PRACTICE OF MEDICINE.

Story Told by Kaiser William of Germany.

T. P. Weekly. Kaiser William of Germany tells with much gusto and amusement the following story, in which he himself figures as anything but the hero: "I was discussing the theory and practice of medicine with good doctor von..."

...with the symptoms of concussion of the brain... "I am astonished," replied the good doctor. "Let me prove my knowledge." I said, "If, for example, I banged my head terrifically against yours, would you not both suffer concussion of the brain?"

Itching Scalp Ceases After One Application

J. B. McLeod is Willing to Guarantee Parisian Sage Because He Knows It Gives Satisfaction to All Who Use It.

Most druggists know that there is no hair preparation that gives so much satisfaction as Parisian Sage which is now on sale all over Canada.

The reasons are many. A large, generous bottle for 50 cents. The only hair tonic that is sure to kill the dandruff germ. A rigid guarantee to cure dandruff, stop falling hair, and itching scalp in two weeks or money back.

Seeley's Bay Liquor Case Dismissed—N. S. Metcalf Acquitted—The Evidence Insufficient to Convict.

Gananoque, Aug. 22.—Fine weather again greeted the trap shooters for the second day of the Thousand Islands Gun Club's registered tournament. Through the courtesy of the Dominion Cartridge company, George H. Bank managed the entire tournament. Professionals were allowed to shoot for birds only. The Citizens' band filled an engagement at the Thousand Islands Yacht Club's club house, Comfort Island Saturday evening. In the case of License Inspector F. H. Barber vs. S. E. Metcalf, of Seeley's Bay, in which the latter was charged with selling intoxicating liquor in a local option section, without a license in which judgment was reserved for one week, Police Magistrate Carroll rendered judgment on Saturday, dismissing the case, with costs on the plaintiff, holding that the evidence was insufficient for conviction. Mr. Metcalf's reputation in Seeley's Bay and Kingston as a reputable hotel man being excellent.

The water power company, which has had the water shut off for the past week to permit repairs at the local factories, turned it on again, Saturday, to permit work for the shops to start up this morning. Some parts of the engine of the Sigma, burned here a week ago, were taken in charge by the insurance company's appraiser and sent to Clayton on Saturday for shipment to New York. The junk was disposed of for \$30.

At noon on Friday afternoon at the Methodist picnic, the local Garbocks defeated the Western team in an exhibition game of baseball by a score of 15 to 0.

The local officers and members of the Salvation Army, with their band, went over to Thurso and held a service on Friday evening, which was largely attended by the Grindstone Islanders. The coal schooner Britton cleared on Saturday for Oswego. The pleasure yacht Althea, of East Orange, N.J., with a party on board, spent several hours in port, yesterday. The steamer Alida, of Alexandria Bay, with a large party of tourists on board, was in port yesterday morning.

The Pains They Took. Brooklyn Life. A man from a small western town, visiting New York some years ago, lost his watch. No being familiar with the ways of a big city, the westerner wrote an extremely naive letter to a friend in the police department, wherein he stated that he had no doubt that that department would spare no pains to find the missing timepiece.

Now it chanced that the next time this westerner came to New York the subway contractors had begun to tear up the city from one end to the other. After a glance, the westerner took it in what to him was the only plausible explanation for the existing state of affairs, so, rushing to the nearest telegraph office, he despatched the following message to the police authorities: "Do not take any further steps. Watch not worth it."

Teddy, Get Your Gun. Waterbury Times. The old machine gun is high glee that they have turned down the progressive policy of the real republicanism of the state, which now recognizes Col. Roosevelt as its leader, but they may have laughed too soon. It will serve to make Col. Roosevelt put his fighting machine on. He will be a delegate to the state convention and it may be found that a man with public opinion behind him may be as powerful as one who depends wholly on the office. There is one bad habit that most of us are addicted to. We talk too much.

"Yes," said Mrs. Mahone, to the old friend who was picking up the threads of family history, "my Bobby, he's travelling with a circus now." "Fretty hard work, isn't it?" inquired the interested caller. "Never a bit of it," returned the proud mother of Bobby. "He's living a gentleman, he's hands in his pockets, and he might say he's a handsome salary he gets; and every blessed thing he has to do is to lay his hand in the Bow's mouth a matter of some two or three times a day of theseabouts!"
