

A BIT OF ADVICE MET DEATH ON ROAD

First—Don't Delay. Second—Don't Experiment.
If you suffer from backache, head-aches or dizzy spells; if you rest poorly, and are languid in the morning; if the kidney secretions are irregular and unnatural in appearance, do not delay. The kidneys are calling for help. Slight symptoms of kidney troubles are but forerunners of more serious complaints. They should be given attention before it is too late.
Booth's Kidney Pills— cure kidney trouble. They are recommended by thousands. Can Kingston residents desire more convincing proof than the statement of a Kingston citizen, Mrs. Thomas Moore, of 226 Division street, Kingston, Ont., says: "Very often I would be unable to stoop or lift anything, with the dull, bearing-down pains that were almost constant in the small of my back. I had tried many remedies but could find little or nothing for this. The kidneys were disordered and inactive and I was languid and weak. I would wake more tired than I had been when going to bed. I tried Booth's Kidney Pills on recommendation of a friend, procuring same at Mahood's Pharmacy. I soon found them to benefit me going directly to the cause of the trouble. My back strengthened and the pains left it. The languidness had soon gone. I have not had the least trouble since and can conscientiously recommend Booth's Kidney Pills." LETTERS TO THE EDITOR.

Farmer's View of Tariff.
Wolfe Island, May 26.—(To the Editor): I see by the Whig of May 23rd that the United States is seeking reciprocity with Canada. As it is for our good, do you think I who do not represent the Farmers' Institutes get after our representatives the same as the Farmers' Grange in the United States does, and instruct their representatives what they want and don't want. One thing the farmers of Canada do not want, and that is, very much to do with the United States. What did the farmer have to fear from their maximum tariff bluff talk with 84 on hay and 30c on barley, 10c on a pound of wool and everything in proportion. Tift and his republican allies would no more have placed a higher duty against Canada than they would have committed suicide for by placing a higher duty would simply be forcing higher living in the cities, making more democratic votes and a democratic victory. Then good-bye to the republican party and good-bye to Tift.
Canada's representatives need to keep their weather eyes open, and have a fair deal or put up the fence between us, for the imports and exports are conclusive proof that they have a prohibitive duty now.—G. GRIMSHAW.

Sheriff Bogart, Watertown, N.Y. told the baseball players of that city and Cape Vincent that if they attempt to go to play on Sunday last he would fill the jail with offenders. This gave the players such a jolt that the game was called.

The work is well done, and reflects great credit on everyone connected with it."

Principal Gordon Analysed.
The writer of an article in the Montreal Witness on the men of the Presbyterian general assembly, has this to say of Principal Gordon of Queen's university, Kingston: "Principal D. N. Gordon is trying to make part in the Good Ship Queen, between the Carnegie-Chrychdis and the Presbyterian-Seyla. No man in the church but gives him sympathy. But Gordon is too great a man to be broken on either rock. He looks like an ambassador at a nation's court. As a speaker his delivery almost is faultless. We might call him the 'sweet-speaking, clearvoiced orator of the Pylians.' No one can handle a subject with such a soft touch, frank demeanor and mild aggressive attitude. It would be well if everyone who has ambitions to address the assembly would study how clearly he glides over the salient points in the case."

All postponed games are to be replayed before the next regular league game. One dollar is to accompany all protests. The meeting adjourned after tendering a vote of thanks to Mr. Dixon for kindness shown in giving the use of the K. and P. office.

Sunday School League.
There was another meeting of the Sunday school baseball league, at the Y.M.C.A., on Monday night, when further arrangements were made regarding the games. There was a very good attendance, H. A. Shaw, occupying the chair.
It was decided to have two series, senior and junior, the juniors to be boys, fifteen years and under, and the seniors to be over fifteen years. The members received the very welcome news that two trophies had been donated for competition, one by H. W. Richardson, for the senior series, and one by "Harry" Wilder, for the junior series. These gentlemen who so kindly came to the front with such a kind offer were remembered, Mr. Richardson being elected honorary president of the league, and Mr. Wilder being elected honorary vice-president. The members passed a vote of thanks to the gentlemen for the trophies they have offered.
Ten clubs have been entered in the senior series, and eight in the junior. Some of the schools have a team entered in both the seniors and juniors. Twelve schools were represented at the meeting.

It was decided that one league game should be played at each Sunday school picnic, and this should be quite interesting. The boys are manifesting great enthusiasm in the new league, and it promises to provide some very interesting sport. The first game will be arranged for some day next week. Another meeting will be held on Friday evening, when a schedule will be drawn up.

Sporting Notes.
The Chicago Cubs beat Pittsburgh both Saturday and Sunday, making ten consecutive victories for the Chicagoans.
The Detroit champions are a mile

behind the Philadelphia Athletics, who look like a good bet for the American baseball league pennant for 1910.
Shaw of Toronto is the second runner-up of the eastern baseball league. He has made 73 runs. Henline of Buffalo has 70 to his credit. Shaw and Grimshaw are the league's best extra base hitters, the former with 21 extra bases and the latter with 17. Toronto's slingers lead the league in club extra base hitting. Toronto has also made more double plays than any other club in the circuit.
There are eleven 300 hitters in the eastern baseball league to date. They are Fitzgerald, Providence, 375; Slahe, Baltimore, 360; Collins, Providence, 357; Modler, Jersey City, 357; Healin, Buffalo, 331; Goodie, Baltimore, 321; Grimshaw, Toronto, 321; Sabrie, Buffalo, 318; Bateh, Rochester, 306; Schmidt, Baltimore, 305; Shaw, Toronto, 304. All of the aforementioned players have played in at least ten games.
In Austria the bookmakers get real angry when the jockeys do not give an honest race. According to a cable from Bucharest, Jockey Gallas was shot and killed by infuriated bookmakers during the races at Braila last Wednesday. In one of the events it was noticed by everybody that Gallas was pulling the horse on which he had the mount. Several excited bookmakers rushed at the jockey after the finish and, drawing their revolvers, shot him dead. The murderers fled.
A meeting of the international Olympic committee has been called for the second week in June at Luxembourg for the purpose of passing on the programme of the games at Sweden in 1912. This programme already has been arranged and will be presented by Col. Blac and Comte Clarence de Rosen, the Swedish representatives on the international jury, and to judge from the cursory allusions about its make-up it will not be nearly as long as the programme of the English Olympic two years ago. Such sports as football, archery, boxing, golf, hockey, lacrosse, racquets, tennis, motorboat racing, and polo are to be excluded.

FOR FAST DRIVING.
A Fine Was Imposed in the Police Court.
The police are out with a big stick after all who are guilty of furious driving. In the police court, on Tuesday morning, William Sinnott was found guilty of speeding on Brock street and was assessed \$5 and costs. He offence was committed on Sunday evening and Constable Thomas Mullinger was the man behind the summons. Furious driving is not only dangerous to the public but it is also very hard on the poor horse and the action of the police, in this respect, is to be commended.
For being drunk Albert Wiseman received very heavy terms, that of a fine of \$10 and costs. He was gathered in Monday afternoon.
An assault case was on the docket but as the complainant did not appear the case was dismissed.

Have Left for Brockville.
A large contingent of women, workers in the various branches of the Women's Auxiliary, in the city, left, on the noon train, for Brockville, Ontario, on the diocesan board included, Mrs. Lennox Mills, honorary president, Miss Maculay the president, Mrs. Loucks, Miss Annie Muckleston, Mrs. Havelock Price, Miss Katharine Lyman, Miss Annie Daly, Miss Louise Kirkpatrick. Among delegates will be Mrs. A. Kluge, Mrs. W. C. Carnovsky, Mrs. H. Simpson, (Cataract) from St. Luke's church; Mrs. Armstrong McCormack, Miss M. Rogers, Miss Gertrude Drury, Miss Aileen Rogers and Miss Mary Clark.
The proceedings of the annual meeting will begin with a board meeting to-night, and a feature of the reception to the visitors will be talk by Mrs. Lennox Mills, on the trip, to the Holy Land, when she and the Bishop of Ontario took during the past winter.

Building at a Standstill.
The carpenters' strike has resulted in building operations being forced almost to a standstill. No buildings can be undertaken while the strike is in progress, and hence the building permits taken out at the city engineer's office during May are very few, and only for small work. Houses in contemplation cannot be undertaken. The strike has now lasted a month and there is no sign of a settlement.

No Waterworks Meeting.
The waterworks committee did not meet yesterday afternoon, as there was no pressing business to consider. Ald. Carson, chairman, is still determined to make a few examples of citizens who waste water by allowing their traps to run. He will "soak" aldermen as well as others. It is said that Ald. Carson's warning has had some effect and that even aldermen have called upon the plumbers to fix their leaky taps.
