dispos-ed of for 27 runs. R.M.C. followed by being even more quickly put out for 24 runs. They then decided to play a second innings, drawing stumps at 6.30. T. C. S. went in again, and in one hour and ten minutes knocked up 45 runs. At 6.10 R.M.C. went in to but needing 49 runs to win. They hit out in great style and in 20 minutes had amassed 40 runs, but unfortunately is that short time were not equal it is quite probable that R.M.C. would have won easily, as only 2 wickets were down when time was called. For the visitors Convers was the star, making 30 runs in the second innings, and taking a large proportion of the wickets by his fast bowling. Tucker also bowled well. For R.M.C. Rhodes, Carrothers and Capt. Robertson were the pick, the first named doing some excellent bowling, as well as batting in creditable style. The score by in-
