INK HABIT CURED THREE

price of freedom from the most enslaving abit that ever demanded salvation.

Story of the **Catlin Treatment**

EN YEARS ago it was announced, for the first time, that drunkenness WAS NOT a disease; that a harmless, simple method of treatment had been discovered that would cure the most seemingly hope less case of drunkenness in THREE DAYS; that the heroic treatment, covering a period of from 28 to 42 days, with paintul reinjections, was a thing of the past as far as necessity for such exted; that eraying, desire and physical demand for and inclination to drink in ors were but EFFECTS of stored-up alcoholic poison in the m That with the removal of that poison, the CAUSE of condefiniting, and drunkenness was done away with; that all craving most refresh tonce disappeared, leaving the drinker in the same mental and tysicalicondition as the day he was born as regards liquor, and with no more the limited to drink it than the day he foolishly took his first drink. The anest further stated that the Gatlin treatment was the only one in the which would accomplish this that all methods of treating drunkenness

This announcement met with skepticism; but daily, stronger and stronger ns for the Gatlin treatment were made. Legal contracts were offered that my drunkard in any stage of the drink habit could take the Gatlin treatment, od if there was a failure to cure failure to effect a cure more than satisfactory the drinker himself and to his family—that if he was dissatisfied in any maner with either the cure, the treatment, the Gatlin Institute, or with any person or anything connected with the Gatlin Institute, all that was necessary was a imple expression of dissatisfaction and the full fee paid would be refunded when se was leaving the institute, and treatment should cost nothing.

her than the Gatlin were based on a FALSE DIAGNOSIS of "alcoholism."

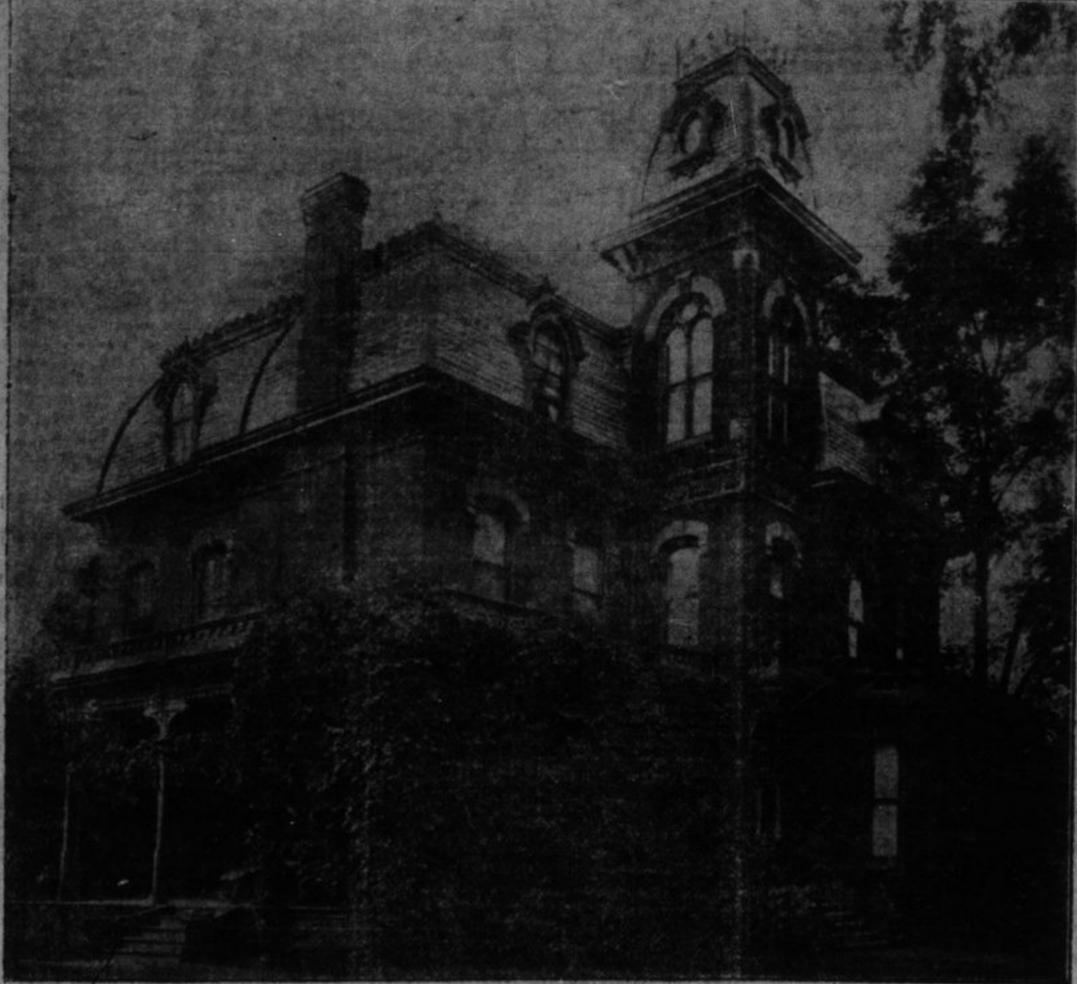

That same proposition is still made, and has been constantly and connuously made for TEN YEARS.

The Gatlin treatment CURES—and it cures in THREE DAYS—there is not e alightest possibility of failure.

The Gatlin Institutes began to grow-patients flocked to them by scoresres were of the LASTING KIND which made the Gatlin treatment famous The Gatlin Institutes couldn't possibly accommodate all those who desired the catment-other institutions became necessary, and others are opening throughat the continent.

Gatlin Institutes are now in operation at 340 So. Highland ave., East End, tteburg, Pa.; 1919 Prairie ave., Chiengo, Ill.; 403 Seventh st., So., Minneapolis inn.; 1333 Jefferson st., Kansas City, Mo.; 1414 Seventh st., Parkersburg, W. a.; 1323 High st., Des Moines, Iowa; 27 So. C st., Tacoma, Wash.; 434 Queen nne ave., Scattle, Wash, and London, Eng.; now being opened, with the GAT IN INSTITUTE OF ONTARIO NOW OPEN AND DOING BUSINESS AT 42 ARVIS STREET, TORONTO, ONT.

REPRESENTATIVE ONTARIO CITIZENS CONTROL THE GATLIN INSTITUTE

GATLIN INSTITUTE was needed in Canada—a treatment that would cure quickly and perfectly without the disagreeable features of hypodermic injections, strong drugs, SUBSTITUTE STIMULANTS, and a loss of from 28 to 42 days of time—a treatment with merit enough to convince the public that EIGHTY PER CENT, of its patients did not RELAPSE—had become a public necessity.

A company composed of representative citizens, physicians and business men of Ontario—men of means, of reputation and of extensive interests here—was formed, and the exclusive right to use the gatlin treatment in Ontario was secured. The cost of this right was not at all smail, neither was the opening and fitting up of the splendid Gatlin institute at No. 8 Howard street done at small cost. Inside of one year these quarters were outgrown by the rapidly increasing business, and it became necessary to seek a larger building for the Institute. The present location, No. 428 Jarvis street, given ample room, and affords the best-equipped institution in Ontario for the successful treatment of alcoholism. We KNOW what the Gatlin treatment will dower that the will fail to cure—we KNOW what the demand for the Gatlin treatment will be when we have succeeded in convincing you that there is now a REAL CURE for the liquor habit—an easy, safe, harmless cure, which you can take in the comfortable quarters of our homelike institution or in the priyacy of your own home, requiring a period of but THREE DAYS.

If it proves difficult to convince YOU that the Gatlin treatment is all and more than it is claimed to be just think how difficult it must have been to convince Wish that the Gatlin treatment had merit enough to warrant us in investing many, many thousands of dollars in the Gatlin Institute of Ontario. We know of many quacks who had prostituted their profession for a few paltry dollars; we knew that other liquor habit treatments, in a sense, were failures; we were so well acquainted with the "world" and with the fact, that it is easy to make claims and statements, th Anyone interested is respectfully invited to call at the Institute, 428 Jarvis street, corner Maitland, Toronto, Ont., or write for books of particulars and copies of contracts to cure. Long distance and local telephone, North 4538. A, Hargrave, Manager.

ALCOHOL IS AN UNNATURAL brain-wrecking, will-breaking drink, and all powers of resistance fall under its attack.

Liquor Drinking Men of Business

USINESS MEN-which includes lawyers, doctors, managers of eorporations and higher salaried men, merchants, bankers, brokerswho drink liquor FAIL sooner or later. Each one of them will charge his failure to HARD LUCK. But that charge is false. The loss of executive ability, WEAKENED MENTALITY. impaired judgment, gross neglect-to WHISKEY DOING THE THINKING-are direct EFFECTS of charging the system with the cumulative poison of alcohol, and

The Gatlin treatment will, in THREE DAYS, remove every trace of alcoholic poison from your system, without any inconvenience whatever to yourseif; in THREE DAYS it will take you right back to the condition you were in the first day you ever took a drink of liquor, with no more craving for or desire to drink it than you had on that day. What liquor drinker, who has a vestige of his normal brain left, is there in this world who would not eagerly return to that day? What one, with the experience he has had in liquor drinking, would take that FIRST DRINK if he could but go back to that FIRST DAY?

Come to the Gatlin Institute—take the Gatlin treatment, or send for the Gatlin Home treatment. It will make a new man of you; will return to you your old-time normal brain-your old-time personality that was carrying you along the road to SUCCESS rapidly until you ran up against liquor; it will chase HARD LUCK from your business by driving the accumulated poison from your system and thereby do away with the CAUSE of your appetite and eraving for

You, or your employe, or your friend, will be accepted for treatment at the Gatlin Institute under a plainly-worded, legally executed contract that a CURE shall be effected in THREE DAYS -a cure that will be entirely eatisfactory to yourself and to your family-that every claim made for the Cathin treatment and what it will accomplish in THREE DAYS shall be verified in your case, or at the end of the third day the full fee you pay for treatment shall be refunded and treatment shall cost NOTHING. Any expression of dissatisfaction with either the cure in your case, with the treatment, with the Gatlin Institute, or with its management, when you are leaving the Institute, will mean that the fe paid shall at once be refunded. Remember, the money you pay the Gathin Institute for a CURE has not changed ownership until you are satisfied that you are cured and that the Gatlin Institute has earned its fee .

Institute located at 428 Jarvis street, corner Maitland. Take Church street car; ask for Maitland street stop. Institute two short blocks east. Call or write for books of particulars, copies of contracts and other information. Hook and full particulars mailed, sealed, in plain envelope. Long distance and local
