"EXALT THEMSELVES."

Ohio Catholic Organ Makes an Attack on Aviation.

Cleveland, Ohio, July 18.—An attack was made on aviation by the Catholic Universe, published here, the official organ of Catholicism in Ohio. Editorially, under the caption, "Those Who Exalt Themselves," the paper says: "The craze for dirigible balloons and airships should be legally restricted. We do not think that the Creator intended that man should inhabit the air or fly like the birds, else He would have furnished them with wings. To get wings, 'seek first the kingdom of God and His Justice, and take the comma elements for your daily chart and guide.'"

MEN ARE MISSING

AND IT IS BELIEVED THAT THEY WERE DROWNED.

Messrs. "Jack" Casey and Michael Hennessey left Kingston in Skiff For Their Home on Wolfe Island—Deserted Skiff Was Picked Up Off Simcoe Island—Hired Boat in This City.

Did "Jack" Casey and Michael Hennessey, living on Wolfe Island, meet a watery grave while going over to Wolfe Island from the city in a skiff on Saturday night?

The men are missing from their homes and the fact that a deserted skiff was picked up off Simcoe Island, on Sunday, has led to the belief that the men were drowned.

Messrs. George and James Casey, brothers of one of the missing men, are putting forth every effort to locate the men, but up to late this afternoon no trace of them had been found.

George Casey stated to a Whig representative this afternoon that his brother came to the city on Saturday and that he had been with him during part of the day.

George went to see the ball game in the afternoon and left his brother in the city. He says that it was the intention of his brother to go home on the steamer or Wolfe Islander but that at the request of Mr. Hennessey he stayed in the city and that about nine o'clock he and Hennessey went to Bowman's and hired a skiff to return home. This was the last seen of the two men.

Casey is thirty-one years old and Hennessey about forty-five and both are unmarried. Michael Hennessey is a son of William Hennessey, a farmer on the island. Both the men missing are well-known and have been working on the island all their life.

The boat was picked up, at Simcoe Island, by John Whitmarsh.

SHOT BY DETECTIVE.

Young Man Wounded at East Liverpool, Ohio.

East Liverpool, Ohio, July 18.—Adalbert Keddle, aged 21 years, was shot by Detective Ira Rickett of the anti-saloons league force Saturday night.

The shooting occurred in the business section of the town. Keddle was standing on the sidewalk when Detective Rickett, it is alleged, attempted to shoot Alvin Dawson, 21 years old. Dawson escaped the fire and Keddle was shot through the left ankle.

Rickett, pursued by a crowd, but ran into the arms of Policeman Fowler. He and Dawson were taken to the city jail, followed by a crowd of several thousand persons. Threats were made to lynch the detective, but he was finally landed behind the bars.

Extra police were placed on duty at the jail to prevent a repetition of the Newark tragedy of eight days ago. The trouble was precipitated by an attack made by Dawson and a crowd of young men on Rickett.

British Elections.

New York, July 17.—The Tribune's London cable says: There is a general expectation that hostilities will be resumed over the veto resolutions in November and that the general elections will occur in January.

The liberal hostesses, headed by Mrs. Asquith, are anxious to have the government remain in power during coronation year, but the irrepressible constitutional conflict cannot be suspended for the convenience or pleasures of drawing room entertainers.

Fell Into Boiling Dye.

Paris, Ont., July 18.—Hiram Potraf, aged twenty years, employed at the Winery Mills, Paris, was badly scalded on Saturday, by falling into a pot of boiling dye. He was reaching to turn a tap when his foot slipped on the greasy floor and he just managed to save himself from going in head first.

MICHAEL FOLEY DEAD

HAD LIVED IN KINGSTON HALF A CENTURY.

Was Engaged as a Carter for Thirty-five Years, and Was Well Known Through This District—Was a Member of Champion Baseball Team in 1877.

Michael Foley, a resident of Kingston, for over half a century, a man well-known in this city and district, passed away, at his home, at 97 Earl street, at midnight, on Saturday, after a very brief illness.

Deceased had been in his usual good health all the week, had been carrying out his usual work as a crier, on Thursday, and on Friday worked around his own home. On Saturday he was quite ill and went to bed. He died at the earlier part of the day and appeared to be doing nicely, but along in the evening he became worse and, as already stated, passed away at midnight, in spite of the best of care given him.

The late Mr. Foley was a crier in this city for thirty-five years and was widely known and highly respected by all who knew him, and all his friends were very sorry to hear of his sudden passing away. Deceased was born in Montreal, and was a son of the late Michael Foley. He was about fifty-nine years of age and came to Kingston with his parents when he was just a few years old. He survived by his wife, one step-brother, P. Moran, Gore street, one step-son, Mrs. J. Walsh, and a niece, Miss Agnes Foley.

Mr. Foley was a staunch liberal all his life. He was a member of St. Mary's cathedral and also a member of the C.M.B.A.

In his younger days Mr. Foley was a great athlete and in the year 1877 had the honor of being on the champion Earl street baseball team. This was for the city championship, the team being composed of men who lived around Earl street. In those days there were some stirring games. These were the days when the boys went into the game behind the bat without either mask or pad.

Messrs. D. J. Millan and P. Moran, of this city, are among the only surviving members of this baseball team. A number of citizens have a group photograph of this team, which was the pride of the city in the olden days.

The funeral of the late Mr. Foley took place on Monday morning at St. Mary's cathedral, and was of a private nature. Rev. Father A. J. Hanley conducted mass.

The death of Mr. Foley came as a terrible shock to Mrs. Foley, and she is now seriously ill at her home. She had been in rather poor health but this sudden bereavement came as a severe blow.

ARE NOW CONFERRING

Regarding the Trainmen's Demands for High Wages.

Montreal, July 18.—Grand Trunk officials and the trainmen's committee were in conference for two hours this morning and the deliberations were adjourned until three o'clock this afternoon. At the close of the forenoon meeting Mr. Hayes stated that the proceedings were going along smoothly. The G.T. men are insisting for Sir Thomas Shaughnessy to take up the matter of their claims and nothing is expected for some days. Sir Thomas returned from a holiday to-day.

The Philadelphia Situation. Philadelphia, Pa., July 18.—When the officials of the order of railway conductors and the brotherhood of railroad trainmen went into conference to-day with General Manager Meyers of the Pennsylvania railroad it was admitted that on the rest day whether the threatened strike would be declared. The union officials have full power to issue a strike or order notice. They also sought to-day a conference claiming the company had misapprehended their attitude. They planned to explain matters to Meyers, and hoped to arrange a compromise. Finally, however, it was conceded that nothing could prevent a strike.

Later—While no official statement has been issued, it is reported that all danger of a strike on the Pennsylvania railway has been averted.

CALLS UPON HIS DAUGHTER

To Return or Surrender to the Police.

London, July 18.—The search for Dr. Crippen, who is being hunted for the murder of his wife, and Miss Leneve, who, it is said, accompanied him on his flight, is still without result, and so far as known, the police have no information likely to afford a clue to the couple's hiding place.

Miss Leneve's father, Walter Neave the reason for the daughter calling herself Leneve has received in other explanation than feminine affectation, has given the press an open letter appealing to his daughter to return, or to surrender herself to the police.

Neave says it is practically certain his daughter is in France, and makes suggestion which has been widely commented by other acquaintances, that Crippen is masquerading as a woman. Crippen's gait, effeminate mannerisms and manner all combine, Neave says, to make such a make up easy for him.

Shot and Suicided.

Tampa, Fla., July 18.—William Elliott, a negro, crazed with cocaine, shot and killed with a shotgun his mother-in-law, Gella Bryant, Rev. Jesse W. Avery, of the First African Methodist Church, and Henry Clark, negro, organizer of the church, seriously wounded his wife, Eva Elliott, and his sister-in-law, Mary Bryant, fatally wound at Policeman Hayman, and then committed suicide.

Went 2,000 Miles For Prisoner.

Toronto, July 18.—Provincial constable Campbell of Fort Francis, has brought back to this town George Ross, wanted there for fraud. Ross had gone to the distant north-west, and Campbell had a journey of nearly 2,000 miles for his man.

LABOR AT PREMIUM

IN CONNECTION WITH TRANS-CONTINENTAL RAILWAY.

The Dominion Government May Take Steps to Solve It—The Contractors Confronted by Acute Problem.

Winnipeg, July 18.—An acute labor problem is confronting construction contractors for the mountain section of the National Transcontinental Railway, and it is probable the government will take special steps to solve it. W. W. Corey, deputy minister of the Interior, joined Sir Wilfrid and Hon. Mr. Graham, minister of railways, on the touring train Saturday.

It is understood he came from Ottawa to confer with them. Messrs. Chamberlain and Stewart, contractors for the mountain section, have indicated that it is impossible to complete the section in reasonable time unless they can get more labor.

Existing immigration regulations provide that no foreigner can come in Canada except directly from his native country. It is understood the regulation was designed to deal with drifting Asiatics. The United States railways are shutting down in construction to a certain extent, and many foreigners accustomed to rail work are out of jobs. Under the regulations they cannot be hired in Canada. The contractors reported that they cannot get labor, although they are offering \$2.25 to \$3.00 per day with board. They have 1,000 men at work, and ought to have over 5,000.

Chief Government Engineer Colonel Lingwood Schreiber, in charge of the western division of the Grand Trunk Pacific, reports to the minister that he cannot complete the work in time unless labor is immediately secured.

The contractors engaged hundreds of men from the United States, but they were turned back at the border by officials of the department of the Interior under the existing regulations. Mr. Corey is in conference with the premier and the minister of railways, with a view to evolving some immediate solution of the problem.

WOMAN TOOK FATAL PLUNGE.

Jumped Off Steamship La Lorraine to Death.

New York, July 18.—As the steamer La Lorraine, which arrived Saturday, from the first, was approaching the American coast, on Wednesday morning, steaming through a dense fog, the passengers were startled by a sudden alarm, the stoppage of the ship's engines, and the hasty lowering of one of the first cabin passengers, Miss Eleanor Koffman, had jumped overboard. In the thick fog the mission of the life boat seemed hopeless, but a search was made for a long time. The quest was finally given up, however, and the life boat was compelled to return to the ship's side without having discovered any trace of the missing woman.

Miss Koffman was fifty-three years old and lived in New Jersey. She took passage with her sister, Sarah, and no one on the vessel noticed anything unusual about her during the voyage up to the time she took her fatal plunge. On the day before she spent her time quietly in her cabin and in the sitting room and library of the steamer, and appeared rational in every way.

Lord Kitchener's Future.

London, July 18.—Sir Eddon Gorst has been resting in Wiltshire before conferring with Sir Edward Grey at the foreign office. There is no evidence of lack of co-operation between them regarding the Egyptian policy.

Lord Kitchener is still kept in the air, without definite assurance of future employment worthy of his talents for organizing and his services to the empire.

Mont-Bourassa Demonstration.

Montreal, July 18.—The demonstration at St. Eustache, Sunday afternoon was a success, four thousand people being in attendance. Mr. Monk repeated his Beauport speech, and Henri Bourassa was particularly severe against Sir Wilfrid Laurier, declaring him false to his fellow countrymen.

A sheet of window glass fell from the sixth in a New York street and slanted through the air, killing Miss Lena Phillips by almost decapitating her.

A deficit of \$78,828 is declared by the Cleveland Street Railway company after four months' operation under the three-cent fare rule.

JOHN H. BUTTLE ADVERTISED HIS DEATH.

Spouse of Brooklyn Insurance Man So Far Shows no Yearning to See Her "Dead" Husband—What "Poor John" May to Say.

New York, July 18.—In an effort to trick his wife to and her long visit to the Canadian North-West and to return home, a Brooklyn insurance broker, yesterday, had published in the morning papers his own death notice. It read:

BUTTLE—Suddenly, July 11th, 1910, John Buttle, 40 years old, of 259 Madison street, Brooklyn. Notice of funeral hereafter. Please omit flowers. Canadian papers please copy.

"Seeing this notice, friends of the alleged corpse went around and said, 'Poor John.' Several persons who would have sent flowers, to show their respect for his memory, regretted their request that they refrain from so doing.

But the lack of crepe on the door caused some friends to seek Buttle. He was found last night, alive, but not alone.

He explained, however, that his desire was to reach the eyes of his wife with the advertisement. She is in Canada, and has, according to the husband, been away six months on a visit to her sister in Glenagry, North-West Territories.

She had shown no inclination to return home, and Buttle believed if she heard he was dead she would come back.

Just why Mrs. Buttle would return to a dead husband when she would not come back to a live one was not explained. Mr. Buttle admitted that his strategic plan of campaign had so far not been a great success.

TO YIELD TO CANADA

For Uniform Closed Seasons of Great Lake Fishing.

Detroit, Mich., July 18.—A Washington dispatch says: That the appendix of Senator Smith, of Michigan, against including Saginaw Bay in the treaty regulations respecting the great lakes fisheries may not avail against the persistence of the Canadian commissioner, Prof. Prince, seems to be the case. International dicker-ing has now been going on for over two years, although the treaty itself, once accepted, will only run for ten years. Prof. David Starr Jordan, the United States commissioner, is likely to yield to the insistent demands of Canadians for uniform closed seasons. The policy which the various states adjacent to the great lakes have held to heretofore has been one of artificial propagation entirely. Canada spent a modest amount on fish propagation, but depended more upon closed seasons. The new regulations which promulgated will embody the best points of both policies, it now seems.

Belleville Lady's Sad Death.

Belleville, July 18.—News comes from Barrington, R.I., of the sad death of Mrs. F. C. Link, a former resident of this city, while coming home with her husband to attend the Old Boys reunion. Mrs. Link had come from Abbeville, S.C., with her husband, and stopped off at Barrington, R.I., to see relatives. They went out in a skiff, which up-set, and Mrs. Link died of heart failure. Her parents live in this city.

Rate in Call Loans Increased.

Montreal, July 18.—The bank rate on call loans to the stock market, some time ago, advanced to five and a half per cent, by three banks, has become general, and very little money can be obtained at that rate. Most of the leading banks sent out their notices Thursday and Friday.
