

CHRISTMAS NUMBER

OF

The Standard.

(MONTREAL)

STANDARD CHRISTMAS NUMBER

This Year The Standard Christmas Number will proclaim to the World that the 20th Century is Canada's---The Christmas Number of The Standard will startle the world, and people in all lands will exclaim "The country that can produce such a paper must grow big amongst the Nations." Proficient judges say nothing like The Standard Christmas Number has ever been produced in Canada. Advance demand enormous.

STANDARD CHRISTMAS NUMBER

AFTER SUFFERING YEARS

Cured by Lydia E. Pinkham's Vegetable Compound

Fox Creek, N.B.—"I have always had pains in the loins and a weakness there, and often after my meals my food would distress me and cause soreness. Lydia E. Pinkham's Vegetable Compound has done me much good. I am stronger, digestion is better, and I can walk with ambition. I have encouraged many mothers of families to take it, as it is the best remedy in the world. You can publish this in the papers."—Mrs. WILLIAM BOUBAQUE, Fox Creek, N.B., Canada.

The above is only one of the thousands of grateful letters which are constantly being received by the Pinkham Medicine Company of Lynn, Mass., which prove beyond a doubt that Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, actually does cure these obstinate diseases of women after all other means have failed, and that every such suffering woman owes it to herself to at least give Lydia E. Pinkham's Vegetable Compound a trial before submitting to an operation, or giving up hope of recovery.

Mrs. Pinkham, of Lynn, Mass., invites all sick women to write her for advice. She has guided thousands to health and her advice is free.

Sickly Smile

Wipe it off your otherwise good looking face—put on that good health smile that CASCARETS will give you—as a result from the cure of Constipation—or a torpid liver. It's so easy—do it—you'll see. 15¢

LIABLE TO BE FINED FOR SENDING IN ALARM TO FIRE STATIONS.

For Purpose of Testing Apparatus—Chief Armstrong Tells Aldermen of Their Danger—No Quorum of Committee.

There was no meeting of the civic fire committee, yesterday afternoon, as a quorum of members did not attend. Those present were: Ald. Bailey and McCann.

Chief Armstrong's report shows that of the committee's appropriation this year, there is a balance of \$575, but nearly all of this amount will be required before the end of the year. He asks that tenders be called for fourteen uniform pea jackets for the members of the department, and that fourteen cloth caps be purchased. These things are provided for in the estimates.

As it will be necessary next year to secure a new ladder truck, the chief reported as to the cost. Should the committee decide that the department should be provided with an aerial truck, it would be necessary to submit a by-law to the people for authority to issue debentures for at least \$5,500.

The chief drew the attention of the committee to the decision of the police magistrate of Windsor, in convicting an alderman of the city for sending in an alarm of fire to the fire department from one of the street boxes, for the purpose of testing a new ladder truck which had been placed in the department. The by-laws of Kingston make no provision for the chairman of the fire committee, or any other member of the city council, or even the chief of the department, sending in an alarm, for the purpose of testing the department, and in so doing they would be liable to the penalty provided in the city by-law for sending in a false alarm of fire.

To be Laid on Monday.
The cornerstone of the Jewish synagogue, on Queen street, below Montreal street, is to be laid on Monday afternoon at 2:30 o'clock, by Simon Oberndorfer, Esq. Rev. Dr. H. Abramovitz, Montreal, will conduct the ceremonies. Mayor Couper, Hon. W. Marry, W. F. Nickle, M.P.P., Rev. Dr. Mackie, and Rev. W. F. Fitzgerald have been invited to deliver addresses. The citizens are invited to witness the stone-laying.

The building is to be built of brick and stone. It will have a basement. The auditorium will be 31 x 42 feet and will seat, with gallery, about 300. The cost will be in the neighborhood of \$12,000. The Christian public have been very generous in their assistance towards the construction of the synagog.

Strawberries on the Market.
Strawberries for sale on the market in October are quite unusual and people were quite surprised to see in the wagon of Ernest Cook, of Carleton Place, several boxes of those summer berries. This district seems to be able to produce two crops of some garden growths.

WOMAN'S HEALTH AT 45.

A Critical Period When Pink Pills Are a Real Blessing.

Dr. Williams' Pink Pills are absolutely the finest medicine that ever a woman took. At special periods a woman needs a medicine to regulate her blood supply or her life will be a round of pain and suffering. It is at such times that Dr. Williams' Pink Pills are worth their weight in gold for they make new rich blood, that banish the secret symptoms of distress that only women and growing girls know. They strengthen every vital organ for its special task, and bring rosy cheeks and shapely forms that tell of womanly health and happiness. Mrs. Richard Lobb, Red Deer, Alta., says: "At that critical period in my life known as the change I suffered so much that I hardly hoped to pull through. I doctored for months but did not get any relief and I grew so weak that I could hardly walk about, and it was impossible for me to do my household work. Only women who have suffered similarly can tell how much I endured the constant misery, the irraged out feeling, and the terrible backaches that beset me. No woman could have been in a more wretched condition than I was at this time, and it was then that my attention was directed to Dr. Williams' Pink Pills. I got a half dozen boxes and before they were all gone there was a good improvement in my condition. Then I got six more boxes and before I had used them all I felt like a new woman and was enjoying better health than I had done for years. Not only have Dr. Williams' Pink Pills proved a blessing to me, but they also worked a great change in the case of my daughter, who was in a very miserable condition after childbirth. I know also of two young girls whom I believe would have seen in their graves now but for the use of Dr. Williams' Pink Pills. Considering what they have done for me and what I have seen them do for others, I am justified in my enthusiasm for this medicine and I never lose an opportunity to recommend it."

TENDERED A RECEPTION.

Queen's Graduate Remembered at Strathmore.

At Strathmore, Alberta, a large number of the residents assembled at the King Edward Hotel to tender a reception to Dr. Girvin, a graduate of Queen's, and his bride. The bride was formerly Miss Morris and occupied the position of teacher in the Strathmore school, about four miles south of Strathmore. A handsome wedding cake, the gift of the residents of Strathmore, occupied the central position on the table. A fine toast list was carried out, and Dr. Fisher, also a graduate of Queen's, acted as toastmaster, and proved himself to be the right man at the right place.

A Dreadful Accident.

Almonte Gazette.
While operating a corn cutter on a neighbor's farm last Monday, William, the seventeen-year-old son of Charles Imeson, Drummond, had his foot drawn into the cutting box, and the revolving knives chopped off his foot, foot and leg to the knee, literally by inches, the particles of flesh being carried up the blower and dropped in the silo beside the workers there. Perth doctors amputated what was left of the leg below the knee, and the boy is progressing favorably, glad and thankful that the machine was stopped in time to save his life.

WHERE IS ROBERT MARSH?

Engine Fitter Who Worked in Kingston Being Sought.

The Whig is in receipt of a letter from J. A. Masey, of 14 Tuffon Road, Kent, England, enquiring as to the whereabouts of one Robert Marsh, who was living at or near Kingston a few years ago, and who was a member of the Salvation Army. He would now be about fifty-four years of age. For family reasons it is necessary to locate if Mr. Marsh is still living. The family have photographs of him taken at Kingston fifteen years ago. Mr. Marsh lost the first joint of his right forefinger before coming to Canada. He was an engine fitter and driver.

SAD CASE REVEALED.

Drink Has Sent a Man to the Asylum.

A sad case has been revealed in the city, in the removal of a man to the insane asylum. For some weeks he has been drinking very heavily and this has so unbalanced his mind that he had to be sent to the hospital. It was thought at first that he could be treated at one of the hospitals, but the doctor, who was called in, stated that the asylum was the place for him. On Friday the necessary papers were secured and in the evening he was taken to the asylum by a couple of policemen. It is believed that a short term in this institution will restore him to good health again.

Hartington Cheese Factory Burned.

Hartington, Oct. 7.—About 10:30 o'clock last night, the cheese factory belonging to Earl Ryan was destroyed by fire. The flames, which originated in the curing-room, were not observed for some time, and so every effort to extinguish them was futile. Since purchasing the factory three years ago, Mr. Ryan has made many improvements. He had established a butter plant, which was proving a great success, and last spring put in a new gasoline engine, this making the factory one of the most up-to-date in the county. Much sympathy is tendered him in his loss. One hundred and fifty-six cheeses, which were yet unshipped, were also destroyed.

DRINK HABIT

Cured in Three Days!

This is the Gatlin Institute's eleventh year. Thousands of men and women have taken the Gatlin treatment. There has been failure to cure in no case. The Gatlin treatment is administered under a plain, legal contract to cure any case satisfactorily in three days. Any expressed dissatisfaction on leaving the institute, means that the full fee paid will be refunded.

No Hypodermic Injections, No Poisonous Drugs, Therefore No Bad After-Effects

Hypodermic injections are dangerous—can and do cause blood poisoning, abscesses, paralysis and atrophy. There are no hypodermic injections with the Gatlin treatment, and only three days' time against 28 to 42 by injection methods.

HOME TREATMENT The Gatlin Home treatment is for those who cannot come to the institute for three days. It is just as efficient as institute treatment if simple directions are followed. Call, telephone, or write for particulars.

GATLIN INSTITUTE 425 JARVIS STREET, TORONTO, ONTARIO. Telephone N 4538. A. Hargrave, Manager.

Boarding House Keepers Attention!

Last year we furnished two-thirds of the boarding houses with Surfaced Oak Dressers and Washstands, Iron Bedsteads in Single or Double Hercules Springs and Mattresses to fit, Book Shelves and Easy Chairs.

JAMES REID'S, Phone 417. The Leading Undertaker

Dropsy Given up by Doctor

"I had dropsy, and was told by my family physician that there was no chance for me. My family also gave me up. My limbs and body were swollen one-third larger than natural, water collected around my heart and I had to be propped up in bed to keep from smothering. I took Dr. Miles' Heart Remedy until I was entirely cured. This was in 1902, and I am now able to do any kind of work on my farm. My cure was certainly marvelous."

L. TURLEY CURD, Wilmore, Ky.

Dr. Miles' Heart Remedy has been wonderfully successful in relieving heart trouble. Its tonic effect upon the heart nerves and muscles is a great factor in assisting nature to overcome heart weakness.

Price \$1.00 at your druggist. He should supply you. If he does not, send price to us, we forward prepaid.
