

CURED LIKE MAGIC

After Three Years' Suffering and Having Been in Five Different Hospitals for Treatment Without Receiving Any Permanent Benefits, Mr. John Starr, an Old Soldier, Was Cured of Kidney and Bladder Trouble by

WARNER'S SAFE CURE

The World's Best Remedy for the Kidneys, Liver, Bladder and Blood. "I can give nothing but the highest praise to the wonderful curative powers of Warner's Safe Cure. It is a boon to all sufferers from bladder or kidney trouble, and has in my case acted like magic. When I look back and think what I have suffered in the last three years, I can hardly believe I am the same man."

"I have been in five different hospitals, and at best was only relieved for a short time. But Warner's Safe Cure has done and is still doing the right thing—it is curing me. I shall continue its use, trusting in a lasting cure. My rheumatism is much improved, and I can walk a mile without much trouble. Go ahead with your good work."—John Starr, National Soldiers' Home, Maine.

If at any time in your family history there has been any trace of kidney disease you can't be too careful. You should test your kidneys and find out for yourself if there is any trace of the disease in your system, as there is no other disease that causes as many complications and as much suffering as diseased kidneys, because the blood is filtered and purified through the kidneys. Warner's Safe Cure is an absolutely safe and permanent remedy for all diseases of the kidneys, liver, bladder and blood. It is made from the fresh juices of plants and medicinal roots, gathered at the proper season in various quarters of the globe. Men skilled in the science of chemistry compound it. Put up in 50c and \$1.00 sizes and sold by druggists everywhere.

Constipation and Biliousness.

Warner's Safe Pills, purely vegetable, absolutely free from injurious substances, a perfect laxative. They do not grip or leave any bad after effects. 25 cents a package. To convince every sufferer from diseases of the kidneys, liver, bladder and blood that WARNER'S SAFE CURE will absolutely cure, a sample bottle and a sample box of Warner's Safe Pills will be sent FREE OF CHARGE, post-paid, to any one who will write WARNER'S SAFE CURE CO., Toronto, Ont., and mention having seen this liberal offer in the Kingston Whig. The genuineness of this offer is guaranteed by the publisher.

Good Shoe Makers And Scientific Lasts Are Behind Us

The result is that you can always find the very best in GOOD SHOES at this store. Not at extreme prices either. In fact, no store in Canada sells GOOD SHOES on a more reasonable basis than we. That's why we have such a large portion of the fine Shoe Trade of Kingston.

J. H. SUTHERLAND & BRO.

THE HOME OF GOOD SHOES.

ORANGE

This new package of Toasted Corn Flakes is the talk of the town. Order to-day and try it. Each package contains one high grade glass tumbler, elegant in design, and similar to those in use at the House of Commons, Ottawa, and the King Edward Hotel, Toronto.

MAIZE

combines the rich gluten of Manitoba Spring wheat and the lighter, but equally important, properties of Ontario Fall wheat. The two combined form a perfectly blended flour that makes bread light, white, nutritious and extremely palatable, while pastry made with Beaver Flour has a crisp, flaky texture that brings many a compliment to the cook.

BEAVER FLOUR

You don't need to be an expert in baking to attain the best results with BEAVER FLOUR. But if you are an expert, you will readily recognize its incomparable qualities. Your grocer has BEAVER FLOUR, and will recommend it.

DEALERS—Write for prices on all Food, Cereal Grains and Canned Goods. THE T. H. TAYLOR CO., Limited, CHATHAM, Ont. 108

Get the Poisons Out of the Body

By the definite and certain action of DR. A. W. CHASE'S KIDNEY and LIVER PILLS.

Chase's Kidney and Liver Pills you cannot know the satisfaction that comes with the use of this direct and certain regulator of the liver and kidneys. Once you have found out the dose suited to your system, you can depend on getting just the right results every time, without increase of quantity taken. You can be sure that the action of the bowels will be prompt, that the liver will be awakened, and that the kidneys will join in thoroughly cleansing the system of poisonous impurities. Because of this dependability, Dr. A. W. Chase's Kidney and Liver Pills are certain to make fast friends wherever their merits have been tested. Stomach troubles arising from constipation, torpid liver and deranged kidneys soon disappear, as do also biliousness, headache, and general depression. The portrait and signature of A. W. Chase, M.D., on the box stands for the best there is in medicines. One pill a dose, 25c. a box, all dealers, or Edmanston, Bates & Co., Toronto.

Castaways.

By PHILIP KEAN.

"No we are castaways," Kirk murmured. "He told me you two was engaged," the old lady remarked. "We are not," Helen said. Kirk flashed a surprised glance at her. "I thought we were." "When we came over here to-day," Helen told the old lady, "I expected to marry him in a year—now I shall never marry him." "Sakes alive!" the old lady exclaimed. "You have been quarrelling." "He thinks I care only for money," Helen explained. "He under-estimates me. And I won't marry a man who thinks I am just made for luxury." "Well, you just let me make you a cup of tea and after that I'll tell you something," the old lady said. "After a hearty supper the three sat once more in front of the glowing fire. "You see, I live here alone, the little old lady told them, "and folks wonder. But I have memories to live with and I don't want anything else. I have had a hard life, and I was a captain and while we didn't have much education we had plenty of money, and I never did any work until I married. But I never missed the money. My husband loved me, and I loved him, and we lived here in this little house, and I used to watch for his boat at night, and send him away in the morning happy, because I loved him. And one day he never came back, and now I have only my thoughts of him. But I live here where the waves that he loved can sing a song to me. That's what makes life worth while to a woman, a love to live with and a love to remember."

"I have had a hard life, and I was a captain and while we didn't have much education we had plenty of money, and I never did any work until I married. But I never missed the money. My husband loved me, and I loved him, and we lived here in this little house, and I used to watch for his boat at night, and send him away in the morning happy, because I loved him. And one day he never came back, and now I have only my thoughts of him. But I live here where the waves that he loved can sing a song to me. That's what makes life worth while to a woman, a love to live with and a love to remember."

SOME NEW PATENTS.

Stomach Telescope is One of Most Wonderful. A Californian has been granted a patent upon a telescope for use in connection with a derrick in lifting heavy objects, the points of which carry wheels, locked automatically with ratchets when a load is raised. Somewhat in line with the electrically lighted scarfpin in use devised by a French jeweller in which images of animals are made to move by motors supplied with power from a pocket battery. A stomach telescope, invented by a London surgeon and in constant use in an hospital in that city, enables a doctor to see the exact condition of the entire interior of a patient's stomach. A Frenchman has invented a process for distilling gutta serena from the leaves of the Malay tree of that name, saving the trees from the damage caused by tapping the trunks for the sap. For mixing concrete a special device has been invented with long, open holes in the blocks, the perforations allowing the finer cement to flow through and give the face a finer finish. It is a Kansas woman who has been granted a patent upon a fan provided with a sheet of absorbent material to hold water to cool the air which it agitates.

A CANADIAN PRODUCT

Wins out in Australia—A Record Shipment. On May 22nd the S.S. Rakai sailed from Montreal for Auckland, New Zealand, this being the first sailing of the recently subsidized U.P.R. line from Montreal to Australia and New Zealand.

Part of the Rakai's cargo consisted of two carloads of "2 in 1" Shoe Polish, made in Hamilton, by F. F. Dalley Co. This is the third shipment of "2 in 1" sent to Australia by the Dalley people within the last year. The first, sent June 5th last, consisted of 1,000 gross, the second sent Nov. 2nd contained 1,500 gross, while the shipment just sent amounted to 1,540 gross, or 221,760 boxes. This brings the total of "2 in 1" sent to Australia within the year up to 581,760 boxes. It would be hard to find a stronger recommendation for "2 in 1" Shoe Polish than that it should thus force its way to the ends of the earth, past almost prohibitive tariffs, against the strongest kind of competition from British and other firms.

Booming the Boy Scouts.

Montreal. Winton. Sir Robert Baden-Powell's name has been placed on the retired list of the British army, as it is the intention of the hero of Mafeking to devote himself in the future entirely to the Boy Scout movement, for which he has done so much in the past. The Boy Scout movement has already proved itself of value to the individual and the community wherever it has been established throughout the empire, as it embraces all sections of the population and all creeds on a thoroughly democratic basis, and is in the best sense a school of patriotism. One of its great advantages is found in the fact that it is much less expensive and is more elastic than Cadet or Boys' Brigade organizations, and can be established in small villages and isolated districts, as well as in cities. It is characteristic of the Boy Scouts that they can get along perfectly well by themselves, move out for a field day, provide their own transport, in light hand-carts and drag it along in any kind of country, independent of outside aid. The greatest achievement of the author of the movement is, however, the conscious and direct fostering of patriotism along with the true spirit of knight-errantry; without, as some one has well said, a trace of that primitive and goodly goodness from which many boys fly as from the plague.

Canadian Soldiers for India?

Weekly Sun. A war correspondent, in a lecture delivered at Vancouver last week, intimated that Canada may, in the event of relations between Great Britain and Russia again becoming strained, be called upon to provide 30,000 men for the defence of India. How do Canadian farmers and artisans like the prospect thus presented? What do they think of the proposal to take the 30th Wellington, 30th Peel and other volunteer regiments, and to stretch these along the northern frontier of India with a Russian army in front and an India seething with sedition in rear? What interest have Canadians in India that they should shed their blood and their treasure in the burning sands of that country? Why should they spend themselves either to keep Russia out of India or to keep Hindus in unwilling subjection to British rule? Bismarck once expressed the opinion that the whole eastern question was not worth the bones of a single Pompeian Grenadier. Certainly the lives of 30,000 Canadians would seem a shockingly high price for Canada to pay towards the solution of a question in which she has not one atom of material interest.

Planning for the Fall.

Montreal Gazette. An autumn session of parliament for the House of Commons to pass a bill limiting the power of the House of Lords, which the lords will reject, and then an appeal to the people in January is the latest reported programme of the Asquith government. Such a plan carried out would give the country a rest from heated political talk for a few months, which might be an advantage to the government. It would also give the opposition a chance to arrange its affairs and unite its forces, which should be an advantage to those who think the government should go. The last campaign was a beaten one. The next will no likely be less exciting.

CONSPICUOUS IN A BALLROOM.

Flakes of Dandruff on the Collar and Shoulders of a Gentleman. Full Dress. This is the thing you quite frequently see in the ball-room—a man's black frock coat literally covered with dandruff. It must be annoying to the wearer, and certainly not a pleasant thing to observe. But dandruff can be eradicated. It is a germ disease that will some day cause baldness. Newcomb's Herpicide kills the hair-destroying germ, and stimulates the hair to a rich, abundant growth. It does more—keeps the hair soft and pliant. Furthermore, Herpicide is a most pleasant toilet accessory, of pleasing color, and cooling to the scalp. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich. One Do. or 25c. bottles guaranteed.

The Gas Meter. You have all heard the story about the Government official who lost his job because his eyes went wrong. The trouble was that every time he looked at his new double. Some of his friends were sympathetic with him over his misfortune when he informed them that he was only out of work for a single day; in fact, had a better job with more money. The Gas Company had employed him to read their meters.
