A. O. H. CONVENTION

PRESIDENT WALSH OF TORONTO SUBMITTED HIS REPORT.

Strong Plea That Irish History be Taught the Children, and Special Attention be Given to It—Reference to Caricaturing of Irish Race—The Delegates Who Have Registered.

At the Tuesday afternoon session of the provincial board of the Ancient Order of Hibernians, a report was submitted by the president, H. J. Walsh, of Toronto, who referred to many matters of interest to the members of the order.

In the report Mr. Walsh pointed out that since the last convention had been held, many things had transpired, which were of utmost interest to the members of the organization. He paid a warm tribute to the work of the Gaelic League. While the work has only been carried on successfully in a few places in America, it had taken hold of the Irish people. One great opportunity before the organization was that of having Irish history taught to the children. This could be done, to a certain extent, in the home, but the most effective method would be to teach it in the schools. In the past this part of the work had been somewhat neglected. The speaker hoped that in the near future, some method would be adopted, which would bring this dream of many years to a reality.

The president referred to the "most disgusting method" of caricaturing of the Irish race, with the picture post-cards. He said that he had been in communication with the postmaster-

SOLICITOR'S OPINION

AGAINST GRANTING USE OF GRAMMAR SCHOOL.

To the Board of Education for School Purposes—Finance Committee Received Letter From the Solicitor and Report to Board of Education.

"That the board of education be advised that as a result of the opinion of the city solicitor the corporation is unable to obtain the old grammar school for public school purposes."

The above resolution, moved by Ald. Rigney and seconded by Ald. Carson, was passed, as a meeting of the finance committee held on Tuesday night.

The city solicitor wrote a lengthy letter to the committee, pointing out the facts of the case, and as a result the committee had no other course to take than the action they did take. It was stated to-day that the opinion of the American people of his country, a joint meeting of the committee and the board of education may be called later on in the week to talk over matters.

The city solicitor holds that as the school is given over to the government of the School of Mining the corporation has now no right to hand it over to the board of education, even though the building may not be occupied.

The conveyance was made by deed, in the usual form, on June 18th, 1894.

TO MAKE AMENDS.

Bluefields, Nicaragua, Aug. 24.—General Estrada cabled Secretary of State Knox at Washington, an assurance to warm regard and of going to make amends for the execution of the Americans, Cannon and Groce, and other uniformly acts toward the United States by Presidents Zelaya and Madriz. General Chamorro, acting as delegate for General Estrada, is now provisional president of the republic and is awaiting the arrival of Estrada at Managua.

LOOKING FOR HIS MAIL.

Prof. Patchett cannot get religious ceremony performed. By a curious German law, with Prince Bismark as its formulator, an interval must elapse between a civil marriage and the religious service, in the Kaiser's dominions. Also the notice of the civil contract must be published in German in the country in which either party intends living. Thus, before Prof. Patchett can be married by a clergyman, and bring his bride to Canada, he has to wait till copies of the Whig, containing the announcement of his civil marriage, reach Germany. This marriage was performed some weeks ago, and the professor is rather anxiously looking for Canadian mail these days.

Excursion From the West.

The Citizens' band, of Cobourg, ran an excursion in over the Grand Trunk, this morning, arriving in the city about 10:30 o'clock. They were transferred to the steamer Caspian and will spend the day down among the islands. They will return to Cobourg this afternoon by special train at 6:30 p.m. About 200 people took advantage of the low rates to see Kingston and the Thousand Islands.

A Nasty Wound.

Paul Schetagne, Wellington street, a limeman in the employ of the Bell Telephone company, had the misfortune to fall out of a tree near Collins Bay one day this week. While falling his hand came in contact with a barbed wire fence and a piece of flesh was torn off the palm, causing a nasty wound.

He quietly remarked that he wished a few left for his own use, whereupon the midnight raider took his departure.

WORK OF SALVATION ARMY.

Officers Interviewed Prisoners at the Penitentiary. Lieut.-Col. Pogmore and Staff-Capt. Simon, of the Salvation Army's prison and social operations, accompanied Adjutant Smith to the penitentiary, Tuesday, and interviewed a number of prisoners, ascertaining their needs, with a view to helping them on their discharge. The colonel stated, yesterday, that over 600 men had been permanently helped this past year, and gave every promise of living a better life.

The colonel spoke and sang to a large audience in the citadel, last night. Both the colonel and the staff captain left on the midnight train, for Montreal, to visit the prisons and social institutions in the east.

Brigadier Hargrave will conduct the meeting at the citadel on Sunday, and will also solemnize the marriage ceremony of one of the local handmen.

SHOULD FIRST CONSIDER COST.

Ald. Toye's View on Much-Talked-of Parentage Question. A Whig representative met Ald. Toye after a prominent citizen had been talking permanent pavements, to-day, and asked him for his opinion on the situation, as it now stood.

"In my opinion, the question which now has to be considered is that of how the money is to be raised," said Ald. Toye. "This is the first thing that should be settled. It is not a matter as to how much it will cost, say if it would cost about \$20,000 or \$25,000, but it is a matter of how the money will be raised. When this has been settled then the council can go on and decide upon the kind of paving that will be carried on."

FULLY DEVELOPED.

Was the Child Born to a Young Woman. Toronto, Aug. 24.—As the result of a birth of a fully developed child, according to the doctor's view, the case of R. W. Evers, a commercial traveller now serving two years for seduction, will have to be reviewed. Evers first met four years ago, but this was reduced later to two years. The girl swore the offence took place February 6th last. The birth of a child, a few days ago, has given the lawyers another opportunity to demand another revision of the sentence.
