SECOND SECTION

XEAR 77-NO. 284

Hetty Green Edward Mott Robinson the Father of Helly Green

Hetty H & Green, from a Picture taken in . her ourihood

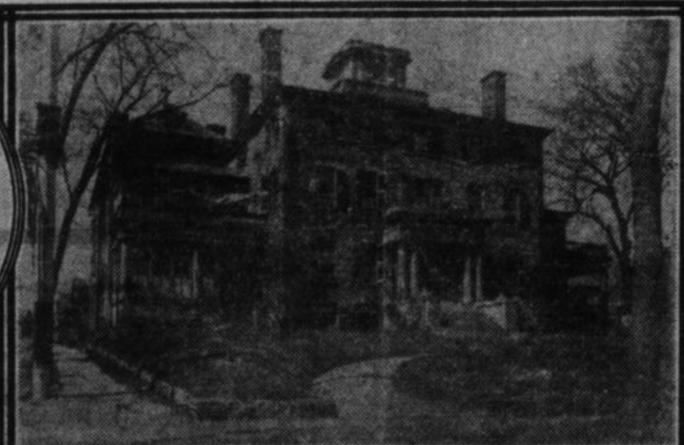

To thousands of persons scattered all over this country, possibly all over the world, the announcement over the world, the announcement that Hetty Howland Robinson Green, for populous families from Gidega that objection and made no contest that Hetty Howland Robinson Green, for populous families from Gidega that objection and made no contest ea's women financiers, has called her son to the management of her property, has a stronger interest than that which all of us feel in the affairs of so conspicuous a figure. The dropping of the reins is taken to indicate falling powers in this remarkable woman, and, in spite of her frugal and abstemious habits and the fact that she comes of long-fived stock that her life is nearing its close. To death is of vastly more consequence than any act of hers living, for it will release a fortune of some million other which she produced after her and a half of dollars for final division | nunt's death, and which the trustees ledford maiden lady in a will, the of evidence bearing on this point, and contest of which by Mrs. Green constituted the strangest and most my-

in the United States courts. under this will when Mrs. Green dies the decicion of the court sustaining nobody in this world knows. The di- the original will and rejecting that vision of the fortune will prove one of produced by Hetty Green, being based the most difficult tasks ever undertak- I on a point of law.

the estate of Sylvia Ann Howland, tween the states and the West Indies might say of her, as they tried to mes and Professor Benjamin Peirce, make trouble by not telling the truth the famous mathematician. spinster in New Bedford in the year 1866. After making a large number of private and public bequests, Miss Howland left the residue of her estate to them; and sold them at a good prother trustees, who were to administ three trustees, who were to administ three trustees, who were to administ the process and the same make trouble by not tening the truth the same make trouble by not tening the truth the same make trouble by not tening the truth the same make trouble by not tening the truth the same make trouble by not tening the truth the same make trouble by not tening the truth the same make trouble by not tening the truth the same make trouble by not tening the truth the same make trouble by not tening the truth the same make trouble by not tening the truth the same make trouble by not tening the truth the same make trouble by not tening the truth the same make trouble by not tening the truth the same make trouble by not tening the truth the same make trouble by not tening the truth the same make trouble by not tening the truth the same make trouble by not tening the truth trips. Old Isanc Howlan I give this will to my niece to show private and public bequests, Miss Howland I give this will to my niece to show them at a good prothage, there are truth trips. Old Isanc Howlan I give this will to my niece to show the processor Peirce's testimony was perparted.

Professor Peirce's testimony was perparted to the manufacture of their return trips. Old Isanc Howlan I give this will to my niece to show the processor private and particular trips.
