YEAR 77—NO. 106

KINGSTON, ONTARIO, WEDNESDAY, AUGUST 24, 1910.

LAST EDITION

## THE DEFENCE

### To Be Put Up In The Crippen Case

### HIS LAWYER'S CLAIM

### EVIDENCE IS CIRCUMSTANTIAL AND VERY WEAK.

### Emotional Appeals to the Jury Will Not Be Made—The Only Real Evidence is That Dr. Crippen Ran Away—Flight on This Point.

London, Aug. 24.—From Solicitor Arthur Newton, attorney for Dr. H. H. Crippen, who is now on trial from Quebec to London to undergo trial for the murder of his wife, Belle Elmore, your correspondent secured the first outline of the defence.

Emotional appeals to the jury such as figures in American courts, Newton declared, will not be made. From his standpoint the case appears substantially as follows:

Fragments of a human body were dug up in the cellar of the house of Dr. Crippen. The police say the fragments were found under a wooden board which had been removed, the police say, by the doctor.

The fragments were found under a wooden board which had been removed, the police say, by the doctor.

## THE KEY NOTE

### For The Coming Congressional Campaign

### Will Be The Tariff

### SAID TO BE ROOM FOR IMPROVEMENT.

### Individual Schedules Disposed of in a Scientific Basis—The Commission is to be a Factor in the Findings—Unreasonable Profits are to be Cut Off.

Beverly, Mass., Aug. 24.—President Taft's keynote for the coming congressional campaign will be a further revision of the tariff. While he is still convinced the Payne-Aldrich tariff law is the best tariff the country has ever had, Mr. Taft has concluded there is room for improvement.

Mr. Taft does not propose another wholesale revision, but he will recommend to congress that individual schedules be taken up separately and disposed of on a scientific basis.

The new revision is to be based upon the findings of the tariff commission as to the cost of production at home and abroad. Only a fair profit is to be allowed the American producers.

“Extortionate and unreasonable” profits, the president declares, are to be tolerated no longer.

### BOOKER T. OFF TO EUROPE.

### Will Study Industrial Conditions There.

### BOOKER T. WASHINGTON.

New York, Aug. 24.—Dr. Booker T. Washington departed, yesterday, for Europe on board the Carmania, of the Cunard line, to study industrial conditions in England, France, Germany and Italy.

“The problem of the man farthest down,” is the way Dr. Washington describes the negro question, and his purpose in going abroad is to observe conditions in those parts of Europe in which the “white man who is ‘farthest down’ lives and works.

“I intend to compare,” Dr. Washington said, “the people who do the rough work in the field, on the public works and in the mines of Europe, with the masses of negroes who do the hard work in the south. I shall make a particular study of workers in London and Berlin, endeavoring to make accurate estimates of their condition and opportunities as compared with our southern negroes. I shall study also agricultural regions of Southern Europe from which comes the bulk of our immigrant population. I shall return about October 1st.”

### Love Will Find The Way.

Paris, Aug. 24.—A house painter named Paul Morel, who was arrested for breaking into a flat in the Boulevard de Valenciennes, and stealing \$300 worth of jewelry, pleaded that he had done so in order to give a birthday present to his fiancée.

Special rate of \$1 for life membership in the College Book Store Library; closes on Saturday. Books at ridiculously low prices at the College Book Store sale.

### DAILY MEMORANDUM.

Cheese Board, 1:30 p.m. Thursday. Dance at Yacht Club house this evening.

## RAIL GREY'S STAY.

### To Open and Prorogue Parliament of 1911-1912.

Toronto, Aug. 24.—A correspondent writing to the Globe from Norway says that in an interview with Earl Grey the latter said: “If I am spared, you may say that I will both open and prorogue the next session of the parliament of Canada, 1911-1912. This is the expressed wish of my supporters across the waters, and, although my year's extension of time as governor-general expires on September 26th, yet I feel it my bounden duty to remain, not from an imperial viewpoint alone, but out of respect to the Canadian people.”

## AFTER LAND

### To Enlarge The Ranges At Ottawa

### MINISTER SOUGHT

### TO COME TO AID OF DOMINION RIFLE ASSOCIATION.

### The Cadet Movement Regarded as the Salvation of the Situation in Canada, Said the Lieutenant-Governor of Ontario at a Luncheon in Ottawa.

Ottawa, Aug. 24.—“I believe the cadet movement is the salvation of the situation in Canada. In past years we have been under estimating the ability of young men; we never seem to realize that these boys can be trained to these best advantage.” Mr. Gibson to-day attended the luncheon at the Rifle Association and commented favorably on many improvements at the ranges. Lord Lansdowne, military secretary, represented his excellency Earl Grey.

A terrific hail storm, at the ranges, resulted in the 500 yards contest of the Walker match being called off and only the 900 yards shoot in that event will count.

This afternoon Col. Hughes, president of the D.R.A., entertained Hon. W. Gibson, lieutenant-governor of Ontario, Hon. Charles Murphy, Dr. Coulter, Hon. Macdonald, and fifty others, at luncheon. The minister is being pressed to get the government to buy land adjoining the ranges so as to enlarge them.

The weather conditions, to-day, were good and at the 500 yards range, for the Governor-General match, there were many possibles. Lieut. Morris, Bowmanville, is leading in the grand aggregate, with 203; Sergt. Bailles, 10th Royal Grenadiers, Toronto, is second with 202.

### CHOICE OF WIVES.

### Methodist Probationers Must Consult Superiors.

Victoria, B.C., Aug. 24.—As a proof of the Methodist conference's sympathy with the Chinese government's crusade against the traffic in opium, the general superintendent and secretary have at luncheon, the minister is being pressed to get the government to buy land adjoining the ranges so as to enlarge them.

The report of the commission on rules recommended a change in a clause in the discipline which states that a probationer should take no steps about marriage without first consulting his brethren.

The new clause reads that when about to enter the married state, he should consult his superiors in office, to whose authority he is subject.

By a vote of 412 to 92 the conference decided to elect two general superintendents instead of one, after a warm debate. The elections will be held to-day. The recommendation of the committee was that three superintendents be appointed, one to reside west of Ontario and another east of Ontario.

### A GREAT AMOUNT

### COAL HANDLED AT FORT WILLIAM THIS SEASON.

### It is Said That Some 1,250,000 Tons Will be Handled, and Considerable of it is for Western Distribution.

Fort William, Ont., Aug. 24.—More coal has been unloaded at this port since the opening of navigation than in any previous similar period last year. The total is greater than that of any other Canadian port, and is exceeded by only Chicago, Cleveland, Superior and Duluth. Six hundred and fifteen thousand tons were handled at the C.P.R. dock alone, an amount greater than ever before shipped to any single dock in North America in an equal period of time. Orders placed in Cleveland and Buffalo will bring the total receipts at Fort William up to about 1,250,000 tons for the season, about ninety per cent. of the northern coal is for western distribution. Much of the bituminous coal, also, is for the west, and the remainder will be used by railways.

### WERE TRESPASSING.

### Race Followers Were Captured on a Train.

Windsor, Ont., Aug. 24.—On information that a number of race followers, on their way from Hamilton, had created themselves in a horse car, the local police met an incoming train. Late evening, and arrested a party of six horsemen, including two owners. The men gave their names as George Ryan and Ernest Wilson, Toronto, Thomas Langford, Baltimore, George Boland, Columbus, Pearl Kalans, Cochrane, Pa., and Vincent Fox, Cincinnati. Wilson jumped from the car when he saw the police and with Patrolman Jones in pursuit, ran for about a mile and a half through the east end of the city, doubling back to the river front, where the officer captured him. He will appear on charge of trespassing on the Grand Trunk.

### Watering London Streets.

London, Aug. 24.—According to the report of the works executed by the public health department of the city of London last year, the quantity of water used in the twelve months for watering and watering streets and courts in the city was 65,340,562 gallons, the number of nights when it was used being 390.

### Keep Cholera Out of Canada.

Ottawa, Aug. 21.—The epidemic of cholera in Russia and Italy has caused the quarantine branch of Canada to notify all port officers to look out for craft from Russian and Italian ports.

## 200 MEN PERISHED

### FOREST FIRES ARE SOMEWHAT UNDER CONTROL.

### Wind Blowing Hard, and Various Villages are in Danger of Being Wiped Out—State Militia Called Out.

Butte, Mont., Aug. 24.—The latest reports indicate that the forest fire in Idaho are somewhat under control, although the wind is said to be blowing forty miles an hour, and Wallace and other places are yet in danger of being completely wiped out. The fires are now raging fiercest in Montana. A special from Wallace says Forest Supervisor Wells has received word that 200 men, under Chief Ranger Kootkey, perished in a camp near Falcon at the head waters of the St. Joe river. The other loss of life is estimated at 100.

Governor Torris, yesterday afternoon, called out the state militia and the chief executive is now in the Liberty district fighting the flames at the head of 200 soldiers and several hundred citizens. Liberty is quite a large place mining district.

### Looters Shot Dead.

Butte, Mont., Aug. 24.—Two looters caught in the ruins of a burned portion of Wallace, Idaho, have been shot to death by negro cooperators of the 25th United States Infantry police the town, according to reports received here.

The robbers were attempting to get into a safe when surprised, and were captured after a struggle.

Efforts are being made to find a man accused of having set fire to the town. According to a statement made to the authorities by a citizen, he saw a man, whom he described, set fire to the Whalen building, where the blaze started.

### A Human Ostrich.

Cairo, Ill., Aug. 22.—Before he died in the hospital, Frank Wilson, advertising solicitor of St. Louis, told the police he had swallowed articles of a foreign nature. He was operated on and according to physicians, shoe buttons, hooks, ladies' hatpins, three keys, lead pencils, a thermometer and other things were removed. While in a depressed state Wilson had swallowed anything he could get down his throat, the doctors say.

### She Flirted With Convicts.

Trenton, N.J., Aug. 24.—A young woman who lives opposite the state prison here has been notified by the police that she must stop flirting with convicts in the prison.

The state prison authorities say the young woman has demoralized the discipline of the prison by standing in a window and flirting with prisoners who are employed in the shop.

### To Move Grain Crop.

Winnipeg, Man., Aug. 24.—In the various yards over the system of the C.N.R. are 10,000 box cars, and the officials of the road are awaiting the signal from the farmers to throw the army of trains into action in the movement of the western wheat crop. The company recently added to its stock fifteen new mogul engines to assist in the carrying of grain.

### War Treasure Treve Found.

Paris, Aug. 24.—Three little vases, believed to have been buried during the commotion, or during the Franco-German war, and containing about \$50,000 in ten-franc and twenty-franc pieces, have been discovered at Fort Senneville-Est, near Paris, during the digging of the foundations for a house.

The workman who found the money and his employer, the contractor who is building the house, are going to the law for the possession of the treasure.

### Exports to South Africa.

Montréal, Aug. 21.—What promises to be the largest cargo ever carried from Canada to South Africa was the miscellaneous collection of live stock and freight taken from this port by the steamship Benin, of the Elder- Dempster line. The manifest includes everything from clothes pins to motor cars.

## WEATHER PROBABILITIES.

Toronto, Ont., August 24, 7:30 a.m.—Ontario Valley and Upper St. Lawrence—Moderate south-west to south winds; generally fair and decidedly warm. Showers and local thunder storms on Thursday.

London, Aug. 21.—H. E. Morris, an Epcom postman, has retired after forty-two years' service, during which he walked 120,000 miles in the performance of his duties. At one time he collected letters in an outlying part of the parish where there was no pillar box, and announced his approach by blowing a horn.

## Mixed Bathers in the Thames.

London, Aug. 24.—The Walton urban district council has sanctioned mixed bathing at the public bathing place on the Thames on four mornings a week.

## Lloyd Forbes, Obituary.

Mr. Lloyd Forbes, Obituary, former aged twenty-five, has been sent to penitentiary for five years, and to receive fifteen lashes at two different periods during the first and third year. He absconded a fifteen-year-old girl, living with the farmer for whom he worked. Died, at Deseronto, on August 20th, Albert E. Frost, Oshawa, son of Mr. twenty-three years. Typhoid fever was the cause of death.

## A WORD TO THE WOMAN

### Whose Father, Brother, Son or Husband is in Business in Kingston.

Thousands of dollars worth of merchandise, in lines sold in Kingston stores, is being bought outside the city.

Some of its goes to the great department stores of Toronto, Montreal, Ottawa, London, Glasgow, Chicago, and elsewhere and thousands more find their way into the coffers of the houses sending representatives from home to house to take orders.

Probably 99 per cent of these goods, if not in stock in Kingston stores, would be gladly ordered at less price than you could possibly buy them elsewhere.

This loss of business, in most cases thoughtlessly placed with outside firms, means much to every man, woman and child in Kingston.

As a matter of good business, is it fair?

As a matter of loyalty to home and home enterprises, is it fair?

As a matter of building up this city against other cities, is it fair?

Does it affect you directly?

Do not your comforts and luxuries come directly through the prosperity of Kingston?

The firm has arrived when these matters must be considered seriously. In order to expand and enjoy healthy growth Kingston stores must have the benefit of the purchases of all Kingston women. These stores are paying a large proportion of the taxes—subscribing to all that makes for a larger and more prosperous Kingston. They are employing directly and indirectly hundreds of men and women who live and contribute to the commercial and social life of the city.

Do you not OWE it to them to buy your goods here?

Think this matter over and resolves TO-DAY that you WILL buy your goods only from the firms who in themselves and in their employees make it possible for YOUR FATHER, BROTHER, SON, or HUSBAND to conduct their several businesses in KINGSTON.
