

TO SELL FIRE HORSE

BY AUCTION IS THE DECISION OF THE COMMITTEE.

Repairs Needed to Front of No. 2 Fire Station—Chief Reports as to Changed Locations of Fire Engines—Work Done by the Firemen.

The civic fire committee has at last decided to put up at auction the horse being driven by the chief, and to purchase a better one. This horse has been the subject of several discussions, and has received more newspaper comment than if it had a record of 208. It will be disposed of next Saturday. An offer of \$75 has been received for it, but the committee wants at least \$100. The committee members were afraid to sell the animal by private sale, lest Ald. Carson would arise in council and call them down.

It was decided to ask council for permission to call for tenders to repair the front of No. 2 station, upon which a report was given by Ald. Clifton.

Chief Armstrong reported that the Waterloo engine had been placed on duty in No. 2 station, and the Chatham removed to the lower station, where it will be examined and necessary repairs made as far as possible by the engineer.

The members of the department have completed all the changes and repairs to both stations that it is possible to have done with the funds at the committee's disposal this year, except the repairs to the front of No. 2.

In attendance at the meeting were: Alds. Rigney, Bailey, Clifton, Givens and Robertson.

Arrivals and Departures of Vessels at This Port.

The steamer Sowards arrived from Oswego with coal for Rockwood asylum. The steamer Gordon cleared from Belleville with a cargo of cement for Fort William.

The steamer Rosedale passed down on her way from Fort William to Montreal, grain-laden, on Saturday morning.

J. C. Eaton's yacht, Florence, cleared for Toronto just at dusk, Friday night. All the lights were turned on, and the yacht made a very pretty appearance.

The steamer Nepawah, after discharging her cargo of grain, at Richardson's elevator, cleared for Toronto, and Hamilton to load package freight for Fort William.

M. T. Co.: Tug Bronson, from Montreal, three light barges, cleared for Montreal, with two grain barges; tug Emerson will clear to-night for Port Dalhousie, with the barge Hamilton.

The steamer Alexandria was at Folger's wharf, on Friday night, on her way up from Montreal. She had considerable freight for local merchants. This line is well patronized by the Kingston merchants.

What No June Ball Means.

The decision not to hold the Royal Military College June ball this year means quite a loss to the tradespeople of Kingston. It was estimated that last year's ball meant the spending of \$7,000 in Kingston.

Beautiful Stock to Choose From.

Prevost, Brock street, has a fine assortment of tweeds, serges and chevots. Anyone in need of clothing will do well to call on him. Ready-made clothing and gents' furnishings never better assorted.

The Bridge Question.

The Catarqui bridge question was informally discussed last evening by the civic finance committee and the marine committee of the board of trade. It is not likely that anything will be done this year, as the city is not in a position to deal with the matter.

King's Funeral at the Bijou.

Motion pictures of the funeral pageant of King Edward VII, Monday, at "The Bijou." Go afternoon and avoid the rush. See description on other page. The Bijou's pictures are by the Vitagraph Co. of America, and will not be shown by any other Kingston house.

There is a Difference.

At the meeting in Toronto of the Canadian Medical Association, Dr. Isaac Wood, Kingston, in an interesting paper, said appendicitis in children was different from the same disease in adults. Investigation showed that in the larger European hospitals the death rate from appendicitis was only 2.9 in adults and 19.23 in children. The doctor said that the people should wake up to the fact that there was a difference and that they would have to meet it.

A Larger Staff Needed.

It is understood that the board of visitors to the Royal Military College, whose members recently visited the institution, will report to the militia department recommending additions to the staff of the college. In some departments there are not enough instructors to give the cadets the individual teaching that is required to do them justice. Two or three assistants are required, even with the present number of cadets, and if the number of cadets is increased next season, a still larger staff will be needed. The duties of the college staff is further increased by the staff course, so that the professors to-day have more to do than those of years ago.

COMING TO KINGSTON.

Many Americans Desire to Spend Summer Here.

The Whig is in receipt of many enquiries as to boarding houses, rates, etc., from residents in the United States, who desire to enjoy, for a few weeks or months, our beautiful Canadian summer. Such communications are now arriving daily. Following are two samples at hand this morning:

"New York City, June 2nd—Kindly send me the names of a few private boarding houses at \$4 and \$5 a week and oblige."

"New York, June 30th—Will you kindly send me a copy of your paper which will furnish me with addresses of suitable boarding houses in or near Kingston. I wish to spend my summer there from July 1st. I am a Canadian and, although having no relatives, I long for my native land, and have picked out the Thousand Islands as the ideal spot."

The boarding houses which carry an advertisement in the Whig are practically the only ones such people will learn of. They make their selections from the newspaper columns. If there are homes that would welcome a few summer guests it would be worth the owners' while to advertise in the Whig and thus get in touch with the class of people who write such letters as above. Phone or write and a representative will call and supply all the information you require. Remember, this is the time of year when the papers are being searched for boarding house ads. by people who wish to spend their vacation here.

The Salt Charm Failed.

Some three years before the Franco-German war broke out Count Seckendorff accompanied King William I. on his visit to Napoleon III. and was present at the celebrated dejeuner given in the Pavilion de Diane at Fontainebleau. King William, who was sitting next the empress, was asked by her to pass the salt, and in complying with this request he threw a little salt over his shoulder. Upon the empress exclaiming, "Why do you do that?" the king explained that in his country it was the custom to do so when passing the salt to ward off bad luck, and any chance of a quarrel. The empress in a prettily turned speech at once replied, "But surely there is no danger of anything interfering with our friendship." In less than three years the Germans had crossed the Rhine.

Big Men in Demand.

Consent minutes of judgment filed, the defendant acknowledging the indebtedness amounting to \$250 only, and judgment goes for that amount to be deducted from the doctor's share of the estate, the action being otherwise dismissed. Costs of all parties to be paid out of the estate.

IRISHMEN WON OUT

IN EXHIBITION GAME WITH THE DEFEATED CHAMPIONS BY A SCORE OF 5 TO 3—MATCH AT THE CRICKET FIELD ON FRIDAY AFTERNOON.

In an exhibition game of baseball, at the cricket field, Friday afternoon, the Y.L.C.B.A. defeated the C.L.C. team, by a score of 5 to 3. The game attracted quite a large-sized crowd, and the match was a fair one, although at times very rugged. Doyle was on the slab for the Irishmen, and at times was a little wild. On one occasion, he forced in a run, and dealt out many passes. However, his work on the whole, was very good. Ewart did the twirling for the C.L.C., and played a good, steady game, but the team was minus their batting ability, and failed to tally, when runs were scored. In the first innings, the score was a tie, 3 all, but the C.L.C. did not get around the bases after this. Ed Leiby was the umpire, and gave fair decisions.

There was nothing doing for either of the teams, in the first innings. Williams and Sullivan were retired at first, Turcott made a good hit, but Kane failed to connect. For the C.L.C. Saunders gained first and third on Hughes' fine hit but was nipped making home. Brown and Dehney, both flew out.

The Irishmen scored two in the second, Tilton and Gratton made good and reached home on Hunt's drive to left field. The C.L.C. went out in one, two, three order.

In the third innings the Irishmen scored one, Kane making home on a timely hit by Gratton. Ewart scored the first run for C.L.C., and Hughes a sixth inning, there was no score on either side. The Irishmen scored again in the seventh and eighth, but the C.L.C. failed to connect. The teams: C.L.C.—Saunders, 3b.; Ewart, 2b.; Wilson, c.; Hughes, r.f.; Brown, c.f.; Dehney, lb.; Mathis, s.s.; L. Ewart, p.; Coyne, ll.

Y.L.C.B.A.—Williams, lb.; Sullivan, s.s.; Turcott, 2b.; Kane, r.f.; Tilton, c.; Gratton, c.f.; Palmer, lf.; Doyle, p.; Hunt, 3b.

The score by innings: Y.L.C.B.A.—0,2,1,0,0,0,1,1,0.—5. C.L.C.—0,0,2,1,0,0,0,0,0.—3.

Sporting Notes. The Montreal Blue Bonnets meeting will begin this afternoon.

Over one hundred of the best trotting horses and pacers in America have been entered in the Grand Circuit meeting at Empire City, near New York, in August. Nominations have come from the south, the west, the middle west and from Canada.

Frank Gotch says he will now retire to his farm in Iowa. In a statement after his defeat of Zbyszko, he said: "I won and now I am through with the wrestling game. I am thirty-three years old and it will be simply life for me in the future. A good many wrestlers have waited too long and have been beaten. I am going to try to avoid that. The first fall with Zbyszko came as I had planned it, the second as I have been in fact as tough a bout as I have been in. There was no time wasted or I could not have thrown the Pole as I did. I leave for the coast to see if I can help Jeffries out, and then there will be a long res. coming to me."

Some Large Incomes. The czar of Russia has an income of \$10,000,000. The German emperor gets \$4,500,000. The emperor of Austria gets \$3,900,000, and the King of Italy gets \$2,100,000. So that the modest \$2,500,000, estimated for the maintenance of the monarch of Great Britain and his family and household seems but a small sum by comparison with other powers. Compared with the mammoth incomes of United States millionaires the British monarch is by no means a rich man. He has far less to spend upon himself than the republican plutocrats who make so great a boast of their democracy.

At considerable expense the King Edward management has arranged to have this film shipped direct from Quebec on its arrival there. It will be shown at the Theatre Monday and Tuesday.
