

THE HAPPY SOLDIERS

CONTINUE TO MAKE PROGRESS AT CAMP.

Went to Bed Early for To-day's Long March Through the City—Monday's "At Home"—The Sports This Afternoon.

The last week of camp is now well under way, and the men seem to be coming fonder of their work every day. On Monday it was a busy day, and a warm day, still, the soldiers went through the work like veterans.

Drill was all over early on Monday, as it was "At Home" day at camp, and everything had to be spick and span. From 4:30 until 7 o'clock, the camp was crowded with city people, mostly of the fair sex, who added just the right touch of color and charm to a military encampment.

The men all went to bed early to prepare for the long walk through the city, to-day. This walk was fully six miles, but not a complaint was heard from anyone when orders were issued about it. The officers and men all seemed anxious to have it and let the citizens see how many men there are encamped on the heights.

The different athletes in camp had a

CAPT. D. G. C. CAMPBELL, of the 14th Regiment, who is one of the rifle instructors at camp.

chance to show what they could do, to-day, when the annual field day was held. A fine programme of sports was drawn up, including all the branches, and the officers did all in their power to make it a success. Besides the \$100 donated by the city council, the officers offered different prizes for the events.

The following warrant and N. C. officers are taken on the strength of the camp from the 18th inst., and posted as follows: S. M. Price, (W.O.), R.O.; Sgt. Galt, Brigadier; M. S. I. Collin, 2d Brigade; Sgt. Ryan, R.O.I., 8th Brigade; Sgt. Skinner, R.O.I., 6th Brigade; Lieut. Sgt. Lee, R.O.I., Musketry.

Serjt. Law, P.A.M.C., is taken on the strength of the divisional staff from the 13th inst., and posted as clerk to the camp A.M.O.

It having been brought to the notice of the camp commandant that some officers and attached officers have appeared in plain clothes during the period of camp, attention is drawn to the regulation strictly forbidding such action.

Beginning at 6:30 a.m., on the right of the lines, Tuesday 21st, the commandant will visit the lines to inspect the books, correspondence and reports of each unit. Inquiry will also be made of each officer to ascertain what services were performed during the year towards the enlistment of men; preparing them for camp, establishing rifle associations, and in general taking a lead in the upbuilding of a healthy spirit of training for national defence. Each officer will explain his method of recruiting and what he deems the most potent causes of success in enrolling and training men before coming to camp.

The district armorer will inspect the arms of troops in camp belonging to military district No. 3, between the hours of drill commencing to-day. A board of officers composed as under will assemble on Wednesday, for the purpose of examining all officers desirous of qualifying in equitation. President Lieut.-Col. S. M. Rogers.

MACADAM ROADWAY

DECIDED BY CITY COUNCIL FOR PRINCESS STREET.

Ald. Givens' Motion to Dieker for Street Railway Defeated—The Garbage Committee Criticized for Resigning.

At the city council, last evening, it was decided to cancel the Board of Works' recommendation to macadamize Princess street. The recommendation was as follows: "That a macadam roadway be constructed in King street, between Brock and Princess streets, and on Princess street from King street to Clergy street, at an estimated cost of \$2,703.40, and that council provide the funds."

Ald. Givens asked what had led the committee to bring in this proposal to build macadam roadways instead of permanent pavements.

Ald. Chown replied that some time ago the council sanctioned permanent pavement if the street railway company would pay its share of the cost. The street railway company refused to make any other arrangement than the one it proposed three months ago. The other reason, Ald. Chown said, was that the paving of the seven blocks would be very costly, viz. \$60,000, and the committee feared that it could not carry this through council. The committee was forced to the conclusion that at present the only thing that could be done was to go back to macadam and oil it well. Macadam was the only thing that could be constructed without making extensive expenditures on the street railway line. The cost was considerable, and, if passed, would create a large overdraft on the year, but Princess street was in such a desperate condition that something had to be done at once. The city engineer thought that the macadam could be made satisfactory for seven years.

Ald. Givens asked if the committee had taken into consideration the purchase of the street railway as an alternate proposition.

Ald. Chown said it had not done so, for it did not consider that it was its duty to do so.

Ald. Givens moved an amendment to the Board of Works' recommendation, that the board enter into negotiations with the street railway company regarding the purchase of the road, and his report.

Ald. Hoag seconded the resolution to hear Ald. Givens' explanation for it. The mayor ruled the amendment out of order, however.

Ald. McCann thought it a pity that the permanent road paving scheme should have to be abandoned.

Ald. Elliott endorsed the Board of

Handmaster to be Secured for 14th Regiment.

A short time ago, Bandmaster O'Neil, of the 14th Regiment, was transferred to Quebec, but it was thought that he would be allowed to return to the city, and that he would be able to again take charge of the band. However, notice has been received, and much to the regret of his many friends, that he will be unable to return to Kingston.

This means that a new bandmaster must be secured for the band, and it is almost certain that an outside man will be appointed. It is understood that the band committee has its eye upon a graduate of Kneller Hall, London, Eng.

WAS TAKEN IN CHARGE. Young Man Who Paid Visit to West End Residents.

On the complaint of several residents of the west end a young man, giving the name of Appleton, and who appears to be a stranger in the city, was taken in charge, on Monday afternoon, by Sergeant Nesbitt.

The young fellow was going around from door to door, asking to be allowed to buy old clothing, and as he was well dressed the people looked upon him rather suspiciously. Several of the residents were frightened, with the result that the police were notified. He was detained at police headquarters for a time and then allowed to go. He has promised to say good-bye to Kingston.

A Booklet on Kingston.

The Kingston booklet issued by the industries committee of the city council should be used freely by the merchants in booming this city. Copies of it can be secured at the city clerk's office or from Ald. McCann, chairman of the industries committee. The booklet is a neat and comprehensive publication, containing a great deal of information about Kingston, which is described as "the most beautifully situated and healthy city in Canada; best situated for industries; best educational centre, cost of living low; factory sites and civic inducements. Why not locate in Kingston?"

Conducted the Service.

Rev. W. Graig, chaplain of the 4th Hussars, Kingston, conducted service at Petawawa on Sunday. Gen. French was in the audience. The service was enjoyed by all ranks.

In choosing as an investment a piece of Kingston real estate all risk is eliminated. Come in and talk the matter over, McCann.

A nutritious and cooling drink, Herlick's Malted Milk dispensed at Gibson's Red Cross Soda Fountain.

Another Convention Coming. Kingston is the Place for Annual Gatherings.

Another convention for Kingston. The grand lodge of True Blues will meet in this city, during the latter part of August. It is expected that delegates to the number of two hundred, and perhaps more, will be in attendance at this session.

Kingston is certainly advertising itself as a convention city, and that is all that the city needs to make things hum, in this line. At the present time one of Kingston's slogans is, "Kingston, the best convention city on the continent."

Preached to Soldiers. At Petawawa camp, on Sunday, Rev. Captain Craig, of this city, chaplain of the 4th Hussars, preached the sermon to the troops from a flag-covered drum for a pulpit. He delivered an eloquent address, pointing out the two-fold duty of a soldier. While remembering his loyalty to the king, whose uniform he wore, he was not to be unmindful of a higher duty to the ruler of a kingdom, which was not of this world. The band of the R.C.H.A. supplied the music for the hymns.
