TUMOR OF YEARS GROWTH

Removed by Lydia E. Pinkham's Vegetable Compound

Winnipeg, Man.—"Eleven years ago I went to the Victoria Hospital, Montreal, suffering with a growth in the uterus. The doctor said it was a tumor, and could not be removed, as it would cause instant death. They found that other organs were affected and said I could not live more than six months in the condition I was in. After I came home I saw your advertisement in the paper and commenced taking Lydia E. Pinkham's Vegetable Compound. I took it constantly for two years, and still take it at times, and both my husband and myself claim that it was the means of saving my life. I highly recommend it to suffering women."—**Mrs. ORILLA BRADLEY, 264 Johnson Ave., Winnipeg, Manitoba.**

One of the greatest triumphs of Lydia E. Pinkham's Vegetable Compound is the conquering of woman's dread enemy—tumor. If you have mysterious pains, indigestion, ulceration or displacement, don't wait for time to confirm your fears and go through the horrors of a hospital operation, but try Lydia E. Pinkham's Vegetable Compound at once.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills.

Unmistakably Dime Fortune has an old maid sister-in-law. Her disappointment in the black sheep of the Bove family.

POLITICAL CHANGES

LEADERS OF GOVERNMENT AND OPPOSITION IN CONFERENCE.

Grey Federation Scheme—Provides for Local Home Rule and Imperial Parliament With Colonial Representation.

London, Oct. 18.—Fundamental changes in British legislation and the whole system of parliamentary government are impending. The conference of leaders of the government and the opposition, which had been considering a possible compromise on the question of the House of Lords, held four sessions, last week, and has now reached the crux of its deliberations. Not a word of the proceedings has been allowed to transpire officially, but it is possible to give the general scope of the great changes contemplated.

It is by no means certain, perhaps not even probable, that an agreement will be reached, but the leaders of both parties have made a genuine effort to reach a non-partisan solution of the grave questions involved. The basis of the sweeping change under discussion is Earl Grey's federal scheme of the empire, which he outlined during his visit to London. This provides for local home rule in Ireland, Scotland, England and Wales. The imperial parliament is to consist of a House of Commons of 200 members and a senate of the same number. The commons will comprise approximately twenty-five Irish, twenty-five Scotch, twelve Welsh and 137 English members. The senate will include 19 of the present lords, will be represented by six senators on an approximate population basis. This, of course, is only the scheme in the rough, for there are many considerations which would modify it. It may be said in general terms that the scheme is immensely popular in Ireland, Scotland and Wales. This explains Redmond's recent volte face after years spent in uncompromising denunciation of schemes of devolution. There is also strong opposition among certain classes, for example the property holders of Scotland, who argue that a local legislature would be in a sense radical and that property there would be in greater danger than ever. It is impossible to say who progress has been made by the conference, but it has been admitted that the situation thereat is now critical. Lloyd-George and other members of the government have postponed their partizan speeches, which were booked for next week, until a resolution has been reached.

Failure to agree would be followed by the announcement of a rival scheme for the reform of the lords and an early election by the country. If compromise is reached, the sweeping changes involved, must in any event be submitted to the people, but the election would not be postponed until there had been an opportunity for a thorough canvass of the great issue. It is believed that the conference will finish its work one way or another within a week.

Roosevelt is Overworked.
New York, Oct. 18.—Col. Theodore Roosevelt has protested to the republican leaders here that they are putting too much work on him. He has commenced to feel the strain and declared he desired, if possible, to lay off from his arduous campaign duties for a week's recuperation. On next Thursday, Col. Roosevelt will journey into Massachusetts, where he will speak for United States Senator Lodge. From there he will go into New Hampshire, where he will speak for John Bass, the republican candidate for governor. Then he will hurry back to New York.

Disfranchise All Men.
Pittsburg, Pa., Oct. 18.—Lillian Russell, an actress, believes she has a solution for the suffrage problem. She declares men have enough to do taking care of the women without the added duties of government. She suggests that men be disfranchised and that the women vote and rule the country, while the male population makes the living.

The average man would not perjure himself if he pleaded guilty to the charge of amounting to but little.

BUDGET FROM MORTON.

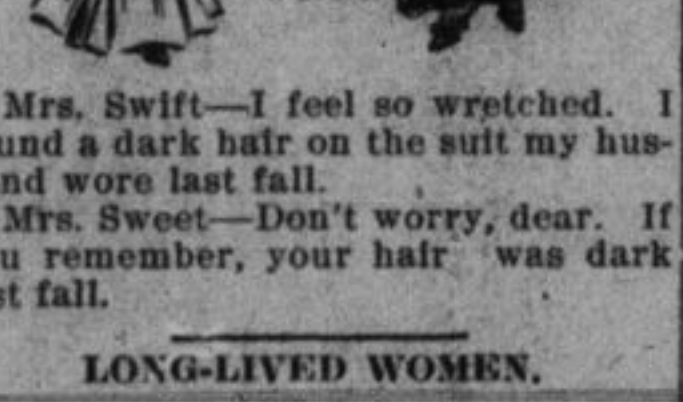

What is Transpiring in This Busy Little Village.

Morton, Oct. 17.—Mrs. White has returned home from Chaffey's Locks, where, during the summer, she was engaged in the clubhouse. An old and much respected person, Mr. Webster, of Beaver Hill, died suddenly, Thursday last. A successful box social was held in the Presbyterian church, Friday evening last, under the auspices of the Epworth League. The proceeds amounted to \$27, to be used in the construction of cement walks to the church.

Stanley M. J. Kenny and family, and Thomas Timlin and family, of Jones' Falls, are now quarantined with scarlet fever. On Thursday last, Irene, the daughter of M. J. Kenny, succumbed to the disease. Their many friends extend their heartfelt sympathy. Ernest Jones, of Toledo, spent Sunday with his mother, Mrs. Lamier. Miss Mabel Henderson is attending high school at Athens. Wm. Booth and a friend from Athens, spent Sunday with his aunt, Mrs. Wells. A party of seven or more left on Monday for Devil Lake to indulge in fishing for salmon. The party will be gone two weeks.

The cement piers and approaches for the new bridge over the Morton Creek are ready for the iron work, which is being built by the Campbell-Bridges company, and is expected to arrive this week. Mrs. John Stewart returned home, Sunday, from a visit at Lyndhurst. Jacob, Dornier and family, of Berryton, spent Sunday with their mother, Mrs. Willis. Mrs. J. Dillon, Mrs. Joseph Melroy and family, and William Dean, all of Seesley's Bay, spent Sunday with their mother, Mrs. Deane, of this village. E. Koontz has improved his residence with a coat of paint. Mrs. Dawson and son, Clinton, of Jones' Falls, spent Sunday, the guests of B. N. Henderson. Joseph Lammier, engineer of the passenger boat, Yennek, arrived home last week and the Yennek being laid up, he, however, secured a similar position on a tug owned by Wilson & Sons, and returned to Gananoque to take charge.

UNFOUNDED.

Mrs. Swift—I feel so wretched. I found a dark hair on the suit my husband wore last fall.

Mrs. Sweet—Don't worry, dear. If you remember, your hair was dark last fall.

LONG-LIVED WOMEN.

Beer at Meals Given as One Reason for Longevity.
Vienna, Oct. 18.—Frau Katharina Lustig, the oldest woman in Austria, died last week in Vienna in her 112th year. She belonged to a Hungarian Jewish family in which longevity was hereditary.

Her grandmothers on the mother's and father's side attained their 113th and 110th years respectively. Two of her sisters lived to be over ninety, and she leaves two children, who are well over eighty.

Her husband, who was a tailor, died some years ago at 105, after they had celebrated the seventy-fifth anniversary of their wedding. After his death, Frau Lustig maintained herself until she was 106 by covering umbrellas, and was able to sew and thread needles up to the last without spectacles.

She attributed her long life to early rising and to drinking a glass of beer with all meals instead of tea or coffee.

NEWS OF NEIGHBORS

WHAT WHIG CORRESPONDENTS TELL US.

The Tidings From Various Points in Eastern Ontario—What People Are Doing and What They are Saying.
Charleston, Oct. 17.—Mr. and Mrs. A. W. Johnson are receiving congratulations over the arrival of a new grandson at the home of Mr. and Mrs. C. E. Fry, Soperston. W. J. Slack, Brockville, was a visitor here for a few days last week. C. J. Slack and brother, W. J. Slack, of Brockville, visited at Long Point, last Monday and Tuesday. Sheep receipts estimated at 75,000; market 10c. lower. Heavy, \$2.20 to \$4.30; western, \$2.75 to \$4.35; yearlings, \$4.30 to \$5.40; lambs, native, \$4.25 to \$7; western, \$4.75 to \$6.25.

THE SPORT REVIEW

Notes on Baseball and Other Field Events.

A prizefighter, known as "Kid" Fisher, was killed in the tenth round of a fight at Meno, Oklahoma, Sunday night.

In an exciting six-round bout at Philadelphia "Mickey" Gannon, of Pittsburgh, had a shude the better of "Bobby" Wilson, of Canada. Owen Moran, the English lightweight, and "Johnny" Frayne, of San Francisco, fought a ten-round bout before the New Orleans Athletic Club. The men fought at 133 pounds.

In the Montreal-Ottawa rugby game "Ken" Williams outkicked "Jack", especially in the second half. The rival brothers clashed several times, with honors about even. "Jack's" generalship was superior, but he found himself unable to kick back the terrific drives of "Ken."

Miss Dorothy Campbell, of Hamilton, Ont., retained her honors as women's national champion when she defeated Mrs. G. M. Martin, of Tavistock, Devonshire, Eng., in the final round of the sixteenth annual Women's Championship of the United States Golf Association at Chicago.

It is interesting to note that a large portion of the star back division players in interprovincial rugby were formerly intercollegiate players. Ken Williams, who played such a grand game for Montreal Saturday, belonged to Queen's university. O'Neil, the Ottawa quarter, formerly played with Ottawa College, and Murray Kennedy, now with Ottawa, was an old Varsity player. "Jack" Williams, of Ottawa, is also an ex-Queen's half back.

Cobb Gets the Verdict.

Tyrus Cobb, by official verdict of President Johnson, is the leading batsman of the American league during the last season, with a ridiculous winning percentage over Lorry LaJoie of Cleveland, of .000800.

The National Leaguers dropped out of a batting contest some time ago. President Johnson's announcement means that Cobb is the champion hitter of the country. The automobile, which they trophy there has been so much excitement and not a little criticism, goes to the Detroit, but the Cleveland captain, by permission of Mr. Johnson, will be allowed to accept a duplicate.

The batting records of LaJoie and Cobb, as turned in by the official scorers, and approved and promulgated by Mr. Johnson, are as follows:

Cobb,599	196	38494
LaJoie591	227	384054

CERTIFICATES OF HEALTH.

Must be Wedded Gift of Swiss Brides to Husbands.
London, Oct. 18.—The vexed question of state medical certificates of the health of brides is now in the region of practical politics. In all probability Swiss brides will in future be required to present a certificate of health to their bridegroom, so that if any man marries a girl whose health is not good he will have himself to blame.

Next year, if the rich and influential body called the Swiss Society of Public Utility for Women, which has done much good in Switzerland during the last few years, has its way, all young women, wed or unwed, will be periodically examined, as are their brothers who enter the Swiss army.

According to its report for 1910, the society has launched this daring scheme, which is said to be receiving warm support.

"We feel ourselves responsible for the health, the homes, and the characters of our people," the report says in dealing with the suggested measure. It further urges every young woman to undergo the ordeal for the sake of herself, her husband and Switzerland.

Sickness is usually caused by the accumulation of waste matter and impurities within the body.

Dr. Morse's Indian Root Pills,

enable the bowels, the kidneys, the lungs and the pores of the skin to throw off these impurities. Thus they prevent or cure disease.
