We have secured the Agency for a Pulp Plaster that does away with lime, sand, and hair.

It makes a hard, solid, dense, fire proof wall at low cost.

It is a non-conductor of heat

A deadner of sound.

It makes a wall that will not crack or crumble.

It contains no sand and can be cut into like wood.

It dries in less than one-fourth the time required by ordinary blaster.

Carpenters can follow the plaster without any delay.
It is only one-half as heavy as other plaster. It will go twice as far per ton, reducing cost. Call and see sample at
