RUPTURE

J. Y. EGAN, Specialist of Toronto

A WORD OF CAUTION.

Prostration is the most common error of ruptured people. In most cases they do not realize the risk they are running. You may have been ruptured for some time and not noticed any change for better or worse. But remember, no rupture stands still. Even if not getting larger the bowel is growing fast to the inside, and any day your ordinary strain is liable to slip while lifting or coughing and let more of the bowel escape. In such a case strangulated hernia may result in death. Many people come to me complaining, nervous, irritable, suffering from indigestion and constant colic. They seldom change this to their rupture, but that is where their health originates. A rupture strains the whole physical organism and is a constant nerve irritant, a breeding place for the germs of typhoid, and frequently causes rheumatism, paralysis and sterility. Your rupture cured will make you feel like a new being, your nerves will recover their normal tone and your ruddy complexion replaced by vigorous, young health. Act at once and remove the daily danger of death which, like a threatening thunderbolt, hangs over the head of every ruptured person. Don't delay to suffer and die. Let me help you live and enjoy life. What I have done for thousands in the past fifty years I can do for you today. A warning to the fact that a cure means to you—life, immediate security, comfort and a perfect physical condition. This is all yours today for the asking. Out-of-door patients can consult me and return home some day relieved of all rupture trouble permanently. No operation, pain or loss of time. Year off five coupon now.

Free Consultation Coupon.
This coupon, upon presentation to J. Y. Egan, rupture specialist, 33 West King Street, Toronto, who will visit the towns (on dates mentioned below) will entitle the bearer to free consultation and examination of his or her case. Ask at hotel office for receipt of my consulting room. Note dates.
I WILL VISIT
Brookville—Beverly House, July 22.
Kingston—British American Hotel, Saturday, full day and night, one day only, July 30.
Napawan—Palmer House, August 1.
Picton—Globe Hotel, August 2.

Liver Spots

There is nothing more annoying to a young lady than to have her face or hands marred with Liver Spots. They indicate a diseased liver. There is only one remedy that is guaranteed to cure you, and that is **FIG PILLS**. They remove the spots, clear the complexion and cure Constipation. Mild in their action. 25c a box, at all leading drug stores, and, remember, **FIG PILLS** are guaranteed to cure you.

It's difficult to convince a man who is broke that happiness can't be purchased with money.

ODDFELLOWS' RELIEF

THE ASSOCIATION HAS NOW 25,240 MEMBERS.

New Members Largest on Record—Assets are \$837,000—Low Death Rate—Change in Financial Year.

The annual meeting of the Oddfellows' Relief Association of Canada was held in the City Hall, Kingston, Wednesday, July 27th, beginning at nine o'clock. There was a good attendance of representatives. All the grand jurisdictions were represented excepting one. The chair was occupied by the president, D. M. McIntyre.

Mayor Couper tendered a very cordial welcome to the visitors. He intimated that he had close connections with the fraternal societies of Canada and was in a position personally to testify to the good work in which they were engaged. He congratulated the association upon its progress and hoped that it would long continue to grow and prosper.

President McIntyre followed with an opening address of marked ability. He summed up in a very concise way the work of the year by the association. He referred to its expanding usefulness, to its co-operation with the grand bodies in the several jurisdictions, and to the presence of their representatives at this meeting. He intimated that he paid tribute to all who do with the magnificent results which the reports of the year presented.

Letters and telegrams regretting their absence from the annual meeting, in an account of varied business communications, were read from J. J. Reed, Montreal; H. White, Port Hope; V. E. Morrill, Sherbrooke; P. L. Baldwin, Coaticook; W. S. Johnston, Toronto; and O. L. Lewis, Chatham. All these hoped for a most successful meeting and expressed their warmest regard for the association.

Report of Officers.
O. J. Donogh, vice-president, presented the report of the directors. It showed that the revenue for the year was \$389,565.00; the amount paid in mortuary and disability benefits, \$227,387.00; the savings for the year, \$162,178.00; the assets, \$837,000.00; the receipts on interest account, \$26,664.00; and the net assets, over actual liabilities, \$724,104.40. It was pointed out that the association was interested in the new Canadian experience, that the association held licenses from the provinces of Manitoba, Ontario and Quebec; and that two of the directors had undertaken special missions across the continent with the highest success.

R. Meek, the secretary-treasurer, in his report, showed over 2,700 applications were received during the year, that the gain in membership was 1,391, making the total on June 30th, 25,240. The lapse rate had been considerably reduced, thanks to various agencies, and especially the follow-up system. The death rate for the year was 6.92, the average age of new members 29.10, the average age of the entire membership 38.47, and the average age of the lapsed members, 31.91. Reference was made to the increased labor in connection with the statement of benefits on the same day in which the claims arrived, to the loyal support of the Independent Oddfellows, and to the various legal points which had been raised and referred to the laws and amendments committee.

J. G. Ettinger presented the report of the auditors. It was intimated that a week to week audit of the books and accounts of the association had been made, that all moneys had been received and accounted for, that the financial statements for the year were examined and found correct, and that the securities had been examined and found as stated in the Bank of Montreal.

A. H. Blakeby, the superintendent of agencies, reported that the twenty-five thousand members which it had almost at that time year's was the largest gain for any one year by the association; that Special Agents Tully, Jackson, Anderson, and Bayne had been during the very best work in Alberta, Saskatchewan, Ontario, Quebec, and the maritime provinces; that this year the local board in Winnipeg had looked after the interest of the association carefully in Manitoba; and that Fred Davy, M.P.E., had carried the Pacific coast. The co-operation of the association with the various grand bodies had been productive of the best results.

Dr. Mundell presented the report of his medical department, which was replete with information of the most important kind. The increased mortality for the year—from 6.42 last year to 6.92 this year—was due to pneumonia, Bright's disease, and typhoid fever. The deaths from tuberculosis were fewer in number than last year, and represented only 11 per cent. of the total mortality, this percentage being very much lower than the mortality from tuberculosis in the province of Ontario. He referred to the new American experience table to which he attached large importance, and with regard to which he was giving special attention.

vined, and to the great favor in which the Oddfellows' Relief Association was regarded by the people there. Conditions showed that there was nothing but the highest regard for the association which was allied with the I.O.O.F.

Inspiring addresses followed from C. R. Allen, St. John, N.B., representing the maritime provinces; from W. Kennedy, grand warden of the grand lodge of Quebec; D. J. Dekson, grand patriarch of the Grand Encampment of Quebec; E. N. Morrey, grand patriarch of the Grand Encampment of Ontario; and from J. B. King, the veteran grand secretary of the grand lodge of Ontario. All were received with extreme favor by the meeting.

Directors and Auditors Elected.
On motion of Joseph Oliver, Toronto, seconded by H. J. Guppy, Ottawa, the retiring directors—J. A. Robb, M.P., Valleyfield, J. A. Minner and W. Mundell, Kingston—were re-elected. The president referred to the great sacrifices which were made by the outside directors in order to attend the regular meetings of the board in Kingston and give the association the benefit of their experience and counsel.

On motion of Col. Cole, of Brockville, seconded by W. H. Allen, of Carleton Place, the auditors of the association, John Nicolle and J. G. Ettinger, of Kingston, were re-elected.

Motions.
On motion of R. R. Brett, of Essex, seconded by E. B. Morrey, of Ingersoll, the hearty thanks of the meeting were extended to the directors for their many courtesies during the meeting. All these courtesies were duly appreciated and the hope was expressed that the future would offer the association even greater success than it had reaped in the past.

On motion of Joseph Oliver, Toronto, seconded by R. K. Cowan, the staff for the very excellent work which they had performed in the interests of the association. On motion of Mr. Cowan, seconded by Mr. Phillips, the mayor was very cordially thanked for his address of welcome at the opening of the session. The meeting then adjourned.

At a subsequent meeting of the board of directors the officers of the association were re-elected.

IN MARINE CIRCLES.
Arrivals and Departures of Vessels at This Port.
The steamer Pierpoint is on the Cape route to-day.
The tug Chieftain went down the river this afternoon.
The steamer Wasaga clears for Belleville to-day to load cement.
The yacht Swanona, which was in Davis' dry dock for repairs, is out again.

Kick Against Newcomer.
A kick is being made in certain quarters against the engaging of a United States young man as a guard in the penitentiary. The objections against him are that he is a Yankee instead of a Canadian, and a democrat instead of a grad. A protest has been filed, and Inspector Dawson, who is expected this week, will likely be asked to sit in judgment.

Canoes Were Upset.
Two canoes, each containing a lad and a lass, were off Macdonald park last evening when the rain came up, and both were upset. People thought there was going to be a drowning accident, and the occupants righted the canoes, and pushed the girls ashore in them.

Presbytery Meeting.
The Kingston presbytery will hold a meeting in Picton on August 2nd, and then the induction of Rev. J. A. Shaver into the pastorate of St. Andrew's church there, and also to consider a call given Rev. J. R. Conn, of Napawan, to Cannington Presbyterian church.

Stole Quantity of Cement.
It has been reported that the seahouse of Deputy Warden O'Leary, at Portmouth, was broken into a couple of nights ago, and a large quantity of cement stored inside was carried away. No clue to the thieves has been discovered.

Band in the Park.
By kind permission of Col. Burstell and officers, the band of the R.C.H.A. will play the following programme in Macdonald Park to-night, from eight to ten o'clock: March, "Under Freedom's Flag," "Nowowski; Intermzzo, "Le Roi d'Yvetot," "Adams; Overture, "Hamona," "Johnson; selection, "The Merry Widow," "Lehar; idyll, "A Merry Peal," Lindahl; selection, "Cavalleria Rusticana," Mascagni; song (cornet solo), "Killarney," Belle; American sketch, "By the Sunwaye King," Alfred Light; bandmaster, R.C.H.A.

THE SPORT REVIEW

HOW THE LOCAL BASEBALL LEAGUES STAND.

Retailers Beat Wormwits in the Mercantile League Last Evening—Victorias and C.L.C.'s Will Fight It Out in the City League.

Well, did it rain at the cricket field Wednesday night? Ask the boys who played baseball in the game between Retailers and Wormwits! The rain just poured down in buckets, and forced the boys to quit. The score when the game stopped was 7 to 5 in favor of the retailers. This is the first game the retail fellows have won this season and they are beginning to take heart. The retailers have improved wonderfully since entering the league and their supporters are looking forward to them making good. The teams:

Retailers—Sullivan, c.; Leader, p.; Jackson, lb.; Vanhorn, 2b.; Guirey, s.s.; Wallwood, 3b.; Ludlow, r.f.; Coyle, e.; Sharpe, c.o.
Wormwits—Nicholson, c.; K. McCaig, 2b.; Allan, s.s.; McMaster, 3b.; Davis, r.f.; Murray, cf.; Barry, l.f.
Wormwits' changed batteries twice—Davis, then McCaig and back to Davis.

Woolly Phillips got some hot ones at first base.
Wormwits' team have got on to a losing smile when he is in the box. "Baldy" Jackson did good work on first base for the retailers.
Vanhorn was right at home coaching at first base. He and Phillips had quite a few friendly squabbles.
Wormwits' had the majority of the fans present.

The Sunday School League.
The Sunday School baseball league, which was organized this season, has met with fair success so far. Lately, however, quite a lot of trouble has been experienced in group "B" between Cooke's and the Princess street combine, St. Luke's and Princess street, St. Andrew's, the third team in group "B" dropped out and left the teams mentioned to fight it out. And they are fighting, neither team yielding an inch. They have played four games and have not been able to decide who the winner is to be.
St. George's are the champions of group "A" and Bethel of group "C" and they teams are waiting for group "B" to finish. Evidently the handsome cup donated by H. W. Richardson is worth striving for. It is to be hoped that group "B" will be decided soon so as to proceed with the final games.

Sunday School Junior Series.
The youngsters comprising the juniors teams are making a gallant fight for the "Harry" Wilder cup, (being to vacancies caused by some teams dropping out, a new schedule had to be drawn up five weeks ago. St. James' are champions of group "A," St. Luke's and Sydenham were to have played last evening, but on account of the rain the game had to be postponed. If St. Luke's had won, group "B" would have been tied. If they had lost Sydenham would have the group.

To Play at Hull.
The Kingston baseball team will play the Hull team at Little Farm grounds, Sunday afternoon, and again at Varsity Oval, Monday morning, at six o'clock. Arrangements for both games were closed yesterday, and Manager George Taylor, of the Ottawas, claims to have signed for both games Jordan, of St. Patrick's and Fransche, of the Maple Leafs.

City League Standing.
The standing of the City Baseball League at the present time is:
Won. Lost. To Play.
Victorias 6 1 3
C.L.C.'s 4 2 4
Y.J.C.B.A. 0 7 3
As will be seen, the Victorias have the lead by two games. The C.L.C.'s have a chance though. The Irishmen are out of it entirely. Now, when it is too late, the team is picking up. If they had played the first of the season they would have already been on the way they did on Saturday. They might have stood a chance of winning the championship.

Junior City League.
Won. Lost.
Victorias 6 0
Regiopola 2 3
C.L.C. 0 6
The Victorias have the junior City League cup clinched. Regiopola did very well considering the fact that they had a great deal of trouble in keeping their team together after the college closed. C.L.C.'s weren't in it at all. Mention has already been made of the splendid record made by the Victorias during the last four years, and it is up to them to keep the record going.

The Mercantile League.
The standing of the Mercantile League at the present time is as follows in group "A":
Won. Lost. Tied. To Play.
Printers 2 1 1 2
Posties 2 1 1 2
Wormwits 1 2 0 3
Retailers 1 2 0 3
In group B the standing is:
Won. Lost. To Play.
Richardsons 2 1 3
Railroaders 2 1 2
Live Coals 2 2 3
Grocers 1 2 3
Richardsons and Railroaders are tied and Live Coals and Grocers are tied. Both groups have finished the first round of the schedule. Printers and Posties played the first game in the second round Tuesday evening, and were tied and lead group A. First game of the second round of group B was played last evening, tying Wormwits and Retailers.
All the teams in the Mercantile League are displaying remarkable interest in baseball, considering the fact that they have no trophy to play for. This seems a pity. It was just some benevolent-minded citizen take pity on the boys and put up a handsome trophy? It is not too late. The boys would appreciate it very much.
