

ADOPTED CHANGES

IN AGREEMENT REGARDING USE OF SCHOOLS.

For Pedagogy Purposes by Queen's University—W. Newlands & Son Appointed to Prepare Estimates For Sanitary Installations.

The board of education last evening adopted a resolution with Queen's university with regard to the use of the board's schools and teachers. At its meeting last week an agreement was passed which had not been approved by the minister of education, and who desired these changes and additions which were concurred in, on recommendation of the management committee.

Teachers in connection with the Collegiate Institute and public schools shall be appointed by the board of education, but the qualification of these teachers who take part in the work of the faculty of education shall be subject to the approval of the dean of the faculty.

Teachers in the institute and public school shall be subject to the direction of the board of education, except in matters pertaining to the work of the faculty of education, in which they shall be subject to the direction of the dean of the faculty.

The accommodation and equipment of these schools, so far as required for the purpose of the faculty of education, shall be satisfactory to the trustees of Queen's university.

This agreement shall go into effect on July 1st, 1910, and any modifications that may be agreed upon from time to time by the board of education, it shall remain valid until terminated by either of the parties thereto, giving one year's notice to the other party, such notice to be given on the 1st of July in any year.

On the recommendation of the property committee the board decided to appoint an architect to prepare estimates of the cost of installing sanitary flush closets and urinals in Central, Cataract, Louise and Sydenham schools, as the board of health's new regulation must be complied with by July 1st, or a police court action will be entered against the chairman of the board. Some difficulty is likely to be experienced in dealing with Louise and Cataract schools, as they are not in a condition to receive sanitary improvements unless additions are built to them.

A ballot was taken on the appointment of an architect and W. Newlands & Son were chosen.

ment of an architect and W. Newlands & Son were chosen and motion of Trustees Macnee and Wallace was appointed for the work. In attendance at the meeting were: Trustees Richardson (chairman), Walker, Henderson, Donaldson, Elliott, Bennett, Chown, Metcalfe, Best, Meek, Macnee, Hanley, McLean, Kilpatrick, Anglin, Houghton and Wallace. Trustees Craig and Lambert came in just as the board was about to adjourn at nine o'clock.

SUNDAY SCHOOLS

A CONFERENCE WAS HELD AT ST. GEORGE'S HALL.

An Address Was Given by Rev. R. A. Hiltz, B.A., Secretary of Sunday School Commission and Others—How to Build Up the Sunday School.

St. George's hall was well filled, on Thursday night, for the Sunday school conference, held in connection with the meetings of synod. Bishop Mills presided and addresses were delivered by Rev. R. A. Hiltz, B.A., secretary of the Sunday school commission; Rev. A. P. Shatford and Dudley H. Hill. After the addresses a "round table conference" was held, when questions were asked concerning the Sunday school work, and the meeting was a most profitable one. The conference was conducted by Dudley Hill.

In opening the meeting, the bishop remarked that everything depended on the work of the Sunday school, the future of the church depended on the work of the Sunday school. Dudley Hill spoke of the good Sunday school workers could secure from the "round table conference." The Sunday school problem was one in which a person could always learn something new. In visiting other schools, a person could always learn some new method. The trouble with a great many Sunday schools was the fact that they got into a certain rut with the work, and as a result, no progress was made.

Rev. Mr. Shatford stated that for a long time, the church had not been responsible for its work, and that now, it was merely in its first stages. He paid a warm tribute to the work of Canon Tucker, in the carrying on of the Missionary Society campaign, and pointed out how that movement grew up from a very small beginning, for the Sunday school, there was also a splendid future.

Reference was made to the attitude of the home towards the Sunday school. The first instruction should be given in the home. The Sunday school was no substitute for the home. A great deal depended upon the home. People sometimes were of the opinion that they cleared themselves of all responsibility, when they sent their children off to Sunday school. This was not so. Children, sometimes did not care to attend school, and there was a strong contention against compulsion.

In regard to the public school there was no choice. The speaker wished to emphasize the fact that no school fathers and mothers at the back of would be a success, unless it had the compulsion was used in everything but religion, and there was great need of it, as many homes were made unhappy. Family discipline and prayer were unknown, in many homes.

The speaker said that the teaching in the Sunday school was not definite enough. There was great need for definite church teaching. This must be carried on, if the church was to be built up. The children must be instructed in church doctrine.

Rev. Mr. Hiltz spoke of the work of the Sunday school commission. At present, all candidates for holy orders must now pass on text book on Sunday school work. The candidates must now be fitted for the carrying on of work in the Sunday schools. The speaker pointed out the great need for organization in the work. The weakness in Sunday school work, in the past, he believed, was due to a lack of organization. There had been a great leakage, and the church was only just now, awakening to her responsibility. The great drawback was because the church lacked trained teachers. He would say the teachers were doing a grand work, and at great odds, but at the same time the teachers were calling out for instruction. The Sunday school commission had adopted a teach-training course, and by this the teachers would be able to accomplish much greater work.

QUEEN'S BOWLING CLUB.

The First Match of the Season on Thursday.

The first bowling match of the season was held on Queen's bowling green, on Thursday evening, and resulted in a victory for Vice-President A. Strachan's rink over President D. Murray, by a score of 50 to 30. Great enthusiasm is being taken in this bowling, this year, and many matches are looked forward to by the bowlers, as the Frontenac Club expects to have its green in order shortly, and the old reliable Rockwood bowlers will be on hand to do up any who may wish to test their skill.

TRADES AND LABOR COUNCIL.

Labor Service to be Voted on by Various Unions. The regular meeting of the Trades and Labor Council was held, on Thursday evening, with the president, George Lewis, in the chair.

The communication from Rev. T. E. Bourke, regarding the holding of a church service on the Sunday before Labor day, was read, and it was decided to have all the unions take a vote on the question, as to whether a service would be held on September 4th. The result of this vote will be given at the next meeting of the trades council, to be held on July 7th.

Two committees were elected for the Labor day celebration, H. Sinclair, A. Turner, D. Felow, W. Buck and C. Sleeth were appointed on the sports committee, and J. Sova, T. H. Fleming and N. Norris were placed on the printing committee.

LETTER TO THE EDITOR.

The Editor—June 17. (To the Editor): It will interest your readers to learn that no such resolution as Rev. Mr. Mea quotes in his letter, was presented to synod. A copy of a notice of motion, as proposed by Mr. Dobb, got to the press. It was not presented to synod—save by a notice of motion. A simple resolution, protesting against Roman interference re coronation declaration was presented instead, and at the request of the bishop was withdrawn. Your readers will be pleased to learn from Mr. Mea that the so-called oath is a forgery; but, if so, he and his church ought to take action against the Orange Sentinel, as that paper is responsible for its publication, and still maintains its genuineness. W. F. FITZGERALD.

Married at Yarker.

At St. Anthony's church, Yarker, on Wednesday morning last, at ten o'clock, the marriage of Miss Lena Dorothy Benjamin, daughter of Felix E. Benjamin, of Yarker, to Dr. George Edward McGuire, of Danville, was solemnized. The ceremony was performed by the Rev. R. W. Spencer. The bride, attired in a handsome traveling suit of blue cloth, was given away by her father, and Dr. J. H. Oldham acted as groomsmen. Miss Lois Benjamin presided at the organ. Shortly after the ceremony Dr. and Mrs. McGuire left, by automobile, for Kingston, en route to New York. The bride was the recipient of many handsome presents.

The Food Value of Beans.

If beans were much dearer than they are they would still be good food value. But compared to meat they cost very little and when properly cooked as in Clark's Pork and Beans they are unequalled for nourishment and palatability. Clark's Pork and Beans are unequalled in their strengthening and appetizing qualities.

Action for Misrepresentation.

THE KING'S OATH

(Continued from Page 1.)

Francis King defended the dean, saying he did not regard what he had said, as throwing cold water on the matter, but merely as asking a question for information. The bishop said that he did not think the Roman Catholics had any right to be abrogated at the oath, and stated further, that it was his opinion that it would be better not to take any action. If it was a question of the synod standing alone, he was not afraid to do so, but he did not consider that it would be wise for synod to pass such a resolution. He would give this as his calm judgment, he would give it to the synod, as advice, as his own feeling in the matter. His advice would be to let the matter stand, and not pass the resolution.

Both Rural Dean Dobb, the mover, and the seconder, Rev. W. P. Fitzgerald, said that they would agree to withdraw the resolution. "At the same time," remarked Rev. Mr. Fitzgerald, "while I withdraw the resolution, I would express my regret, that we have not expressed ourselves on the matter, but bow to your lordship's ruling." The bishop then offered his thanks for the action taken, and the matter was finally disposed of.

Other Business.

Dean Bidwell then moved the following resolution, and after it was passed the members of synod arose, and sang the National Anthem. "That the synod of the diocese of Ontario, at this, its first meeting since the accession of His Majesty King George V., hereby desires, most respectfully, to express its devoted loyalty to the person and throne of his majesty, and will ever pray that he may long be spared, to rule over his faithful subjects throughout the British Empire."

Dr. Lloyd, vice-provost of Trinity college, was present, and at the request of the bishop he addressed the synod. In an eloquent address he pleaded for a higher education. He referred to the fact that the bulk of the immigration to this country at the present time was foreign, and he urged the clergy to resolve to do all in their power to further Christ's kingdom.

Some motions were afterwards taken up. The first was moved by W. B. Carroll, K.C., seconded by Rev. H. B. Patton. "That with a view of bringing the members of the church generally in closer touch with all that interests the church, and to have it become a fixed rule of the diocese that every clergyman, on some Sunday succeeding the meeting of synod, shall address each congregation on the work of the synod, including the charges of the bishop, as well as all matters held under the auspices of the synod. At the request of the clergyman such address may be made by a lay delegate."

The bishop objected to the passing of this motion, and on the suggestion of Francis King it was decided that where it was found desirable that congregations be addressed on the work of synod. W. B. Carroll, K.C., moved, seconded by Rev. Armitage, "That this synod learns with pleasure that negotiations are in progress for the amalgamation of the theological faculties of Trinity University and Wycliffe College. That this synod cordially approves the interests of the Canadian church that there be but one theological college in Toronto and trust that this result may soon be consummated."

Speaking to this motion Dr. Lloyd informed synod that negotiations, as referred to, were not yet under way, and that in view of this fact he considered that it would be premature for such a resolution.

On receiving this information the mover and seconder of the resolution withdrew it. Rural Dean Dobb moved, seconded by J. B. Walker, "That the rural deans be instructed to take such steps as may be necessary for the carrying out of the resolution of synod on parochial memorials."—Carried.

The following motion was also carried: Moved by Canon Starr, seconded by Rev. W. L. Armitage, "That a Sunday be devoted by each parish to the urgent call of the church for men for the ministry and that this be specially urged upon the children of the church. Also that special envelopes be provided for contributions to the Diocesan Students' fund on that occasion."

Rev. R. C. Blagrave moved, seconded by Rev. W. L. Armitage, "That this synod hears with regret that there is a probability of there being established in the city of Vancouver, two theological colleges within the church, and earnestly prays that such a schism and Christian effort be made on the part of those immediately concerned, as may avert such an eventuality."—Carried.

On motion of Dean Bidwell, seconded by Rural Dean Dobb, the warm thanks of the members of synod were

TOLD IN A DREAM. Message Dying Girl Conveyed to Her Brother. This is an absolutely true dream story: A certain young lady, whom we will call Mary A., was recovering from illness. The doctor had declared her to be out of danger, and her friends and relatives were rejoicing in the fact. Nevertheless Miss A., during a visit one day from a sister, gravely assured her that she was going to die. The sister poolpoohed the idea and treated it as an invalid's fancy. Miss A., however, with the utmost calmness, repeated her statement. She was certain that she would die that night and begged her sister to fetch her parents and other relatives to see her. Thinking to humor her, the sister complied. One person was absent from this strange family-gathering—a brother, who was at sea and was expected home in a week or two. "But it does not matter," Miss A., quietly observed, "I saw him last night in a dream and said good-by to him in his cabin." Before the sun rose again Miss A.'s prediction had come true; she was dead. That, however, is not the strangest part of this weird story. When in due time the sailor brother reached port he was met by his other sister, who began to tell him the sad news. "Ah," he interrupted, "you need not tell me! Mary is dead. I know it, for she came to me one night in my dreams and told me she was going to die and wanted to say good-by." On comparing dates it was found that the dreams were dreamed on the same night.—London News.
