The Leading Millinery Store

GRAPE FRUIT

We have a few cases of Large GRAPE FRUIT left that we are selling at 10c each. Also some CALIFORNIA VALENCIA ORANGES, the largest size, at 6 for 25c.

R. H. TOYE, 302 King St., Phone 141.

DOMINION LIFE ASSURANCE CO.

FOR the man who wants a square deal and a policy contract that is simplicity itself, then THE DOMINION is the company you are looking for.

J. K. CARROLL, 14 Market St.

A centenarian who died recently in The United Fruit system is to be buried in the city of London, England, and left nearly 300 descendants in paying off municipal bonds.

MUST GO TO PEOPLE

ONLY HOPE FOR ROAD IMPROVEMENT SCHEME.

Agreed That Two Questions Should be Submitted—Business Men May Place Aldermanic Candidates in Field.

It seems to be pretty well agreed that the proper step to take now with reference to street paving is to submit the question to the people at the municipal elections next January. It is suggested that the ratepayers should be asked to vote on two road questions—as to whether they want the business streets, over which the street paving, paving, and if they favor building macadam roads under the local improvement plan. The board of works and the city council are unable to decide the questions, and the final appeal is to the people. "Trust the People," is the advice of leaders in civic circles.

Several leading merchants have expressed the opinion that the only other way to get street paving is to elect aldermen who will push the matter through. It is possible, they said, that the business men will place candidates in the municipal contest next January, who will be pledged to do something to improve the streets of the city—not only the business streets but the streets in general.

In Ogdensburg and Rochester, N.Y., the macadam roads are oiled in the building. The surface is then covered with oil and then rolled. A hard and durable road is thus secured. In the event of the Princess street paving proposition being eventually defeated, an oiled road is suggested for that thoroughfare.

A BARRIE STREET EPISODE.

A Horse Went Into a Drain Excavation Last Night.

There was an exciting time on Barrie street, below Union street, on Wednesday evening, when a horse attached to a carriage in which there were three men and two young women, went into the sewer excavation. It is claimed that the long excavation is not properly lighted, as this is the second accident that has occurred this week. On Monday evening, an automobile ran into the excavation. The accident of last evening was much worse, and it was with difficulty that the horse was brought out of the drain. A dozen residents of the street turned out to assist, and finally succeeded in getting the animal out. The driver claimed that the men who were around the excavation were deceiving, and that the whole drain should be lighted, or the street closed to traffic. The construction of the sewer is proceeding so slowly for the residents of the street, who would like to see the number of men at least doubled and the work rushed to completion.

A Disagreement Arises.

It is understood that the different dry-goods stores are having some disagreement as to whether they should close at five or six o'clock during the month of September. The "cards" that were posted in the windows during the first part of the summer read: "This store will close at five o'clock during July, August and September." Now, one or two of the stores want to keep open until six o'clock during the month of September. Clerks say that between five and six o'clock in the afternoon is the dulllest hour of the day and as the people have become accustomed to the stores closing at five, they will naturally do their shopping before that time.

No Sunday in Cape Vincent.

Canadian Freeman. Sunday is only observed in name at Cape Vincent. Bands play through the streets, boats loaded down with excursionists from all points, papers, ice cream, pop-corn and baseball sale—and baseball game at the fair grounds for the delight of the fans. The persons and elders of the busy little American town must have an awful time trying to counterbalance the awful effect. What has the Wood, the conscientious editor of the Cape Vincent Eagle, to say on this important subject?

A Portsmouth Assault Case.

An assault case was heard before G. H. Hunter, J.P., at Portsmouth, on Wednesday evening. The daughter of one resident laid a charge of abusive language against another man's wife. The case was adjourned until Friday evening in order to gather further evidence.

Another case will be heard Friday evening. A resident is charged with an infraction of one of the by-laws.

At His Old Charge.

Rev. T. E. Bourke preached at his old circuit, at Mountain, on Sunday, for the anniversary services, and the church was crowded to the doors, his old friends giving him a warm welcome. On Monday evening, he gave an address at the anniversary concert, referring to his trip to the west, and was listened to with great interest.

Will He be Good?

The Methodist general conference voted down Rev. Dr. Cleaver's very skillfully devised motion, aimed at committing the conference to recognizing Professor Jackson's orthodoxy. The vote on the question was 125 to 81. Will Dr. Cleaver be good now?

Canada to the Front.

Hamilton Herald. It is a Canadian bird-man, J. B. McCurdy, who has the honor of being the first to send a wireless message from an aeroplane. So Canada has a share in the "great thing" connected with the conquest of the air.

Left for Halifax.

Canon Starr left, this morning, for Halifax, to represent the diocese of Ontario at the church conference there.

The sixth annual meeting of the General Reform Association for Ontario will be held at Toronto on September 9th.

Some orators seem to think that only big words have weight.

IN MARINE CIRCLES.

Arrivals and Departures of Vessels at This Port.

The steamer Saskatoon passed down on Thursday afternoon.

The steamer Wasaga is in the Kingston dry dock for repairs.

The steamer Hamilton passed down on Wednesday afternoon.

The schooner Kitchin is at Howe Island loading stone for Cobourg.

The schooner Julia B. Merrill is loading feldspar at Richardson's elevator.

The steamship Navajo arrived from Charlotte with coal for the M.T. company.

The schooner Ford River arrived from Connetquot with coal for the hoistery mill.

The tug Bartlett, of the M.T. Co., cleared for Montreal with two coal barges, from Lake Erie; the tug Bronson also went down with two coal barges.

The steamer Neepawa is expected from Fort William in the course of a few days with grain for Richardson's elevator.

The steamer Sowards, in a mishap, at Fairhaven, has gone to Oswego for repairs. It was expected that she would go on the dock on Thursday morning.

At Swift's wharf: Steamers Kingston and Caspian down and up today; steamer Rideau King cleared for Ottawa this morning; steamer Belleville down to-day; steamer Dundurn up this afternoon; steamer City of Hamilton up to-night.

CHINAMAN WAS ROBBED.

Thief Made Off With \$20 From Princess Street Laundry.

Sing Fong, who keeps a laundry at 385 Princess street, is mourning the loss of \$20, which he had saved in order to buy his supply of coal for the winter. A sneak thief went into the Celestial's laundry, yesterday forenoon, while the proprietor was away broke open a trunk, secured the money and made off. The police have been working on the case.

The shop was entered some time between eleven and twelve o'clock and there is no doubt but what the theft was committed by some person who was keeping tab on the shop and the movements of the Chinaman. The loss comes as a very severe blow to him as he works alone in the shop and his profit is very small.

A VERY FAST AUTO CAR.

Allan Hale, of Ottawa, Passed Through Here Yesterday.

Allan Hale, Ottawa, partner with J. R. Booth, passed through here yesterday, in his seventy-horse power Thomas Flyer roadster. The machine is a real beauty, and would do the heart of an automobilist good to see it. It was with a machine of this type that "Oldfield" broke the world's record for fast driving. Mr. Hale drove his machine in the races in Montreal last year. Many will remember the accident that occurred. One of the tires blew out and the mechanic, who was riding with Mr. Hale, was thrown overboard and landed on a picket fence and one of the pickets went through his body.

Asked to Recommend.

Instructions have been received by the presidents of the Kingston and Frontenac Reform associations asking each to have nominated a suitable man for the position of Dominion fishery overseer of the district, one to have his headquarters in Kingston and the other in Sharbot Lake. It is expected that the appointments will be made within a week as the new overseers are urgently needed to protect the fishing grounds of this section.

Deciding Tire Value.

The general utility of any make of automobile tires is not decided by the appearance of a sample tire after it has gone one or two thousand miles—the average cost per mile per tire is arrived at by running a car on a particular set of tires, and then making the comparisons of the cost of the tire upkeep Dunlop tires give a low average cost per mile, for besides the quality of the tires, the Dunlop tire company is ever anxious to thoroughly satisfy the users of Dunlop automobile tires.

Labor Men at Church.

Arrangements have been made for all the labor men in the city, to attend Brock street church, on Sunday morning. The pastor, Rev. T. E. Bourke, has extended an invitation to every labor man to attend this service.

A Clever Kingstonian.

James Grattan, who won first prize in the sketch contest conducted by the Montreal Star, is fifteen years of age and a son of Joseph Grattan, Wellington street. His work showed clever ability.

Contagious Cases During August.

During the month of August the following contagious cases were reported to the medical health officer: Five typhoid; two measles; and two diphtheria. Two of the typhoid cases were from outside places.

Men and women, save money, get furs, all kinds, reduced, less than cost, at Dutton's Shoe Store, 309 Princess street.

New York's fourth annual electrical show, to be held in October, promises to eclipse all previous efforts in that line.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. It is a local disease and prevalent here in the "great thing" connected with the conquest of the air.

Left for Halifax.

Canon Starr left, this morning, for Halifax, to represent the diocese of Ontario at the church conference there.

The sixth annual meeting of the General Reform Association for Ontario will be held at Toronto on September 9th.

Some orators seem to think that only big words have weight.

STROH'S Bohemian BEER

CONTAINS LESS THAN 3 1/2% Alcohol A TRUE TEMPERANCE DRINK

Served Wherever Quality Counts

ORPHANAGE OPENED

CELEBRATION WAS HELD ON WEDNESDAY. New Building Was Inspected and Admired by a Very Large Number—Those in Charge of the Booths—Supper for the Orphans—Music and Fireworks.

The opening celebration at St. Mary's-of-the-Lake Orphanage, on Wednesday, was a decided success. The weather was somewhat against the proceedings. During the afternoon, although it did not rain, it was cloudy enough to keep some people at home, but in the evening, everything was fine, and the efforts of all who had taken a share of the work, were crowned with great success. The spacious grounds around the orphanage were crowded with people, and the different booths did a fine business.

Beautifully situated, the new orphanage within almost a stone's throw of the water, commands great attention. Yesterday, the building was thrown open to the public, for inspection, and was much admired. It is a home well equipped in every respect, and will be well able to do the noble work for which it was erected. A detailed description of the building appeared in Tuesday's Whig.

The grounds presented a fine appearance for the event. Early in the day a willing band of workers, got busy, and with streamers and flags, made the booths look very pretty. William Shea, the "old reliable" at this work, was on hand and took charge of the work. Messrs. Lawrence O'Brien, William Murphy and John Gleason, acted at the gate, and collected a goodly sum, the amount of which has not yet been announced.

Supper was served to the orphans in their dining-room, and the little ones enjoyed very much the dainty spread given them. On the grounds, supper was served to the visitors. The booths, representing the "Trip Around the World," were quite attractive, and the levy of young ladies carried on their work in an able manner, and are deserving of credit for their share in the undertaking. The United States booth, had a fine assortment of candies, arranged in such a fine style that it was no trouble to make a sale. The sweets were eagerly sought for.

Germany's booth had something to attract the little folk, in the shape of toys, and toys of some class at that. The young girls in charge had their booth in fine trim.

England has always been noted for Worcester sauce, and it was sold in England's booth, with cheese, pickles, tea, coffee and many other good things of note. The booth was well arranged. Scotland's booth displayed wools, Ireland's, laces and linens; France, works of art, pictures and postcards; Canada, fruits and vegetables.

Following is a list of the different booths, with those who were in charge: Orange grove—Miss Lily Whalen, Miss McComick, Miss E. Quinn, Miss Clancy, Miss Joyce, Miss Birdie Daly. Ice cream—Miss A. Dondale, Miss M. McCabo, Miss B. Kennedy, Miss A. McCormick, Mrs. Powers, Miss A. Abbott, Mrs. T. Doolan, Miss K. Houch, Miss M. Houch.

Soft drinks—Mrs. M. Tetro, Mrs. James Sowards, Mrs. D. Fitzgerald. Linen booth—Miss McNeil, Miss Alice Brunett, Mrs. (Capt.) Daley. United States booth—Miss Helen Butler, Miss Mamie Tierney, Miss Sylvia Crowley.

Germany's booth—Miss Alice Simpson and Miss Irene Martin. England's booth—Miss Gladys Thompson, Miss Katie Sullivan, Miss Carmel Crowley. Scotland's booth—Miss Kathleen Lovett and Miss Helen Lovett. Ireland's booth—Miss Ashe and Mrs. O'Toole. France's booth—Miss Gurepy and Miss Howison. Canada's booth—The Misses Campbell and Miss Carmel Cooper.

The following helped at the supper tables: Mrs. McKinley (convener), Mrs. Simpson, Mrs. Eccles, Mrs. Murray, Mrs. McDonald, Mrs. McAnley, Mrs. Fitzmartin, Miss Mamie Norris, Mrs. George Barragh, Misses Alice and Helen Barragh, Miss McPherson, Miss Lena Martin, Miss Katie O'Brien, Miss Agnes Fowler, Miss Bessie Kane, Miss Agnes McCormick, Miss Marion Gourdsier, Miss May Clayton, Miss Amelia Barrett, Miss Helen Norris, Mrs. Fitzhenry.

A special feature was the singing of the orphans, from the orphanage, including the children sang "O Canada" with fine effect. Miss Mamie Tierney and Misses Sylvia and Carmel Crowley trained the children. In the evening the 14th P.W.O.R. band was present, and rendered a fine musical programme. There was a special electrical display in the evening, which gave good service. A fine display of fireworks was also given.

John Bowman, North Augusta, has disposed of his bakery to Frederick Irvine.

Stroud's

109 PRINCESS ST. HAIR TELLS CHARACTER.

Color of Hair Said to Indicate a Person's Temperament. Many people believe that blonde or light hair denotes affection, and dark hair constancy. A person without hair is not devoid of character, far from it. The disposition of the average baldheaded man is to show such solicitude for the welfare of others, that he neglects himself. A germ causes baldness. Prof. Sabouraud, of Paris, France, inoculated a rabbit with Dandruff germs, causing it to become totally bald in five weeks' time. To rid the scalp of these dangerous germs it is necessary to apply Newbro's Hair-pie.

Furniture Finishing
