A TOUCH OF PERSIAN ON HER PARASOL.

The Persian effects of all sorts, which have taken the summer by storm, as one might say, have made a strong bid for favor in the new parasols; and very atractive are the gay colorings in the new sunshades. The best of a Persian parasol, moreover, is that it may be used equally well with various costumes, something that could not always be said of the plain colored coaching shade. This parasol has blue and red Persian printings on a white ground, the white appearing largely in the pattern.

AS RECTOR OF THE PARISH OF ELIZABETHTOWN.

Writer Tells of His Self-denying Work-Built the Handsome Stone Church at New Dublin.

Amprior, June, 23,-(To the Editor;) In a recent issue of Church Life, there appeared an article which purported to be an historical account of the parish of Elizabethtown and of called a complete one, inasmuch as no mention is made of the incumbency of Rev. When Canon Grout went there in 1881, he found the New Dublin part of the parish in anything but flourishing eircumstances.
