MADE AWARD

Court Of International Arbitration Decides

GREAT BRITAIN WINS

ATLANTIC FISHERIES DISPUTE CONSIDERED AT HAGUE.

United States Subjects Cannot Fish in British Bays—Ends Diplomatic Friction of Almost a Century.

The Hague, Sept. 8.—The century-old fisheries dispute, the source of constant diplomatic friction between the governments of Great Britain, Canada, Newfoundland and the United States, was finally closed, on Wednesday, with the award by the international court of arbitration.

The American government is sustained on points two, three, four, six, and seven out of the total of the seven points on which the issue was framed.

Great Britain wins on points one and five. Point five has been held by Great Britain as the most important of those submitted.

The fifth point was stated in the form of this question: "From where must be measured the three marine miles any of the coasts, bays, creeks or harbors referred to in article 1 of the American-British treaty of 1818?" United States fishermen claimed the right to take the measure from any part of the British North American shore, and therefore, the line to fish in the middle of any Canadian bay or estuary having a radius of more than three miles. The British contention was that the limits should be measured from an imaginary line connecting the highest lands of the American and the British continent.

The points won by Great Britain give that country the right to regulate the time and methods of fishing and the implements used and established the three mile limit around Newfoundland from land line to land line, and not following the line of the bays, as contended by the United States. Point one, upon which Great Britain also was sustained, embodied the question of whether any local laws adopted by any British colony must be submitted for approval to any foreign power having a treaty on a similar subject with the imperial government. This point was considered of great importance also to the British, and the triumph will be a matter of much satisfaction. On the other hand the Americans, by the decision, will be enabled to employ foreigners in their fishing and are not liable to lighthouse dues. They are not compelled to enter their vessels at the customs houses.

The question of the right to make laws regulating the fisheries is decided in favor of Great Britain. The court also upholds the British contention in relation to large bays being territorial waters. In connection with point one the United States has raised certain questions of equity which will be submitted to a special commission for determination.

Sir Charles Fitzpatrick, chief justice of the supreme court of Canada, was the British representative on the tribunal.

Hon. A. B. Aylesworth, minister of justice, prepared the case for Canada, and was assisted by many prominent legal lights of Canada and the old land. One net result of the decision is the permanent settlement of a question which has agitated the two nations for years, and caused many fears of bloodshed. The decision actually means a lot for Canadian and Newfoundland fishermen.

Particularly Gratifying.

London, Sept. 8.—The British colonial office received the announcement of the Newfoundland fisheries decision at The Hague with considerable satisfaction. The award in favor of this country on a number of points is particularly gratifying as the point involved is considered the most important of all those at issue. The colonial office was somewhat surprised at securing a favorable verdict upon the question of bays. Some disappointment is caused that the decision on the Canadian States' right to employ foreigners does not include the settlement of the question whether the Newfoundland government is entitled to forbid Newfoundland to engage on United States fishing vessels. It is thought the point may leave room for further dispute. The opinion is expressed that the award, so far as it affects Canada, will not gain a very favorable reception in the dominion in consequence of the matters in dispute in point four having long aroused considerable feeling there.

Press Opinion Generally is of the View that Britain, Canada and Newfoundland had somewhat the best of the matters.

Expects a Fortune.

Chicago, Sept. 8.—Until he actually gets a million dollars which he expects from his grandfather's estate, Harold Donn will remain on his tailor's bench here at \$15 a week. The fortune is to come from an estate in Russia, bequeathed by Donn's grandfather to his brother, who died nearly ten years ago in England.

The Prospective Millionaire came to the United States four years ago from Toronto, where he has a wife and four children.

DAILY MEMORANDUM.

Board of Education, 8 p.m.
Traders and Labor Council, 8 p.m.
Hills—Big amateur comedy, "Hills for Hills," 8:30 p.m.

THAT VETO CONFERENCE.

Members Constantly in Touch with King George.

London, Sept. 8.—The only centre of political interest in Balmoral, where the members of the veto conference are turning up week after week. David Lloyd-George, chancellor of the exchequer, on his return from the continent to-day, will take the prime minister's place as minister in attendance, and Lord Curzon will succeed him in the course of a fortnight. The king is keeping in close touch with those who are attempting to settle the constitutional question. Lord Cawdor, who has been conducting negotiations with Augustine Birrell, will be one of the guests at Balmoral before the end of September.

The king's influence in effecting a settlement before the coronation may be as strong as his father's was in winding up the Boer war by timely concessions.

Members of parliament of both parties, after consulting the royal leaders, bear testimony that the country is not vitally interested in the constitutional issues and wants the field cleared for general legislation and the normal development of party policies.

MAY BE BIG HALT

OVER THE BUILDING OF GRAND TRUNK PACIFIC R.R.

The Work Cannot Go Ahead Owing to the Scarcity of Labor—The Orientals Will Not be Allowed In.

Vancouver, Sept. 8.—That the completion of the Grand Trunk Pacific railway, through Northern British Columbia, may be delayed a couple of years, became very apparent to railway men here, when it became known that no effort would be made to get in contact this year a large section between Aldermere and Tate Jaune Cache. The reason for the delay is the scarcity of labor, and also the deadlock that has arisen between the railway company and the British Columbia government on the Oriental employment question.

In Victoria last week Mr. McBride is said to have forestalled any application of the railway company for the introduction of Oriental labor by coming out with a declaration that the agreement for white labor only would be strictly adhered to. Labor is scarce and expensive on the grade east of Rupert, and the contractors are credited with now operating at a loss of hundreds of dollars a day.

GRAFT AND INCOMPETENCE.

Says Postal Service is Hotbed of Politics.

Chicago, Sept. 8.—Before 3,000 members of the National Federation of Post Office Clerks, in convention here, Raymond Robinson, a social worker, charged the mail department with being a hotbed of politics and honey-combed with graft and incompetence. He declared that the attitude of the government in discouraging unionism among its employees was all wrong. Following his speech the convention passed resolutions to do away with politics and urged civil service promotion from clerkships to postmaster-ships. They also asked an eight-hour day, the pensioning of old clerks and the abolition of Sunday work.

Pork Loins at 18 Cents.

Chicago, Sept. 8.—Fresh pork loins were quoted by packers, yesterday, at eighteen cents a pound wholesale, which is said to be the highest price ever reached in the history of the packing industry at Chicago. Retail prices ranged from twenty-four to twenty-six cents a pound, also establishing new high records.

HE BROKE THE FALL

LOST HIS TOES, BUT SAVED THE CREW.

Sailor's Foot Badly Crushed—He Prevented an Explosion of Dynamite in Nick of Time.

Seattle, Wash., Sept. 8.—Henry Peterson, able bodied sailor on board the schooner Charles Nelson, sacrificed three toes and probably saved the crew of his vessel from instant destruction, yesterday. The Nelson was unloading dynamite at Possession Point. A box, containing 100 one-pound sticks of dynamite, was poised ten feet above the deck when the sling began to slip.

Peterson, who was waiting on the deck, stuck out his foot and broke the fall. The foot was badly crushed and three of his toes are so badly mangled that they will have to be amputated, but he prevented the explosion.

Fellow-Boarder Shot Him Dead.

New York, Sept. 8.—The second killing within twenty-four hours of a person mistaken for a burglar took place Wednesday at 121-123 St. Mark's place. The victim was Sam Davis, a master carpenter, who was shot by John Garruto, who lived in the same house. Davis was not hurt until he forgot his keys. When he got home he decided to climb up the fire-escape to get in a window. As he passed the Guarato flat Guarato fired through the window, killing Davis instantly.

Great Artist Dead.

London, Sept. 8.—William Holman Hunt, celebrated painter, and one of the three founders of the Pre-Raphaelite movement, died on Wednesday aged eighty-three. Holman Hunt began sketching his pictures in 1846. Many of the greatest of English paintings are credited to his brush. He received many decorations, among them the order of merit.

DUKE SAW 'EM

And Was Highly Pleased At Sight

HE TALKED WELL

PRaised PELATT FOR DOING IMPERIAL DUTY.

The Material of Which Canadian Regiments are Made—A Distinguished Gathering Will Greet the Q.O.R. Officers at the Guild Hall.

London, Sept. 8.—The Duke of Connaught, senior personal aide-de-camp of the king, inspected the Queen's Own Rifles, at Winchester, yesterday. The duke closely inspected the men and addressed the regiment formed in a hollow square. He spoke of the pleasure he took in his participation with the Queen's Own and other Canadian regiments in defense of the dominion frontier in 1870. He hoped the visit would be a pleasure to all and said that Col. Pellatt, in bringing the regiment to England, had performed a great imperial duty.

"You have shown us," said his royal highness, "the material of which Canadian regiments are made. You have shown that the same patriotism and devotion to the sovereign exist in your ranks as exist in the ranks of the British army here."

The king has commanded Sir Henry Pellatt and a detachment of the Q. O. R. to visit Balmoral, on Monday.

A distinguished gathering will be invited to the lord mayor's reception, to the officers of the Q. O. R. prior to the luncheon at Guild Hall, including members of the cabinet, the Duke of Argyll and Lords Lansdowne and Strathcona.

Col. Pellatt has decided to supply the battalion with the latest Webb pattern combination for carrying equipment.

GIRL KIDNAPPED.

Small Boy Saw Man Dragging Her Away.

Pittsburg, Pa., Sept. 8.—Mary Gandy, a twelve-year-old girl, was kidnapped at Argentine, Pa., yesterday. A posse of two hundred infuriated citizens is in pursuit. A man who is said to have been infatuated with the child, was seen dragging her into a corn field. Bloodcurdling screams were heard, and a lynching is feared if the man is captured. The girl's struggle with her captor was witnessed by a small boy, who gave the alarm.

OBTAINED PURE RADIUM.

Mme. Curie Says She Has at Length Succeeded.

Paris, Sept. 8.—Mme. Curie, chief professor in the faculty of sciences in Paris university, announced to the Academy of Sciences that she had succeeded in obtaining pure radium. Hitherto radium had only existed in the form of salts. The pure radium had the appearance of a white metal and is capable of adhering strongly to iron. It changes to black on exposure to air, burns paper and oxidizes in water.

A Peculiar Perversion.

New York, Sept. 8.—A weakness for babies, white or black, and an admitted inability to pass them with out kissing them and biting them, landed Elizabeth McGuirk, thirty-five years old, in the cells. Lillian Smother, a negro, having her eighteen-month-old daughter Ruby in a car, heard it cry, and returned to find teeth marks and blood on its left forearm. Two little girls said that a woman had kissed and bitten the child.

New Paper and Paper Co.

Toronto, Sept. 8.—The Canadian Paper and Paper company, with a capital of \$10,000,000, and headquarters in Toronto, has just been incorporated to carry on in all branches the business of manufacturers and dealers in pulp and paper. It is apparently a Mackenzie & Mann concern as the incorporation is in the names of Messrs. F. H. Phippen, K.C., Gerard Ruel, G. E. McDoune, R. H. Temple and A. J. Reid.

Army Up to Full Strength.

Washington, Sept. 8.—Though President Taft's policy of retrenchment is to be followed most effectively than ever, the standing army will be recruited up to its authorized strength of 87,000 men, according to an announcement made by Major-Gen. Wood, chief of staff, when he returned to Washington, after a trip to Beverly, where he conferred with the president.

Three Months for Bigamist.

St. Thomas, Sept. 8.—Peter Schron, a farmer's helper, charged with bigamy, was given three months in jail. The sentence was lightened by the fact that on separating from his second wife there was an understanding that either might marry again, and the third wife knew that her predecessor was living. Schron's first wife is dead.

Posed as a Priest.

Montreal, Sept. 8.—A sensation developed when it was discovered that a man dressed in priest's apparel, who had smuggled his way into the Archbishop's Collegiate Institute, where, with twenty-five regular priests, he was enjoying the full hospitality of the dorms, was nothing but an impostor.

CHARITY OF QUEEN MARY.

Her Majesty's Touching Kindness to a Mother.

London, Sept. 8.—Queen Mary's gracious and sympathetic nature has revealed itself in a fresh direction. Some days ago a young married woman arrived with her baby at Bridlington in distressed circumstances. Having no one to whom she could turn at the moment for help, she made up her mind to write a letter to the queen, to tell her anxiety of her trouble and to pray for financial assistance.

Touched by the pathos of the woman's appeal, the queen commanded that inquiry should be made at Bridlington. This was done at once, and the young mother's woful history was communicated to her majesty, duly authenticated. The queen without delay had a sum of money placed in responsible hands to be expended on the woman's behalf.

The latter was overwhelmed with joy last night at the news of her good fortune. "I knew somehow when I wrote the letter," she said, "that the good Queen Mary would help me. I only wish that I could repay her kindness in some way. But for her I don't really know what would have become of my and me."

At Eucharistic Conference in Montreal

SECTION MEETINGS

ENGLISH AND FRENCH MET SEPARATELY.

The Subjects Dealt With by the Various Papers—A Third Meeting Was Devoted to General Studies Concerning Mysteries of Eucharist.

Montreal, Sept. 8.—The ceremonial opening of the International Eucharistic Congress, having been accomplished with great success, the detailed work of the assembly was taken up this morning in sections, three in number. The English section met in Windsor hall, the French in Laval University, while the third, devoted to general studies concerning the mysteries of the Eucharist, met in the Montreal National. Over this latter section, Mgr. Heylen, bishop of Namur, permanent chairman of the congress, presided. Several distinguished delegates contributed papers, including Abbe Curotte, Professor of Dogma, Rome; Father Lepetit, Professor of the Propaganda, Rome, and Canon Canabal, Montrose, France.

The English section started off with a paper by Bishop McDonald, Victoria B.C., formerly of Antigonish, on "Faith in the Eucharist and Modern Unbelief." Adoration of the Most Blessed Sacrament, supplied choirs and frequent communion were also subjects discussed by delegates. Mgr. Rimeau, bishop of Angers, France, presided over the French section whose discussions partook largely of historical character. The Eucharist in its relation to various phases of history and indifferent countries was theme of papers presented by Abbe Gosselin, Laval; Bishop Emond, Valleyfield; Mgr. Gagnon, Quebec; Abbe Prud'homme, St. Boniface; Father Baltar, Abbe Forbes, Mgr. Laurent, Rome, and others. History of the Eucharist in Canada, eucharist among savages, devotion of Spanish people, devotion to blessed sacrament in Quebec in early centuries, etc., were recounted.

Cardinal Vanutelli attended pontifical mass at St. James' cathedral, this morning. The service being specially planned for the lower religious orders. There was a large congregation of nuns, friars, etc. Mgr. Heylen, bishop of Namur, officiated. This evening the cardinal legate will be the guest of the city at a reception at the city hall, for which some 6,000 invitations have been issued.

The shareholders of the Royal bank of Canada met, this afternoon, and gave the management the necessary authority to complete the deal for the purchase of the assets of the Union bank of Halifax, and issue 12,000 shares of Royal bank stock in payment therefor.

Edward Mason, a Boston crook, who was landed by the Montreal police, some time ago, robbing departmental stores in conjunction with some pals, was sent down for seven years. Nap Ceelle, who robbed jewelry stores, got five years, with five years additional, to run concurrently on an old charge.

MADE A FUNERAL PYRE.

Man Placed Brother's Body and Started Fire.

Oneonta, N.Y., Sept. 8.—Dragging the dead body of his brother, Edward, enveloped in a sack, across a stony field to a woodpile a considerable distance from the house, Wm. Pinder of Oneonta, deliberately prepared a funeral pyre by placing upon a carefully heaped pile of wood the sack containing the body. He prepared kindlings and lighted the mass. Neighbors quickly rushed to the scene, upon smelling smoke of burning flesh, and persuaded the man to desist in his attempts. The body was drawn forth from the fire in a badly charred condition, and was removed to a nearby house. Dr. M. D. Liles, the coroner, was summoned, and Pinder is now held in custody pending an examination as to his sanity.

Appointments to Foreign Missions.

Toronto, Sept. 8.—At the second day's session of the foreign mission committee of the Presbyterian church three appointments were made to foreign mission fields. Rev. A. H. Barker, B.A., will go to Korea as a medical missionary.

W. J. Cooke, B.A., of Orton, a student and a graduate of Queen's, was appointed to a station in Central India. All the new appointees will sail this fall for their allotted fields.

James Fitz-Harris Dead.

Dublin, Sept. 8.—James Fitz-Harris, known as "Skin the Goat," who drove the cab containing the assassins of Lord Frederick Cavendish and T. H. Burke to the scene of the crime in Phoenix Park, May 8, 1882, died in the workhouse, today. Fitz-Harris was released from prison in 1903, after serving twenty years for his share in the tragedy.

A man never realized just how unimportant he really is until he has a son old enough to cast his first vote.

Sale of shopping bags, The Dominion, 200 Princess street.

CHURCH CONGRESS.

Similar Meeting to be Held in Toronto.

Halifax, N.S., Sept. 8.—The Canadian church congress closed its Halifax meetings last night. To-day the meeting will be held in Windsor, where a convocation will be held at King's College, the oldest of colonial universities. Honorary degrees will be conferred. On Friday and Saturday the meeting will be held at Annapolis, where the first Church of England service in Canada, that has continued ever since, was held two hundred years ago.

At a meeting of members of the congress, on board the excursion steamer Lady Laurier, which was lent for the purpose by the government, through the board of trade, a resolution was passed that a Canadian church congress, on similar lines to the one in Halifax, be held in Toronto five years hence and that the bishop of Rupert's Land appoint a committee to make arrangements.

AUSTRALIAN BUDGET

REVENUE £17,000,000—COMMONWEALTH PROSPERING.

Heavy Vote for Defence—Northern Territory to be Taken Over and Adelaide-Perth Railway to be Constructed.

Vancouver, B.C., Sept. 8.—A special cable to the News-Advertiser from Melbourne, Australia, says: Premier Fisher delivered his budget speech yesterday and told a story of the abounding prosperity of the Commonwealth. The year's revenue was estimated at seventeen millions sterling, which established a record. Of this sum five millions will be returned to the different states.

The determined policy of the country with respect to land and sea defence is reflected in a very heavy vote for this purpose, amounting to twelve shillings eightpence per head of population. Factories are to be established to manufacture uniforms for the force.

The speech also foreshadows the taking over of the northern territory and undertaking the construction of the Adelaide-Perth railroad, an estimated expenditure of five millions sterling. A great domestic reform is foreshadowed in the inauguration of universal penny postage in May. The tariff generally will not be reopened, but the minor anomalies are to be rectified at once. The building of a capital will also be commenced. In addition to old-age pensions of ten shillings per week for permanent invalids.

DEATH OF A DIVER.

A Young Greek to Answer to Hamilton Crime.

Windsor, Sept. 8.—Following an illness of four months, John G. Woods, fifty-one years old, one of the best known submarine divers on the great lakes, is dead at the family home. He followed the occupation of diver on the great lakes for twenty years.

Peter Kraste, twenty-two years old, a Greek, has been taken to Hamilton to be tried on the charge of misappropriation of \$200 belonging to a wholesale liquor firm, for which he was formerly a driver. Kraste was arrested by the Detroit police and turned over to the local police.

As the result of a gasoline explosion in a boathouse, last night, a launch, owned by William Humphreys and Clark Deneau, was badly damaged by fire and several members of a boating party narrowly escaped serious injury.

STUDY SOCIOLOGY

RICH MAN, DISGUISED AS PAINTER, KILLED.

Was Assuming Humble Role in Order to Study Sociological Problems When He Fell to Death.

Stirling, Cal., Sept. 8.—That Frank Nichols, of Monaca, Ill., a member of a crew of painters at work on the Burlington round house, here, was not the humble craftsman he pretended to be, but a wealthy man studying sociological problems, came to light, yesterday, through a search of the man's effects after he had been killed from a fall from a ladder on which he had been at work.

Among his possessions were deeds to valuable Chicago real estate mining property in the Dakotas, and stock in various railroads aggregating \$50,000 in value. Nichols had been a member of the painting crew for several months.

Baseball Record.

National league—Philadelphia, 4; Brooklyn, 3; Pittsburgh, 11-11; St. Louis, 6-3; New York, 3; Boston, 0; Chicago, 7; Cincinnati, 6.

American league—Cleveland, 4; Detroit, 3; Washington, 3; New York, 1; Philadelphia, 2; Boston, 1.

Eastern league—Baltimore, 6; Jersey City, 3; Providence, 3; Newark, 2; Rochester, 2; Toronto, 1; Montreal, 2; Buffalo, 1.

Reign of Terror.

Rome, Italy, Sept. 8.—The province of Calabria is in terror following a series of Black Hand outrages. In one small district there have been forty-one murders, seventy-eight serious wounding, innumerable homes burned and kidnappings by the score.

Blackberries.

We offer you for Friday, 15 boxes for a dollar, Caronov's.

How appetizing, extra strong, 25c; "black" silk bonnets, 10c. Dalton's, 200 Princess street.

WEATHER PROBABILITIES.

Toronto, Ont., Sept. 8, 10 a.m.—Clear and warm to-day. Local showers and thunder storms to-night. Friday, strong south-west to north-west winds turning much cooler, with passing showers.

The Best Materials For Evening Wear

This is emphatically the best Store to get materials for evening wear.

The variety is immense, and will be a revelation to those who see it. We anticipate every want both in materials and trimmings. Nothing finds a place here that is not correct in style, weave or color.

EXQUISITE FABRICS

for EVENING GOWNS

In all the new half tones in Silk, Silk and Wool, including

FRENCH NIXONS, MARQUISETTES,

VOILES, CRIPE-DE-CHINESE,

LA TOUCA NETS, IMPERIAL CREPES, Etc.

BEAUTIFUL MATERIALS for EVENING WRAPS.

Broadcloths, Venetians, Cheviots, Chamois Cloth, Etc.

In lovely tones, including all the Pastel Shades, from 75c to \$3.00.

A TRIMMING DEPARTMENT

Second to none is here at your disposal. More than ever and better than ever. We invite you to call and see them.
