aroused by a remarkable letter written by the secretary of the Devon branch of the National Service league, blished in the Naval and Military lecord. Under the caption of "Water-

loo, 1915," the writer says: "History repeats itself and the balance of European power' that for centuries has been the bedrock of our foreign policy must once again decide hardly enough to give us reasonable lemand. The care of three hundred

"We want a million men with six months' training now, and after that TO another million in reserve, and these must be intact when all our regulars have left our shores. Without them we can neither fight by land nor sen. It is evident to all but to our ill-im-

least expecting war.
"We must be prepared to send 500,000 of our finest manhood and maintain that force abroad if we would save our interests and keep our friends her ports and naval arsenals, her wharves and jetties and her fleet and transports ready, and when ready she may strike like Fultning. Then, not far from Waterloo, must come the clash of nations lighting for their very life.

nd Holland and Belgium the note are drawing closer every day. We already harbor a million of the enemy within the gate. Our politicians mostly lie, or dare not speak the truth. Disaster stares us in the face. At the outbreak of war our food supplies will fail, and prices will be far beyond the pockets of the poor. Employment the will cease and starving millions wi demand surrender."
