372 PRINCESS, 3 Hours Above Barrie Street.

The Prince's Criticism.

New York Tribune.

The young Prince Tsai-Tao, during his visit to America, welcomed criticism of Chinese customs, and retorted politely with counter-criticisms of the customs of the United States.

The Prince, at a fashionable luncheon in New York, sat beside a lady prominent in a rich and rather fast set.

"Prince," said this lady, "I think it's dreadful that in China a bride never sees her husband before the wedding day."

"Well," said the Prince, with a grin, "here in America you never see him after it."

Absent Minded.

The Scotchman could not find his ticket. On the conductor's second round he was still missing. "What's that in your mouth?" he asked. Sure enough, there was the missing ticket. The conductor punched it and went his way. "Ah, we'll," said Sandy, in reply to his fellow-passenger's banter.

"I'm no sea, absent minded as ye wad think. Ye wad a vera and the ticket, and I was jist sucken off the date."

PRINTERS WON IT

THEY MADE A GREAT SCORE IN SEVENTH.

The Posties Went up in the Air and the Pressmen Whacked the Ball Heavily—The Latest Sporting News.

In one of the wildest games seen on the cricket field this season the Printers defeated Posties in seven innings by a score of 11 to 10. The game was the most exciting that has been played in some time, not for the star playing on either side, but for the fact that the score stood 9 to 2 up to the last time the pressmen went to bat.

The game was sensational from the fact that with two men down, the Pressmen brought in nine runs, which brought up their score to eleven. It was in the last innings that all the excitement was crowded in. Daily, the pitcher for the mail-carriers, got decidedly sore and hereby hangs a tale. Things got so hot in this innings that there came nearly being a riot. One of the Wormwits players got in an argument with one of the Posties players and if the combatants had not been separated there would have been war. P. C. Arnie's presence helped to quiet the hotheads. Wormwits players and supporters cheered loudly for the Printers, hoping to see them get the game, and it is probable that this, in a large degree, helped them to win. The majority of the Posties took their defeat like true sports. George Vanhorn, of the Retailers, was evidently disappointed to see the Posties defeated as he wore a long face after the game.

Posties—McCalla, c.; Daly, p.; White, lb.; Kane, 2b.; Merris, s.s.; Porter, 3b.; Kehoe, r.f.; Hiseock, c.f.; Scott, l.f.
Printers—Gaudreau, c.; Derry, p.; Crozier, lb.; Holland, 2b.; Joyce, s.s.; Thornton, 3b.; Hanson, r.f.; Mackie, c.f.; Bosquay, l.f.
Umpire—S. Sanders.

Posties 2 4 0 0 1 2 1-10

Notes on the Game.
"Joe" Daly was very much disappointed to see his pet go down to defeat before such a team as the Printers. He carried a grudge against them the game as it puts them out of the running for first place in the group.
"Rubber" Derry, who twirled for the pressmen, was pleased to see the game go the way it did. He said the Printers wanted to beat the Posties one, anyway, and beat them they did.

Baseball Games.
The Princess street Combine and the Junior diamond on the cricket field yesterday afternoon and the Combine put it all over the dry goods men by a score of 12 to 2. They had a game, last Monday evening, and were tied 2 to 2, so they had high hopes of defeating the men of the scissors. Sullivan twirled for the Retailers and in the last innings, the Combine hit him pretty freely. In the last innings every man on the Combine's team scored but McFedridge, Barry and Adsett scored twice.

The Combine and Bethel will play a practice game at the cricket field next Monday evening. Different teams have been after the champions for the game but the Princess street bunch have been the lucky ones so far. This should be a good game as the Combine are playing better ball than they did in the semi-finals of the league.

Baseball Topics.
Stanley Trotter, manager of the junior Victorias, is having quite a time to arrange the game between Wolfe Island and the local team. The Wolfe Island aggregation want the money deposited some place on the island and also want the game played there. Trotter wants to do the thing square but does not want the island boys to have it all their own way. The Victorias have played the Wolfe Islanders four games on their own ground and have had no return game played here. The local boys think it is about time they had a game here. Trotter says they will deposit any amount of money the Wolfe Islanders want to cover at the office of either the Whig or Standard at any time, or if they are not satisfied with these places it can be deposited elsewhere. Five local sports are backing up the team.

BECAME EXHAUSTED.
Two young men from Gananoque, named Kelly and McLelland, reached Thousand Island Park, on Thursday evening, in a launch, and when returning home ran upon the Gull shoal in Eel bay, knocking a hole in the launch, which quickly filled and sank. Both were being good swimmers, put out for Grindstone Island, nearby, but before reaching shore McLelland became exhausted and cried for help. Irving Williams, Robert and Grauge Anscarow, of Richmond, Va., who were camping on Grindstone Island, went to their rescue and brought McLelland ashore. He was pretty badly used up, and became delirious. Medical aid was called. He recovered sufficiently to be removed to his home.

Home From Syracuse.
Fire Chief Armstrong returned home, from attending the convention of the International Association of Fire Engineers, at Syracuse, N.Y., Friday night. He reports a fine convention. Fire Chief Croker, New York, was in attendance, and he gave the other fire fighters some useful information. Chief Croker says that the automobile trucks are the coming thing in the fire department.

More Smoke Coming.
Marine men say there is a great deal of smoke on the upper lakes from bush fires. If the wind catches it the right way Kingston will have some more smoke in the course of a few days. The heavy wind of Thursday night cleared the atmosphere of the smoke clouds.

WANT SALARY INCREASED.
Penitentiary Guards Wait on Hon. William Hart.
A deputation of the guards, at the Kingston penitentiary, waited upon Hon. William Hart and asked that he present a petition for them, in which they ask for an increase in salary. The guards claim that as they have long hours and much work to do they should receive more money. Hon. William Hart has promised to have the petition from the guards considered. The guards have been endeavoring to secure an increase for some time. Several have resigned from the staff recently because they were dissatisfied with the long hours and the salary paid.

NOT YET CAPTURED.
John Roberts, Penitentiary Man, Still at Large.
John Roberts, given two years in the Kingston penitentiary for theft, who made his escape from the London jail, while awaiting his removal, is still at large. He has relatives in Michigan, and it is believed by the police that he is in hiding there. One report stated that he was masquerading as a woman, but very little is thought of this yarn by the police. Joseph Stradman, who broke jail at the same time, is still enjoying his liberty. It may not be altogether the fault of the pancakes—maybe your temper and digestion are needing adjustment. An extra staff of clerks will give prompt service at the College Book Store sale to-night.

CITY AND VICINITY.

Should be Guarded.

The Portsmouth philosopher says the men who volunteer to act as judges at the baby show should be provided with a body guard.

A Sudden Death.
The sudden death of Seymour J. Bell, son of A. P. and Theresa Bell, Napanee, occurred in Laclede, Idaho, of typhoid fever, on August 11th, aged thirty-eight years.

Wolfe Island Affair.
A most enjoyable garden party was held on Thursday evening, at the home of William Card Wolfe Island, under the auspices of the Anglican church. A number from Kingston attended. There was dancing and refreshments were served.

To Handle Crowds.
The bookings of the Thousand Island Steamboat company for the first week in September show special excursions which will exceed those of any year this season. September 14th and 15th the company will handle nearly 1,000 special train excursionists.

Back After Many Years.
Mrs. L. W. Godfrey, of Hartford, Conn., is visiting Mrs. Joseph Kennedy, corner Frontenac and Johnson streets. Some of Mrs. Godfrey's earliest days were spent on Garden Island, and she appreciates the pleasure of renewing the acquaintance of many of her old friends, after an absence of thirty-eight years.

Good Positions.
Within twelve weeks, and after a study of less than six months, fifteen graduates of the Kingston Business College were placed in positions with a large railway corporation at salaries of \$500 to \$600 per annum, with excellent chances of advancement. Fall term begins on Tuesday, September 6th. Rates moderate.

At Napanee Collegiate.
The following scholarships of the value of \$25 each, have been given by a friend of the Napanee Collegiate Institute:

For junior matriculation—Lambert Graham.
For honor matriculation—Miss Marjorie Simpson.
For senior matriculations—Miss Marion McCall.

A Fine Concert.
A good sized crowd gathered at MacDonald Park, last evening, to listen to the excellent concert given by the band of the R.C.H.A. The night was quite cool and probably kept some from going, but the majority of music lovers were there. Bandmaster Light's organization certainly turns out delightful music, as has been shown by the large crowds that have attended the numerous concerts held this season.

Buying an Automobile Tire.
You don't buy an automobile tire out and out, you buy it upon the understanding that under certain normal conditions of use it will give you so many thousand miles of service—therefore the actual cost of a tire is not its initial purchase price, but the purchase price plus the cost of the repairs during the time you are running your car. Dunlop automobile tires give a low average cost per mile, because, besides the quality of the tire, there is a further guarantee of service in the ready willingness of the Dunlop company to thoroughly satisfy every user of Dunlop tires.

Cobalt Stocks.
Attention is directed to the announcement in another column of J. H. Wallace, mining broker, 42 West King street, Toronto. Mr. Wallace is well and favorably known as one of the leading mining stock brokers in the city of Toronto. His experience since the opening of the Cobalt district has been very extensive, both his clients and co-operation being eagerly sought after by many of those who are interested in mining property. Mr. Wallace, in his announcement, states that during the past few months he has refrained from advising his clients to purchase Cobalt stocks, not only on account of outside liquidation but because the public were inclined to brown on any Cobalt enterprise utterly regardless of any intrinsic value it might possess. Mr. Wallace now believes that the time has arrived when the Cobalt stock list may be re-considered and dealt in with considerable profit to the investor.

A string of laughs two hours and twenty minutes long await local theatregoers when the new farce comedy with music, "Daddy and the Girls," appears here in the near future. The last chance by the College Book Store. The greatest success of the year.

GANANOQUE GLEANINGS.

A Man Sent to Prison for Fifteen Months.

Gananoque, Aug. 27.—The water power company shut off the supply at noon yesterday and, as a consequence of the half holiday, a large number from town took in the big regatta of the Royal St. Lawrence yacht club and Thousand Island yacht club at Alexandria Bay yesterday afternoon. The steamer America took on a large number of passengers here yesterday morning on her trip to the Maple City.

The Gananoque Yacht Club held another of their popular dances in the assembly room last evening. W. J. Bullock, vice-president of the Parliament & Bullock Co., undergoing treatment for several weeks in Brockville general hospital, returned home, Thursday, much improved. E. F. Latimer, according to current rumor, has disposed of his grocery business on King street to a Mr. F. C. F. a recent arrival in town.

In the police court yesterday "Foot" Peor was arraigned on a charge of stealing a tent from Frank Kates. In the evidence it was found that accused of entering the tent took it up to the pavilion to set it up—for his use, where Chief Ryan, with a warrant for Peor's arrest, found both men and tent. Peor, an old offender, was given fifteen months at hard labor in the Central Prison.

The Citizens' band entertained a large number of citizens with an excellent programme of musical selections, at Gananoque Public Park, last evening. Mrs. E. Lund, Gatum, Isthmia of Panama; Miss M. B. NEW-BIGAT NEXT SEASON
For the Tourist Route to Montreal and Quebec.

"It is stated, upon good authority, that there will be another boat, besides the Alexandria, running on the tourist route to Montreal and Quebec next season. The boat destined for the run is not yet known but it is stated that a good vessel will be provided.

This year the steamer Alexandria has had a record season, in fact a great many requests for berths from Kingston have had to be refused, and the fact that there will be a new boat on the trip next season will be pleasing news to all who take in this trip every season.

On the trip up on Friday night the steamer Alexandria was crowded. Tourists made use of coats and chairs. They appeared to be satisfied, as long as they could get on board.

The Living Age for September 10th has a short article on "The Royal Letter-Box," which describes interestingly the processes by which the voluminous royal mail is sorted, read and answered.
